THE NEW PATENTED

Sta-Rite CORSET

Fastens instantly with a spring and is as easy to operate as an electric push button

Women's Sta-Rite Corset
15—Of pink broche, for medium or full figures; straight line model with very low bust and back, long skirt, ribbon and lace trimmed.
Price **7.50**

THE Sta-Rite Corset is designed with three clasps controlled by the new patented Sta-Rite spring, which reduces all the traditional discomforts of adjustment and release to the simple, single operation of pressing a spring.

A slight pressure of the spring and the corset adjusts itself magically to the figure, or is instantly released, as the case may be.

No pinching of the flesh—no tearing of undergarments—no complications with the front steel or the lacing—no fussing with hooks and eyes.

And no chance of the corset coming unfastened until you yourself press the new patented Sta-Rite Spring.

Designed in models for all types of figures; and only in the finer materials.

Women's Sta-Rite Corset
No. 17—Of pink or white brocaded cotton pecan, for slight or medium figures; girdle top, inset with rubber band, extra long skirt.
Price **5.00**

Manufactured and Patented by Improved Stay Co., New York.
