Special Midsummer SALE of High-Grade Refrigerators

Last Week of These Low Prices

It is seldom indeed that the world-famous Bohn Refrigerators are offered by us at any such prices, and this special sale will be discontinued after this week. It offers an opportunity which might never occur again.

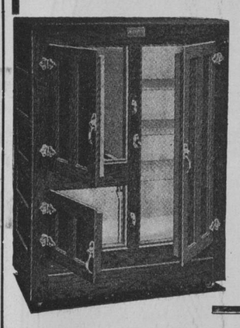
We understand the science of refrigeration. Practically every dining car, fresh meat and fruit express car in the land is equipped with Bohn Refrigerators, because the Bohn System maintains an even, low temperature (40°) of dry, pure, cold air at the smallest ice consumption of any refrigerator ever built.

We invite you to call and inspect our large line of magnificent

Bohn "Sanitor" Refrigerators

Their very construction will show you at a glance why they keep food, walls, lining, etc., very dry, very clean, and very cold.

Made in the same factory with the world-famous Bohn Syphon Refrigerator, the Bohn SANITOR rivals the latter in materials and construction. The selected oak exterior cases, the genuine fused porcelain lining (not paint) throughout the food compartments, and the remarkable heat-resisting qualities (low ice consumption) are especial points of excellence of the Bohn SANITOR.



Special Price $31.50

The model illustrated, No. 13, is 36 x 20 x 49 inches, and has an ice capacity of 125 pounds. Priced regularly at $40.00, it is temporarily reduced, during this limited midsummer sale, to $31.50. During this period the many other styles and sizes are correspondingly reduced. Write for illustrated catalog. Remember, we are the manufacturers, not agents or middlemen.

Select now, before these special low prices are withdrawn. On a small deposit we will hold your Refrigerator for Fall delivery. If you cannot call, write for our illustrated catalog.
