The Greatest Toy of the Year —this little electric range

Western Electric Junior Range

Here's just the gift for that little girl of yours. Picture her delight with a real stove, for where is the little girl who doesn't like to cook? Real cooking is ever so much more fun than "make-believe" cooking, and with this range the children will be learning to cook while they play.

When other toys have lost their newness, this little electric stove will continue a source of joy and education throughout the year.

The Junior Range actually cooks real food. It is practical and safe; no smoke, no flame. A real electric range bearing a name that on any electrical appliance is a guarantee of its quality. Comes complete with a little Junior cookbook, a kettle, skillet and bake-pan. It's about the size of a toy piano. You simply attach it to an electric socket, turn the switch, and right away the cooking can begin.

For That Boy of Yours

And that girl, too! My, how tickled they'll be with a box of Richter's Anchor Blocks for Christmas! Buy them a set! They last for years, and will furnish fun as long as they last.

And think of those long, stormy days when the children have *nothing to do!*

Maybe it will start your boy on a splendid, useful career. What he builds today in miniature he may build tomorrow in the world of men, as a famous architect.

RICHTER'S ANCHOR BLOCKS

With Richter's Anchor Blocks the children can build the most wonderful bridges, forts, castles and churches you ever saw. They can build all the models in the instruction book—little ones and big ones, for little chaps and bigger chaps.

They can copy buildings they have seen, and build original models, too! Not skeleton structures, but the real thing in miniature. Finished models are easily dismantled—nothing to take apart—just push them over.

Get a Set Now

Go to any good toy dealer and ask for Richter's Anchor Blocks. Buy a set to make the children happy.

Or if you haven't a little boy of your own, there is some other wistful little chap whose folks can't buy him one. Why don't you?

The Nestlé Permanent Hair Wave

Our business hours are from 9 to 6
Except Saturdays, on which days we close earlier

Before Waving

During these hours we do nothing but change lifelong straight hair into naturally wavy hair.

We give on an average twenty permanent waving treatments each day in New York.

Nestlé Waved

We are not "incorporated" and do not ask you to sign an agreement not to prosecute in case of injury to your hair.

The Nestle wave is the original of all permanent wavings, and all our methods and implements are patented.

The Nestle process is now in its thirteenth year, during which time the hair of over 50,000 women has been Nestle waved by our operators here and in London.

Write or call for our illustrated booklet.
