HEBREW ORPHAN CHILDREN GIVE THEIR MITES FOR DEWEY'S CUP.

The little fatherless boys and girls of the Hebrew Benevolent and Orphan Asylum of this city don't want to be left out of the Loving Cup, and they won't be. Few pennies come their way, but for some weeks they have been saving every copper, and the other day 230 bright dimes came to the Journal office with the names of the little donors.

This is a lesson in patriotism for many older folks. Every dime meant a deal of self-sacrifice for the wee giver, but their young American hearts yearned to do something for Dewey. They have done it nobly and their dimes will go into the cup while their names will fill a bright page in the big silver book, the Loving Cup Roll of Honor. Their contributions were forwarded by Vice-President Henry Rice, with the following letter:

Editor New York Journal:

Dear Sir--The children of the Hebrew Benevolent and Orphan Asylum Society, 136th street and Amsterdam avenue, have made a collection among themselves, as per the enclosed list, amounting to $23.00, for the Journal's Dewey Fund, and I take pleasure in enclosing the same. Yours truly,

HENRY RICE,
Vice-President.

New York Journal, New York City:

Enclosed $6 with list and names of subscribers. Soldiers' mites given with a willing heart to the Dewey Loving Cup. Company B, Twenty-ninth Infantry, U. S. V., is composed of men from all sections of the Union, Southerners predominating, and this slight remembrance of our Dewey's brilliant achievements is but the soldier's love for those whose patriotism in defending the Stars and Stripes is the inceptive of their being in arms to-day ready to march to the front and endeavor to uphold past victories in defending their country. May Dewey's name ever be perpetuated in the hearts of all Americans.
