DEWEY LOVING CUP DIMES FROM CITY PATRIOTS OF OUR MUNICIPAL DEPARTMENTS AND THEATRES.

TAX DEPARTMENT EMPLOYES AID THE FUND

Headed by Commissioner William Grell They Enthusiastically Collected and Forwarded 680 Dimes to the Journal.

The Department of Taxes and Assessments has sent dimes from all its employes, who in giving have followed the lead of Commissioner William Grell. The Commissioner heads the list with his entire family, and, with this infectious example of patriotism for a guide, every employe of the department has contributed a silver mite—that gives them a generous share in the beautiful Loving Cup.

This contribution of the employes of the Department of Taxes and Assessments is another evidence of the sterling patriotism of the employes of the municipal government who have most cheerfully and liberally aided the Loving Cup fund.

There Is Still Time to Be Identified with the Loving Cup. Send Your Dimes to Be Used in the Solid Silver Roll of Honor Book for Contributors' Names.

Many admirers of Admiral Dewey who, from neglect or oversight, did not send in their dimes for the Loving Cup, now keenly desire to participate in some way in this splendid gift of the people to the nation's hero. An opportunity is open to them, however, to realize this desire. The memorial book to be presented to Admiral Dewey, containing the names of the contributors, will be bound in solid silver and kept as a permanent historical record in the base of the pedestal. Dimes are now being received to be used in making this beautiful book which will be a part of the cup and a rare historical volume in future years. This roll of honor will include the names of the contributors for the book as well as those who sent dimes for the cup. If you are not represented, send in your dime without delay, and one for each of your family and friends.
