COVERED BRIDGE OVER SOAP CREEK

34 -

Atlanta, Cobb County, Georgia

14 Miles North

Owner:Date of Erection:Architect - Builder:Present Condition: Fair.Number of Stories: One.Materials of Construction: Rubble stone foundation piers. Wood construction. Metal roof.Other Existing Records:Additional Data: Heavy hand hewn timbers in each side wall form lattice trusses held together with wooden pegs. Walls enclosed with vertical boards. Gable roof.

While no data as to the date of this bridge has been obtained, ruins of old mills near by known to have been built before the Civil War suggest the possibility that this was also constructed during Ante Bellum days.
