HISTORIC AMERICAN BUILDING SURVEY

U.S. Naval Base, Pearl Harbor, Combat Vehicle Shop
(U.S. Naval Base, Pearl Harbor, Naval Station)
(Building No. 79E)

HABS No. HI-141

Location: Corner of Lexington Boulevard and Liscome Bay Street,
Southwest portion of Ford Island.
Pearl Harbor, City and County of Honolulu, Hawaii

USGS Pearl Harbor Quadrangle, Hawaii
7.5 minute series (orthophotoquad)
Universal Transverse Mercator coordinates
4.607260.2362560 (scale - 1:24,000)

Significance: The U.S. Naval Base at Pearl Harbor was designated as a
National Historic Landmark in 1964. As a Category 3
structure, it has been determined that Building No. 79E
functioned as part of the Pearl Harbor Naval Base, but
is only of minor importance to the historic character of
the National Historic Landmark.

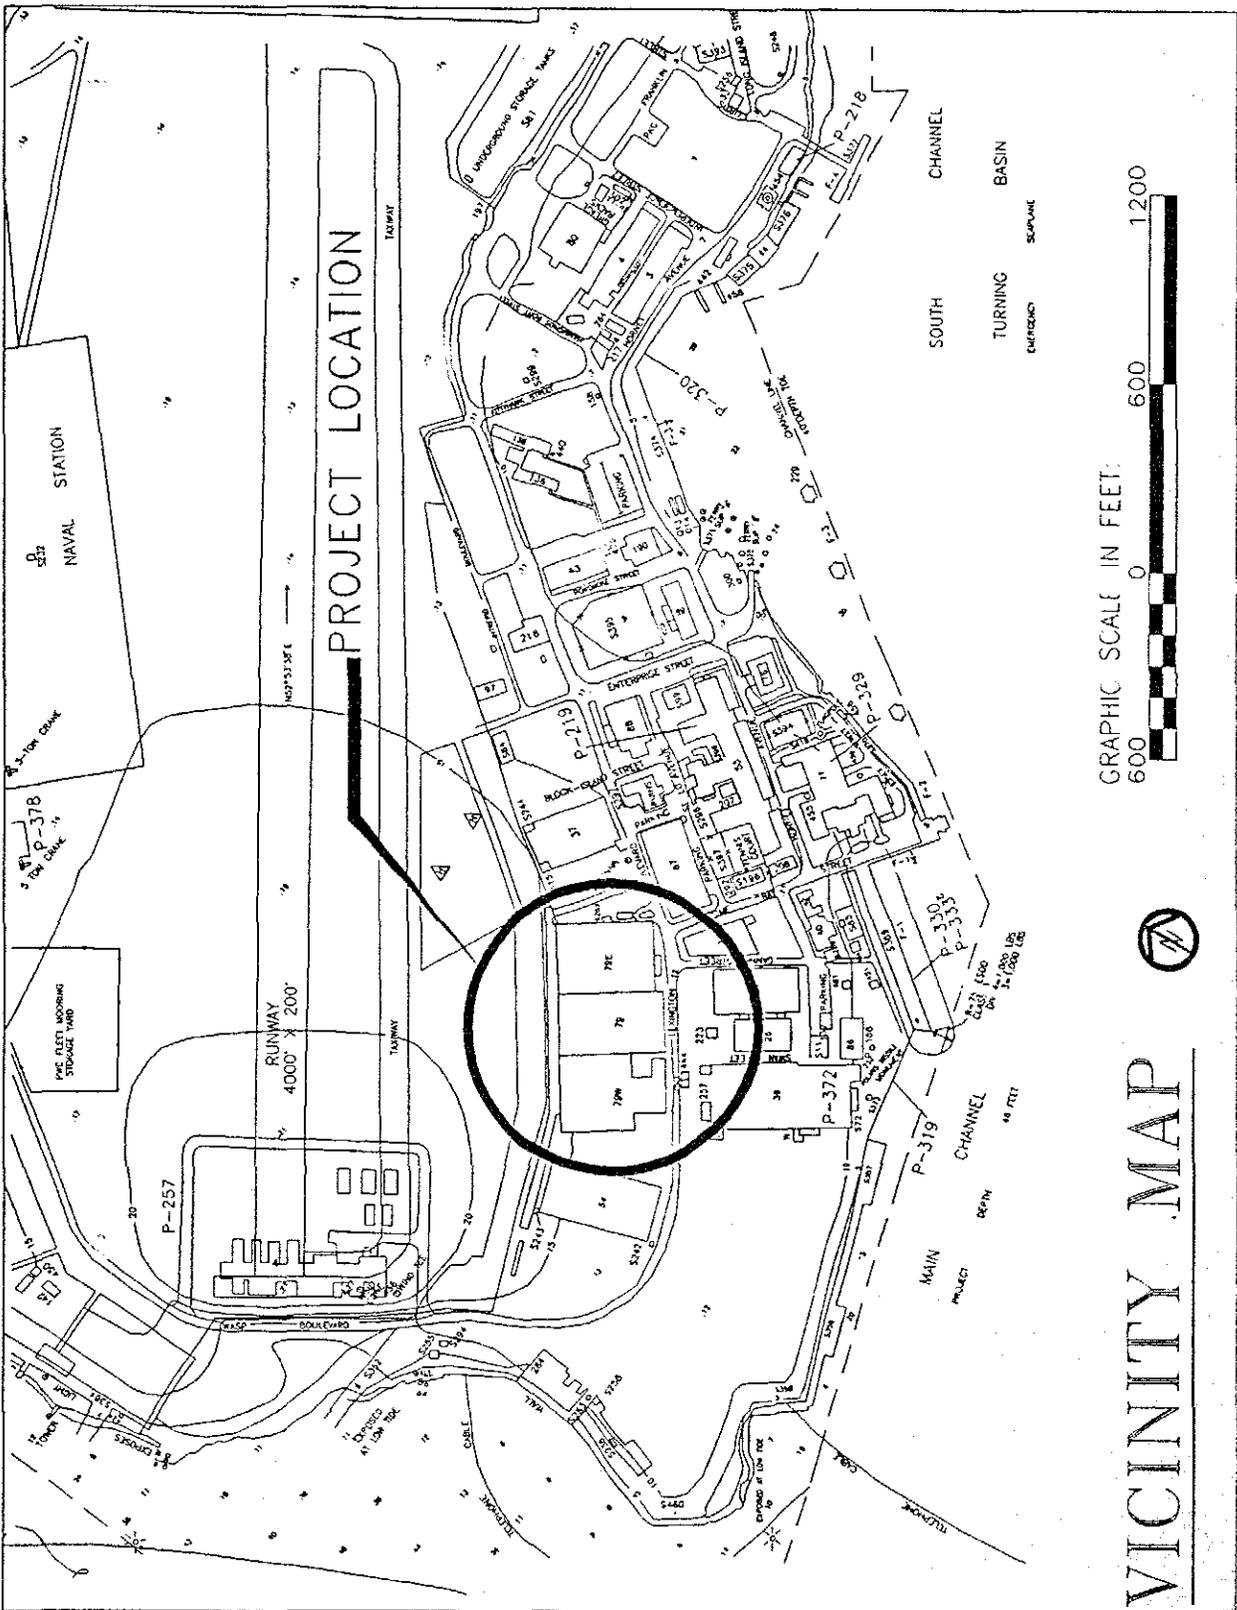

Description: Building No. 79 is a single story hangar type steel-
framed structure with a wood mezzanine, approximately
330 ft by 220 feet. Building No. 79E is the east
addition to Building No. 79. Building No. 79E, as well
as the west addition (79W), is wood framed, and is
approximately 300 ft by 180 ft.

History: Building No. 79 was constructed in 1940 as a Final
Assembly Shop at a cost of \$714,840. The east and west
additions to the building were constructed in 1943 at a
total cost of \$745,481. Building No. 79, 79E and 79W
are currently used by the U.S. Marine Corps. Building
No. 79E is used as a Combat Vehicle Shop. Building No.
79 and 79W are used for operational storage. Plans for
repair work to Building No. 79E are included in Special
Project R31-90, which proposes to replace/repair damaged
structures in the building such as purlins, fascia,
trusses, columns, sheathing, door framing and stairways.
Termite treatment is also included in the project. The
work proposed in Special Project R31-90 will restore the
structural integrity of Building No. 79E.
