Hawaii

David Franzen, Photographer

January 2009

Photographs numbered 1 through 5 for this facility were previously transmitted to the Library of Congress as part of a separate report, HABS No. HI-161 (November 1993).

The Record Name of this facility reflects the historic name and not the name by which it was known when first recorded. This facility was being referred to as a dispensary from almost immediately after it was built until at least 1974.
