## HISTORIC AMERICAN BUILDINGS SURVEY

### WHITE-ELLERY HOUSE

HABS MA-1342

**Location:** 244 Washington Street, Gloucester, Essex County, Massachusetts  
The house is located at latitude: 42.693238, longitude: -71.090469. The coordinate was obtained using Google Earth on 19 December 2013. The coordinate's datum is WGS84. There are no restrictions on its release to the public. This location differs from its original location because it was moved in 1947 to accommodate Route 128.

#### Project Information:

This project was an early survey began by the Historic American Buildings Survey during the 1930s. The project was never completed. In 2013, HABS made the decision to transmit the unfinished materials from the 1930s to the Library of Congress due to the information potential of the documentation, and the fact that many of the unfinished drawings from this period document important historic properties, many of which are no longer extant. The White Ellery House was listed in the National Register of Historic Places in 1990.

Due to the incomplete nature of the documentation and the lack of field measurements to verify the drawings, the drawings may not meet HABS standards and have been marked as such. Most of these drawings are still in pencil, that combined with the age of the drawings, presented challenges when digitizing them, so the scanned images are not as clear as most of the drawings within the HABS collection.
