|---------|--|
| MS-7-10 | Context view looking west showing the vessel under its protective canopy. The museum building is on the right.                             |
| MS-7-11 | 3/4 context view from atop the museum building looking at the port side from bow to stern.   |
| MS-7-12 | Elevation of bow straight on looking aft.  |
| MS-7-13 | 3/4 view of bow looking aft showing hull and topsides.   |
| MS-7-14 | 3/4 view of bow from port side showing bow deck and forward guns with iron cladding.   |
| MS-7-15 | Port side elevation showing bow and glue-laminate (glu-lam) support structure.   |
| MS-7-16 | Port side elevation showing hull and support structure from lower angle.   |
| MS-7-17 | 3/4 view of port side at bow showing hull and support structure.   |
| MS-7-18 | 3/4 view of port side looking aft showing hull and support structure. Note the angled glu-lam supports that mimic the shape of the vessel. |
| MS-7-19 | Detail of glu-lam support structures and hull on port side.  |
| MS-7-20 | Detail of hull with support structure on port side.  |

INDEX TO PHOTOGRAPHS

- MS-7-21 Detail of hull on port side with glu-lam support on bottom and side.
- MS-7-22 3/4 view of starboard side at bow looking aft.
- MS-7-23 Starboard side elevation showing railroad rails for cladding on the topside.
- MS-7-24 Detail of starboard side cladding and gun.
- MS-7-25 Detail of starboard side with support structure gun and rail cladding. Pilot house cladding can be seen at top.
- MS-7-26 Detail of starboard side forward section with cladding and gun. The forward cladding consists of cast panels.
- MS-7-27 Detail of cladding, support structure, and gun.
- MS-7-28 View of visitor access ramp on starboard side.
- MS-7-29 3/4 view of starboard side looking aft showing support structure, guns, and cladding.
- MS-7-30 3/4 view of starboard side looking forward showing cladding, guns, boat davit, and representational stacks.
- MS-7-31 Detail of starboard side showing support structure, cladding, davit, and paddle wheel in background.
- MS-7-32 3/4 view of stern area from starboard side looking forward showing rudders, aft deck, and support structure.
- MS-7-33 Duplicate view, different exposure.
- MS-7-34 Stern elevation looking forward showing rudders, aft deck support structure, and paddle wheel waterway.
- MS-7-35 3/4 view of stern showing rudders, aft guns, and paddle wheel.
- MS-7-36 Detail of rudders from port side looking to starboard. Note that the lighter colored wood was added at a later date to replicate lost material.
- MS-7-37 Detail of starboard rudder looking from port side also showing support structure and aft gun. Note that the lighter wood is not original.
- MS-7-38 Detail of hull at port rudder with support structure.

INDEX TO PHOTOGRAPHS

MS-7-39	View down paddle wheel waterway with support structure.
MS-7-40	Detail of paddle wheel and machinery from starboard side looking to port.
MS-7-41	Deck view looking aft from midship towards stern showing engine, beam, and paddle wheel with support structure.
MS-7-42	Deck view looking forward from stern forward towards gun, paddle wheel, and support structures.
MS-7-43	Deck view looking forward from midship showing engine, beam, gun, and boilers in the background.
MS-7-44	Detail of engine, beam, and paddle wheel looking aft from midship on port side.
MS-7-45	Detail of engine, beam, and paddle wheel looking aft and toward starboard.
MS-7-46	Detail of paddle wheel and beam on port side. The beam is not original wood.
MS-7-47	Deck view on gun deck looking aft along the starboard side towards boiler, engine, and paddle wheel.
MS-7-48	Detail of engine, beam, and paddle wheel from port looking toward starboard.
MS-7-49	Detail of starboard engine viewed from port side.
MS-7-50	Detail of boilers from gun deck looking aft towards port. Simulated glu-lam stacks are in foreground.
MS-7-51	Detail of boilers from gun deck looking aft toward port.
MS-7-52	View of lower hold showing boilers and engine along starboard side looking aft.
MS-7-53	Detail of boilers from underneath on the lower hold deck.
MS-7-54	Detail of port engine from lower hold looking aft.
MS-7-55	View of lower hold looking forward along port side.
MS-7-56	View of lower hold looking forward along starboard side.
MS-7-57	View of lower hold from midship looking forward.
