Structure

Lapham Institute (Smithfield Seminary) (RI-291)

N. end of Seminary Lane. Greek Revival, frame with clapboards, three-story main block with gable roof and Ionic tetrastyle portico, two-story passageways to either side originally led to two-story wings with gable roofs and pilastered temple fronts. Built 1840; Russell Warren architect. Wings burned leaving only passageways (altered) and main block. Photocopy of early undated lithograph; HABSI form (1958).

\* copy of old print

Card prepared June 1975.

Early Homes of R. L. Downing, p. 448, 450.
