INDEX TO BLACK AND WHITE PHOTOGRAPHS

Martin Stupich, photographer, April 2015

- | | |
|---------|---|
| VT-36-1 | General view of east portal of bridge from roadway, view to southwest. |
| VT-36-2 | General view of south elevation of bridge, from south bank of Mill Brook, view to west. |
| VT-36-3 | General view of west portal of bridge from Churchill Road, view to northeast. |
| VT-36-4 | General oblique view of north elevation and east portal, from a bend in Mill Brook; view to south. |
| VT-36-5 | Interior view of north inside wall, showing original tied arch and iron rods radiating from bottom chord, with 8' scale against post; view to north. |
| VT-36-6 | Interior view of southwest corner and north wall, showing replacement housing with posts, tie beams, knee braces, and original tied arch; view to west. |
| VT-36-7 | View underneath deck of bridge from north bank, showing 5-ply lower chords, lateral bracing, and floor beams supported by a concrete abutment; view to southwest. |
