## DEPARTMENT OF THE INTERIOR.

Office of Indian Affairs.

[Health Order No. 492]

RULES AND REGULATIONS FOR THE ADMISSION OF PATIENTS INTO INDIAN HOSPITALS AND SANATORIA

JANUARY 10, 1938.

To Superintendents, Physicians, and Others Concerned:

The following rules and regulations are issued under authority of Title 5 U. S. C. 435; Title 25 U. S. C. 2, 9, 13 and 31.

1. Hospitals and sanatoria maintained and operated by the Indian Service from gratuity funds are for the hospitalization and treatment of Indians who are recognized as the responsibility of the Federal Government.

2. Persons who are in need of hospitalization and who are enrolled Indians, recognized members of a tribe, and who are unable to provide such hospitalization from their own funds, may be admitted to such institutions.

3. In the order of priority, provided the individual is eligible as set forth in paragraph two, consideration should be given first to the emergency or necessity for hospitalization; second, to the degree of Indian blood of the individual; and, third, to his ability to pay.

4. Preference should be given to those of a higher degree of Indian blood. Nonresidents, who return to the reservation for the purpose of receiving free services and hospital-

ization and who otherwise do not have any interest in the reservation or who do not participate in tribal affairs, are not entitled to hospitalization as a matter of right, but only as a matter of courtesy based on the decision of the superintendent. The superintendent has authority to deny such applicants hospitalization when the facilities are needed for members residing within the reservation; and, likewise, the superintendent has a right, and is hereby authorized, to make a charge for hospitalization to nonresidents when they are in a position to pay the daily cost of operation.

5. Indian employees of the Indian Service, who receive a salary of \$1620 per year or more, and members of their families, shall be required to pay for hospitalization at the average cost per patient-day based on the daily per capita figure for the preceding year; but any extra facilities or services required, such as are not provided at the hospital, shall be paid for by the patient. Those receiving less than \$1620 per year shall pay one-half the full rate.

6. All other employees of the Service, regardless of salary, and dependent members of their families, when admitted as patients, shall be required to pay at the full rate indicated in the previous section. Admission of such persons as patients should be held strictly to emergency cases or cases where private hospitals are not available. No employee shall be hospitalized in an Indian Service hospital removed from the jurisdiction where he is employed, without Indian Office approval. The courtesy rate of \$1 per day for any employee, white or Indian, or members of their families, is hereby abrogated.

Failure to make payment within a reasonable time by either Indian or white employees should be reported to the Washington Office for instructions. See Circular No. 2982, dated February 13, 1934, and Amendment No. 1, dated April 26, 1935, for instructions as to the collection and deposit of such charges.

7. The white wife of an Indian shall be eligible to hospitalization and medical services on the same basis as an Indian by reason of the fact that her husband is legally responsible to provide same; and he being an Indian, and government facilities being available, they may be extended to the wife.

8. An Indian wife and children of a white husband are not entitled to such facilities, except where they maintain a permanent home on the reservation and participate in tribal affairs. Since the husband is a white man and is legally responsible for his wife and family and not being a member of a tribe, he has no right to expect free services for himself or his family, except as indicated in this paragraph.

9. Any Indian child being educated in a government boarding or day school or for whom tuition is being paid by the government is entitled to hospitalization.

10. Indian women, who are widows of whites or of non-restricted Indians and who maintain a residence on the reservation and are considered members of a tribe, shall be eligible for hospitalization.

11. Since our facilities are limited and the demand for hospitalization is more than can be supplied, superintendents shall follow these rules in determining those who are eligible for hospitalization. It must be realized that this Office at this distance can not make these decisions. The superintendent and the physician have all the facts before them, know the needs of the patient, his status, and his circumstances, and they are expected to assume the responsibility for making the decision in each case.

12. As indicated above, these rules apply to hospitals and sanatoria supported and paid for from gratuity appropriations. In the case of hospitals operated exclusively from tribal funds, all recognized members of the tribe, regardless of other considerations, are entitled to hospitalization and treatment. It is believed proper to indicate, however, that resident and active members of the tribe should be given preference over those who have established homes elsewhere and only consider themselves members because of certain benefits available to them.

13. These rules and regulations will not apply to the Indians of the Five Civilized Tribes jurisdiction. Until otherwise no-

tified; the present requirements for admission in that area will be followed.

14. Indian Office Order No. 416, dated June 21, 1933, and Circular No. 2942, dated August 23, 1933, including Amendment No. 1 thereto, dated November 20, 1934, are hereby abrogated.
