EXECUTIVE ORDER 9481

AUTHORIZING THE SECRETARY OF THE INTERIOR TO TAKE POSSESSION OF AND OPERATE CERTAIN MINES, COLLIERIES, AND PREPARATION FACILITIES

WHEREAS after investigation I find and proclaim that there are interruptions of the operations of the mines, collieries, and preparation facilities designated in the list attached hereto and made a part hereof, as a result of existing and threatened strikes and other labor disturbances; that the effective prosecution of the war will be unduly impeded or delayed by such interruptions; and that the exercise, as herein specified, of the powers vested in me is necessary to insure, in the interest of the war effort, the operation of these mines, collieries, and facilities;

NOW, THEREFORE, by virtue of the power and authority vested in me by the Constitution and laws of the United States, including section 9 of the Selective Training and Service Act of 1940 (54 Stat. 892) as amended by the War Labor Disputes Act (57 Stat. 163), as President of the United States and Commander in Chief of the Army and Navy of the United States, it is hereby ordered as follows:

1. The Secretary of the Interior is authorized and directed to take possession of the mines, collieries, and preparation facilities designated in the list attached hereto and made a part hereof, and of any real or personal property, and other assets, used in connection with the operation thereof; to operate or arrange for the operation of such mines, collieries, and facilities in such manner as he deems necessary for the successful prosecution of the war; and to do all things necessary for, or incidental to, the production, sale and distribution of the coal produced, prepared, or handled by the said mines, collieries, and facilities.

2. The Secretary of the Interior shall operate the said mines, collieries, and facilities in accordance with the terms and conditions of employment which are in effect at the time possession thereof

is taken, subject to the provisions of section 5 of the War Labor Disputes Act. He shall provide such protection of the employees as may be necessary to maintain production, and shall take such appropriate disciplinary action, not inconsistent with law, as may be necessary to effectuate the purposes of this order.

3. In carrying out this order, the Secretary of the Interior shall act through or with the aid of such public or private instrumentalities or persons as he may designate. All Federal agencies, including but not limited to the War Manpower Commission, the National Selective Service System, the War Department, and the Department of Justice, are directed to cooperate with the Secretary of the Interior to the fullest extent possible in carrying out the purposes of this order.

4. The Secretary of the Interior shall permit the management of the mines, collieries, and facilities taken under the provisions of this order to continue with their managerial functions to the maximum degree possible, consistent with the aims of this order.

5. Possession of the mines, collieries, and facilities taken under this order shall be terminated by the Secretary of the Interior within sixty days after he determines that the productive efficiency of the mines, collieries, and facilities has been restored to that prevailing prior to the interruption of production referred to in the recitals of this order.

PART 1010—SUSPENSION ORDERS

[Suspension Order S-625]

ELIZABETH ALLEN

Elizabeth Allen of St. Louis, Missouri, in March 1943, began and thereafter car-

ried on construction of a residence located on Old Jamestown Road approximately two miles west of Black Jack, Missouri, without authorization from the War Production Board. The cost of this construction was approximately \$4,100, which amount exceeded the limit of \$200 permitted by Conservation Order L-41 and was in violation of that order. Elizabeth Allen was aware of War Production Board restrictions on construction and the beginning and carrying on of this construction without authorization constituted a wilful violation of Conservation Order L-41.

The violation of Conservation Order L-41 has diverted critical materials to uses not authorized by the War Production Board, and has hampered and impeded the war effort of the United States. In view of the foregoing, it is hereby ordered, that:

§ 1010.625 *Suspension Order No. S-625.* (a) Neither Elizabeth Allen, her successors or assigns, nor any other person, shall do any construction on the premises owned by her and located on Old Jamestown Road approximately two miles west of Black Jack, Missouri, including putting up or altering the structures located on the said premises, unless hereafter specifically authorized in writing by the War Production Board.

(b) Nothing contained in this order shall be deemed to relieve Elizabeth Allen, her successors or assigns, from any restrictions, prohibitions or provisions contained in any other order or regulation of the War Production Board, ex-

cept insofar as the same may be inconsistent with the provisions hereof.

Issued this 13th day of September 1944.

PART 3290—TEXTILE, CLOTHING AND LEATHER

[Limitation Order L-99, Direction 2]

CONVERSION OF LOOMS TO PRODUCTION OF TENTAGE FABRICS

The following direction is issued pursuant to Limitation Order L-99:

(a) Notwithstanding any of the provisions of Limitation Order L-99 or any of the schedules of that order and regardless of any rated order heretofore or hereafter placed, commencing October 28, 1944 looms which on July 1, 1944 produced or were assigned to produce the cotton textiles listed in column I may, to the extent of the percentage indicated for each group in column II, produce only the cotton textiles of the constructions specified in column III, unless otherwise expressly authorized in writing by the War Production Board. The percentages are applicable to the daily average number of looms on assignment or production. All column references in this direction are to Table I.

(b) Each loom which under this direction may be operated only to produce the fabrics listed in column III shall be operated at least as many hours per week as the loom which is operated the most hours per week at the same plant.

(c) All the fabrics produced on looms which under this direction may be operated only to produce the fabrics listed in column III may be sold or delivered only to the U. S. Army or Navy unless rejected in writing by both the Army and Navy.

(d) No application for an exception from the provisions of this direction will be considered unless it is filed in triplicate with the War Production Board, Textile, Clothing and Leather Bureau, Washington 25, D. C., not later than September 25, 1944 and contains the following information with respect to each plant affected by this direction:

(1) Total number of spindles (running and idle) classified according to ring sizes.

(2) Total number of looms (running and idle), stating with respect to each loom (i) the name of the manufacturer, (ii) the model, (iii) the width between swords, and (iv) the auxiliary shaft and cam equipment.

(3) A list of fabric constructions now being woven in the plant and number of looms assigned to or being operated on each construction.

(4) The yardages due on outstanding contracts for each of the fabric constructions listed in column I, classified according to proposed uses, i. e., type of clothing or other product, where known.

(e) Each person operating looms affected by this direction must report in writing to the War Production Board by September 25, 1944 the Army and Navy contracts (direct or subcontracts) he holds for fabrics which are presently being produced on the looms affected by this direction. This information may be included in an application filed in accordance with paragraph (d).

(f) Each person operating looms affected by this direction must report in writing to the War Production Board not later than October 30, 1944, the number of his looms that have been converted to produce each of the fabrics listed in column III and the estimated weekly production of each such fabric construction.

The reporting requirements of this direction have been approved by the Bureau of the Budget pursuant to the Federal Reports Act of 1942.

Issued this 13th day of September 1944.

PART 1042—IMPORTS OF STRATEGIC MATERIALS

[General Imports Order M-63, as Amended Sept. 14, 1944]

The fulfillment of requirements for the defense of the United States has created a shortage in the supply of certain imported materials for defense, for private account, and for export; and the following order is deemed necessary and appropriate in the public interest and to promote the national defense:

§ 1042.1 *General Imports Order M-63*—(a) *Definitions.* For the purposes of this order:

(1) "Person" means any individual, partnership, association, business trust, corporation, or any organized group of persons, whether or not incorporated.

(2) "Owner" of any material means any person who has any property interest in such material except a person whose interest is held solely as security for the payment of money.

(3) "Consignee" means the person to whom a material is consigned at the time of importation.

(4) "Import" means to transport in any manner into the continental United States from any foreign country or from any territory or possession of the United States (including the Philippine Islands). It includes shipments into a free port, free zone, or bonded custody of the United States Bureau of Customs (bonded warehouse) in the continental United States and shipments in bond into the continental United States for transshipment to Canada, Mexico, or any other foreign country.

(5) "Place of initial storage" means any warehouse, yard ground storage, or other place, to which the person making the entry or withdrawal from custody of the United States Bureau of Customs of material imported subject to this order directs or has directed that such material be transported from the port of entry to be held until disposed of pursuant to this order.

(6) Material shall be deemed "in transit" if it is afloat, if an on board ocean bill of lading has actually been issued with respect to it, or if it has actually been delivered to and accepted by a rail, truck, or air carrier, for transportation to a point within the continental United States.

(7) "Governing date" with respect to any material means the date when such material first became subject to General Imports Order M-63.

(b) *Restrictions on imports of materials*—(1) *General restriction.* No person, except as authorized in writing by the War Production Board shall purchase for import, receive, or offer to receive on consignment for import, or make any contract or other arrangement for the importing of, any material subject to this order after the governing date. The foregoing restrictions shall apply to the importation of any material

subject to the order, regardless of the existence of any contract or other arrangement for the importation of such material. The materials subject to this order are those listed from time to time upon List I, List II, and List III attached hereto.

(2) *Authorization by War Production Board.* Any person desiring such authorization, whether owner, purchaser, seller, or consignee of the material to be imported, or agent of any of them, shall make application therefor in duplicate on Form WPB-1041 (formerly PD-222C) addressed to the War Production Board, Ref.: M-63, Washington 25, D. C. Unless otherwise expressly permitted, such authorization shall apply only to the particular material and shipment mentioned therein and to the persons and their agents concerned with such shipment; it shall not be assignable or transferable either in whole or in part.

(3) *Restrictions on financing of imports.* No bank or other person shall participate, by financing or otherwise, in any arrangement which such bank or person knows or has reason to know involves the importation after the governing date of any material subject to this order, unless such bank or person either has received a copy of the authorization issued by the War Production Board under the provisions of paragraph (b) (2) or is satisfied from known facts that the proposed transaction comes within the exceptions set forth in paragraph (b) (4).

(4) *Exceptions.* Unless otherwise directed by the War Production Board, the restrictions set forth in this paragraph (b) shall not apply:

(i) To the Foreign Economic Administration, U. S. Commercial Company, Commodity Credit Corporation, Metals Reserve Company, Defense Supplies Corporation, or any other United States governmental department, agency, or corporation, or any agent acting for any such department, agency or corporation; or

(ii) To any material of which any United States governmental department, agency, or corporation is the owner at the time of importation, or to any material which the owner at the time of importation had purchased or otherwise acquired from any United States governmental department, agency or corporation; or

(iii) To any material which on the governing date was in transit to a point within the continental United States.

(iv) [Deleted Mar. 30, 1944]

(v) To any material consigned as a gift or imported for personal use where the value of each consignment or shipment is less than \$100.00; or to any material consigned or imported as a sample where the value of each consignment or shipment is less than \$25.00; or to any used material in the category of household goods imported by the owner for his own personal use; or

(vi) To materials consigned as gifts for personal use by or to members of the Armed Services of the United States; or

(vii) To any material on List I or List II imported by any person under any contract or other arrangement made before, or in existence on the governing date and which, on December 28, 1942, was in transit to a point within the continental United States; or

(viii) To manufactured materials which are imported in bond solely for the purpose of having them repaired and then returned to the owner outside the continental United States; or

(ix) To materials which were grown, produced, or manufactured in the continental United States, and which were shipped outside the continental United States on consignment or pursuant to a contract of purchase, and which are now returned as rejected by the prospective purchaser; or

(x) To materials shipped into the United States in transit from one point in Mexico to another point in Mexico, or from one point in Canada to another point in Canada.

(c) *Restrictions on disposition of List I material.* Except as hereinafter specifically provided in paragraph (d) hereof:

(1) *Restrictions upon owners and consignees.* No owner or consignee of any material on List I which is imported after the governing date shall in any way, directly or indirectly:

(i) Dispose of any interest in such material;

(ii) Process or in any way change the physical condition of such material;

(iii) Transfer possession, or cause or permit a transfer of possession, of such material except to the port of entry and from the port of entry to the place of initial storage of such material; or

(iv) Change, or cause or permit a change of, the location of such material except to the port of entry and from the port of entry to the place of initial storage of such material

Provided: That a consignee of such material may dispose of his interest in such material to the extent necessary to complete any commitment or contract made prior to the governing date. The person to whom he disposes of such interest shall be subject to all restrictions imposed upon owners by this order.

(2) *Restrictions upon banks and persons similarly situated.* No bank or other person which, as agent, pledgee, beneficiary under a trust receipt, or otherwise, has possession of or any interest in any written instrument evidencing any interest in any material on List I shall in any way, directly or indirectly, dispose of any such interest, or transfer possession, or cause or permit a transfer of possession, of such instrument, unless:

(i) Such material was imported before the governing date; or

(ii) Such person neither knows nor has reason to know that such mate-

rial was imported after the governing date; or

(iii) Such disposition or transfer is necessary to permit a consignee to make a permissible disposition of material in accordance with subparagraph (1) of this paragraph (c); or

(iv) Such disposition or transfer is made to the owner of the material and such owner has complied with all the provisions of this order.

(d) *Permissible disposition of List I materials*—(1) *Transfer to governmental agency.* Nothing contained in this order shall prohibit an owner or consignee of any material on List I imported after the governing date, or a bank or other person having possession of, or an interest in, a written instrument evidencing an interest in such material, from disposing of, or making any arrangement to dispose of, any interest in such material to the Foreign Economic Administration, Commodity Credit Corporation, Metals Reserve Company, Defense Supplies Corporation, or any other United States governmental department, agency, or corporation.

(2) *Authorization by War Production Board.* Notwithstanding the provisions of paragraph (c), an owner or consignee of material on List I imported after the governing date or a bank or other person having possession of or an interest in a written instrument evidencing an interest in such material, may process such material or may dispose of any interest in such material or any such written instrument, or transfer possession or change the location thereof, or cause or permit such a transfer of possession or change of location, upon written authorization by the War Production Board. Any such person may make application in duplicate for such an authorization on Form WPB-1039 (formerly PD-222A), which form shall be addressed to the War Production Board, Ref.: M-63, Washington 25, D. C.

(3) *Exceptions.* The restrictions set forth in paragraph (c) shall not apply to any material after any United States governmental department, agency, or corporation becomes the owner thereof, and shall not apply to any material of which any United States governmental department, agency, or corporation is the owner at the time of importation, and shall not apply to any material purchased or otherwise acquired from any United States governmental department, agency, or corporation.

(e) *Restrictions on disposition of List II or List III material.* Unless otherwise provided by the terms of the authorization issued pursuant to paragraph (b) (2), any material on List II or List III, which is imported in accordance with the provisions of this order after the governing date, may be sold, delivered, processed, consumed, purchased, or received without restriction under this order, but all such transactions shall be subject to all applicable provisions of the regulations of the War Production Board and to all orders and directions of the War Production Board which now or hereafter may be in effect with respect to such material.

(f) *Reports*—(1) *Reports on customs entry.* No material which is imported after the governing date, including materials imported by or for the account of the Foreign Economic Administration, U. S. Commercial Company, Commodity Credit Corporation, Metals Reserve Company, Defense Supplies Corporation, or any other United States governmental department, agency, or corporation, shall be entered through the United States Bureau of Customs for any purpose, whether for consumption, for warehouse, in transit, in bond, for re-export, for appraisal, or otherwise, unless the person making the entry shall file with the entry Form WPB-1040 (formerly PD-222B) in duplicate. The filing of such form a second time shall not be required upon any subsequent entry of such material through the United States Bureau of Customs for any purpose; nor shall the filing of such form be required upon the withdrawal of any material from bonded custody of the United States Bureau of Customs, regardless of the date when such material was first transported into the continental United States. Both copies of such form shall be transmitted by the Collector of Customs to the War Production Board, Division of Stockpiling and Transportation, Ref.: M-63, Washington 25, D. C.

(2) *Other reports.* All persons having any interest in, or taking any action with respect to, any material imported after the governing date, whether as owner, agent, consignee, or otherwise, shall file such other reports as may be required from time to time by the War Production Board.

(g) *Routing of communications.* All communications concerning this order shall, unless otherwise herein directed, be addressed to: War Production Board, Washington 25, D. C., Ref.: M-63.

(h) *Violations.* Any person who wilfully violates any provision of this order, or who, in connection with this order, wilfully conceals a material fact or who furnishes false information to any department or agency of the United States is guilty of a crime, and upon conviction may be punished by fine or imprisonment. In addition, any such person may be prohibited from making or obtaining further deliveries of, or from processing or using, material under priority assistance. In addition, the War Production Board may direct the disposition and use of any material which is imported without authorization as required by paragraph (b).

(i) *Applicability of priorities regulations.* This order and all transactions affected thereby are subject to all applicable provisions of the priorities regulations of the War Production Board, as amended from time to time.

(j) *Effect on liability of removal of material from order.* The removal of any material from the order shall not be construed to affect in any way any liability for violation of the order which accrued or was incurred prior to the date of removal.

Issued this 14th day of September 1944.

such term is used in the order; *Provided, however*, That List I materials which are imported in bond after July 2, 1942, can be shipped to Mexico, Canada, or some other foreign country without the express authorization required under paragraph (d) only if the import application filed under paragraph (b) stated that the material was being imported for the purpose of such export shipment. (Issued June 30, 1942, and amended Sept. 23, 1943.)

INTERPRETATION 2

The following official interpretation is hereby issued by the War Production Board with respect to the meaning of the term "in transit" as defined in paragraph (a) (6) of General Imports Order M-63 (§ 1042.1) as amended:

By amendment dated December 17, 1942, the definition of material "in transit" was changed by adding the following clause, "or if it has actually been delivered to and accepted by a rail, truck, or air carrier, for transportation to a point within the continental United States." The question has been raised as to the meaning of the term as applied to a case where the material on the governing date had been delivered to and accepted by a rail, truck, or air carrier on a through bill of lading for transportation to a specified port and from thence by boat to a point within the continental United States.

The material in the stated case is not deemed to be in transit within the meaning of the term as used in the order. If the material is to be carried to the port of arrival in the continental United States by ship, the material must have been afloat, or on board ocean bill of lading must have been issued with respect to it, on the governing date in order for it to be considered as having been in transit on such date.

Material which has been delivered to and accepted by a rail, truck, or air carrier on the governing date for transportation to a point within the continental United States is deemed to be in transit within the meaning of the term as used in the order only when the transportation specified in the bill of lading issued by such carrier calls for delivery of the material at the port of arrival in the continental United States by rail, truck, or air carrier, not by ship. (Issued March 5, 1943.)

INTERPRETATION 3

When by amendment of the order a material already on List II or List III is moved to List I and hence becomes subject to the restrictions of paragraph (c) covering the disposition, processing, transfer, or change of location of such material, the governing date for the application of such restrictions is the effective date of the amendment by which the material was moved to List I and not the date when such material first became subject to General Imports Order M-63. (Issued May 14, 1943.)

PART 1381—SOFTWOOD LUMBER

[MPR 19A, Amdt. 3]

LOG-RUN SOUTHERN PINE LUMBER

A statement of the considerations involved in the issuance of this amendment, issued simultaneously herewith, has been filed with the Division of the Federal Register.*

Maximum Price Regulation 19A is amended in the following respects:

1. Section 1 is amended to read as follows:

SECTION 1. *Maximum prices.* The maximum prices for rough short-leaf Southern pine lumber sold for direct-mill shipment from "small mills" are: \$32 per M³BM for boards, \$29 for dimension and \$28 for small timbers. This includes delivery for 30 miles or less. These prices apply to all sales where lumber produced

by small mills reaches the purchaser without first being graded, dressed, inspected, tallied or otherwise made ready for shipment at a concentration yard or mill subject to 2d RMPR 19, in conformity with that regulation, or without becoming an integral part of the stock of a distribution yard as defined in 2d RMPR 215.

The maximum prices for lumber produced by sawmills in Virginia is \$2.00 per M³BM higher than the prices above.

2. Section 4 is amended to read as follows:

Sec. 4. *Delivery.* If you make delivery over 30 miles, you can add 5 cents per M for each mile over 30 and up to 100 miles, with no addition for the return trip. For example, if you deliver 50 miles, you can add \$1.00 per M. If you make delivery over 100 miles, you can add only the carload rail freight for the whole distance from the nearest rail loading-out point to destination.

If the buyer makes the pick-up at the sawmill, the regular log-run price must be reduced \$2.50 per M.

This amendment shall become effective September 19, 1944.

NOTE: All reporting and record-keeping requirements of this amendment have been approved by the Bureau of the Budget in accordance with the Federal Reports Act of 1942.

1. Section 1 (a) (6) is added to read as follows:

(6) This regulation shall have no application to any purchase by the United States or any of its agencies under such circumstances of emergency as to make immediate delivery imperative, and as to render it impossible to secure, or unfair to require immediate delivery at the maximum price which would otherwise be applicable, if such purchases and deliveries are made pursuant to the provisions of section 4.3 (f) of Revised Supplementary Regulation No. 1 to the General Maximum Price Regulation, as amended; *Provided, however,* that the Administrator may, by order, waive the reporting of any part of the information required by section 4.3 (f) in connection with a particular purchase or group of purchases, upon determining that such information may not reasonably be required under all the circumstances, and he may, in lieu thereof, require the reporting of other information more suited to the circumstances.

TITLE 38—PENSIONS, BONUSES AND
VETERANS' RELIEF

Chapter I—Veterans' Administration

PART 36—REGULATIONS UNDER SERVICE-
MEN'S READJUSTMENT ACT OF 1944

PAYMENTS TO INSTITUTIONS OF COLLEGIATE
GRADE FOR EDUCATION OR TRAINING

Etc.
36207 Authority of manager to pay institutions.
36208 Definition of "ordinary school year".

AUTHORITY: §§ 36207 and 36208 issued under 38 Stat. 248.

§ 36207 Authority of manager to pay institutions. When a veteran entitled to the benefits provided under Part VIII,

Veterans Regulation Numbered 1 (a), as amended, elects his course of training and chooses the approved educational or training institution where he wishes to pursue his course of training and is accepted by and enrolled in a full-time or a part-time course in such approved institution, the manager of the regional office is authorized to pay to such institution for the veteran's tuition, laboratory, library, health, infirmary and other similar fees, and for books, supplies, equipment and other necessary expenses, exclusive of board, lodging, other living expenses and travel, as are generally required for the successful pursuit and completion of the course by other students in the institution.

(a) *Charges for tuition, laboratory, library, health, infirmary and other similar fees.* Pursuant to the authority contained in the Servicemen's Readjustment Act of 1944, the Administrator hereby determines that the charges established in accordance therewith, and pursuant to the limitations thereof, the following provisions are fair and reasonable for the purpose of enabling the institutions to give the services required by said act and are within the intent and authority of paragraph 5, section 4C (b), Title II, of said act.

(i) The charges for tuition, laboratory, library, health, infirmary and other similar fees customarily made by the approved institution for any student who pursues the particular course of training, except that the charge for the tuition fee of a full-time veteran trainee shall be not less than \$10.00 per month (\$30.00 per quarter or \$40.00 per semester), provided that the proper official certifies to the manager of the regional office the charges customarily made to any student pursuing the particular course.

(ii) In the case of State and municipal colleges or universities the charges for tuition, laboratory, library, health, infirmary and other similar fees are determined for all veteran trainees as the charges customarily made to nonresident students which were in effect prior to June 22, 1944, except that the charge for the tuition fee of a full-time veteran trainee shall be not less than \$10.00 per month (\$30.00 per quarter or \$40.00 per semester), provided that the charges are not in conflict with existing laws or other legal requirements.

(iii) Arrangements pursuant to (i) and (ii) do not require a formal contract with institutions and payments will be made at the end of each term, semester, or quarter prorated in the cases of veteran trainees who withdraw during the term on the same basis as for non-veteran students.

(b) *Charges for books, supplies, equipment and other necessary expenses.* The charges for books, supplies, equipment and other necessary expenses customarily incurred for or by any student who pursues the particular course of training shall be estimated and included in the statement required of the institution under the established procedure of the Veterans Administration. Payments will be made at the end of each term, semester, or quarter on submission of a vouch-

er by the institution to the manager of the regional office certifying to the actual cost of such books, supplies, equipment and other expenses for each veteran and also certifying that the material has been delivered to the trainee and that the institution has evidence of such delivery and of such expenditures on hand and available for the inspection of the Veterans Administration.

(c) All provisions for payment stated in this section are subject to the provision of the law that such payments may not be paid in excess of \$500 for an ordinary school year in respect to any person.

§ 36.208 *Definition of "ordinary school year."* The "ordinary school year" is defined as a period of two semesters or three quarters—not less than thirty nor more than thirty-eight weeks in total length. Under this definition an institution may be paid as much as \$500 for each "ordinary school year" which is completed, regardless of the time required for such completion. Thus \$500 might be paid for each of four "ordinary school years" which are completed within three twelve months periods. (September 11, 1944.)

Chapter IV—Office of the Coordinator of Fisheries

[Order 1838, General Directions P-10 to P-14]

PART 401—PRODUCTION OF FISHERY COMMODITIES OR PRODUCTS

COORDINATED PILCHARD PRODUCTION PLAN

Pursuant to paragraph (n) of § 401.2 (Order No. 1838 of the Secretary of the Interior, as amended) (9 F.R. 7171, 9749), the Pilchard Order, because it is deemed necessary to accomplish the purposes of that order, the following general directions, numbered P-10 to P-14 inclusive, are hereby issued.

[General Direction P-10]

GENERAL PROVISIONS

(a) *Definitions.* In construing all general directions, specific directions, instructions, delegations of authority, and other administrative instruments and statements based upon the Pilchard Order, the definitions in paragraph (c) of the order are applicable except where the context clearly indicates otherwise. Any general direction which may be issued adding or regrouping ports pursuant to paragraph (c) (4) of the Pilchard Order shall thereafter control the interpretation of all such directions, instruments, and statements, except where the contrary is clearly indicated by the context.

(b) *Effective date.* Except where a contrary provision is expressed, all general directions shall become effective on the date of issue. The general directions numbered P-10 to P-14 inclusive now being issued, however, shall become effective at noon on Sunday, September 17, 1944.

(c) *Suspension of directions between seasons.* Except where expressly provided otherwise, all general directions shall be suspended, for the several ports in California, during the period between pilchard (sardine) seasons as defined for those ports respectively in section 1055 of the California Fish and Game Code. However, any person may be held responsible after such suspension, for acts occurring during the pilchard (sardine) season. Suspension of all general directions does not affect the necessity for securing fishing permits, as required by paragraph (e) of the Pilchard Order for all operations in any gainful pursuit during the whole year.

(d) *Revocation of former general directions.* The only general directions heretofore issued, those numbered 1 to 8 inclusive, are superseded by these general directions now being issued, and are hereby revoked.

[General Direction P-11]

DISPATCHING SYSTEMS, SAN FRANCISCO AND MONTEREY

(a) *Systems established.* Pursuant to paragraph (i) (1) of the Pilchard Order, and because in the opinion of the representative of the Fishery Coordinator, it is necessary to do so for the reasons set out in that paragraph, systems are hereby set up in San Francisco and Monterey for distributing pilchard landings by direction of each load brought in to those ports in any pilchard vessel of 20 net tons or over. No load of pilchard (sardines) shall be delivered by any such vessel to any processing plant in either of those ports, nor received from any such vessel by any person for such plant, except in accordance with a dispatching direction or other consent of the Port Supervisor or his Assistant. At San Francisco, the Port Supervisor or his Assistant will be stationed adjacent to the St. Francis Yacht Club Harbor; at

Monterey the Port Supervisor or his Assistant, will be stationed at the United States Naval Section Base, Monterey Breakwater.

(b) *Directions to vessels.* The master of each such pilchard vessel entering San Francisco Bay to deliver pilchard (sardines) shall report at once to the Port Supervisor or his Assistant at the waterfront, giving as near as may be his estimate of the weight of his load; he shall then receive directions as to the delivery of the load. The same procedure shall be followed on entering Monterey Bay, except that the report to the Port Supervisor at the waterfront shall include also a statement of his opinion as to the condition and size of the fish, and except for Moss Landing deliveries which are provided for in the following paragraph.

(c) *Moss Landing deliveries.* Any permittee operating such pilchard vessel fishing from Monterey and receiving directions from the Port Supervisor or Assistant Port Supervisor at Monterey to deliver all pilchard brought in during a specified period at Moss Landing, shall deliver his fish in accordance with such direction, except as provided in the last sentence of this paragraph. Any vessel making delivery of pilchard (sardines) at Moss Landing shall report to and receive delivery direction from the Assistant Port Supervisor on the waterfront at Moss Landing, such report to include the weight of his load and the condition and size of the fish as set out in the preceding paragraph for other vessels entering Monterey Bay. Any permittee operating such pilchard vessel and arriving at Moss Landing to make delivery there, whether pursuant to directions received before going out fishing from the Port Supervisor or Assistant Port Supervisor at Monterey or pursuant to an emergency modification of his permit, and who finds on arrival at Moss Landing that the conditions of sea, tide or weather make such delivery unduly hazardous, may report to the Port Supervisor or his Assistant at Monterey and receive substitute directions for delivery of his load.

(d) *Prompt delivery.* When directions have been given pursuant to the foregoing paragraphs (a), (b), or (c), the master shall deliver his load at once in accordance with the direction. If an emergency exists preventing prompt delivery, the master shall apply to the Port Supervisor or his Assistant for modification of the direction given.

(e) *Operations of smaller vessels.* Vessels of less than 20 net tons are not subject to control by the dispatching systems set up above; but the Port Supervisor and his Assistant will help the operator of such a vessel to find a market for any fish he brings in if they are large fish and in good condition. In the port of San Francisco, no person shall take any delivery of pilchard (sardines) from any such smaller vessel for processing, until after the Port Supervisor or his Assistant shall first have been informed, as by telephone from the processing plant, and shall have consented to such delivery. Any deliveries received

from such vessels in either port shall be reported to the Port Supervisor just as are those received from larger vessels.

[General Direction P-12]

DISPATCHING SYSTEM, SAN PEDRO

(a) *System established.* Pursuant to paragraph (i) (1) of the Pilchard Order, and because in the opinion of the representative of the Fishery Coordinator, it is necessary to do so for the reasons set out in that paragraph, a system is hereby set up in San Pedro for distributing pilchard landings by direction of each load brought in to that port. No load of pilchard (sardines) shall be delivered by any vessel to any processing plant in that port, nor received by any person for such plant, except in accordance with a dispatching direction or other consent of the Port Supervisor or his Assistant.

(b) *Advance dispatch.* The Port Supervisor in San Pedro will receive joint applications, signed by the boat-owner and the processor concerned, to have a particular boat dispatched to a specified plant for a period of time in advance, and will act appropriately on all such applications; but any advance dispatch shall be subject to be modified by a direction, oral or otherwise, given pursuant to the preceding paragraph (a) whenever reasonably necessary in the opinion of the Port Supervisor or his Assistant to attain the objectives of the Pilchard Order.

(c) *Cancellation and replacement of advance dispatch.* Any advance dispatch issued pursuant to the preceding paragraph (b), is also subject to cancellation or modification by the issuance of another advance dispatch whenever reasonably necessary in the opinion of the Port Supervisor or his Assistant to attain the objectives of the Pilchard Order.

(d) *Prompt delivery.* All pilchard (sardines) shall be delivered in accordance with whatever direction dispatching the fish shall be applicable, as soon as is reasonably possible after arrival in port. If an emergency exists preventing prompt delivery, the master shall apply to the Port Supervisor or his Assistant for modification of the direction given.

[General Direction No. P-13]

SMALL FISH LIMITS, MONTEREY

(a) *Limit fixed; margin of error.* The maximum load of small pilchard (sardines) which may be brought into a port where this direction applies, in any one vessel, is fixed at 30 tons, and no person shall bring into the port a load of small pilchard (sardines) aggregating more than 30 tons in weight: *Provided, however,* That where there has been a bona fide mistake in estimating the weight of the load a five ton margin of error shall be allowed, so that if any person bringing in a load of small pilchard (sardines) has aimed to limit his load to 30 tons but unknowingly, by mistake, brings in not over 35 tons, he shall not be deemed to have violated this direction.

(b) *Receipt of over-size load.* No person shall take delivery of any part of a load of small pilchard (sardines) in excess of 35 tons except pursuant to a direction expressly applicable to such excess tonnage given by the Port Supervisor or his Assistant with full knowledge of the facts; and where a load of pilchard (sardines) which it appears may violate this direction is being delivered, in order to enable the person receiving delivery to secure such a direction and clear himself of the danger of liability for violating it, the person making delivery shall stop unloading for a reasonable time on a signal from the person receiving delivery, when 30 or more tons have been delivered.

(c) *Limit on number of loads.* No person shall bring in more than one load of small pilchard (sardines) in any one vessel during one twelve hour period.

(d) *Definition.* The phrase "load of small pilchard" as used herein shall be taken to have the same meaning heretofore customarily given by the pilchard fishery and processing industry generally in the port concerned to that phrase, or to the phrase "load of small fish" or "load of small sardines", with the further limitations expressly set out above.

(e) *Application.* This direction shall apply only to the port of Monterey, including Moss Landing.

[General Direction P-14]

LIMITATION OF DELIVERIES

(a) *Setting limitations.* Whenever pilchard (sardines) are being brought in to any port in such quantities that in the opinion of the Area Coordinator for Area II, they are being unloaded only after unreasonable delay and resulting substantial loss of fishing time by some of the vessels or are being processed only after unreasonable delay and resulting substantial loss of food value from the product so that in his opinion it is reasonably necessary to accomplish the purposes of the Pilchard Order, the Port Supervisor, pursuant to instructions to be given by the Area Coordinator, shall limit the amount of pilchard (sardines) which each vessel may thereafter bring into such port daily. The limits shall be set by the Port Supervisor for each day at an amount which, in his opinion, will provide the maximum tonnage which will be unloaded and processed properly and without unreasonable delay on that day by the processing equipment and labor then available in that port. The limits shall be changed from day to day as deemed necessary by the Port Supervisor but except as otherwise provided herein shall be the same for all vessels on the same day.

(b) *Notice of limits.* Notice of the fixing of limits, and of the maximum tonnage limits set for each day, shall be given by posting a statement thereof at least two and one half hours before sunset on the preceding day at the office of the Port Supervisor. If a notice is so posted, ignorance thereof by any person shall not excuse any violation of this

direction. If any person interested does not secure information elsewhere as to the limit so fixed for a certain day, he shall secure it by telephone or other communication with the office of the Port Supervisor, before departing on the preceding day for fishing. But if any vessel remains out of port for two or more successive nights, and for that reason fails to learn of the limit for the day on which it delivers fish, its delivery of fish up to the limit set on the day it left port shall not be considered a violation of this direction.

(c) *Exceptions for specific vessels.* Whenever it shall have been determined by the Area Coordinator for Area II that the catch of any vessel or group of vessels has been materially lowered by reason of their previously operating under permits amended pursuant to paragraph (f) (3) of the Pilchard Order, the Port Supervisor may set a higher limit for such vessels than for the remainder of the fleet. Whenever a permit has been issued subject to the condition expressed in the permit or in a letter to the permittee accompanying the permit when issued, such condition specifying that it might be necessary to limit the catches of the vessel because the permit is being granted at the request of the permittee for a port which is already well supplied with vessels for the season, the Port Supervisor may set a lower limit for such a vessel than for the remainder of the fleet; moreover the procedure described herein may be used to set limits applicable to such a vessel, when deemed necessary as set out in paragraph (a) above, even though it is not deemed necessary to fix limits for other vessels in the port.

(d) *Violations.* No person shall knowingly bring into such port a load of pilchard (sardines) in excess of the applicable limits so fixed: *Provided, however,* That where there has been a bona fide mistake in estimating the weight of the load, a five-ton margin of error shall be allowed so that if any person bringing in a load of pilchard (sardines) has aimed to keep his load within the applicable limit so fixed, but by mistake brings in not more than five tons in excess of that limit, he shall not be deemed to have violated this direction. In addition the Port Supervisor may, in his discretion, delay dispatching any vessel bringing in such a load, for delivery of its load, or may cancel any dispatching direction already given for such load, or as to any part thereof, until all other pilchard deliveries in the port for that day are completed. He may also, in his discretion, set limits for the vessel for following days below those for other vessels in the port; the lowered limits may be such as to reduce actual deliveries by such vessel to an aggregate amount equal to or less than the aggregate tonnage it would have delivered if it had complied with this direction. No person shall take delivery of any part of a load of pilchard (sardines) in excess of five tons over the applicable limit for the load in question except pursuant to a direction expressly applicable to such excess tonnage given to the Port Supervisor or his Assistant with full knowledge of the facts.

(a) *Representative of Area Coordinator, termination of limits.* Any of the Area Coordinator's functions under this direction, in his absence or inability to act, may be performed by his representative. Limitation of pilchard catches as set out herein is a temporary expedient and shall be terminated by the Port Supervisor as soon as possible when by reason of amending permits or other change of circumstances it is in his opinion no longer necessary.

Issued September 9, 1944, to become effective September 17, 1944.

O. E. SETTE,
Area Coordinator, Area II.

NATIONAL WAR LABOR BOARD.

INDUSTRY COMMISSIONS AND PANELS

AMENDMENTS AFFECTING TRUCKING COMMISSION, DETROIT BOARD AUTOMOTIVE SECTION, AND NATIONAL AIRFRAME PANEL

The National War Labor Board has issued the following amendments and supplements to certain directives and related orders with regard to industry commissions and panels which appeared in the FEDERAL REGISTER, March 23, 1944.

[Directive Order, June 8, 1944]

Order Amending Order Establishing
Trucking Commission

By virtue of and pursuant to the powers vested in it by Executive Order No. 9017 of January 12, 1942, the Executive orders and regulations issued under the act of October 2, 1942, and the War Labor Disputes Act of June 25, 1943, the National War Labor Board hereby amends paragraph 2 of its directive order of July 30, 1943,¹ defining the jurisdiction of the Commission, to read as follows:

2. The Commission shall have jurisdiction over labor disputes and voluntary wage or salary adjustments involving persons employed in the following types of trucking operations: over-the-road (common, contract or private carrier) local pick-up and delivery; transfer and storage. The Commission shall have jurisdiction over labor disputes and voluntary wage or salary adjustments involving trucking employees as defined in paragraph 3 of this order which arise in the District of Columbia. The Commission shall have power (1) to hear and determine and to issue directive orders in labor dispute cases and (2) to make final rulings on voluntary wage or salary adjustments submitted for the approval of the National War Labor Board in accordance with the National Wage Stabilization policy.

¹ 9 F.R. 3171.

[Resolution, August 15, 1944]

Resolution Restating Jurisdiction of the Automotive Section of the Detroit Board (Region XI)²

Resolved, That the jurisdiction of the Automotive Section of the Eleventh Regional War Labor Board shall extend to all voluntary wage and disputes cases involving any of the plants of the corporations listed below in whatever region they may be located and regardless of the union involved, except such cases as the Board may determine to process itself or by vote of the Board may refer to some other of its subordinate agencies:

General Motors Corporation,
Ford Motor Company.
Chrysler Corporation.
Briggs Manufacturing Company.
Packard Motor Car Company.
Hudson Motor Car Company.
Murray Corporation.
United Motor Service, Inc.
Chrysler Motor Parts Corp.
General Motors Truck and Coach Division
(formerly Yellow Coach & Truck Mfg. Co.).

Be it further Resolved, That the Automotive Section is instructed to make arrangements to hear cases which are essentially of local interest only at or near the places in which these cases arise, thus avoiding the necessity of having the parties come to Detroit for hearings. To this end, it may utilize not only its own hearing officers but may request the appropriate Regional Board to designate a hearing officer from its staff or to appoint a panel to conduct the hearing and make a report on the facts to the Automotive Section.

Be it further Resolved, That the Automotive Section is instructed to continue its present practice of consulting with the appropriate Regional Board in cases assigned to it which involve changes in wage rates which may be disturbing to the existing area rates and will give due weight to the regional bracket determinations in deciding such cases.

[Resolution, July 21, 1944]

Resolution Revising Paragraph II (a), III (a), IV and VII of the Rules of Organization and Procedure of the National Airframe Panel³

II. Jurisdiction—(a) In general. Except as otherwise specified herein, the jurisdiction of the Panel shall include (1) all dispute and voluntary cases involving airframe companies whose names appear on the list to be approved by the Board from time to time (hereafter called the "Listed companies"), or (2) such other cases as may be referred to the Panel by the Board. The Panel, unless the Board otherwise directs, shall have jurisdiction of all issues in such cases. The names of the listed companies shall be made available to the New Case Committee of the Board, to the Regional War Labor Boards and other agents of the Board, and to all interested parties.

III. Referral of Cases to Panel—(a) By new Case Committee of the Board. Any dispute case involving "listed com-

panies" shall be referred to the Panel by the New Case Committee of the Board.

IV. Retention of cases by the Panel. Upon receipt of any case, dispute or voluntary, the Panel shall determine whether the case falls within its jurisdiction as defined in paragraph II (a) above. If the Panel determines that the case does not fall within its jurisdiction, or that the case is one which would be handled by a Board agent, the Panel shall return the case, according to its source to the New Case Committee of the Board or to the Regional Board or other agent of the Board for appropriate action. If in any case the decision of the Panel with respect to its jurisdiction is not unanimous, the case shall, upon the request of a dissenting member, be referred to the Board for determination of the jurisdictional question. Such question shall be presented to the Board by the Chairman of the Panel.

VII. Monthly reports. The Chairman of the Panel shall present in writing to the Board monthly reports which shall contain, with respect to each case retained by it during the period covered by the report, information as to the wage or salary issues involved therein, including the size and nature of the wage or salary adjustments requested, the number of workers affected by such proposed adjustments, price relief and production cost data, and any other information pertaining to specific cases which the Panel deems it necessary to supply.

THEODORE W. KHEEL,
Executive Director.

COMMUNITY GAS AND POWER CO., ET AL.
NOTICE OF FILING AND NOTICE OF AND ORDER
FOR HEARING

At a regular session of the Securities and Exchange Commission, held at its office in the City of Philadelphia, Pennsylvania, on the 13th day of September A. D. 1944.

In the matter of Community Gas and Power Company, American Gas and Power Company, File No. 54-68; Community Gas and Power Company, American Gas and Power Company and the subsidiary companies thereof, File No. 59-55, respondents; Southern Natural Gas Company, File No. 70-962.

Notice is hereby given that Community Gas and Power Company ("Community"), a registered holding company, and American Gas and Power Company ("American"), a registered holding company and a subsidiary company of Community, have filed with this Commission Amendment No. 8 to their amended plan heretofore filed pursuant to section 11 (e) of the Public Utility Holding Company Act of 1935 for the purpose of effecting compliance with section 11 (b) of the act.

Notice is further given that a declaration or application (or both) has been filed with this Commission pursuant to sections 9 (a) (1) and 10 of the act by Southern Natural Gas Company ("Southern"), a registered holding company and a subsidiary company of Federal Water and Gas Corporation, also a registered holding company.

All interested persons are referred to said Amendment No. 8 and to said declaration or application (or both), which are on file in the office of the Commission, for statements of the transactions therein proposed, which are summarized as follows:

Amendment No. 8. 1. By order of the Commission dated July 2, 1943, American was directed, among other things, pursuant to section 11 (b) (1) of the act, to dispose of its interest in Birmingham Gas Company ("Birmingham"). The amended plan of Community and American pending before the Commission under section 11 (e) of the Act provides for the sale by American of its interest in Birmingham.

2. In Amendment No. 8 Community and American propose that American shall sell to Southern all its interest in Birmingham, consisting of 142,955 shares (62.82%) of the outstanding \$2 par value common stock of Birmingham, for the sum of \$1,358,072.50, equivalent to \$9.50 per share. Under the contract American would also receive its pro rata portion of one-half of Birmingham's net earnings accruing to said shares of common stock from January 1, 1944, to the date of closing. The remaining shares of common stock of Birmingham (84,593.1 shares) are held by the public.

3. Of the Birmingham stock to be sold by American, 139,993 shares are pledged with The New York Trust Company as Successor Trustee under the Debenture Agreement of American, dated as of May 1, 1928, as supplemented and amended.

American proposes to deposit the proceeds of sale of said 139,993 shares (\$1,329,933.50) with the Trustee, pending disposition of all the pledged assets under the amended plan.

4. Community and American estimate that the expenses incident to the proposed sale of the Birmingham stock (all to be borne by American) will amount to approximately \$17,500, consisting of traveling expense, telegrams, telephone calls, postage, Trustee's charges, counsel fees and other miscellaneous expense. No commissions are to be paid by American.

5. American requests that the Commission approve Amendment No. 8 as a separate step in carrying out the amended plan pending under section 11 (e) of the act.

6. American requests that, in order that it may have the exemption afforded by section 1806 (f) of the Internal Revenue Code, the Commission approve the transactions proposed in Amendment No. 8 as necessary or appropriate to effectuate the provisions of section 11 (b) of the act, and specify and itemize the transfers of securities called for by said Amendment.

Declaration or application of Southern. 7. Southern proposes to acquire from American, pursuant to the contract referred to above, said 142,955 shares of the common stock of Birmingham for the sum of \$1,358,072.50. Southern proposes to expend such funds out of treasury cash, and proposes no issuance of securities at the present time in connection therewith.

8. Southern estimates that the total of its expenses in connection with the proposed acquisition, including auditors' fees, legal fees, traveling and miscellaneous expenses, will be approximately \$5,000, and states that it does not consider that it is obligated for the payment of any commission. Southern states, however, that G. L. Ohrstrom has asserted that he is entitled to the payment of a commission in connection with the proposed acquisition.

It appearing to the Commission that it is appropriate in the public interest and in the interests of investors and consumers that a hearing be held with respect to said Amendment No. 8 to the amended plan of Community and American and with respect to said declaration or application (or both) filed by Southern, and that the transactions proposed by said Amendment No. 8 should not be approved nor said declaration be permitted to become effective nor said application granted except pursuant to further order of the Commission; and

It further appearing to the Commission that some of the evidence in the pending proceeding on the amended plan of Community and American filed under section 11 (e) (File No. 54-68) and in the proceeding instituted by the Commission under section 11 (b) (1), 11 (b) (2), 12 (c), 12 (f), 13, 15 and 20 (a) of the act (File No. 59-55), which proceedings have heretofore been consolidated by Order dated August 12, 1943, is relevant to the issues presented by said Amendment No. 8 and by said declaration or

application (or both), and that all such proceedings involve common questions of law and fact and should be consolidated;

On such day the hearing room clerk in room 318 will advise as to the room where such hearing will be held. At such hearing cause shall be shown why such transactions proposed in said Amendment No. 8 should be approved, such application granted and such declaration permitted to become effective.

It is further ordered, That Willis E. Monty, or any officer or officers of the Commission designated by it for that purpose, shall preside at the hearings on such matters. The officer so designated to preside at any such hearing is hereby authorized to exercise all powers granted to the Commission under section 18 of the act and to a trial examiner under the Commission's rules of practice.

It is further ordered, That without limiting the scope of the issues presented in the consolidated proceedings, particular attention will be directed at the hearings to the following matters and questions:

1. Whether the proposed sale by American meets the requirements of section 12 (d) of the act and the applicable rules thereunder.

2. Whether the proposed acquisition by Southern meets the requirements of section 10 of the act, and particularly section 10 (c) thereof.

3. Whether, pursuant to sections 10 (b) (2) and 12 (d) of the act, the proposed price is reasonable and bears a fair relation to the sums invested in and the earning capacity of the utility assets underlying the common stock of Birmingham.

4. Whether, pursuant to sections 10 (b) (2) and 12 (d) of the act, the fees, commissions and other remuneration to be given directly or indirectly in connection with the proposed transactions are reasonable in amount.

5. Whether it is necessary or appropriate in the public interest or for the protection of investors, pursuant to section 10 (b) of the act, for the Commission to condition its approval of the proposed acquisition by Southern upon a fair offer by Southern to purchase shares of the common stock of Birmingham held by others than American.

6. Whether it is necessary or appropriate in the public interest or for the protection of investors or consumers to impose terms and conditions with reference to the proposed transactions, and if so, what the terms and conditions should be.

7. Generally, whether the proposed transactions are detrimental to the public interest or to the interests of investors and consumers, or would tend to circumvent any provisions of the act or of the rules, regulations or orders promulgated thereunder.

It is further ordered, That notice of said hearing is hereby given to Community, American and their subsidiary companies, to Southern and its subsidiary companies, and to all interested persons; said notice to be given to Community, American, Southern and The Alabama Public Service Commission by registered mail, and to all other persons by publication of this notice and order in the FEDERAL REGISTER and by a general release of the Commission distributed to the press and mailed to the mailing list for releases issued under the Public Utility Holding Company Act of 1935.

It is further ordered, That jurisdiction be and hereby is reserved to separate, either for hearing, in whole or in part, or for disposition, in whole or in part, any of the issues, questions or matters herein set forth or which may arise in these proceedings, to consolidate with these proceedings other filings or matters pertaining to the amended plan of Community and American or to the declaration or application of Southern, and to take such other action as may appear conducive to an orderly, prompt, and economical disposition of the matters involved.

It is requested that any person desiring to be heard in these proceedings shall file with the Secretary of the Commission on or before September 25, 1944, an appropriate request or application to be heard, as provided by Rule XVII of the Commission's rules of practice.

By the Commission.
