pound of butter; (iii) the quantity of cream sold by eligible producers for consumption as cream, shall be converted to pounds of butterfat on the basis of four-tenths (0.4) pounds of butterfat per quart of cream, except that if the producer is able to supply evidence satisfactory to the County Agricultural Conservation Committee (or such other agent as may be designated) that the cream contains more than four-tenths (0.4) pounds of butterfat per quart, the actual quantity of butterfat sold shall be computed as follows: Multiply the number of quarts of cream sold by 2.1 pounds and multiply the result by the butterfat test of the cream sold; (iv) the quantity of butterfat shall be rounded to the nearest pounds; (v) the quantity of milk sold by liquid measure shall be converted to pounds of whole milk on the basis of 2.15 pounds per quart; (vi) the quantity of butterfat in milk shall be determined as 4 pounds per hundred-weight of milk unless shown to be otherwise by appropriate butterfat tests. To the extent that eligible producers deliver whole milk and do not recover skim milk, payments hereunder shall be made on the basis of the applicable whole milk

rates regardless of the basis on which they are paid for their product. To the extent that eligible producers deliver cream or butter, or deliver milk as whole milk and recover skim milk, payments hereunder shall be made at the applicable butterfat rate.

2. The following sentences are added to § 243.5: "If the eligible producer distributes or processes milk or dairy products, payments may be based on records kept by the producer of the quantities of milk transferred from his own herd to his plant for processing or distribution, number of cows milked, quantity of milk produced, quantities of dairy products taken from said plant and sold or not sold, and dairy products purchased. Any producer receiving payment hereunder on the basis of transfers of milk from his herd to his plant for processing or distribution shall retain for a period of two years following such payment records as specified above, and shall make such records available to the county Agricultural Conservation Committee (or such other agent as may be designated) on request."

NOTE: All record keeping requirements of this offer have been approved by, and all subsequent record keeping requirements hereunder will be subject to the approval of, the Bureau of the Budget in accordance with the Federal Reports Act of 1942.

This amendment shall be effective January 1, 1946.

PREFERENCE RATING AUTHORITY OF THE ARMY AND NAVY MUNITIONS BOARD AND WAR SHIPPING ADMINISTRATION

§ 903.154 *Directive 41*—(a) *Purpose and effect.* The purpose of this directive is to delegate to and define the authority of the Army and Navy Munitions Board and War Shipping Administration with respect to the assignment of preference ratings. (b) *Priorities instructions of the Army and Navy Munitions Board.* The Army and Navy Munitions Board, after approval by the Civilian Production Administration, may issue instructions governing the assignment of preference ratings within limits prescribed by CPA Priorities Policy Decisions covering contracts, purchase orders and other similar

procurement documents for the delivery of materials (including products, commodities, equipment, accessories, parts or assemblies) to or for the account of:

(1) The Army (including the Panama Canal) and the Navy (including the Marine Corps and the Coast Guard).

(2) U. S. Army and Marine Corps Post Exchanges, U. S. Navy and Coast Guard Ships Service Departments, War Shipping Administration Training Organization Ships Service Activities, all for overseas or shipboard use only (except for specified quantities of items as specifically approved for domestic use in CPA Priorities Policy Decisions).

(3) The following agencies of the Federal Government: Coast and Geodetic Survey, National Advisory Committee on Aeronautics, Civil Aeronautics Administration (only for activities performed at the request or under the sponsorship of the Army or Navy), Selective Service System, Office of Scientific Research and Development, Weather Bureau, U. S. Soldiers Home (Washington, D. C.), War Shipping Administration, Maritime Commission (only for ship construction directed by the Joint Chiefs of Staff).

(4) American Red Cross and United Service Organizations, Inc., activities directly connected with military personnel overseas.

(5) [Deleted Sept. 12, 1945.]

(6) [Deleted Sept. 12, 1945.]

(7) [Deleted Sept. 12, 1945.]

(c) *Deliveries which may be rated by ANMB.* The Army and Navy Munitions Board may assign preference ratings to: (1) Deliveries in fulfillment of contracts and purchase orders of the kinds described in paragraph (b), including deliveries of material to be incorporated in construction, but only if the construction is command construction, Panama Canal construction or Maritime ship construction. (See paragraphs (2), (4) and (5) below.)

(2) Command construction; that is, the following types of projects ordered built by either the Chief of Staff, U. S. Army, or the Chief of Naval Operations, U. S. Navy: air fields; military housing; facilities for the repair of finished items of munitions; ports and depots; overseas or theatre of operations construction; seacoast fortifications; military hospitals; maneuvering, training and staging areas and proving grounds; and Manhattan District project.

(3) [Deleted Sept. 12, 1945.]

(4) Panama Canal construction; that is, projects (other than command construction) which are owned by the Panama Canal.

(5) Maritime ship construction; that is, construction of ships directed by the Joint Chiefs of Staff.

(6) [Deleted Dec. 18, 1945.]

(7) [Deleted Sept. 12, 1945.]

(8) [Deleted Sept. 12, 1945.]

(d) *Deliveries which may be rated by the War Shipping Administration.* The War Shipping Administration may assign preference ratings to deliveries of materials and equipment to private ship

repair yards for immediate incorporation into ships under the control of the War Shipping Administration which are being repaired or converted by such yards; also deliveries to such yards for inventory purposes of the kinds of materials normally stocked (such as steel plates and structural steel shapes) in the minimum quantities necessary to prevent possible delay in the completion on time of the repair or conversion of ships under the control of the War Shipping Administration; *Provided*, That it is determined that such materials or equipment cannot, without preference rating assistance, be obtained in the minimum quantity and on the latest date practicable.

NOTE: Paragraphs (e) to (l), inclusive, formerly paragraphs (d) to (k), inclusive, redesignated Dec. 18, 1945.

(e) *Restrictions on rating authority.* (1) Any preference rating certificate which assigns a rating to the delivery of tires or tubes shall before issuance be reviewed and approved by the Civilian Production Administration.

(2) All construction, other than that covered by the provisions of paragraphs (c) (2), (c) (4) and (c) (5), will be rated only by the Civilian Production Administration, even though the facilities when completed will be owned, leased or operated by the Army, Navy or Maritime Commission.

(f) *Redelegation of authority to assign ratings.* The authority delegated to the Army and Navy Munitions Board in paragraph (c) may be redelegated by the Board only to authorized officials of the agencies enumerated in paragraphs (b) (1), (b) (2) and (b) (3). The authority delegated to the War Shipping Administration in paragraph (d) may be redelegated by it only to authorized officials thereof.

(g) *Method of assigning ratings.* (1) [Deleted Sept. 12, 1945.]

(2) Preference ratings assigned under this directive shall be assigned on Form WPB-542, on or as prescribed in subparagraph (3) below.

(3) When any Government agency having the authority assigns a preference rating to deliveries to be made to or for its account, it may do so by placing the rating on the purchase order or contract and endorsing the order or contract with a certification substantially as follows: "By authority of the Civilian Production Administration the preference ratings indicated are assigned to the deliveries on this purchase order or contract." This certification may be placed on a purchase order or contract by means of a rubber stamp or printed on the order or contract form. The certification need not be signed separately if the purchase order or contract is signed by an official who is authorized to assign the ratings on behalf of the agency which is placing the order or contract. This method of assigning the

rating may not be used when the assignment of the rating is subject to review and approval by the Civilian Production Administration before issuance.

(4) Re-ratings may be issued or effected within CPA Priorities Policy Decisions in the manner prescribed by Priorities Regulation 12.

(5) Every rating assigned under this directive on a form or certification shall be assigned in the manner prescribed therein without attaching any further conditions or qualifications, except that in approving any Form WPB-542 for tires or tubes the Civilian Production Administration may limit the use of the rating to a specific make of tire or tube, or may provide that delivery may only be obtained from a specified supplier.

(h) *Application and extension of ratings.* Ratings assigned under this directive may be applied and extended only in accordance with applicable regulations of the Civilian Production Administration.

(i) [Deleted Sept. 12, 1945.]

(j) *Authority to change destination of shipments or to allot materials.* Specific authority to issue on Form GA-209 instructions to contractors and subcontractors for change in destination of shipments of items being produced for Army or Navy programs, or authority to allot specific materials for specified purposes, may be delegated from time to time to officers of the Army and Navy respectively, by the Civilian Production Administrator or Director of the Bureau of Reconversion Priorities of the Civilian Production Administration.

2. Section 2 (b) (5) (i) is amended to read as follows:

(i) *Maximum rent date later than March 1, 1942 but prior to July 1, 1943.* In Defense-Rental Areas with a maximum rent date later than March 1, 1942 but prior to July 1, 1943, in Section 2 (b) (2) the words "June 1943" shall be substituted for the words "June 1942" and the words "June 30, 1943" shall be substituted for the words "June 30, 1942"; in Section 2 (b) (3) the words "June 1943" shall be substituted for the words "June 1942".

(6) *Weekly and monthly terms of occupancy 50% or less.* A landlord who is required to rent for weekly or monthly terms of occupancy 50% or less of the rooms in the establishment, under subparagraph (2) of this paragraph, may petition the Administrator to be relieved of such requirement. Upon issuance of an order granting such petition, the provisions of subparagraphs (2) and (3) of this paragraph no longer shall apply to the rooms in the establishment; but, unless otherwise provided in the order, the maximum rent for a weekly term of occupancy shall apply where, after the date of issuance of the order, a tenant remains in occupancy for a continuous period of more than ten days, and the maximum rent for a monthly term of occupancy shall apply where, after the date of issuance of the order, a tenant remains in occupancy for a continuous period of more than thirty days, regardless of whether the tenant occupies the same room in the establishment during the specified period. The maximum rent on a weekly or monthly basis, as the case may be, shall apply from the date of issuance of the order or the date on which occupancy commenced, whichever is the later.

5. Section 2 (c) is amended to read as follows:

(c) *Security deposits*—(1) *General prohibition.* Regardless of any contract, agreement, lease or other obligation heretofore or hereafter entered into, no person on or after September 1, 1944, shall demand or receive a security deposit for or in connection with the use or occupancy of any room in a hotel or rooming house within the Defense-Rental Area or retain any security deposit received prior to or on or after September 1, 1944, except as provided in this paragraph (c). The term "security deposit", in addition to its customary meaning, includes any prepayment of rent except payment in advance of the next periodic installment of rent for a period no longer than one month but shall not include rent voluntarily prepaid subsequent to possession by a tenant under a written lease for his own convenience.

6. The third unnumbered paragraph of section 5 is amended to read as follows:

In all other cases, except those under paragraphs (a) (7), (a) (9), (c) (4), and (c) (5) of this section, the adjustment shall be on the basis of the rent which the Administrator finds was generally prevailing in the defense-rental area for comparable housing accommodations on the maximum rent date: *Provided*, That in cases under paragraph (a) (6) of this section the adjustment may be on the basis of the rental agreement in force during the thirty-day period determining the maximum rent.

7. The fourth unnumbered paragraph of section 5 is amended to read as follows:

In cases involving construction, appropriate allowance shall be made for general increases in costs of construction in the defense-rental area since 1939.

8. Section 5 (a) (5) is amended to read as follows:

(5) *Lease for term commencing one year or more before maximum rent date.* There was in force on the maximum rent date a written lease, for a term commencing on or prior to the date one year before the maximum rent date, requiring a rent lower than the rent generally prevailing in the Defense-Rental Area for comparable housing accommodations on the maximum rent date.

9. Section 5 (a) (6) is amended to read as follows:

(6) *Varying rents.* The rent during the thirty-day period determining the maximum rent was established by a lease or other rental agreement which provided for a higher rent at other periods during the term of such lease or agreement.

10. Section 5 (d) is amended to read as follows:

(d) *Orders when facts are in dispute, in doubt or not known.* If the rent on the date determining the maximum rent, or any other fact necessary to the determination of the maximum rent, or the services, furniture, furnishings, or equipment provided with the accommodations on the date determining the maximum rent, is in dispute between the landlord and the tenant, or is in doubt, or is not known, the Administrator on petition of the landlord filed within thirty days after the effective date of regulation, or at any time on his own initiative, may enter an order fixing the maximum rent by determining such fact, or determining the services, furniture, furnishings and equipment provided with the accommodations on the date determining the maximum rent or both. If the Administrator is unable to ascertain such fact, or facts, he shall enter the order on the basis of the rent which he finds was generally prevailing in the defense-rental area for comparable housing accommodations on the maximum rent date and, where appropriate, may determine the services, furniture, furnishings and equipment included in such rent.

11. Section 6 (a) (1) is amended to read as follows:

(1) *Tenant's refusal to renew lease.* The tenant, who had a written lease or other written rental agreement, has refused upon demand of the landlord to execute a written extension or renewal thereof for a further term of like duration but not in excess of one year, or if the lease was for a term of more than three months and was non-seasonal in character, for a term of not more than one year, for a rent not in excess of the maximum rent, but otherwise on the same terms and conditions as the previous lease or agreement, except insofar as

such terms and conditions are inconsistent with this regulation; or

12. Section 6 (a) (4) is eliminated.

13. Section 6 (b) is amended to read as follows:

(b) *Administrator's certificate.* No tenant shall be removed or evicted on grounds other than those stated above unless, on petition of the landlord, the Administrator certifies that the landlord may pursue his remedies in accordance with the requirements of the local law. The Administrator shall so certify if the landlord establishes that removals or evictions of the character proposed are not inconsistent with the purposes of the act or this regulation and would not be likely to result in the circumvention or evasion thereof. The certificate shall authorize the pursuit of local remedies at the expiration of six months after the date of filing of the petition unless the Area Rent Director has determined that a three months' period is adequate for the purposes of the act in the particular area, in which event the applicable period shall be three months. Within the discretion of the Area Rent Director the certificate may authorize the pursuit of local remedies for the removal or eviction of the tenant at a time less than six or three months, as the case may be, after the date of the filing of the petition if the petitioner establishes that unusual hardship would otherwise result, or that a lesser period in the particular case is consistent with the purposes of the regulation and the act.

14. Section 6 (d) (2) is amended to read as follows:

(2) *Daily or weekly tenants in hotel and daily tenants in rooming house.* A tenant occupying a room within a hotel on a daily or weekly basis; or a tenant occupying on a daily basis a room within a rooming house which has heretofore usually been rented on a daily basis: *Provided*, That the provisions of this section do apply to a tenant on a daily or weekly basis who has requested a weekly or monthly term of occupancy pursuant to section 2 (b) (3) or (8).

15. The second paragraph of section 7 (a) is amended to read as follows:

Where, since the filing of the registration statement but prior to May 5, 1945, there has been a change in the identity of the landlord, by transfer of title or otherwise, the present landlord, on or before May 31, 1945, shall file a notice of such change on a form provided for that purpose, to be known as a notice of change in identity. Where such a change occurs on or after May 5, 1945, or the effective date of regulation, whichever is the later, the new landlord shall file such a notice within thirty days after the change.

16. Section 9 (b) is amended to read as follows:

(b) *Purchase of property as condition of renting.* Specifically, but without limitation on the foregoing, no person shall require a tenant or prospective tenant to purchase or agree to purchase furniture or any other property as a con-

dition of renting rooms unless the prior written consent of the Administrator is obtained.

This amendment shall become effective December 21, 1945.

Issued this 19th day of December 1945.

CHESTER BOWLES,  
Administrator.

#### HOTELS AND ROOMING HOUSES, NEW YORK CITY AREA

The Rent Regulation for Hotels and Rooming Houses in the New York City Defense-Rental Area is amended in the following respects:

1. Section 2 (b) (4) is deleted.

2. The first paragraph of section 2 (b) (5) is amended to read as follows:

(5) *Weekly and monthly terms of occupancy 50% or less.* A landlord who is required to rent for weekly or monthly terms of occupancy 50% or less of the rooms in the establishment, under subparagraph (2) of this paragraph, may petition the Administrator to be relieved of such requirement. Upon issuance of an order granting such petition, the provisions of subparagraphs (2) and (3) of this paragraph no longer shall apply to the rooms in the establishment; but, unless otherwise provided in the order, the maximum rent for a weekly term of occupancy shall apply where, after the date of issuance of the order, a tenant remains in occupancy for a continuous period of more than 10 days, and the maximum rent for a monthly term of occupancy shall apply where, after the date of issuance of the order, a tenant remains in occupancy for a continuous period of more than thirty days, regardless of whether the tenant occupies the same room in the establishment during the specified period. The maximum rent on a weekly or monthly basis, as the case may be, shall apply from the date of issuance of the order or the date on which occupancy commenced, whichever is the later.

3. Section 2 (c) is amended to read as follows:

(c) *Security deposits—(1) General prohibition.* Regardless of any contract, agreement, lease or other obligation heretofore or hereafter entered into, no person on or after September 1, 1944, shall demand or receive a security deposit for or in connection with the use or occupancy of any room in a hotel or rooming house within the defense-rental area or retain any security deposit received prior to or on or after September 1, 1944, except as provided in this paragraph (c). The term "security deposit", in addition to its customary meaning, includes any prepayment of rent except payment in advance of the next periodic installment of rent for a period no longer than one month but shall not include rent voluntarily prepaid subsequent to possession by a tenant under a written lease for his own convenience.

4. The third unnumbered paragraph of section 5 is amended to read as follows:

In all other cases, except those under paragraphs (a) (7), (a) (9), (c) (4), (c) (5), and (c) (6) of this section, the adjustment shall be on the basis of the rent which the Administrator finds was generally prevailing in the defense-rental area for comparable housing accommodations on March 1, 1943: *Provided*, That in cases under paragraph (a) (6) of this section the adjustment may be on the basis of the rental agreement in force during the thirty-day period determining the maximum rent.

5. The sixth unnumbered paragraph of section 5 is amended to read as follows:

In cases involving construction, appropriate allowance shall be made for general increases in costs of construction in the Defense-Rental Area since 1939.

6. Section 5 (a) (5) is amended to read as follows:

(5) *Lease for term commencing on or prior to March 1, 1942.* There was in force on March 1, 1943, a written lease, for a term commencing on or prior to March 1, 1942, requiring a rent lower than the rent generally prevailing in the defense-rental area for comparable housing accommodations on March 1, 1943.

7. Section 5 (a) (6) is amended to read as follows:

(6) *Varying rents.* The rent during the thirty-day period determining the maximum rent was established by a lease or other rental agreement which provided for a higher rent at other periods during the term of such lease or agreement.

8. Section 5 (d) is amended to read as follows:

(d) *Orders when facts are in dispute, in doubt or not known.* If the rent on the date determining the maximum rent, or any other fact necessary to the determination of the maximum rent, or the services, furniture, furnishings or equipment provided with the accommodations on the date determining the maximum rent, is in dispute between the landlord and the tenant, or is in doubt, or is not known, the Administrator on

petition of the landlord filed on or before November 30, 1943, or at any time on his own initiative, may enter an order fixing the maximum rent by determining such fact, or determining the services, furniture, furnishings and equipment provided with the accommodations on the date determining the maximum rent or both. If the Administrator is unable to ascertain such fact, or facts, he shall enter the order on the basis of the rent which he finds was generally prevailing in the defense-rental area for comparable housing accommodations on March 1, 1943 and, where appropriate, may determine the services, furniture, furnishings and equipment included in such rent.

9. Section 6 (a) (1) is amended to read as follows:

(1) *Tenant's refusal to renew lease.* The tenant, who had a written lease or other written rental agreement, has refused upon demand of the landlord to execute a written extension or renewal thereof for a further term of like duration but not in excess of one year, or if the lease was for a term of more than three months and was non-seasonal in character, for a term of not more than one year, for a rent not in excess of the maximum rent, but otherwise on the same terms and conditions as the previous lease or agreement, except insofar as such terms and conditions are inconsistent with this regulation; or

10. Section 6 (a) (4) is eliminated.

11. Section 6 (b) is amended to read as follows:

(b) *Administrator's certificate.* No tenant shall be removed or evicted on grounds other than those stated above unless, on petition of the landlord, the Administrator certifies that the landlord may pursue his remedies in accordance with the requirements of the local law. The Administrator shall so certify if the landlord establishes that removals or evictions of the character proposed are not inconsistent with the purposes of the act or this regulation and would not be likely to result in the circumvention or evasion thereof. The certificate shall authorize the pursuit of local remedies at the expiration of six months after the date of filing of the petition unless the Area Rent Director has determined that a three months' period is adequate for the purposes of the act in this area, in which event the applicable period shall be three months. Within the discretion of the Area Rent Director the certificate may authorize the pursuit of local remedies for the removal or eviction of the tenant at a time less than six or three months, as the case may be, after the date of the filing of the petition if the petitioner establishes that unusual hardship would otherwise result, or that a lesser period in the particular case is consistent with the purposes of the regulation and the act.

12. Section 6 (d) (2) is amended to read as follows:

(2) *Daily or weekly tenants in hotel and daily tenants in rooming house.* A tenant occupying a room within a hotel

on a daily or weekly basis; or a tenant occupying on a daily basis a room within a rooming house which has heretofore usually been rented on a daily basis: *Provided*, That the provisions of this section do apply to a tenant on a daily or weekly basis who has requested a weekly or monthly term of occupancy pursuant to section 2 (b) (3) or (7).

13. The second paragraph of section 7 (a) is amended to read as follows:

Where, since the filing of the registration statement but prior to May 5, 1945, there has been a change in the identity of the landlord, by transfer of title or otherwise, the present landlord, on or before May 31, 1945, shall file a notice of such change on a form provided for that purpose, to be known as a notice of change in identity. Where such a change occurs on or after May 5, 1945, or the effective date of regulation, whichever is the later, the new landlord shall file such a notice within thirty days after the change.

14. Section 9 (b) is amended to read as follows:

(b) *Purchase of property as condition of rent.* Specifically, but without limitation on the foregoing, no person shall require a tenant or prospective tenant to purchase or agree to purchase furniture or any other property as a condition of renting rooms unless the prior written consent of the Administrator is obtained.

This amendment shall become effective December 21, 1945.

Issued this 19th day of December 1945.

CHESTER BOWLES,  
Administrator.

PART 8302—DISPOSAL OF SURPLUS PERSONAL PROPERTY TO GOVERNMENT AGENCIES AND STATE AND LOCAL GOVERNMENTS

Pursuant to §-8302.3 (b) (3) and in reliance upon the reports of the Food and Drug Administration and the Reconstruction Finance Corporation, referred to above, It is hereby ordered, That:

The Reconstruction Finance Corporation, as disposal agency, is hereby authorized to dispose of packages of benzedrine sulfate, listed in U. S. Whereas, pursuant to authority contained in Board of War Communications order No. 4, dated April 16, 1942, the Federal Communications Commission has in the past adopted its orders Nos. 99, dated June 8, 1942 (7 F.R. 4344); 99-A, dated June 27, 1942 (7 F.R. 5028); 99-B, dated October 5, 1943 (8 F.R. 13925); and 101, dated June 19, 1942 (7 F.R. 4672); and

**PART 1—RULES OF PRACTICE AND PROCEDURE**

**CHANGES IN HEARING PROCEDURE IN BROADCAST CASES**

Because of the unprecedentedly heavy volume of hearings in broadcast cases which are scheduled for the near future, the Commission is desirous of simplifying its hearing procedures as much as possible. With this end in view the Commission has made the following changes in its hearing procedures which will be effective until further notice.

1. *Petitions to intervene.* Petitions to intervene must be filed with the Commission not later than 15 days after the issues in the hearing have first been published in the FEDERAL REGISTER. Any person desiring to file a petition after such 15 days must set forth the reason why it was not possible to file the petition within the prescribed 15 days. Unless good cause is shown for delay in filing, the petition will not be granted.

2. *Motion to enlarge the issues.* Motions to enlarge the issues must be filed with the Commission not later than 15 days after the issues in the hearing have first been published in the FEDERAL REG-

ISTER. Any person desiring to file a motion to enlarge the issues after such 15 days must set forth the reason why it was not possible to file the motion to enlarge the issues within the prescribed 15 days. Unless good cause is shown for delay in filing, the motion to enlarge the issues will not be granted.

3. *Proposed findings.* In general, parties will not be required to file proposed findings of fact and conclusions of law with the Commission unless they are specifically directed to do so by the Commission. The non-filing of such proposed findings where there is no direction by the Commission that they may be filed will not constitute a waiver by the parties of any rights. Any party not directed to file proposed findings of fact and conclusions of law may do so if he desires by notifying the Commission of his intention before the record is closed.

The Commission will study carefully these temporary modifications in broadcast procedure. If any hardships result, appropriate changes will be made. If these changes prove to be successful, the Commission will give consideration to adopting them as part of its regular procedure in broadcast cases.

Dated: December 5, 1945.

ASSIGNMENTS OF LICENSE OR TRANSFERS OF CONTROL OF CORPORATE LICENSEES

ORDER PROPOSING NEW RULE AND PROVIDING OPPORTUNITY FOR ORAL ARGUMENT

In the matter of promulgation of rules and regulations concerning the procedure to be followed by the Commission in passing upon assignments of license or transfers of control of corporate licensees.

At a meeting of the Federal Communications Commission held at its offices in Washington, D. C., on the 13th day of December 1945;

Whereas, The Commission in its decision in the matter of Powell Crosley, Jr., transferor, and Aviation Corporation, transferee (Docket No. 6767) announced that it was considering proposed new rules and regulations prescribing procedure to be followed in cases involving the assignment of license or transfer of control of corporate licensees; and

Whereas, The Commission is of the opinion that a proposed new rule, § 1.383, prescribing such procedure, which appears in an appendix to this order, may serve public interest, convenience and necessity; and

Whereas, The Commission is of the opinion that it will best conduce to the proper dispatch of business and to the ends of justice that all interested persons be given an opportunity to file briefs and to appear before the Commission to argue orally why the proposed rule should not be adopted or why it should not be adopted in the form proposed in this order:

Now, therefore, it is ordered, That upon a written request of any interested persons, oral argument be held before the Commission en banc at a date to be designated, as to why the proposed rule should not be adopted or why it should

not be adopted in the form proposed in this order. Such request for oral argument shall be filed on or before January 15, 1946, by any person desiring to appear and each such request shall be accompanied by a brief.

APPENDIX

§ 1.383 *Assignment and transfer of control.* (a) Applications for consent to the assignment of a construction permit or license for an AM, FM, television or other broadcast station or for consent to the transfer of control of a corporation holding such a construction permit or license shall be filed with the Commission on Form F. C. C. No. 314 (Assignment of License) or F. C. C. No. 315 (Transfer of Control). Each application shall be accompanied by a copy of a proposed notice in a form prescribed by the Commission which notice the licensee or permittee shall cause to be published at least twice a week for the 3 weeks immediately following the filing of such application in a daily newspaper of general circulation published in the community in which the station is located. The notice shall state the terms and conditions of the proposed assignment or transfer, the name of the proposed assignee or transferee, and, further, that any other person desiring to purchase the facilities upon the same terms and conditions may file an application to this effect with the Federal Communications Commission within 60 days from the date of the first publication of the notice, which date shall be expressly set forth therein. Upon receipt of the application, the Commission itself will issue a similar public notice stating the terms and conditions of the proposed sale and stating that others may file competing applications for the same facilities upon the same terms and conditions.

(b) No action on any such application will be taken by the Commission for a period of 60 days from the date of filing, during which time any person desiring to purchase the facilities upon the same terms and conditions may file a competing application. In the case of such competing application, it shall be necessary for the applicant to execute only so much of the application form as relates to the proposed assignee or transferee—F. C. C. Form No. 314, Part II, and Form No. 315, Part III.

(c) If no competing application is filed during this 60-day period, the Commission will consider the original application upon its merits and will grant it if it appears from an examination of the application and supporting data public interest will be served thereby; otherwise it will be designated for hearing. If, during such 60-day period, any other application is filed, all such applications will then be considered simultaneously upon their merits, and if, upon such consideration, it appears that the proposed assignee or transferee selected by the licensee is the best qualified and that the transfer would otherwise be in the public interest, the Commission will grant the original application without a hearing. If the Commission is unable to make such a determination upon consideration of the several applications, the original application and all competing applications will be designated for hearing, to be heard in a consolidated proceeding, to determine among other things which of the applicants is best qualified to operate the station in the public interest.

(d) If, at the conclusion of such hearing, the Commission is of the opinion that the proposed assignee or transferee selected by the licensee is the best qualified and that the transfer is otherwise in the public interest, an order will be entered granting the original application. However, if the Com-

mission is of the opinion that one of the other applicants is the best qualified and that a transfer is otherwise in the public interest, an order will be entered denying the original application and stating that the Commission's consent to an assignment of the license or construction permit or to the transfer of control of the corporate licensee or permittee to such competing applicant will be given provided the licensee or permittee and such competing applicant enter into and file with the Commission within 30 days from the date of such order a contract for the assignment of the license or construction permit, or the transfer of control of the licensee or permittee, to such competing applicant upon the same terms and conditions as stated in the original application or upon such other terms and conditions as the parties may agree upon and which new terms and conditions the Commission shall find to be in the public interest.

(e) The provisions of this section shall not apply to the following cases: (1) where there is a reorganization of a corporation which holds a license or construction permit, involving no change in beneficial ownership; (2) where there is an assignment from a decedent to his executor or administrator or from the executor or administrator to his duly appointed successor. This section, however, shall apply to an assignment or transfer from an executor or administrator to heirs, trustees, or third persons; (3) where there is an assignment from an individual or individuals to a corporation owned and controlled by such individual or individuals without any change in their respective interests or from a corporation to the individual stockholders controlling such corporation when there is no change in their respective interests; or (4) any other assignment or transfer that does not involve any change in the actual or beneficial ownership of the licensee.

[Fargo-Moorhead Order G-1 Under Gen. Order 68]

HARD BUILDING MATERIALS IN FARGO-MOORHEAD AREA

For the reasons set forth in an opinion issued simultaneously herewith, and pursuant to the provisions of General Order 68, it is ordered:

SECTION 1. *What this order covers.* This order covers all retail sales by all persons, except manufacturers, of commodities specified in Appendices A and B appearing below, delivered to a purchaser in the Fargo-Moorhead Area. The Fargo-Moorhead Area for the purposes of this order consists of the City of Fargo, North Dakota, and all that territory bounded by six miles from the city limits of Fargo, including West Fargo and Southwest Fargo, North Dakota, and Moorhead and Dilworth, Minnesota. The prices listed in Appendices A and B shall be the maximum prices which may be charged in the area just defined.

SEC. 2. *Definitions.* For the purposes of this order, a retail sale means a sale to an ultimate user, or to any person for resale on an installed basis. A contractor is a person generally engaged in the construction or building repair business, performing work on a contractual basis and shall not include persons doing this type of work only on an hourly wage basis.

SEC. 3. *Relation to other regulations.* The maximum prices fixed by this order supersede any maximum price or pricing method previously fixed by any other regulation or order covering the commodities specified in Appendices A and B. Except to the extent that they are inconsistent with the provisions of the General Maximum Price Regulation, 3d RMPR 13, MPR 44 (except as to sales covered by MPR 525), MPR 293 (except as to sales covered by MPR 525), and MPR 381, shall continue to apply to sales covered by this order.

SEC. 4. *Discounts, allowances, and delivery practices.* No seller shall evade any of the provisions of this order by changing his customary discounts, allowances, delivery practices or other price differentials except as provided in this order. The seller at retail selling on a delivered basis must deliver commodities at the prices enumerated in Appendix A within the area covered by this order.

SEC. 5. *Posting of maximum prices.* Every seller making sales covered by this order shall post a copy of the list of maximum prices fixed by this order in each of his places of business in the area covered by this order in a manner plainly visible to all purchasers. Posting shall be accomplished by removing the second copy of Appendices A or B attached to this order and posting it in the premises.

SEC. 6. *Sales slips and records.* Every seller covered by this order who has customarily given customers a sales slip or other evidence of purchase must continue to do so. Upon request from a customer, such seller, regardless of previous custom, shall give the purchaser a receipt showing the date, name and address of the seller, the description, quantity, and price of each item sold. The description shall be in sufficient detail in order to determine whether the price charged has been properly computed under this order. If he customarily prepared his sales slips in more than one copy, he must keep for at least 6 months after delivery a duplicate copy of each sales slip delivered by him pursuant to this section. Each such seller shall also keep such records of each sale as he customarily kept.

SEC. 7. *Enforcement.* On and after the effective date of this order, any person covered by this order, who sells or offers to sell at a price higher than the ceiling price permitted by this order, or otherwise violates any of the provisions of this order, shall be subject to the criminal penalties, civil enforcement actions, license suspension proceedings and suits for treble damages as provided for by the

Emergency Price Control Act of 1942, as amended. No person subject to this order may evade any of the provisions of the order by any stratagem, scheme or device. No person subject to this order may, as a condition of selling any particular hard building material, require a customer to buy anything else. Any such evasion is punishable as a violation of this order.

SEC. 8. This order may be modified, amended, or revoked at any time.

This order shall become effective December 1, 1945.

Issued: November 23, 1945.

J. S. LAMB,  
District Director.
