NAVY DEPARTMENT

[No. 9]

LIGHT CRUISERS, CL, 106 CLASS

Certificate of the Secretary of the Navy under the act of December 3, 1945 (Pub. Law 239, 79th Cong.)

Whereas, the act of December 3, 1945 (Pub. Law 239, 79th Cong.) provides that any requirement as to the number, position, range of visibility or arc of visibility of navigation lights, required to be displayed by naval vessels under acts of Congress, as enumerated in said act of December 3, 1945, shall not apply to any vessel of the Navy where the Secretary of the Navy shall find or certify that, by reason of special construction, it is not possible with respect to such vessel or class of vessels to comply with statutory requirements as to the number, position, range of visibility or arc of visibility of navigation lights; and

Whereas, a study of the arrangement and position of the navigation lights of that type of naval vessels known as Light Cruisers, CL, 106 Class, has been made in the Navy Department and, as a result of such study, it has been determined that because of their special construction it is not possible for Light Cruisers, CL, 106 Class, to comply with the requirements of the statutes enumerated in said act of December 3, 1945.

Now, therefore, I, John L. Sullivan, Secretary of the Navy, as a result of the aforesaid study do hereby find and certify that the type of naval vessels known as Light Cruisers CL, 106 Class, are naval vessels of special construction and that on such vessels, with respect to the position of the additional white light (commonly termed the range light), it is not possible to comply with the requirements of the statutes enumerated in the act of December 3, 1945. Further, I do find and certify that it is feasible to locate the said additional white light (commonly termed the range light) if such light is installed, forward of the masthead light in such position that the said additional white light and the masthead light shall be in line with the keel and the after light shall be at least 15 feet higher than the forward light and the vertical distance between the two lights shall be less than the horizontal distance. I further direct that the aforesaid additional white light, if such light is installed, shall be located in the manner above described and I further certify that such location constitutes compliance as closely with the applicable statutes as I hereby find to be feasible.

Dated at Washington, D. C., this 5th day of December A. D. 1947.

The New York Stock Exchange, pursuant to section 12 (d) of the Securities Exchange Act of 1934 and Rule X-12D2-1 (b) promulgated thereunder, has made application to strike from listing and registration the 6% Refunding External Sinking Fund Gold Bonds due March 1, 1961 (Stamped pursuant to Loan Readjustment Plan of 1933) of the Province of Buenos Aires.

The application alleges that (1) only \$271,000 principal amount of this security remains outstanding as a result of exchanges that have been effected of this security for 4 1/8% - 4 3/8% External Readjustment Sinking Fund Dollar Bonds of 1935, pursuant to a Readjustment Plan of 1935; (2) the outstanding amount of the security which is the subject of this application has been so reduced as to make further dealings therein on the Exchange inadvisable; and (3) the rules of the New York Stock Exchange with respect to the striking of a security from listing and registration have been complied with.

Upon receipt of a request, prior to January 29, 1948, from any interested person for a hearing in regard to terms to be imposed upon the delisting of this security, the Commission will determine whether to set the matter down for hearing. Such request should state briefly the nature of the interest of the person requesting the hearing and the position he proposes to take at the hearing with respect to imposition of terms or conditions. FINDINGS AND ORDER TO EXTEND UNLISTED
TRADING PRIVILEGES

At a regular session of the Securities and Exchange Commission, held at its office in the city of Philadelphia, Pa., on the 11th day of December A. D. 1947.

In the matter of application by the Los Angeles Stock Exchange for unlisted trading privileges in the Budd Company, common shares, without par value, File No. 7-1006.

The Los Angeles Stock Exchange has made application to the Commission pursuant to section 12 (f) (2) of the Securities Exchange Act of 1934 and Rule X-12F-1 for permission to extend unlisted trading privileges to the Common Shares, Without Par Value, of The Budd Company.

After appropriate notice and opportunity for hearing and in the absence of any request by any interested person for hearing on this matter, the Commission on the basis of the facts submitted in the application makes the following findings:

(1) That this security is listed and registered on the New York Stock Exchange and Philadelphia Stock Exchange; that the geographical area deemed to constitute vicinity of the Los Angeles Stock Exchange is the States of California and Arizona; that out of a total of 3,245,789 shares outstanding, 171,632 shares are owned by 1,863 shareholders in the vicinity of the Los Angeles Stock Exchange; and that in the vicinity of the Los Angeles Stock Exchange there were 1,572 transactions involving 96,483 shares from August 1, 1946 to July 31, 1947;

(2) That sufficient public distribution of, and sufficient public trading activity in, this security exist in the vicinity of the applicant exchange to render the extension of unlisted trading privileges thereto appropriate in the public interest and for the protection of investors; and

(3) That the extension of unlisted trading privileges on the applicant exchange to this security is otherwise appropriate in the public interest and for the protection of investors.

Accordingly it is ordered, Pursuant to section 12 (f) (2) of the Securities Exchange Act of 1934, that the application of the Los Angeles Stock Exchange for permission to extend unlisted trading privileges to the Common Shares, Without Par Value, of The Budd Company be, and the same is, hereby granted.

CENTRAL STATES POWER & LIGHT CORP.

ORDER RELEASING JURISDICTION OVER FEES
AND EXPENSES

At a regular session of the Securities and Exchange Commission, held at its office in the city of Philadelphia, Pa., on the 5th day of December A. D. 1947.

Central States Power & Light Corporation ("Central States") a registered holding company and an indirect subsidiary of Ogden Corporation, also a registered holding company, has filed with this Commission a petition seeking release of jurisdiction heretofore reserved by this Commission over the payment of fees and expenses incurred in connection with the consummation of certain plans filed pursuant to section 11 (e) of the Public Utility Holding Company Act of 1935 and transactions incident thereto.

On December 1, 1942, December 3, 1943, October 13, 1944, and December 8, 1944, respectively, the Commission issued orders approving four separable plans filed pursuant to section 11 (e) of the act, each plan relating to various steps in a broad program for compliance by Ogden and its subsidiaries with the requirements of section 11 (b) of the act. Generally speaking, these four plans, in so far as they are relevant to the above mentioned petition filed by Central States, involved: (1) The sale of assets of Missouri Electric Power Company, a subsidiary of Central States, for approximately \$2,500,000 and the use of the proceeds of that sale to purchase, pursuant to tenders, First Mortgage Bonds of Central States and to make pro rata payments on these bonds; (2) a one year extension of the maturity date of Central States' debentures; (3) the sale by Central States of its then remaining physical properties for \$2,750,000 and the use of the proceeds derived therefrom to retire Central States First Mortgage Bonds, without premium; and (4) a second extension of the maturity date of Central States' debentures.

The aggregate of fees and expenses applicable to these transactions is \$99,912. Of this amount \$45,000 represents the fee of Simpson Thacher and Bartlett, New York, New York, counsel to Ogden; \$19,500 represents fees of A. P. Stone, Jr., Springfield, Missouri, counsel to a former subsidiary of Central States; approximately \$12,000 represents fees and expenses of The Chase National Bank as trustee under the bond indenture of Central States; approximately \$8,900 represents printing expenses; approximately \$5,000 represents fees of valuation experts; and the balance represents miscellaneous items of fees and expenses.

The Commission having examined the records and data submitted in support of these fees and finding that the amounts thereof, under the circumstances of this case, are not unreasonable;

It is hereby ordered, That jurisdiction over the payment of fees and expenses incurred in connection with the above-mentioned transactions, be, and the same hereby is, released.

By the Commission.

American Gas states that United Public Utilities Corporation (UPU) proposes, subject to approval of this Commission, to sell the shares of common stocks of the utility companies now owned by UPU, including those named below. American Gas proposes to submit a bid or bids for the shares of common stocks of the companies named below, the common stocks of which are now owned by UPU, when such shares are offered for sale:

Company	Nature of business	State in which operations are conducted
Citizens Heat, Light & Power Co.	Electric	Indiana.
The Bradford & Gettsburg Electric Light & Power Co.	do	Ohio.
The Brookville & Lewisburg Lighting Co.	do	Do.
The Buckeye Light & Power Co.	do	Do.

American Gas states that if it is the successful bidder it will use part of its cash funds now in its treasury to consummate the purchase or purchases.

The application-declaration states that if American Gas acquires the common stocks of the above-mentioned electric properties, they would be operated as part of its integrated electric system (sometimes referred to as the "Central System") It is further stated that the Indiana Electric property would eventually be merged with Indiana & Michigan Electric Company, a subsidiary of American Gas, and the Ohio electric properties would eventually be merged with the Ohio Power Company, also a subsidiary of American Gas. It is also stated that it is proposed to use the existing 132-kv. transmission network of the Central System as a source of supply to the Indiana and Ohio operating companies and to interconnect these facilities at 33-kv. in order to make available the source of energy now existent in the Central System.

American Gas states that any bids submitted by it will be subject to approval by this Commission with respect to price and terms. The company also states that, if it is the successful bidder for the common stocks of any or all of the non-electric utility companies named above, and if such bids are approved by the Commission, the order of approval may be conditioned to provide that American Gas will divest itself of the common stocks of such non-electric utility companies within one year from the date of or extensions of such period for good such acquisition, *Provided, however,* That application may be made for an extension cause shown.

The application-declaration having been filed on November 10, 1947 and an amendment thereto having been filed on November 17, 1947, and notice of said filing having been given in the form and manner prescribed by Rule U-23 promulgated pursuant to said act, and the Commission not having received a request for hearing with respect to said application-declaration, as amended, within the period specified in said notice or otherwise, and not having ordered a hearing thereon; and

The Commission finding with respect to the application-declaration, as amended, that the proposed acquisition of the UPU electric properties by American Gas has the tendency towards the development of an integrated utility system required by section 10 (c) (2) of the act; that, in view of the condition hereafter imposed and agreed to by American Gas, with respect to the disposition of the gas properties of UPU, if acquired, the temporary acquisition of such gas properties is consistent with the requirements of the statute; and that it is appropriate that the application-declaration, as amended, be granted and permitted to become effective, subject to the conditions hereinafter set forth, and also deeming it appropriate to grant the request of the applicant-declarant that the order become effective at the earliest date possible:

It is ordered, Pursuant to said Rule U-23 and the applicable provisions of said act, subject to the terms and con-

ditions prescribed in Rule U-24, that said application-declaration, as amended, be, and the same hereby is, granted and permitted to become effective forthwith, subject to the following conditions:

(1) That the acquisition by American Gas of the UPU properties, as set forth herein, shall not be consummated until a further order of the Commission shall have been entered in the light of the completed record with respect to the price to be paid for such properties and the terms of purchase; and

(2) That American Gas shall dispose of any nonelectric utility properties it may acquire from UPU, as set forth herein, within one year from the date of such purchase or such later date as the Commission shall determine pursuant to a request for an extension of time for good cause shown.
