TITLE 8—ALIENS AND NATIONALITY

Chapter I—Immigration and Naturalization Service, Department of Justice.

Subchapter B—Immigration Regulations

PART 115—ADMISSION OF AGRICULTURAL WORKERS UNDER SPECIAL LEGISLATION

MIGRANT LABOR AGREEMENT OF 1951

SEPTEMBER 5, 1951.

The following amendments to Part 115, *Admission of agricultural workers under special legislation*, of Chapter I, Title 8 of the Code of Federal Regulations, are hereby prescribed:

1. Section 115.1 is amended to read as follows:

§ 115.1 *Definitions.* As used in this part: (a) The term "agricultural worker" means a native-born citizen of Mexico who is and has been a bona-fide resident of Mexico for at least one year immediately preceding the date of application for admission and who seeks to enter the United States temporarily under the provisions of Title V of the Agricultural Act of 1949, as amended (63 Stat. 1051, Pub. Law 78, 82d Cong.), for the sole purpose of engaging in agricultural employment as defined herein, and who is legally admitted to the United States for temporary employment in agriculture in accordance with the terms of the Migrant Labor Agreement of 1951 entered into between the Governments of the United States and Mexico, effective August 11, 1951.

(b) The term "agricultural employment" means: (1) Cultivation and tillage of the soil, planting, production, cultivation, growing, and harvesting of any agricultural or horticultural commodities and any practices (including any forestry or lumbering operations) performed by a farmer or on a farm as an incident to or in conjunction with such farming operations, including preparations for market, delivery to storage, or to market, or to a carrier for transportation to market; or

(2) The maintenance of a farm and its tools and equipment, or salvaging of timber or clearing land of brush and

other debris left by a hurricane, if the major part of such service is performed on a farm; or

(3) The maintenance of ditches, canals, reservoirs, or waterways, not owned or operated for profit and used exclusively for supplying or storing water for farming purposes, and cotton ginning; or

(4) Handling, drying, packing, packaging, processing, freezing, grading or storing, in its unmanufactured state any agricultural or horticultural commodity for the operator of a farm; but only if such operator produced more than one-half of the commodity with respect to which the service is performed; or

(5) All of the activities described in subparagraph (4) of this paragraph for a group of operators of farms but only if such operators produced the commodities with respect to which such activities are performed: *Provided*, That the provisions of subparagraph (4) and this subparagraph shall not be applicable with respect to services performed in connection with commercial canning or commercial freezing, or in connection with any agricultural or horticultural commodities, after their delivery to a terminal market for distribution or consumption.

(c) The term "employer" means: (1) The operator of agricultural property who is engaged in agricultural employment, as defined in this section;

(2) An association or other group of employees but only if those of its members for whom Mexican workers are being obtained are bound, in the event of its default, to carry out the obligations undertaken by it pursuant to the provisions of the Migrant Labor Agreement of 1951, unless the Secretary of Labor of the United States determines that such individual liability is not necessary to assure performance of such obligations; or

(3) Processors of agricultural products when they obtain Mexican workers for employment in agriculture, if the processor has contracted to purchase in whole or in part the crop on which the Mexican worker is to be employed.

2. The introductory sentence and paragraph (a) of § 115.2 are amended to read as follows:

§ 115.2 *Period for which admitted.* An agricultural worker may be admitted to the United States as a temporary visitor for business pursuant to section 3 (2) of the Immigration Act of 1924: *Provided:*

(a) That the initial period of admission shall not extend beyond February 11, 1952, nor shall any extension be granted which would permit such worker to remain in the United States beyond February 11, 1952, unless the Migrant Labor Agreement of 1951 is extended beyond that date, in which case workers may be admitted and extensions may be granted in accordance therewith.

3. The introductory sentence of § 115.3 is amended to read as follows:

§ 115.3 *Conditions of admission.* Any alien who applies for admission into the United States under the provisions of Title V of the Agricultural Act of 1949, as amended, and the provisions of this part, must:

4. Section 115.4 is amended to read as follows:

§ 115.4 *Compliance by employer.* (a) No agricultural workers shall be made available to, nor shall any such workers made available be permitted to remain in the employ of, any employer who has in his employ any Mexican alien when such employer knows or has reasonable grounds to believe or suspect or by reasonable inquiry could have ascertained that such Mexican alien is not lawfully within the United States. Whenever it shall appear that a Mexican alien not lawfully in the United States is so employed, an investigation shall be made and a report submitted to the officer in charge of the district having jurisdiction over the place of the alien's employment. If he determines that the employer has employed such Mexican aliens in violation of this section, he shall report the facts concerning the violation to the designated representative of the Secretary of Labor, and require that other agricultural workers be removed from said place of employment, either by transfer to an eligible employer or by return to Mexico through appropriate arrangements made with representatives of the Secretary of Labor. If he considers the evidence insufficient to establish that such violation has occurred, he shall nevertheless report the facts adduced by the investigation to the designated representative of the Secretary of Labor.

(b) Upon notification from the Secretary of Labor that an employer fails or refuses to comply with the provision of Title V of the Agricultural Act of 1949, as amended, or with any international agreement or individual work contract made thereunder, the temporary admission of all agricultural workers employed by such employer may be revoked in the same manner as provided in § 115.2 (c).

5. Section 115.5 is amended to read as follows:

§ 115.5 *Extension of stay; conditions.* After an alien has been admitted to the United States as an agricultural worker under the provisions of this part, he may be granted an extension or extensions of

the period of his temporary admission by the officer in charge of the district having jurisdiction over the place of the alien's employment, subject to the same limitations as are placed on original admission by § 115.2.

6. Section 115.6 is amended to read as follows:

§ 115.6 *Readmission after temporary visits to Mexico.* (a) An agricultural worker who has been admitted to the United States under the provisions of this part may be readmitted after temporary visits to Mexico on presentation of Form I-100, Alien Laborer's Permit and Identification Card, if he is still maintaining the status of an agricultural worker in the United States.

(b) An agricultural worker who is granted a furlough shall be furnished by the employer with a letter stating the time for which the furlough is granted and that all contractual obligations will be reassumed upon the alien's return to his employment after the furlough. The letter shall be appropriately endorsed to show approval of the furlough by a representative of the United States Employment Service and the appropriate Mexican Consul.

7. Paragraph (a) of § 115.8 is amended to read as follows:

§ 115.8 *Arrest and deportation of agricultural workers.* (a) An alien admitted to the United States as an agricultural worker shall be deemed to have remained in the United States for a longer time than permitted under law and regulations within the meaning of section 14 of the Immigration Act of 1924 if:

(1) He remains in the United States after the expiration of the time for which he was temporarily admitted or after the expiration of any authorized extension of such period; or

(2) He violates or fails to fulfill any of the other conditions of his admission to or extended stay in the United States; or

(3) He evidences orally or in writing or by conduct an intention to violate or to fail to fulfill any of the conditions of his temporary admission to or extended stay in the United States; or

(4) He remains in the United States after the period of his temporary admission or extended stay is revoked pursuant to § 115.2 (c).

8. The second and fourth sentences of § 115.11 are amended to read as follows:

§ 115.11 *Recruitment centers; preliminary inspection.* * * * If the immigration officer at the recruitment center in Mexico determines that the alien is admissible as an agricultural worker he shall so endorse and initial the conditional permit which is issued to the alien by the Secretary of Labor when the alien is recruited. * * * Aliens who have been issued conditional permits, which have been endorsed by immigration officers, will be conveyed directly from the recruitment center to a reception center at or near a port of entry under the supervision of representatives of the Secretary of Labor for completion of immigration inspection and registration

pursuant to the Alien Registration Act, 1940, as amended. * * *

9. Section 115.13, *Adjustment of status of certain agricultural workers in the United States*, is revoked.

10. The introductory sentence to § 115.15 is amended to read as follows:

§ 115.15 *Extension of period of admission*. Extension of the temporary admission of an alien admitted to the United States as an agricultural worker under this part may be granted by the officer in charge of the district having jurisdiction over the place of the alien's employment only upon determination and certification by the Secretary of Labor that:

This order shall become effective on the date of its publication in the FEDERAL REGISTER. The regulations prescribed by the order are necessary for carrying out the arrangement between the United States and the Republic of Mexico entered into on August 11, 1951 (Migrant Labor Agreement of 1951). Compliance with the provisions of section 4 of the Administrative Procedure Act (60 Stat. 238; 5 U. S. C. 1003) relative to notice of proposed rule making and delayed effective date is not considered necessary in this instance since the regulations prescribed by the order are regarded as merely declaratory of the provisions of the agreement.

(Sec. 23, 39 Stat. 892, sec. 24, 43 Stat. 166, sec. 37, 54 Stat. 675; 5 U. S. C. 102, 222, 458)

[SEAL] ARGYLE R. MACKAY,
Commissioner,
Immigration and Naturalization.

Approved: October 23, 1951.

J. HOWARD McGRATH,
Attorney General.

TITLE 7—AGRICULTURE

Chapter IX—Production and Marketing Administration (Marketing Agreements and Orders), Department of Agriculture

PART 984—WALNUTS GROWN IN CALIFORNIA, OREGON AND WASHINGTON

BUDGET OF EXPENSES OF THE WALNUT CONTROL BOARD AND RATE OF ASSESSMENT FOR THE MARKETING YEAR BEGINNING AUGUST 1, 1951

Notice of proposed rule making with respect to a budget of expenses of the Walnut Control Board for the marketing year beginning August 1, 1951, and rate of assessment, was published in the FEDERAL REGISTER of October 4, 1951 (16 F. R. 10130), pursuant to the provisions of Marketing Agreement No. 105 and Order No. 84 regulating the handling of Walnuts grown in California, Oregon, and Washington (7 CFR Part 984), effective under the Agricultural Marketing Agreement Act of 1937, as amended (7 U. S. C. 601 et seq.). In said notice, opportunity was afforded interested persons to submit to the Department written data, views, or arguments for consideration

prior to issuance of the final rule. No such documents were received during the time specified in the notice.

It is hereby found and determined that good cause exists for making this document effective three days after publication in the FEDERAL REGISTER, instead of waiting thirty days after publication, for the reasons that (1) the regulation should become effective prior to or as soon as practicable after handling of the 1951 walnut crop begins, and such handling is imminent, and (2) the order herein will require no special preparation by handlers or the Walnut Control Board which cannot be made within three days after its publication in the FEDERAL REGISTER.

Notwithstanding the approval of the aforesaid expenses, none of such funds may be used to pay any wage or salary that is inconsistent with the Defense Production Act of 1950, as amended, Executive Order No. 10161, or any supplementary order, directive, or regulation pursuant thereto.

Therefore, after consideration of all relevant matters, it is found and determined that the budget of expenses of the Walnut Control Board and rate of assessment shall be as follows:

§ 984.303 *Budget of expenses of the Walnut Control Board and rate of assessment for the marketing year beginning August 1, 1951*—(a) *Budget of expenses*. Expenses in the amount of \$82,800 are reasonable and likely to be incurred by the Walnut Control Board for its maintenance and functioning, and for such other purposes as the Secretary may, pursuant to the provisions of the marketing agreement and order, determine to be appropriate for the marketing year beginning August 1, 1951.

(b) *Rate of assessment*. Each handler shall pay to the Control Board on demand by the Control Board, from time to time, 0.12 cent for each pound of merchantable walnuts handled or certified for handling by him during the marketing year beginning August 1, 1951.

(Sec. 5, 49 Stat. 753, as amended; 7 U. S. C. and Sup. 608c)

Issued at Washington, D. C., this 25th day of October, 1951, to become effective on the third day after the date of publication of this document in the FEDERAL REGISTER.

[SEAL] CHARLES F. BRANNAN,
Secretary of Agriculture.

[F. R. Doc. 51-13063; Filed, Oct. 29, 1951;
8:46 a. m.]

PART 971—MILK IN THE DAYTON-SPRINGFIELD, OHIO, MARKETING AREA

ORDER AMENDING THE ORDER, AS AMENDED

Correction

In F. R. Doc. 51-11884, appearing at page 10052 of the issue for Wednesday, October 3, 1951, the following change should be made:

In § 971.42 (a), "Class II milk" should be "Class I milk" so that paragraph (a) will read:

§ 971.42 *Responsibility of handlers and reclassification of milk*. (a) In es-

tablishing the classification of skim milk and butterfat as required in §§ 971.41 and 971.43 the burden rests upon the handler to account for all skim milk and butterfat received by him and to prove to the market administrator that such skim milk or butterfat should not be classified as Class I milk.

PART 989—RAISINS PRODUCED FROM RAISIN VARIETY GRAPES GROWN IN CALIFORNIA FREE, RESERVE, AND SURPLUS PERCENTAGES FOR THE 1951-52 CROP YEAR

Correction

In F. R. Doc. 51-12667, appearing at page 10725 of the issue for Saturday, October 20, 1951, the following change should be made:

In subparagraph (2) of the second paragraph of the preamble, the word "becomes" should be "became", so that the subparagraph will read:

"(2) this subpart is being issued as soon as practicable after reasonably reliable information concerning the 1951 production of raisins became available;"

TITLE 14—CIVIL AVIATION

Chapter I—Civil Aeronautics Board

Subchapter C—Procedural Regulations

[Regs., Serial No. PR-13]

PART 302—RULES OF PRACTICE IN ECONOMIC PROCEEDINGS

FILING OF PETITIONS FOR RECONSIDERATION

Adopted by the Civil Aeronautics Board at its office in Washington, D. C., on the 24th day of October 1951.

At the present time the procedural regulations of the Board (§ 302.11) permit the filing of a petition for rehearing, reargument, or reconsideration of any final order by the Board in economic proceedings. While these regulations do not specifically provide for the filing of more than one such petition for reconsideration, they do not specifically prohibit such practice. As a result, the Board in a number of situations has been confronted with such petitions, which do not set forth new matters but which merely seek to reargue matters already considered and decided. Although the Board in the past has usually considered and disposed of these petitions on their merits, the Board believes that a continuation of this practice and the entertaining of such petitions would impose an undue burden upon the work of the Board and would not be conducive to the proper dispatch of its business.

The Board, therefore, has concluded that its procedural regulations should be amended to prohibit specifically such practice with respect to all future final orders of the Board. Since this amendment is a rule of agency procedure, notice and public procedures hereon are unnecessary and the amendment may be made effective without prior notice.

In consideration of the foregoing the Civil Aeronautics Board hereby amends Part 302 of the procedural regulations (14 CFR 302) as follows, effective Octo-

ber 24, 1951, to be applicable to all final orders of the Board issued on or after December 1, 1951:

By amending § 302.11 to include a new paragraph (e) to read as follows:

§ 302.11 *Petition for rehearing, reargument, or reconsideration.* * * *

(e) *Successive petitions.* A successive petition for rehearing, reargument, or reconsideration filed by the same party or parties, and upon substantially the same grounds as a former petition which has been considered and denied by the Board, will not be entertained.

(Sec. 205, 52 Stat. 984; 49 U. S. C. 425. Interprets or applies sec. 1001, 52 Stat. 1017; 49 U. S. C. 641)

By the Civil Aeronautics Board.

[SEAL] M. C. MULLIGAN,
Secretary.

[F. R. Doc. 51-13048; Filed, Oct. 29, 1951; 8:53 a. m.]

TITLE 24—HOUSING AND HOUSING CREDIT

Chapter VIII—Office of Rent Stabilization, Economic Stabilization Agency

[Controlled Housing Rent Reg., Amdt. 412]
[Controlled Rooms in Rooming Houses and Other Establishments, Rent Reg., Amdt. 407]

PART 825—RENT REGULATIONS UNDER THE HOUSING AND RENT ACT OF 1947, AS AMENDED

CALIFORNIA

Amendment 412 to the Controlled Housing Rent Regulation (§§ 825.1 to 825.12) and Amendment 407 to the Rent Regulation for Controlled Rooms in Rooming Houses and Other Establishments (§§ 825.81 to 825.92). Said regulations are amended in the following respect:

Schedule A, Item 31, is amended to describe the counties in the defense-rental area as follows:

Sutter County; and Yuba County, except the Cities of Marysville and Wheatland, and the portion of Yuba County described as follows:

All north and east of a line beginning at a point on the line between Nevada County and Yuba County where said line is intersected by the south line of Township seventeen (17) North Range six (6) East MDB&M and running thence west along said Township line to the southwest corner of said Township; then north along the west line of Township seventeen (17) and eighteen (18) North, Range six (6) East to the point where said line intersects the line between Butte County and Yuba County.

In Butte County, that portion bounded on the east and north by a line beginning at a point in the boundary line between Yuba and Butte Counties, California, between T. 18 N., R. 5 E. and T. 18 N., R. 6 E., thence north in Butte County along the east lines of T. 18 N., R. 5 E., T. 19 N., R. 5 E. and T. 20 N., R. 5 E. to NE. corner of T. 20 N., R. 5 E.; thence west along north line of T. 20 N., R. 5 E. and T. 20 N., R. 4 E. to the Feather River; bounded on the west irregularly by the Feather River; and bounded on the south by Yuba County.

This decontrols that portion of Butte County, California, a portion of the

Marysville-Chico, California, Defense-Rental Area, lying west of the Feather River which was under control immediately prior to the effective date of this amendment, on the initiative of the Director of Rent Stabilization in accordance with section 204 (c) of the Housing and Rent Act of 1947, as amended.

(Sec. 204, 61 Stat. 197, as amended; 50 U. S. C. App. Sup. 1894)

This amendment shall be effective October 27, 1951.

Issued this 25th day of October 1951.

JOHN J. MADIGAN,
Acting Director of
Rent Stabilization.

[F. R. Doc. 51-13034; Filed, Oct. 23, 1951; 8:52 a. m.]

State and name of defense-rental area	Class	County or counties in defense-rental areas under regulation	Maximum rent date	Effective date of regulation
Virginia (342) Norfolk-Portsmouth.....	A	Independent cities of Norfolk, Portsmouth, and South Norfolk; and the counties of Norfolk and Princess Anne.	July 1, 1951	Nov. 1, 1951

(Sec. 204, 61 Stat. 197, as amended; 50 U. S. C. App. Sup. 1894)

This amendment shall be effective November 1, 1951.

Issued this 25th day of October 1951.

JOHN J. MADIGAN,
Acting Director of Rent Stabilization.

[F. R. Doc. 51-13035; Filed, Oct. 23, 1951; 8:52 a. m.]

TITLE 32—NATIONAL DEFENSE

Chapter IV—Joint Regulations of the Armed Forces

Subchapter A—Armed Services Procurement Regulations

MISCELLANEOUS AMENDMENTS

Changes have been made in the Armed Services Procurement Regulations as reflected in the attached document dated August 7, 1951.

ROBERT A. LOVETT,
Secretary of Defense.

PART 400—GENERAL PROVISIONS

SUBPART B—DEFINITION OF TERMS

1. Section 400.201-3, containing definition of the term "procuring activity", is revised by deleting the reference to the Air Force major overseas commands. The Air Materiel Command has been designated as the sole procuring activity for the Air Force. Section 400.201-3 is hereby revised to read as follows:

§ 400.201-3 *Procuring activity.* The term "procuring activity" includes, for the Army, the technical services, the Continental armies, the National Guard Bureau, the Military District of Washington, and the major overseas commands; for the Navy, each Bureau of the Navy Department, the Office of Naval Research, the Aviation Supply Office, the Military Sea Transportation Service and the United States Marine Corps; for the

[Controlled Rooms in Rooming Houses and Other Establishments, Rent Reg., Amdt. 403]

PART 825—RENT REGULATIONS UNDER THE HOUSING AND RENT ACT OF 1947, AS AMENDED

VIRGINIA

Amendment 413 to the Controlled Housing Rent Regulation (§§ 825.1 to 825.12) and Amendment 403 to the Rent Regulation for Controlled Rooms in Rooming Houses and Other Establishments (§§ 825.81 to 825.92). Said regulations are amended in the following respect:

In Schedule A, a new Item 342 is added as follows:

It also includes the Armed Services Medical Procurement Agency, the Armed Services Petroleum Purchasing Agency, and any other procuring activity hereafter established. The number and designation of particular procuring activities of any Department may be changed by directive of the Secretary of that Department.

2. Section 400.201-4, containing definition of the term "head of a procuring activity" is revised by deleting the reference to the commanding generals of the Air Force major overseas commands. The Commanding General of the Air Materiel Command has been designated as the sole "head of a procuring activity" in the Air Force. Revised § 400.201-4 reads as follows:

§ 400.201-4 *Head of a procuring activity.* The term "head of a procuring activity" includes, for the Army, the Chiefs of the technical services, the Continental Army Commanders, the Chief of the National Guard Bureau, the Commanding General of the Military District of Washington, and the Commanding Generals of the major overseas commands; for the Navy, the Chief of each Bureau, the Chief of Naval Research, the Aviation Supply Officer, the Commander, Military Sea Transportation Service, and the Commandant of the United States Marine Corps; for the Air Force, the Commanding General of the Air Materiel Command. It also includes the Chief of the Armed Services Medical Procurement Agency, the Executive Officer of the Armed Services Petroleum Purchasing Agency, and the head of any other procuring activity hereafter established. The number and designation of heads of procuring activities within any Department may be changed by directive of the Secretary of that Department.

3. Section 400.201-9, containing definition of the term "sources of supplies," is revised for the following reasons:

(a) Previously, a bona fide manufacturer's agent, who contracts in the name

RULES AND REGULATIONS

of his principal, has been included as a "regular dealer." Since in this situation, the principal must be either a "manufacturer" or "regular dealer", it is considered that a bona fide manufacturer's agent should not be included in the definition of "regular dealer". Paragraph (b) of this section as revised provides that a manufacturer or regular dealer may bid, negotiate and contract through an authorized agent provided that the agency is disclosed and the agent acts and contracts in the name of his principal. Also, a reference to § 406.103-20 is added.

(b) To conform the statement of applicability of the ASPR definitions of "sources of supplies" with the geographical language of the revised General Regulations of the Division of Public Contracts, Department of Labor, under the Walsh-Healey Public Contracts Act. See in this connection the revision of § 411.602 made herein.

Revised § 400.201-9 reads as follows:

§ 400.201-9 *Sources of supplies.* (a) The term "sources of supplies" shall include only (1) manufacturers or (2) regular dealers in the supplies to be procured. A "regular dealer" shall be deemed to be any one of the following:

(i) A person or firm who owns, operates, or maintains a store, warehouse, or other establishment in which the materials, supplies, articles, or equipment of the general character described by the specifications and required under the contract are bought, kept in stock, and sold to the public in the usual course of business;

(ii) In the case of supplies of particular kinds (lumber and timber products, coal, machine tools, raw cotton, green coffee, or hay, grain, feed, and straw) a person or firm satisfying the requirements of Article 101 (b) of the Regulations, as amended from time to time, prescribed by the Secretary of Labor under the Walsh-Healy Public Contracts Act (41 U. S. C. 35).

The above definitions shall not apply to contracts for supplies no part of which will be manufactured or furnished within the geographic limits of the continental United States, Alaska, Hawaii, Puerto Rico, the Virgin Islands, or the District of Columbia.

(b) A manufacturer or regular dealer may bid, negotiate and contract through an authorized agent: *Provided*, That the agency is disclosed, and the agent acts and contracts in the name of his principal. In this connection, see the clause entitled "Covenant Against Contingent Fees" set forth in § 406.103-20.

PART 401—PROCUREMENT BY FORMAL ADVERTISING

SUBPART D—OPENING OF BIDS AND AWARD OF CONTRACT

Section 401.401 is revised to provide that, when practicable, bids shall be read aloud by the Government official whose duty it is to open the bids. Revised § 401.401 reads as follows:

§ 401.401 *Opening of bids.* All bids received prior to the time of opening will be kept secure and unopened until

the time of opening (except that an unidentified bid may be opened solely for purposes of identification: *Provided*, That such bid shall be resealed immediately and that no information obtained therefrom shall be disclosed), whereupon they shall be publicly opened and, when practicable, read aloud by the Government official whose duty it is to open the bids. Whereas it is the primary responsibility of bidders to prepare their bids correctly and completely, nevertheless it is the duty of the Contracting Officer, after the opening of bids and prior to award, to examine all bids for minor informalities or irregularities and for obvious or apparent mistakes (as referred to in §§ 401.404 and 401.405 respectively). The original bids shall not be allowed to pass out of the hands of an official of the Government, except when a duplicate bid cannot be made available for public inspection, and then only under the immediate supervision of an official of the Government and under conditions which preclude the possibility of a substitution, addition, deletion, or alteration in the bid.

PART 402—PROCUREMENT BY NEGOTIATION

SUBPART A—USE OF NEGOTIATION

1. Section 402.101, relating to negotiation as distinguished from formal advertising, is revised by amendment of paragraphs (a) and (b) and addition of paragraphs (j) through (q) inclusive. These changes incorporate the standards set forth in directive of the Secretary of Defense, dated 18 December 1950, on broadening the industrial base of procurement programs, in connection with the President's proclamation of the existence of a National Emergency (Proclamation 2914, 16 December 1950). Revised § 402.101 reads as follows:

§ 402.101 *Negotiation as distinguished from formal advertising.* As used throughout this regulation, negotiation means that method of procurement under which the procedures for procurement by formal advertising, as set forth in Part 401 of this subchapter, are not required. Whenever supplies or services are to be procured by negotiation, price quotations, supported by statements and analyses of estimated costs or other evidence of reasonable prices and other vital matters deemed necessary by the Contracting Officer, shall be solicited from all such qualified sources of supplies or services as are deemed necessary by the Contracting Officer to assure full and free competition consistent with the procurement of the required supplies or services, in accordance with the basic policies set forth in subpart C of Part 400 of this subchapter, to the end that the procurement will be made to the best advantage of the Government, price and other factors considered. Negotiation shall thereupon be conducted, by Contracting Officers and their negotiators, with due attention being given to the following and any other appropriate factors:

(a) Comparison of prices quoted, and consideration of other prices for the same or similar supplies or services, with

due regard to production costs, including extra-pay shift, multi-shift and overtime costs, and any other factors relating to price, such as profits, cost of transportation, and cash discounts;

(b) Comparison of the business reputations, capabilities, and responsibilities of the respective persons or firms who submit quotations;

(c) Consideration of the quality of the supplies or services offered, or of the same or similar supplies or services previously furnished, with due regard to the satisfaction of technical requirements;

(d) Consideration of delivery requirements;

(e) Discriminating use of price and cost analyses;

(f) Investigation of price aspects of any important subcontract;

(g) Individual bargaining, by mail or by conference;

(h) Consideration of cost sharing;

(i) Effective utilization in general of the most desirable type of contract, and in particular of contract provisions relating to price redetermination;

(j) Consideration of the size of the business concern;

(k) Consideration as to whether the prospective supplier is a planned producer under the industrial mobilization program;

(l) Consideration as to whether the prospective supplier requires expansion or conversion of plant facilities;

(m) Consideration as to whether the prospective supplier is located in a surplus or scarce labor area;

(n) Consideration as to whether the prospective supplier will have an adequate supply of qualified labor;

(o) Consideration of the extent of subcontracting;

(p) Consideration of the existing and potential workload of the prospective supplier; and

(q) Consideration of broadening the industrial base by the development of additional suppliers.

2. Section 402.104 is added to set forth the policy with respect to aids to small business approved by the Munitions Board on 5 April 1951, as follows:

§ 402.104 *Aids to small business in negotiated procurement.* In furtherance of the policy with respect to small business concerns, as set forth in § 400.302-3, the following aids will be employed where practicable and where consonant with other Department of Defense policies:

(a) Divide procurement of supplies or services into reasonably small lots in order to permit the making of multiple awards;

(b) Employ lists, similar to bidders lists used in procurement by formal advertising, to discover small business sources and to broaden the industrial base;

(c) Employ advance notices, similar to the notices used in advance of the issuance of invitations for bids in procurement by formal advertising, to inform prospective small business concerns and others of proposed negotiated procurements;

(d) Employ suitable methods in soliciting proposals where an excessive number of potential suppliers exists;

(e) Allow the maximum amount of time practicable for preparation and submission of proposals; and

(f) Make multiple awards where suitable.

SUBPART B—CIRCUMSTANCES PERMITTING NEGOTIATIONS

Section 402.203-2, relating to the application of the authority for purchases not in excess of \$1,000, is revised by adding at the end of the first sentence "except as may be authorized in accordance with § 402.201." In view of Secretarial determinations permitting the negotiation of contracts pursuant to the authority of § 402.201, that section is used as authority to negotiate purchases not in excess of \$1,000 rather than § 402.203. This section is now consistent with the present procedure. Revised § 402.203-2 reads as follows:

§ 402.203-2 *Application.* Purchases or contracts aggregating \$1,000 or less shall be made under this section rather than under any other provision of this part, except as may be authorized in accordance with § 402.201. In arriving at "the aggregate amount involved," there must be included all supplies and services which would properly be grouped together in a single transaction, and which would be included in a single advertisement for bids if the procurement were being effected by formal advertising. Purchases or contracts aggregating more than \$1,000 shall not be broken down into several purchases or contracts which are less than \$1,000, nor shall customary purchasing or contracting procedures be altered, merely for the purpose of permitting negotiation under this section.

PART 404—INTERDEPARTMENTAL PROCUREMENT

SUBPART A—PROCUREMENT FROM OR UNDER CONTRACTS OF FEDERAL SUPPLY SERVICE

Subpart A, relating to procurement from or under contracts of the Federal Supply Service, GSA, is completely revised to conform with the revised policy of the Munitions Board with respect to purchases from the Federal Supply Service to read as follows.

- Sec. 404.101 Orders under contracts of Federal Supply Service.
- 404.101-1 Statement of policy.
- 404.101-2 Content of orders.
- 404.102 Procurement from supply centers of Federal Supply Service.
- 404.102-1 Statement of policy.
- 404.102-2 Additional arrangements.

§ 404.101 *Orders under contracts of Federal Supply Service.*

§ 404.101-1 *Statement of policy.* In the procurement of supplies or services which are covered by contracts made by the Federal Supply Service, General Services Administration, it shall be the policy of each Department, in accordance with requirements and procedures prescribed by it, to utilize to the fullest

extent practicable the "Federal Supply Schedule" of such Service.

§ 404.101-2 *Content of orders.* Orders issued under contracts of the Federal Supply Service shall contain sufficient data to enable prompt identification of the correct listing in the proper Federal Supply Schedule.

§ 404.102 *Procurement from supply centers of Federal Supply Service.*

§ 404.102-1 *Statement of policy.* Military activities and installations located in the Continental United States that are authorized to purchase locally their requirements for supplies will purchase such supplies from Federal Supply Service Centers when (a) they have made prior arrangements with authorized field agencies of the Federal Supply Service to establish estimates of requirements and to assure availability of the supplies and quantities required; (b) the supplies are identified as being available to and used by federal agencies generally through facilities of the Federal Supply Service Centers; (c) military effectiveness will not be decreased; (d) cost compares favorably with delivered cost of like supplies available from commercial sources; and (e) the supplies do not require oversea packaging or packing.

§ 404.102-2 *Additional arrangements.* Additional arrangements for utilizing Federal Supply Service Centers, in circumstances other than those set forth in § 402.102-1, may be agreed upon between a Department and the Federal Supply Service. If such arrangements are of an indefinite or long-term nature, notice thereof will be given to the Munitions Board Military Director for Supply Management.

PART 404—INTERDEPARTMENTAL PROCUREMENT

SUBPART C—PROCUREMENT OF PRISON-MADE AND BLIND-MADE PRODUCTS

1. Section 404.301, relating to the procurement of Prison-Made Products, is completely revised, to conform with the revised policy approved by the Munitions Board on 21 December 1950. Revised § 404.301 reads as follows:

§ 404.301 *Prison-made products.* Supplies manufactured by Federal penitentiaries shall be procured from Federal Prison Industries, Inc., to the extent that such supplies are available: *Provided,* That procurement of such supplies in less than carload lots shall be effected through the Federal Supply Service, General Services Administration, to the extent that such supplies are carried in stock by the Federal Supply Service, except (a) for supplies requiring oversea packaging or packing, or (b) in those cases where the ordering installation or activity is so located geographically that it would be more practicable and economical to purchase direct from the Federal Prison Industries, Inc. Purchase from the Federal Supply Service of such supplies is in compliance with the mandatory schedule requirements of the Federal Prison Industries, Inc. General clearances have been granted each

Department to procure from commercial sources certain supplies listed in the Schedule of Products issued by Federal Prison Industries, Inc. A special clearance must be obtained from Federal Prison Industries, Inc., c/o the Department of Justice, for the procurement from commercial sources of any supplies listed on such schedule and not covered by a general clearance.

2. Section 404.302, relating to the procurement of Blind-Made Products, is completely revised, to conform with the revised policy approved by the Munitions Board on 21 December 1950. A further minor change in the policy with respect to purchases in less than carload lots from the Federal Supply Service is also added. Revised § 404.302 reads as follows:

§ 404.302 *Blind-Made Products.* (a) Supplies listed in the Schedule of Blind-Made Products issued by the Federal Supply Service, General Services Administration, shall be procured from non-profit-making agencies for the blind at the prices determined by the Committee on Purchases of Blind-Made Products: *Provided,* That procurement of such supplies in less than carload lots shall be effected through the Federal Supply Service, General Services Administration, to the extent that such supplies are carried in stock by the Federal Supply Service, except (1) for supplies requiring oversea packaging or packing, or (2) in those cases where the ordering installation or activity is so located geographically that it would be more practicable and economical to purchase direct from the agencies for the blind. Purchase from the Federal Supply Service of such supplies is in compliance with the mandatory schedule requirements of Blind-Made Products.

(b) The Federal Supply Service may grant a special clearance to procure from commercial sources supplies listed in the Schedule of Blind-Made Products when necessary to meet emergency requirements, or when no agency for the blind is in a position to furnish the required supplies. In addition, procurement of any such listed supplies from commercial sources is authorized without obtaining a special clearance in the case of (1) military necessity requiring delivery within two weeks, except in cases where procurement of such supplies is required to be effected through the Federal Supply Service in accordance with the provisions of paragraph (a) of this section, (2) procurement of less than a single unit as listed in such schedule, or (3) supplies to be used outside the continental United States. Where supplies manufactured by non-profit-making agencies for the blind are similar to those manufactured in Federal penitentiaries, priority of procurement shall be given to the Federal Prison Industries, Inc.

PART 405—FOREIGN PURCHASES

SUBPARAGRAPH A—BUY AMERICAN ACT AND OTHER STATUTORY PROHIBITIONS OF FOREIGN PURCHASES

The Armed Services List of Supplies Excepted from Buy American Act, ap-

pearing in § 405.109, is revised by the addition of the item Logs, veneer, and lumber from balsa, greenheart, lignum vitae, mahogany and teak, and the deletion of the item Timber, balsa, greenheart, lignum vitae, mahogany, and teak. Revised § 405.109 reads as follows:

§ 405.109 Armed Services list of supplies excepted from Buy American Act. (See § 405.105.)

1. Supplies to be procured for public use:

Agar.
Aluminum.
Antimony.
Argols, tartar and wine lees.
Asbestos.
Bananas.
Bauxite.
Beef extract.
Beryl.
Bismuth.
Brazil nuts.
Cadmium.
Calcium cyanamide.
Capers.
Cashew nuts.
Castor beans.
Celestite.
Chalk, English.
Chicle.
Chrome ore or chromite.
Cinchona bark.
Cobalt (ore and metals).
Cocoa beans.
Cocoanut.
Coffee.
Columbite.
Copper.
Copra.
Cork.
Corundum.
Cryolite, natural.
Damar gum.
Derris cube and timbo roots.
Diamonds, industrial and abrasive.
Ergot.
Fiber, coir, abaca, and agave.
Goat and kid skins.
Graphite.
Hyoscine.
Iodine.
Ipecac and emetine.
Jute and jute burlaps.
Kaurigum.
Kyanite.
Lac and shellac.
Lead.
Logs, veneer, and lumber from balsa, greenheart, lignum vitae, mahogany and teak.
Manganese.
Menthol, natural.
Mercury.
Mica.
Monazite.
Nickel.
Nitroguanidine.
Nux vomica.
Oiticica oil.
Olive oil.
Olives, green and stuffed.
Opium.
Palm oil.
Crude petroleum, petroleum fuels, and petroleum lubricants.
Platinum and related group metals.
Pulp for paper production.
Pyrethrum flowers.
Quartz crystals.
Radium salts.
Rubber, crude and latex.
Rutile.
Santonin.
Sardines.
Silk.
Sperm oil.
Spices.
Talc, steatite.
Tantalite.

Taploca.
Tea.
Tin.
Tungsten.
Vanilla beans.
Wax, carnauba.
Zinc.
Zirconium.

2. Supplies to be used in the construction, alteration, or repair of any public building or public work:

Aluminum.
Antimony.
Asbestos.
Bauxite.
Chrome ore or chromite.
Copper.
Damar gum.
Jute and jute burlaps.
Kaurigum.
Lac and shellac.
Lead.
Logs, veneer, and lumber from balsa, greenheart, lignum vitae, mahogany and teak.
Mercury.
Mica.
Nickel.
Platinum and related group metals.
Rubber, crude and latex.
Tin.
Tungsten.
Zinc.

PART 406—CONTRACT CLAUSES AND FORMS

SUBPART A—CLAUSES FOR FIXED-PRICE SUPPLY CONTRACTS

1. Section 406.102, relating to the applicability of clauses for fixed-price supply contracts, is revised to clarify the fact that purchase orders for \$1,000 or less are not fixed-price supply contracts within the meaning of Subpart A. Revised § 406.102 reads as follows:

§ 406.102 *Applicability.* As used throughout this subpart, the term "fixed-price supply contract" shall mean any contract (a) entered into either by formal advertising or by negotiation, but excluding purchase orders for \$1,000 or less, letter contracts, letters of intent, preliminary notices of award, and amendments or modifications to contracts or purchase orders; (b) at a fixed price (with or without provision for price redetermination, escalation, or other form of price adjustment) as covered in §§ 402.402 to 402.404, inclusive, of this subchapter; and (c) for supplies other than (1) the construction, alteration or repair of buildings, bridges, roads, or other kinds of real property, and (2), experimental, developmental, or research work.

2. Section 406.103-8, containing the Assignment of Claims clause, is revised to reflect the changes made by Public Law 30, 82d Congress, approved 15 May 1951. Revised § 406.103-8 reads as follows:

§ 406.103-8 *Assignment of claims.*

ASSIGNMENT OF CLAIMS

(a) Pursuant to the provisions of the Assignment of Claims Act of 1940 as amended (31 U. S. C. 203, 41 U. S. C. 15), if this contract provides for payments aggregating \$1,000 or more, claims for moneys due or to become due the Contractor from the Government under this contract may be assigned to a bank, trust company, or other financing institution, including any Federal lending agency,

and may thereafter be further assigned and reassigned to any such institution. Any such assignment or reassignment shall cover all amounts payable under this contract and not already paid, and shall not be made to more than one party, except that any such assignment or reassignment may be made to one party as agent or trustee for two or more parties participating in such financing. Notwithstanding any other provision of this contract, payments to an assignee of any moneys due or to become due under this contract shall not, to the extent provided in said Act as amended, be subject to reduction or set-off.

(b) In no event shall copies of this contract or of any plans, specifications, or other similar documents relating to work under this contract, if marked "Top Secret", "Secret", "Confidential", or "Restricted", be furnished to any assignee of any claim arising under this contract or to any other person not entitled to receive the same; *Provided*, That a copy of any part or all of this contract so marked may be furnished, or any information contained therein may be disclosed, to such assignee upon the prior written authorization of the Contracting Officer.

The last sentence of paragraph (a) of the foregoing clause shall be included in contracts only in time of war, or national emergency proclaimed by the President (including the National Emergency Proclamation of December 16, 1950) or by act of joint resolution of the Congress and shall not be included in contracts entered into after such war or national emergency has been terminated; *Provided*, That in cases where special circumstances make it advisable in the best interests of the Government, and in accordance with Departmental procedures, such sentence may be omitted.

Pursuant to the provisions of the Assignment of Claims Act of 1940, as amended by Public Law 30, 82d Congress, the effect of the last sentence of paragraph (a) of the foregoing clause is that payments to be made to an assignee after 15 May 1951 of any moneys due or to become due under the contract shall not be subject to reduction or set-off for any liability of any nature of the Contractor to the Government which arises independently of the contract, or for any liability of the Contractor on account of (a) renegotiation under any renegotiation statute or under any statutory renegotiation clause in the contract, (b) fines, (c) penalties (which term does not include amounts which may be collected or withheld from the Contractor in accordance with or for failure to comply with the terms of the contract), or (d) taxes, Social Security contributions, or the withholding or nonwithholding of taxes or Social Security contributions, whether arising from or independently of the contract.

The assignee is required by said act, as amended, to "File written notice of the assignment together with a true copy of the instrument of assignment with (1) the Contracting Officer or the head of his department or agency; (2) the surety or sureties upon the bond or bonds, if any, in connection with such contract; and (3) the disbursing officer, if any, designated in such contract to make payment."

3. Section 406.105-7, containing a Bill of Materials clause and instructions for its use, is added as follows:

§ 406.105-7 *Bill of Materials*. A Bill of Materials consists of a report by a supplier which specifies the quantities of various materials required to produce a designated quantity of supplies of a particular kind. A Bill of Materials, with respect to all or part of the supplies to be furnished pursuant to a contract, shall be required only if the Contracting Officer, in accordance with the procedures of the Department concerned, shall determine that such bill is necessary in order to develop materials requirements for production and maintenance programs or for industrial mobilization purposes. In such event, the contract shall specify, with respect to such bill, the following:

- (a) Whether the bill shall be furnished for all or for only part of the supplies to be delivered pursuant to the contract;
- (b) Whether the bill shall be furnished in summary or in detail, or both;
- (c) The compensation to be paid the contractor for furnishing such bill or any revisions thereto; or a statement that the price of the item to which the bill relates includes compensation for the furnishing of such bill;
- (d) The number and kind of copies of such bill to be furnished; and
- (e) Delivery dates, if any, different from those provided in the clause.

In such event, the contract shall also include the following clause:

BILL OF MATERIALS

(a) With respect to the supplies to be delivered pursuant to the contract, for which a Bill of Materials is required, the Contractor shall furnish a Bill of Materials in the required number of copies on Department of Defense Forms 346 and 347 in accordance with the instructions contained in such forms which are hereby incorporated by reference in this contract.

(b) Except as otherwise provided in this contract, the Bill of Materials shall be delivered not later than thirty (30) days after the first delivery of any supplies to be delivered pursuant to this contract for which a Bill of Materials is required.

(c) When changes, made pursuant to the clause of this contract entitled "Changes," affect the quantity of any material or part described in the Bill of Materials or require a revision of any other information contained therein, the Contractor shall, during performance of the contract, furnish to the Contracting Officer, every four months after delivery of the Bill of Materials, revised pages of the Bill of Materials, incorporating the effect of such changes, or a statement that no revisions are necessary. The statement need not be furnished for any four month period during which no change under the "Changes" clause is made. A final revision or statement that no revisions are necessary shall be furnished upon completion of performance of the contract.

(d) The Bill of Materials and all revisions and statements subsequent thereto shall be subject to inspection and acceptance by the Contracting Officer.

Where a Bill of Materials is procured by contract separate from the supplies to which such Bill of Materials relates, such contract shall include such of the terms mentioned above as may be appropriate and shall specify that the Bill of Materials shall be furnished on Department of Defense Forms 346 and 347.

PART 411—LABOR

SUBPART F—WALSH-HEALEY PUBLIC CONTRACTS ACT

Section 411.602, relating to the applicability of the Walsh-Healey Public Contracts Act is revised. The coverage of the Walsh-Healey Public Contracts Act has been extended, effective 1 November 1950, to Puerto Rico and the Virgin Islands and the revision of the section is made to conform the statement of applicability of the Walsh-Healey Public Contracts Act requirements with the amended General Regulations of the Division of Public Contracts, Department of Labor. See in this connection the revision of § 400.201-9 of this subchapter. Revised § 411.602 reads as follows:

§ 411.602 *Applicability*. The requirement set forth in § 411.601 applies to contracts for the manufacture or furnishing of "materials, supplies, articles, and equipment" which are to be performed within the geographic limits of the continental United States, Alaska, Hawaii, Puerto Rico, Virgin Islands, or the District of Columbia, and which exceed or may exceed \$10,000 in amount. Pursuant to the Walsh-Healey Act, the Secretary of Labor has issued detailed regulations and interpretations as to the coverage of said Act, and exemptions and procedures thereunder. These regulations and interpretations are compiled in a document entitled "Walsh-Healey Public Contracts Act, Rulings and Interpretations." In addition to the interpretations stated in that document, attention is directed to an opinion of the Department of Labor that contracts which are originally \$10,000 or less, but are subsequently modified to increase the price to an amount in excess of \$10,000, are subject to the Walsh-Healey Act; and that contracts in an amount exceeding \$10,000, which are subsequently modified to a figure of \$10,000, or less, are not subject to said Act with respect to work performed after such modification if modification is effected by mutual agreement.

PART 414—CONTRACT COST PRINCIPLES

SUBPART D—CONSTRUCTION CONTRACTS

1. Section 414.403, containing examples of items of allowable costs in construction contracts, is revised by adding an example, paragraph (q), relating to pensions, retirement, group health, accident and life insurance plans, to conform with the policy adopted by the Munitions Board on 18 January 1951. Subparagraph (q) reads as follows:

§ 414.403 *Examples of items of allowable costs*.

(q) Pension, retirement, group health, accident and life insurance plans (but see § 414.404 (b), (d), and (m)).

2. Section 414.404, containing examples of items of unallowable costs in construction contracts, is revised by amendment of paragraph (m), relating to premiums for insurance on the lives of directors, officers, proprietors, or other persons, where the Contractor is the beneficiary directly or indirectly to conform

with the policy adopted by the Munitions Board on 18 January 1951. Revised paragraph (m) reads as follows:

§ 414.404 *Examples of items of unallowable costs*.

(m) Premiums for insurance on the lives of directors, officers, proprietors or other persons, where the Contractor is the beneficiary directly or indirectly.

(R. S. 161; 5 U. S. C. 22. Interpret or apply secs. 2-12, 62 Stat. 21; 41 U. S. C. Sup. 151-161)

Chapter V—Department of the Army

Subchapter D—Military Reservations and National Cemeteries

PART 552—REGULATIONS AFFECTING MILITARY RESERVATIONS

POLICY

Paragraph (a) of § 552.7 is rescinded and the following substituted therefor:

§ 552.7 *Policy*—(a) *Competition*. The use of real estate under the control of the Department of the Army for private purposes will be granted only after reasonable efforts have been made to obtain competition for its use. The purpose of seeking competition, normally through advertising, is to afford all qualified persons equal opportunity to bid for the use of the property, to secure for the Government the benefits which flow from competition, and to prevent criticism that favoritism has been shown by officers or employees of the Government in making public property available for private use. Exceptions to this policy, which have been approved by the Secretary of the Army, are as follows:

- (1) Leasing lands for agricultural purposes by negotiation with former owners (i. e., the Government's grantor) without competition or leases of former owners who were occupying the property at the time of its acquisition by the Government.
- (2) Granting easements and licenses to public agencies and public utilities.
- (3) Granting permits to other Federal agencies.
- (4) Leasing cable pairs.

TITLE 32A—NATIONAL DEFENSE, APPENDIX

Chapter III—Office of Price Stabilization, Economic Stabilization Agency

[Ceiling Price Regulation 11, Amdt. 6]

CFR 11—RESTAURANTS

EXEMPTION FOR DONA FIDE CLUBS IN PUERTO RICO

Pursuant to the Defense Production Act of 1950, as amended (Pub. Law 774,

RULES AND REGULATIONS

81st Cong., Pub. Law 96, 82nd Cong.), Executive Order 10161 (15 F. R. 6105), and Economic Stabilization Agency General Order No. 2 (16 F. R. 738), this Amendment 6 to Ceiling Price Regulation 11 is hereby issued.

STATEMENT OF CONSIDERATIONS

Amendment 5 to Ceiling Price Regulation 11 provides that non-profit membership clubs may apply under certain conditions for exemption from the provisions of CPR-11.

Among the criteria for establishing such an exemption is a provision that the applicant must state that "the club is a non-profit organization, recognized as such by the Bureau of Internal Revenue, and exempt from the payment of income tax by reason thereof" and that "it is operated primarily as a non-profit club for one or more of the purposes specified in Sec. 101 of the Bureau of Internal Revenue Code".

The Bureau of Internal Revenue Code is, however, not applicable in Puerto Rico and therefore as the Regulation now stands no club in Puerto Rico may apply for the exemption, for while all such clubs are exempt from the payment of Federal Income Tax it is not for the reason that they are non-profit organizations.

Similarly, while the criteria established in Sec. 101 of the Bureau of Internal Revenue Code can be applied to Puerto Rico, there is no actual test of the fact they do apply. However, section 29 of Act No. 74, approved August 6, 1925 (P. R.) is based on section 101 of the Bureau of Internal Revenue Code, and contains very nearly the same provisions.

This amendment will provide that a non-profit club in Puerto Rico must show, instead of the two facts above, which are not strictly applicable, that it is recognized as a non-profit club by the Bureau of Income Tax of the Department of Finance of Puerto Rico, and that it is operated primarily as a non-profit club for one or more of the purposes specified in section 29 of Act No. 74, approved August 6, 1925 (P. R.).

The special circumstances in the formulation of this amendment have rendered impractical consultation with the industry; however, the provisions of this amendment incorporate the recommendations of persons representing substantial segments of the industry. In the opinion of the Director of Price Stabilization, the provisions of this amendment are generally fair and equitable and are necessary to effectuate the purposes of Title IV of the Defense Production Act of 1950, as amended.

AMENDATORY PROVISIONS

Section 9 (e) of Ceiling Price Regulation 11 is amended as follows:

1. Change section 9 (e) (1) to read:

(1) The club is a non-profit organization, recognized as such by the Bureau of Internal Revenue; or if the club is in Puerto Rico, that it is a non-profit organization recognized as such by the Bureau of Income Tax of the Puerto Rico Department of Finance; and exempt from the payment of income tax by rea-

son thereof, where no part of the net earnings of its restaurant operations inure to the benefit of any private shareholder or individual and the net profits, if any, are devoted to the purposes of the club.

2. Change section 9 (e) (4) to read:

(4) It is operated primarily as a non-profit club for one or more of the purposes specified in section 101 of the Bureau of Internal Revenue Code or, in the case of a restaurant situated in Puerto Rico, it is operated primarily as a non-profit club for one or more of the purposes specified in section 29 of Act No. 74, approved August 6, 1925 (P. R.), and in either case not primarily as an eating or drinking establishment.

(Sec. 704, 64 Stat. 816, as amended; 50 U. S. C. App. Sup. 2154)

Effective date. This Amendment 6 to Ceiling Price Regulation 11 is effective October 31, 1951.

MICHAEL V. DiSALLE,
Director of Price Stabilization.

OCTOBER 29, 1951.

[F. R. Doc. 51-13149; Filed, Oct. 29, 1951; 11:57 a. m.]

[Ceiling Price Regulation 30, Amdt. 2 to Supplementary Regulation 2, Revision 1]

CPR 30—MACHINERY AND RELATED
MANUFACTURED GOODS

SR 2—MACHINE TOOLS

DEFINITION OF MACHINE TOOL

Pursuant to the Defense Production Act of 1950, as amended, Executive Order 10161 (15 F. R. 6105), and Economic Stabilization Agency General Order No. 2 (16 F. R. 738), this Amendment 2 to Supplementary Regulation 2, Revision 1, to Ceiling Price Regulation 30 is hereby issued.

STATEMENT OF CONSIDERATIONS

This amendment redefines the term "machine tool". This new definition is in accordance with the original intent of the regulation.

The original definition was in terms of the function performed by machine tools. However, experience under this definition has shown that it was not sufficiently specific to exclude a large number of metalworking machines which are not properly classified as "machine tools". This Amendment clarifies the coverage of the regulation by specifically listing those metalworking machines which it covers.

The wide coverage of this amendment and the urgency of the situation has made it impossible to consult in detail with representatives of all the industries affected. However, in the preparation of this amendment, consultation was held with individual industry and trade association representatives and consideration was given to their recommendations.

AMENDATORY PROVISIONS

Supplementary Regulation 2, Revision 1, to Ceiling Price Regulation 30 is amended in the following respects:

1. Section 10 (b) is amended to read as follows:

(b) *Machine tool.* This term means any power-driven machine listed in Appendix A, which is not portable by hand and is used for the shaping of metal. It does not include any tool specifically designed for home workshops, laboratories, model makers, garages or service shops.

2. Appendix A is added to read as follows:

APPENDIX A—COMMODITIES COVERED BY THIS
REGULATION

The machines covered by this supplementary regulation are listed below:

Bending machines
Boring machines
Broaching machines
Centering machines
Cut-off and sawing machines (including contour sawing and filing machines)
Drilling machines
Forging machinery
Gear cutting and finishing machines
Grinding machines
Honing and lapping machines
Hydraulic presses
Keyseating machines
Lathes (including automatic screw machines)
Mechanical presses
Milling machines
Planers
Polishing and buffing machines
Shapers and slotters
Rifle working machines
Shearing and punching machines
Tapping and threading machines
(Sec. 704, 64 Stat. 816, as amended; 50 U. S. C. App. Sup. 2154)

Effective date. This amendment shall become effective November 3, 1951.

MICHAEL V. DiSALLE,
Director of Price Stabilization.

OCTOBER 29, 1951.

[F. R. Doc. 51-13152; Filed, Oct. 29, 1951; 4:00 p. m.]

[General Ceiling Price Regulation, Amdt. 4 to Supplementary Regulation 29]

GCPR, SR 29—CEILING PRICES FOR CERTAIN
SALES AT RETAIL AND AT WHOLESALE

ADDITION OF CPR 45, REVISION 1

Pursuant to the Defense Production Act of 1950 as amended, Executive Order 10161 (15 F. R. 6105) and Economic Stabilization Agency General Order No. 2 (16 F. R. 738), this Amendment 4 to Supplementary Regulation 29 to the General Ceiling Price Regulation is hereby issued.

STATEMENT OF CONSIDERATIONS

Supplementary Regulation 29, an interim wholesale and retail regulation, provides for a follow-through for price decreases and increases by manufacturers effected by the general manufacturers' regulation (Ceiling Price Regulation 22) and companion regulations. This amendment to Supplementary Regulation 29 adds Ceiling Price Regulation 45, Revision 1 (Apparel Manufacturers) to the list of manufacturers' regulations in order to enable wholesalers and re-

tailers pricing under the General Ceiling Price Regulation commodities the prices of which have changed under Ceiling Price Regulation 45, Revision 1, to price under Supplementary Regulation 29. This will require decreases occasioned by Ceiling Price Regulation 45, Revision 1, to be reflected in the selling price and will permit increases to be so reflected.

Since this action largely has the effect of extending to wholesalers and retailers a form of relief generally requested by them in connection with pricing apparel items, no formal consultations with the trade were deemed necessary.

AMENDATORY PROVISIONS

In section 1 of Supplementary Regulation 29, delete the period following the words, "Ceiling Price Regulation 41 ('Shoe Manufacturers')," substitute a semicolon therefor, and add following the semicolon the phrase, "Ceiling Price Regulation 45, Revision 1, ('Apparel Manufacturers')."

(Sec. 704, 64 Stat. 816, as amended; 50 U. S. C. App. Sup. 2154)

This amendment shall become effective on the 3d day of November, 1951.

MICHAEL V. DiSALLE,

Director of Price Stabilization.

OCTOBER 29, 1951.

[F. R. Doc. 51-13153; Filed, Oct. 29, 1951; 4:00 p. m.]

[Ceiling Price Regulation 90]

CPR 90—EASTERN AND CENTRAL WOODEN AGRICULTURAL CONTAINERS

Pursuant to the Defense Production Act of 1950, as amended, (Pub. Law 774, 81st Cong., Pub. Law 96, 82nd Cong.), Executive Order 10161 (15 F. R. 6105), and Economic Stabilization Agency General Order No. 2 (16 F. R. 738), this Ceiling Price Regulation 90 is hereby issued.

STATEMENT OF CONSIDERATIONS

This regulation covers the sales of wooden agricultural containers manufactured in the states East of the eastern border of Colorado. The manufacturers located in that area comprise the Eastern and Central Wooden Agricultural Container Industry. They manufacture wooden agricultural containers which are sold throughout the United States. These containers are necessary for the marketing of perishable commodities which mature at varying times and in varying places. The principal markets of this industry are centered in Florida, New Jersey, Texas, the Georgia peach belt, and the apple belts of the Lake States, New York, and the Shenandoah Valley.

The wooden container industry, which includes agricultural and industrial containers, uses in excess of four and one-half billion board feet of lumber and veneer annually, which is approximately 12% of the production of the lumber industry in the United States. About one-seventh of this amount is required for

the manufacture of agricultural containers in the area East of the Rocky Mountains.

The products of the agricultural container industry include berry cups and crates, apple boxes, potato crates, asparagus crates, avocado boxes, tomato lugs, veneer baskets, and other similar containers.

The measurement and cubic content of many agricultural containers are prescribed by Federal and State law. A large percentage of agricultural containers are also standardized through publication of their specifications in freight tariffs issued under the authority of the National Container Committee of the American Association of Railroads. The tariffs also provide methods for loading these containers in refrigerator cars when packed with perishable commodities.

The seasonal demands for agricultural containers require the manufacturing of these items far in advance of the harvesting season. Thus, it necessitates the accumulation of large inventories by the manufacturer with attendant carrying costs and the taking of risks of crop and market failures. In general, the practice of the customers of this industry is to reduce or eliminate their financial hazards by not contracting for containers until the crops have matured and are ready for shipment. The users then expect that the manufacturers will have an adequate supply of containers available for marketing the crops, irrespective of the crop size or when they are ready to be shipped.

Inasmuch as the various crops reach marketing maturity at different times in different parts of the country, it follows that if there is a crop failure in one area it has a major impact on the operations of the container factories normally supplying the affected markets. When a crop fails in one locality it is sometimes necessary for manufacturers to dispose of their containers by selling them at distress prices in an effort to obtain funds to meet the incurred manufacturing expenses. This type of marketing has had a depressing effect on the price structure of this container industry for the past several years and is reflected in the GCFR base period prices of numerous manufacturers.

The base period established by the General Ceiling Price Regulation came at a time of low production and sales for the Eastern and Central Wooden Agricultural Container Industry. The prices established early in 1950 for the coming marketing periods, in accordance with industry practice, would have prevailed to the end of the active shipping season which is sometime in the latter part of November or early December. However, influenced by rising costs, prices increased in an irregular pattern throughout the year and through the base period. As a result, prices so established for the December 19, 1950, to January 25, 1951 base period, do not reflect a sound price-cost relationship for the entire industry. In addition many items manufactured by this industry were not sold during the base period and had no established ceiling price.

Material costs and wage rates in the wooden container industry in the United States increased disproportionately in relation to selling prices from January 1947—immediately following the end of OPA—to January 1951. These increases were approximately 30 percent for logs and 60 percent for manufactured wire, and approximately 40 percent for wages. In logging camps wages increased approximately 27 percent and in sawmills and planing mills they increased approximately 31 percent.

Since so many of the items manufactured by this industry did not have an established base period price which reflected a current cost-price relationship, and since numerous items did not have any base period price, it was necessary in establishing a level of prices, first, to determine a time when prices for the entire industry reflected a balanced cost-price relationship for all items. This condition existed in 1946, under the last OPA price schedule, for at that time prices had been established for these items by extensive cost studies. Then a comparison was made between the GCFR base period prices of the items sold for crops normally marketed during that period to the prices that existed in 1946 for those same items. It was found that these prices had advanced approximately 25 percent from the end of 1946 to the GCFR base period. Therefore, in order to establish a level of prices for all items which this industry produces, the prices established in this regulation for the containers manufactured by this industry were arrived at by reflecting a comparable percentage increase over the 1946 prices.

While this percentage increase is less than the percentage increase in the cost of labor and material, efficiency in production has increased thereby lowering manufacturing costs so that in general these prices are in line with what should be a normal industry pattern of prices. This price level should be adequate to maintain a high rate of production of agricultural containers sufficient to provide for the marketing of crops needed by the civilian and military economies, and thus prevent serious loss to farmers who might be unable to market their crops unless a sufficient supply of containers is available.

In the judgment of the Director of Price Stabilization, the ceiling prices established by this regulation are generally fair and equitable and are necessary to effectuate the purpose of Title IV of the Defense Production Act of 1950, as amended.

So far as practicable, the Director of Price Stabilization gave due consideration to the national effort to achieve maximum production in furtherance of the objectives of the Defense Production Act of 1950, as amended; to prices prevailing during the period from May 24, 1950, to June 24, 1950, inclusive, and to relevant factors of general applicability.

In formulating this regulation, the Director has consulted with representatives of the industry to the extent practicable under the circumstances and has given consideration to their recommendations.

RULES AND REGULATIONS

REGULATORY PROVISIONS

SEC.

1. What this regulation does.
2. Basic ceiling prices on sales by manufacturers.
3. Additions to basic ceiling prices on sales by manufacturers.
4. Commodities not specifically priced.
5. Delivered prices.
6. Ceiling prices on sales by warehousemen.
7. Ceiling prices on sales by dealers.
8. Establishment of mark-up by new sellers other than manufacturers.
9. Records.
10. Adjustable pricing.
11. Petitions for amendment.
12. Transfers of business or stock in trade.
13. Prohibitions.
14. Evasion.
15. Sales at less than ceiling prices.
16. Violation—Civil or criminal action.
17. Definitions and explanations.

AUTHORITY: Sections 1 to 17 issued under Sec. 704, 64 Stat. 818, as amended; 50 U. S. C. App. Sup., 2154. Interpret or apply Title IV, 64 Stat. 803, as amended; 50 U. S. C. App. Sup., 2101-2110, E. O. 10161, Sept. 9, 1950; 15 F. R. 6105; 3 CFR, 1950 Supp.

SECTION 1. What this regulation does—
(a) Commodities covered. This regulation, under the term "Eastern and Central Wooden Agricultural Containers," establishes dollars and cents ceiling prices for agricultural containers, constituent wooden parts thereof, if ready to be assembled into a container, and services supplied in connection with those containers, manufactured in any of the following States: Alabama, Arkansas, Connecticut, Delaware, Florida, Georgia, Illinois, Indiana, Iowa, Kansas, Kentucky, Louisiana, Maine, Maryland, Massachusetts, Michigan, Minnesota, Mississippi, Missouri, Nebraska, New Hampshire, New Jersey, New York, North Carolina, North Dakota, Ohio, Oklahoma, Pennsylvania, Rhode Island, South Carolina, South Dakota, Tennessee, Texas, Vermont, Virginia, West Virginia, and Wisconsin.

The term "agricultural container" means any assembled or unassembled box, crate, tray, lug, cup, hamper, basket, carrier or similar container made of wood, or a combination of wood, solid fibre or corrugated board customarily used for picking, handling, storing, or shipping, fresh fruits, vegetables, and other farm products.

Expressly excluded from the provisions of this regulation are coopered products, veneer drums, ply-wood drums, and containers made entirely of solid fibre or corrugated board.

(b) Transactions covered. This regulation applies to all sales and purchases of the products and services covered by this regulation in the 48 States of the United States, its territories and possessions, and the District of Columbia, although the products are manufactured and the services are supplied in the States listed above.

SEC. 2. Basic ceiling prices on sales by manufacturers. If you are a manufacturer of Eastern and Central Wooden Agricultural Containers, your ceiling prices, f. o. b. factory, for Eastern and Central Wooden Agricultural Containers when sold in minimum truckload quantities are those contained in the following tables:

TABLE I—EXPORT TUBS; CONTINUOUS STAVE BASKETS; COVERS

Description	Units	Minimum truckload	Price per unit
1-bushel export tubs, solid, raised, or s. l. bottom.....	Dozen	125	\$1.70
1-bushel continuous stave, bent bottom, 3 hoops.....	do.	125	3.90
1-bushel continuous stave, improved, 3 hoops.....	do.	125	3.75
1-bushel continuous stave, round bottom, 2 hoops.....	do.	125	3.70
1/2-bushel export tubs, solid or stitched in bottoms.....	do.	175	3.50
1/2-bushel continuous stave, bent bottom, 3 hoops.....	do.	175	3.30
1/2-bushel continuous stave, round bottom, 2 hoops.....	do.	175	3.12
1-bushel full or Georgia crown covers.....	do.	1.30
1-bushel star crown covers.....	do.	1.25
1-bushel star flat covers.....	do.	1.15
1-bushel octagon covers, without loops.....	do.	1.05
1-bushel rimless covers, with 4 loops.....	do.	1.25
1-bushel moon covers.....	do.	1.00
1/2-bushel full or Georgia crown covers.....	do.95
1/2-bushel star crown covers.....	do.90
1/2-bushel star flat covers.....	do.80

1. All baskets and tubs are priced with full or Georgia crown covers, 2 handles and 2 loop fasteners, unless other wise specified.
2. All covers are priced with 2 loop fasteners, unless otherwise specified. For covers without loop fasteners deduct 3 cents per dozen.
3. For baskets without covers deduct full or Georgia crown cover price.
4. For all customer printing add 1/2 cent per impression; die charge for customer's account.
5. For baskets without side loop fasteners deduct 6 cents per dozen.
6. For baskets without handles deduct 6 cents per dozen.
7. For 2 extra side loop fasteners add 6 cents per dozen.
8. For 2 extra handles add 6 cents per dozen.
9. For baskets priced with covers other than full or Georgia crown covers deduct full or Georgia crown cover price and add the price of the cover used.

TABLE II—HAMPER; COVERS

Description	Units	Minimum truckload	Price per unit
1-bushel (32-quart) hampers; wire, tin, or loop fasteners.....	100	2,000	\$32.00
1/2-bushel (20-quart) hampers; machine made, veneer hoops, no covers.....	100	3,000	18.20
1/2-bushel (20-quart) hampers; machine made, keg hoops, no covers.....	100	3,000	20.00
1/2-bushel (20-quart) hampers; machine made, keg hoop, metal bottom hoop.....	100	3,000	21.00
1/2-bushel (16-quart) hampers, no covers.....	100	3,500	16.50
1-bushel regular flat solid or ventilated hamper covers.....	100	8.75
8-quart machine-made baskets.....	100	16.00
4-quart machine-made baskets.....	100	14.00

1. For hampers without covers, deduct listed price for 1 bushel hamper covers.
2. For all customer printing add 1/2 cent per impression; die charge extra for customer's account.
3. For treating hamper with preservatives—add 5 cents per hamper.

TABLE III—CLIMAX BASKETS; BERRY CUPS; TILL BASKETS

Description	Units	Minimum truckload	Price per unit
4-quart climax baskets, veneer covers, wire handles.....	1,000	8,000	\$112.75
4-quart climax baskets, no covers, wire handles.....	1,000	8,000	97.00
4-quart climax baskets, no covers, no handles.....	1,000	8,000	93.00
4-quart climax veneer covers only.....	1,000	20.00
4-quart climax wire handles only.....	1,000	6.75
12-quart climax baskets, flat-slatted covers, wire handles.....	1,000	4,000	182.50
12-quart climax baskets, raised slatted covers, wire handles.....	1,000	4,000	190.00
12-quart climax baskets, wire handles, no covers.....	1,000	4,000	160.00
12-quart climax baskets, no handles, no covers.....	1,000	4,000	153.00
12-quart climax raised slatted covers only.....	1,000	45.00
1-quart American berry cups—predried.....	1,000	60,000	14.00
1-quart American berry cups, wet.....	1,000	60,000	12.50
1-quart American berry cups, light corners.....	1,000	60,000	17.00
1-pint American berry cups, predried.....	1,000	70,000	13.00
1-pint American berry cups, wet.....	1,000	70,000	11.50
1-pint oblong berry cups.....	1,000	60,000	13.50
1-quart till baskets.....	1,000	40,000	23.50
2-quart till baskets.....	1,000	30,000	23.50
3-quart till baskets.....	1,000	23,000	23.50
4-quart till baskets.....	1,000	20,000	24.50
2-quart climax baskets, veneer covers, with handles.....	1,000	8,000	75.00
12-quart climax wire handles only.....	1,000	8.50

1. For climax baskets with 2 loops, add \$2 per thousand.
2. All berry cups are priced packed in cartons.

TABLE IV—MARKET BASKETS AND COVERS

Description	Units	Minimum truckload	Price per unit
4-quart square-braid splint baskets.....	Dozen	350	\$1.10
8-quart square-braid splint baskets.....	do.	300	1.30
12-quart square-braid splint baskets.....	do.	250	1.40
16-quart square-braid splint baskets.....	do.	200	1.50
24-quart square-braid splint baskets.....	do.	150	1.65
32-quart square-braid splint baskets.....	do.	100	2.00
8-quart veneer covers.....	10090
12-quart veneer covers.....	100	1.00
16-quart veneer covers.....	100	1.00
24-quart veneer covers.....	100	1.50
8-quart slatted raised covers.....	Dozen60
12-quart slatted raised covers.....	do.65
16-quart slatted raised covers.....	do.65
24-quart slatted raised covers.....	do.80

All market baskets are priced without covers, unless otherwise specified.

subject to later adjustment in accordance with whatever action the Office of Price Stabilization may take on your application.

If the Director of Price Stabilization does not disapprove your proposed ceiling price within 20 days from receipt of your application, you may use your proposed ceiling price, subject to subsequent revision, unless the Director of Price Stabilization requests further information. In that event, if the Director of Price Stabilization does not disapprove your application within 20 days from the receipt of the additional information, you may thereafter use your proposed ceiling price, subject to subsequent revision.

Sec. 5. Delivered prices. If delivery is by common carrier or contract carrier the actual transportation costs paid or incurred by you may be added to the basic ceiling prices. If shipment is by truck owned or controlled by you, a charge not in excess of the common carrier charge for the same shipment may be added to the basic ceiling prices.

Sec. 6. Ceiling prices on sales by warehousemen. If you are a warehouseman of Eastern and Central Wooden Agricultural Containers, the ceiling prices which you may charge for Eastern and Central Wooden Agricultural Containers shall be the sum of the following:

(a) The basic ceiling f. o. b. factory price;

(b) Your average in-bound freight on the particular size and type of container. Your average in-bound freight must be computed on the last business day of each month or four week period in accordance with your usual accounting practice, on the basis of the weighted quantity of containers received by you from different factories during the computing period and an amount no greater than the resulting figure may be used as the freight charge on sales made during the succeeding corresponding period;

(c) Your percentage margin over the ceiling f. o. b. factory price as it was computed on sales of Eastern and Central Wooden Agricultural Containers during the period from May 24, 1950 to June 24, 1950, inclusive, to purchasers of the same class.

Sec. 7. Ceiling prices on sales by dealers. If you are a dealer in Eastern and Central Wooden Agricultural Containers, the ceiling prices which you may charge for Eastern and Central Wooden Agricultural Containers shall be the sum of the following:

(a) The basic ceiling f. o. b. factory price;

(b) Your percentage margin over the ceiling f. o. b. factory price as it was computed on all sales of Eastern and Central Wooden Agricultural Containers during the period from May 24, 1950 to June 24, 1950, inclusive, to purchasers of the same class.

Sec. 8. Establishment of mark-up by new sellers other than manufacturers. If you are a warehouseman or dealer who did not sell Eastern and Central Wooden Agricultural Containers covered by this regulation in the period from May 24, 1950 to June 24, 1950, inclusive, you may make application in writing to

the Forest Products Division, Office of Price Stabilization, Washington 25, D. C., for the establishment of a mark-up. The application must set forth the nature and scope of your business operations, including such facts as the classes of customers to which you sell, or intend to sell, a description of the items to be sold, your requested mark-up, and the method used by you to determine it, the reasons why you consider that the requested mark-up is in line with the level of mark-ups otherwise established by this regulation; and if you are starting a new business, a statement whether you or the principal owner of the business is now or during the past 12 months has been engaged in any capacity in the same or a similar business at any other establishment, and if so, the trade name and address of that establishment. If the Director of Price Stabilization does not establish a different mark-up within 20 days from receipt of your application, you may use your proposed mark-up subject to subsequent revision, unless the Director of Price Stabilization requests further information. In that event, if the Director of Price Stabilization does not establish a mark-up within 20 days from the receipt of the additional information, you may thereafter use your proposed mark-up, subject to subsequent revision.

Sec. 9. Records. (a) If you sell or in the course of trade buy the commodities and services covered by this regulation, you must make and keep complete and accurate records which will show a complete description of the products sold, the name and address of the seller and buyer, the date of the transaction, and the price. The foregoing records must be preserved for two years from the date of each invoice for inspection by representatives of the Office of Price Stabilization.

(b) If you are a seller of the commodities and services covered by this regulation, you must submit a complete and accurate invoice to the purchaser in each sale which must show the quantity of the sale and a sufficiently complete description of the containers or parts or any extras which affect the ceiling price to show whether or not the price is proper.

The invoice must also show if you are a manufacturer, dealer, or warehouseman.

The foregoing records must be preserved for two years from the date of each invoice for inspection by representatives of the Office of Price Stabilization.

(c) If you are a dealer or warehouseman covered by this regulation, you must make and keep complete and accurate records, showing the types of containers handled and your highest percentage margin over costs of the materials on sales of containers during the period from May 24, 1950 to June 24, 1950, inclusive. You must preserve these records for the duration of the Defense Production Act of 1950, as amended, and for two years thereafter for inspection by representatives of the Office of Price Stabilization.

Sec. 10. Adjustable pricing. Nothing in this regulation shall be construed to

prohibit you from making a contract or offer to sell a commodity at (a) the ceiling price in effect at the time of delivery, or (b) the lower of a fixed price or the ceiling price in effect at the time of delivery. You may not sell or deliver or agree to sell or deliver a commodity at a price to be adjusted upward in accordance with an increase in a ceiling price after delivery.

Sec. 11. Petitions for amendment. If you desire to have this regulation amended, you may file a petition for amendment in accordance with the provisions of Price Procedural Regulation 1 (15 F. R. 9055).

Sec. 12. Transfers of business or stock in trade. If a business, assets, or stock in trade are sold or otherwise transferred after the effective date of this regulation and the transferee carries on the business or continues to deal in the same type of commodity in an establishment separately from any other establishment previously owned or operated by him, the ceiling prices of the transferee shall be the same as those to which his transferor would have been subject, if no such transfer had taken place, and the transferee's obligation to keep records sufficient to verify such prices shall be the same. The transferor shall either preserve and make available or turn over to the transferee all records of transactions prior to the transfer which are necessary to enable the transferee to comply with the provisions of this regulation.

Sec. 13. Prohibitions. You shall not do any act prohibited or omit to do any act required by this regulation, nor shall you offer, solicit, attempt, or agree to do or omit to do any such acts. Specifically (but not in limitation of the above), you shall not, regardless of any contract or other obligation, sell, and no person in the regular course of trade or business shall buy from you at a price higher than the ceiling price established by this regulation, and you shall keep, make and preserve true and accurate records and reports, required by this regulation.

Sec. 14. Evasion. Any means or device which results in obtaining a higher price indirectly than is permitted by this regulation, or in concealing or falsely representing information as to which this regulation requires records to be kept, is a violation of this regulation. You shall not evade the price limitations set forth in this regulation by direct or indirect methods in connection with an offer, agreement, sale, delivery, or purchase of commodities covered by this regulation by way of commission, service charge, transportation charge, or other charge, or by any trade understanding, up-grading, cross-sale, or by the omission from records of true data, or the inclusion in records of false data. You are prohibited from requiring any purchaser to buy or agree to buy any other article or service in connection with the sale or delivery of any article covered by this regulation. You are likewise prohibited from making a sale of articles which is conditioned directly or indirectly on the purchase of any other commodity or service.

Sec. 15. *Sales at less than ceiling prices.* Prices lower than the ceiling prices may be charged, demanded, offered, or paid.

Sec. 16. *Violation—Civil or criminal action.* If you violate any provisions of this regulation, you are subject to the criminal penalties, civil enforcement actions, and suits for treble damages provided for by the Defense Production Act of 1950, as amended.

Sec. 17. *Definitions and explanations.* This Ceiling Price Regulation and the terms which appear in it shall be construed in the following manner, unless otherwise clearly required by the context:

(a) *Agricultural containers.* This term is explained in section 1 of this regulation.

(b) *Commodity.* This term applies to any item, object, material, article, product or supply.

(c) *Dealer.* The term "dealer" means a person other than a manufacturer who, although he does not take physical possession of Agricultural Containers, buys, takes title to, and resells them, and assumes credit risks and responsibility for grade and count in connection therewith. No manufacturer may qualify under this regulation as a dealer of products which he had produced in the rough.

(d) *Delivered.* A commodity shall be deemed to have been delivered if it was received by the purchaser or by any carrier including a carrier owned or controlled by the seller for shipment to the purchaser.

(e) *Director of Price Stabilization.* This term also applies to any official (including officials of regional or district offices) to whom the Director of Price Stabilization delegates a function, power or authority referred to in this regulation.

(f) *Eastern and Central Wooden Agricultural Containers.* This term is explained in section 1 of this regulation.

(g) *Manufacturer.* This term means a person who substantially changes the form of some commodity or commodities, combines two or more commodities into a different one, or creates a new commodity from existing ones. If you merely package, label, market, promote, or sell a commodity or combine commodities without substantially changing their form, you are not a manufacturer. If you merely perform an industrial service for the account of others on a commodity, you are not a manufacturer of that commodity. If you merely rebuild, recondition, renovate, renew or otherwise restore a used commodity, you are not a manufacturer of that commodity.

(h) *Margin.* This term means the difference between your f. o. b. factory price plus in-bound freight and your selling price on all sales of Eastern and Central Wooden Agricultural Containers during the period from May 24, 1950 to June 24, 1950, inclusive, reduced to a percentage of your f. o. b. factory price.

(i) *Person.* This term includes any individual, corporation, partnership, association or any other organized group of persons, or legal successors or repre-

sentatives of the foregoing, and the United States or any other Government or their political subdivisions or agencies.

(j) *Purchaser of the same class.* This term refers to your practice of charging different prices for sales to different purchasers or kinds of purchasers. That practice may be based on the characteristics or distributive level of the buyer (for instance, distributor, manufacturer, wholesaler, jobber, individual retail store, retail chain, mail order house, Government agency, public institution or individual consumer) or on the location of the purchaser, the quantity purchased by him, or whether he purchased for cash or on credit. If you have followed the practice of giving an individual customer a price differing from that charged others, that customer constitutes a separate class of purchaser.

(k) *Records.* This term means books of accounts, sales lists, sales slips, orders, vouchers, contracts, receipts, invoices, bills of lading, and other papers and documents.

(l) *Sell.* This term includes sell, supply (with respect to either commodities or services), dispose, barter, exchange, transfer and deliver, and contracts and offers to do any of the foregoing. The terms "buy" and "purchase" shall be construed accordingly.

(m) *Warehouseman.* The term "warehouseman" means one who maintains an established storage or distribution place located and operated independently of a producing mill or factory and from which shipments of Wooden Agricultural Containers are made.

(n) *Warehouse sale.* This term means a sale in which shipment to the purchaser is made from the stock of a warehouse located and operated independently of the producing factory. A shipment is considered made from the stock of a warehouse only if the containers were actually in the warehouse at the time of a sale. A person who manufactures the commodities covered by this regulation may make warehouse sales of containers manufactured by other producers, provided that the containers are clearly marked with the name and address of the producing factory. A person who manufactures the commodities covered by this regulation may make warehouse sales of containers manufactured by him only if he maintains a warehouse located and operated independently of the producing factory or if he performs all of the functions normally performed by a warehouseman.

(o) *You.* The pronoun "you" as used in this regulation indicates the person subject to the regulation.

Effective date. The effective date for this regulation is November 3, 1951.

Note: The reporting and record-keeping requirements of this regulation have been approved by the Bureau of the Budget in accordance with the Federal Reports Act of 1942.

MICHAEL V. DiSALLE,
Director of Price Stabilization.

OCTOBER 29, 1951.

[F. R. Doc. 51-13150; Filed, Oct. 29, 1951; 11:57 a. m.]

[General Overriding Regulation 15, Amdt. 1]
GOR 15—ADJUSTMENT OF CEILING PRICES
OF MACHINE TOOLS

DEFINITION OF MACHINE TOOL

Pursuant to the Defense Production Act of 1950, as amended, Executive Order 10161 (15 F. R. 6105), and Economic Stabilization Agency General Order No. 2 (16 F. R. 738), this Amendment 1 to General Overriding Regulation 15 is hereby issued.

STATEMENT OF CONSIDERATIONS

This amendment redefines the term "machine tool". This new definition is in accordance with the original intent of the regulation.

The original definition was in terms of the function performed by machine tools. However, experience under this definition has shown that it was not sufficiently specific to exclude a large number of metalworking machines which are not properly classified as "machine tools". This amendment clarifies the coverage of the regulation by specifically listing those metalworking machines which it covers.

The wide coverage of this amendment and the urgency of the situation has made it impossible to consult in detail with representatives of all the industries affected. However, in the preparation of this amendment, consultation was held with individual industry and trade association representatives and consideration was given to their recommendations.

AMENDATORY PROVISIONS

General Overriding Regulation 15 is amended in the following respects:

1. Section 5 (a) is amended to read as follows:

(b) *Machine tool.* This term means any power driven machine listed in Appendix A, which is not portable by hand and is used for the shaping of metal. It does not include any tool specifically designed for home workshops, laboratories, model makers, garages or service shops.

2. Appendix A is added to read as follows:

APPENDIX A—COMMODITIES COVERED BY THIS REGULATION

The machines covered by this General Overriding Regulation are listed below:

- Bending machines
- Boring machines
- Broaching machines
- Centering machines
- Cut-off and sawing machines (including contour sawing and filing machines)
- Drilling machines
- Forging machinery
- Gear cutting and finishing machines
- Grinding machines
- Honing and lapping machines
- Hydraulic presses
- Keyseating machines
- Lathes (including automatic screw machines)
- Mechanical presses
- Milling machines
- Planers
- Polishing and buffing machines
- Shapers and slotters
- Rifle-working machines

Shearing and punching machines
Tapping and threading machines
(Sec. 704, 64 Stat. 816, as amended; 50 U. S. C. App. Sup. 2154)

Effective date. This amendment shall become effective November 3, 1951.

MICHAEL V. DiSALLE,
Director of Price Stabilization.

Chapter VI—National Production Authority, Department of Commerce

[NPA Order M-76 as Amended October 29, 1951]

M-76—DISTRIBUTION OF LEAD

This amended order is found necessary and appropriate to promote the national defense and is issued pursuant to the authority granted by section 101 of the Defense Production Act of 1950 as amended. In the formulation of this amended order consultation with industry representatives has been rendered impracticable due to the necessity for immediate action and because the order affects a large number of different trades and industries.

NPA Order M-76, issued July 26, 1951, is hereby amended by providing for the allocation of imported pig lead. To accomplish this, the words "imported pig lead" are added to section 1; section 2; section 4 (a), 4 (b), and 4 (c); section 5 (b), 5 (c) and 5 (d); and section 8. The term "imported pig lead" is defined in a new paragraph (j) of section 2, and the former paragraph (j) of that section is redesignated as paragraph (k). As so amended NPA Order M-76 reads as follows:

Sec.

1. What this order does.
2. Application of this order.
3. Definitions.
4. Allocation of soft primary pig lead and imported pig lead.
5. Acceptance of rated orders.
6. Delivery of pig lead.
7. Specific directives.
8. Assistance in placing orders.
9. Records and reports.
10. Applications for adjustment or exception.
11. Communications.
12. Violations.

AUTHORITY: Sections 1 to 12 issued under sec. 704, 64 Stat. 816, as amended; 50 U. S. C. App. Sup. 2154. Interpret or apply sec. 101, 64 Stat. 799, as amended; 50 U. S. C. App. Sup. 2071; sec. 101, E. O. 10161, Sept. 9, 1950, 15 F. R. 6105; 3 CFR, 1950 Supp.; sec. 2, E. O. 10200, Jan. 3, 1951, 16 F. R. 61.

SECTION 1. What this order does. The purpose of this order is to provide for the allocation of the supply of soft pig lead produced by primary refiners, and imported pig lead, so as to ensure that such supply will be distributed in a manner that will most effectively promote defense production and the fulfillment of civilian needs. It also sets limitations on the required acceptance of rated orders for pig lead products and alloys to provide an equitable distribution of such orders.

SEC. 2. Application of this order. The provisions of this order supersede other NPA regulations and orders to the extent that they are inconsistent with this order, but in all other respects such regulations and orders remain applicable to lead and lead products. In particular, NPA Reg. 2 continues to apply to lead and lead products, but deliveries of soft primary pig lead, or imported pig lead, may henceforth be made only in accordance with allocation authorizations issued by NPA, except as may be otherwise provided in this order.

SEC. 3. Definitions. As used in this order:

(a) "Person" means any individual, corporation, partnership, association, or any other organized group of persons, and includes any agency of the United States or any other government.

(b) "Dealer" means any person who receives physical deliveries of pig lead and sells or holds such pig lead for resale without change in form. A person who produces pig lead or who has pig lead produced for him under toll agreement is a producer as to such lead, and not a dealer.

(c) "Primary refiner" means any person who produces pig lead mainly from lead ores and concentrates or base bullion, or who has pig lead so produced for him under toll agreement.

(d) "Lead-base alloy" means any alloy containing 50 percent or more of lead metal by weight.

(e) "Lead scrap" means all materials or objects which are the waste or by-product of industrial fabrications or processes, or which have been discarded for obsolescence, failure, or other reason, and which contain lead commercially recoverable as pig lead or lead-base alloy.

(f) "Lead products" means semiprocessed materials, parts, or subassemblies which have been produced from pig lead or lead-base alloy.

(g) "Pig lead" means and includes soft pig lead and antimonial lead in refinery shapes current in the trade.

(h) "Soft pig lead" means and includes pig lead in specifications corresponding to the grades commonly referred to in the trade as "acid," "chemical," "corroding," and "common."

(i) "Soft primary pig lead" means soft pig lead produced by a primary refiner.

(j) "Imported pig lead" means pig lead which has been transported in any manner into the United States, its territories or possessions. It includes pig lead which has been shipped into foreign trade zones, customs bonded warehouses, and customs custody, except when such material is merely in transit through the United States, its territories or possessions, to destinations outside the United States, its territories or possessions, as shown by the bills of lading, or other shipping documents. However, if any such pig lead in transit is halted or diverted to a destination in the United States, its territories or possessions, it becomes imported pig lead for the purposes of this order.

(k) "NPA" means the National Production Authority.

SEC. 4. Allocation of soft primary pig lead and imported pig lead. (a) Commencing on November 1, 1951, no person shall accept delivery of soft primary pig lead or imported pig lead for any purpose in any month except in accordance with the terms of an allocation authorization issued to him by NPA. An allocation authorization will authorize the person to whom it is issued to accept delivery of soft primary pig lead or imported pig lead in a specified quantity and grade, provided that the purchase order is received by a refiner, producer, or importer not later than the fifth day of the month in which delivery is requested. Orders placed pursuant to an allocation authorization shall specify the date, serial number, and effective month of the authorization certificate. This section shall apply with like effect to the acceptance of delivery of soft primary pig lead, or imported pig lead, by any branch, division, or department of any business enterprise from any producing or importing branch, division, or department of the same business enterprise.

(b) Applications for allocation authorizations must be filed with NPA on Form NPAF-115 not later than the tenth day of the month preceding the month in which delivery is required except applications requiring delivery in November 1951, which applications shall be filed as soon as possible. Such applications shall be filed in triplicate and should contain all information required by the form.

(c) The provisions of paragraph (a) of this section shall not apply to:

(1) Acceptance of soft primary pig lead or imported pig lead by the General Services Administration for the stockpile of strategic materials.

(2) Acceptance of pig lead from a foreign source for sale or resale without change in form.

(3) Acceptance of soft primary pig lead or imported pig lead by any person whose total receipts during the calendar month in which such acceptance occurs are, and by such acceptance will remain, less than 10 short tons, and who has not applied to NPA for an allocation authorization for that month, and who furnishes to the supplier a certification in substantially the following form:

The undersigned certifies, subject to statutory penalties, that receipt of this shipment in the month requested will be in compliance with NPA Order M-76.

Such certification constitutes a representation to the supplier and to NPA that the purchaser is authorized to accept delivery of soft primary pig lead or imported pig lead pursuant to this order.

(d) NPA will arrange to issue allocation authorizations for soft primary pig lead to persons to whom validated export licenses for such material are issued. However, no exporter may receive or accept delivery of such material until he has received an allocation authorization.

(e) A primary refiner of soft pig lead who has not received orders for his entire scheduled monthly production thereof (as reported to NPA pursuant to section 9 (a) of this order) by the tenth

day of that month shall promptly report by letter to NPA the quantity of soft pig lead available in that month for which he has not received orders.

SEC. 5. Acceptance of rated orders. Commencing on September 1, 1951, except as specifically directed by NPA in writing:

(a) No producer of pig lead (other than soft primary pig lead), lead-base alloys, or lead products, shall be required to accept rated orders for any of these lead forms or materials in any one month in excess of 25 percent of his scheduled production of such materials during that month.

(b) No dealer shall be required to accept rated orders for pig lead (other than soft primary pig lead or imported pig lead), lead-base alloys, and lead products, for shipment in any one month in excess of 25 percent of the quantity of such materials available to him during that month.

(c) No person shall be required to accept rated orders for pig lead (other than soft primary pig lead or imported pig lead), lead-base alloys, or lead products, which are not received at least 15 days prior to the first day of the month in which shipment is requested.

(d) Deliveries of soft primary pig lead or imported pig lead shall be made only in accordance with the allocation procedure set forth in section 4 of this order, whether or not pursuant to a rated order.

SEC. 6. Delivery of pig lead. No person shall deliver any pig lead if he knows or has reason to believe that the person requesting delivery is not permitted to receive it under this order or under any other applicable order or regulation of the National Production Authority.

SEC. 7. Specific directives. The National Production Authority may issue directives as to the source, destination, grades, and quantities of pig lead, lead products, and lead-base alloy which may be delivered or accepted, and may also direct any producer to set aside a specific portion of his production of pig lead, lead products, and lead-base alloy for distribution according to directives issued by NPA.

SEC. 8. Assistance in placing orders. Any person who is unable to place a rated order for pig lead (other than soft primary pig lead or imported pig lead), lead-base alloy, or lead products due to the limitations imposed by section 5 of this order, or who has received an allocation authorization for soft primary pig lead or imported pig lead, and is unable to place an order for this material, should apply to the National Production Authority, Ref: M-76, specifying the efforts made to place such orders. NPA will arrange to assist him in locating sources of supply.

SEC. 9. Records and reports. (a) In addition to the reporting requirements stated in NPA Order M-38, all primary refiners of soft pig lead shall report to NPA their anticipated production of soft

pig lead. Such reports shall be filed on or before August 15, 1951, with respect to anticipated production during the month of September 1951, and on or before the fifteenth day of each month thereafter with respect to anticipated production during the next succeeding month. Such reports shall be filed by letter in duplicate and shall state the total production of each grade of soft lead anticipated during the appropriate month.

(b) Any person who imports pig lead for the purpose of resale without change in form shall report to NPA at least 15 days before the first day of the month in which the shipment is expected to arrive in the United States, its territories or possessions, the quantity, grade, and country of origin of such pig lead. Such report shall be filed by letter in duplicate. Reports covering anticipated arrival of shipments during November 1951, shall be filed as soon as possible.

(c) Each person participating in any transaction covered by this order shall retain in his possession for at least 2 years records of receipts, deliveries, inventories, production, and use, in sufficient detail to permit an audit that determines for each transaction that the provisions of this order have been met. This does not specify any particular accounting method and does not require alteration of the system of records customarily maintained, provided such records supply an adequate basis for audit. Records may be retained in the form of microfilm or other photographic copies instead of the originals by those persons who have or who may maintain such microfilm or other photographic records in the regular and usual course of business.

(d) All records required by this order shall be made available at the usual place of business where maintained for inspection and audit by duly authorized representatives of NPA.

SEC. 10. Applications for adjustment or exception. Any person affected by any provision of this order may file a request for adjustment or exception upon the ground that such provision works an undue or exceptional hardship upon him not suffered generally by others in the same trade or industry, or that its enforcement against him would not be in the interest of national defense or in the public interest. In examining requests for adjustment claiming that the public interest is prejudiced by the application of any provision of this order, consideration will be given to the requirements

of the public health and safety, civilian defense, and dislocation of labor and resulting unemployment that would impair the defense program. Each request shall be in writing and shall set forth all pertinent facts and the nature of the relief sought, and shall state the justification therefor.

SEC. 11. Communications. All communications concerning this order shall be addressed to the National Production Authority, Washington 25, D. C., Ref: M-76.

SEC. 12. Violations. Any person who wilfully violates any provision of this order or any other order or regulation of NPA or who wilfully conceals a material fact or furnishes false information in the course of operation under this order is guilty of a crime and, upon conviction, may be punished by fine or imprisonment or both. In addition, administrative action may be taken against any such person to suspend his privilege of making or receiving further deliveries of materials or using facilities under priority or allocation control and to deprive him of further priorities assistance.

NOTE: All reporting and record-keeping requirements of this order have been approved by the Bureau of the Budget in accordance with the Federal Reports Act of 1942 (5 U. S. C. 139-139F).

NPA Order M-76, as so amended, shall take effect on November 1, 1951. Until such date, NPA Order M-76 issued on July 26, 1951, shall remain in full force and effect.

Issued October 29, 1951.

NATIONAL PRODUCTION
AUTHORITY,

By JOHN E. OLVERSON,
Recording Secretary.

Chapter XXI—Office of Rent Stabilization, Economic Stabilization Agency

[Rent Regulation 3, Amdt. 6 to Schedule A]

RR 3—HOTEL REGULATION SCHEDULE A—DEFENSE RENTAL AREA

VIRGINIA

Amendment 6 to Schedule A of Rent Regulation 3—Hotel Regulation. Said regulation is amended in the following respect:

New Item 342 is hereby added to Schedule A as follows:

Name of defense-rental area	State	County or counties in defense-rental area under Rent Regulation 3	Maximum rent date	Effective date of regulation
(312) Norfolk-Portsmouth	Virginia	Independent cities of Norfolk, Portsmouth, and South Norfolk; and the counties of Norfolk and Princess Anne.	July 1, 1951	Nov. 1, 1951

(Sec. 204, 61 Stat. 187, as amended; 50 U. S. C. App. Sup. 1834)

This amendment shall be effective November 1, 1951.

Issued this 25th day of October 1951.

JOHN J. MADIGAN,
Acting Director of Rent Stabilization.

TITLE 33—NAVIGATION AND NAVIGABLE WATERS

Chapter II—Corps of Engineers, Department of the Army

PART 204—DANGER ZONE REGULATIONS MISCELLANEOUS AMENDMENTS

Pursuant to the provisions of section 7 of the River and Harbor Act of August 8, 1917 (40 Stat. 266; 33 U. S. C. 1), and Chapter XIX of the Army Appropriation Act of July 9, 1918 (40 Stat. 892; 33 U. S. C. 3), §§ 204.10 (a) (1), 204.12, 204.36 (b) (4), 204.55, and 204.222 are hereby amended, the amendments of §§ 204.12 and 204.222 to be effective on and after their publication in the FEDERAL REGISTER due to the urgent need on the part of the Navy for commencing operations under the amended regulations at the earliest practicable date, and §§ 204.81a and 204.81b are hereby prescribed, as follows:

§ 204.10 *Narragansett Bay and adjacent waters, R. I.; danger zones for naval operations—(a) Bombing target area in vicinity of Cormorant Rock—(1) The area.* A circular area with a radius of 3,000 feet * * *

§ 204.12 *Block Island Sound in vicinity of Gardiners Point, N. Y.; naval bombing, rocket firing, and strafing area—(a) The danger zone.* A circular area with a radius of 3,000 feet having its center on the Ruin at Gardiners Point, latitude 41°08'30", longitude 72°08'46", which point bears 326° true 2,700 yards, from the northern end of Gardiners Island.

(b) *The regulations.* (1) No vessel shall enter or remain in the danger zone between 9:00 a. m. and 4:00 p. m. (local time) daily, except as authorized by the enforcing agency.

(2) The regulations in this section shall be enforced by the Commander, Naval Air Bases, First Naval District, Quonset Point, Rhode Island, and such agencies as he may designate.

§ 204.36 *Chesapeake Bay, in vicinity of Bloodworth Island, Md.; shore bombardment, air bombing, air strafing, and rocket firing area, U. S. Navy.* * * *

(b) *The regulations.* * * *
(4) * * * a red flag prominently displayed from a tower off Okahanikan Point at latitude 38°11'45", longitude 76°05'35", * * *

§ 204.55 *Pamlico Sound, Bogue Sound, and adjacent waters, N. C.; danger zones for Marine Corps operations—(a) Bombing and rocket firing area in Pamlico Sound in vicinity of Brant Island—(1) The area.* The waters within a circular area with a radius of three statute miles having its center on the southern side of Brant Island at latitude 35°12'30", longitude 76°26'30".

(2) *The regulations.* The area shall be closed to navigation at all times except for vessels engaged in operational and maintenance work as directed by the enforcing agency. Prior to bombing or firing operations the area will be "buzzed" by plane. Upon being so warned vessels working in the area shall leave the area immediately.

(b) *Bombing area in Bogue Sound and adjacent waters in Atlantic Ocean—*

(1) *The area.* The waters within a rectangular area described as follows: Beginning at latitude 34°42'12", longitude 76°53'48", bearing approximately 330°, 2,030 yards, from the spire southeastward of Rock Point; thence to latitude 34°38'17", longitude 76°53'10", bearing approximately 180°30', 6,140 yards from the spire; thence to latitude 34°38'05", longitude 76°54'55", bearing approximately 204°30', 7,150 yards, from the spire; thence to latitude 34°42'00", longitude 76°55'35", bearing approximately 289°, 4,200 yards, from the spire; and thence to the point of beginning. A float is located within the area at a point bearing 262°, 2,290 yards, from the Rock Point spire, and 12 white buoys are placed at intervals of 50 feet bearing 340° from the float, the buoy closest to the float being 600 feet distant.

(2) *The regulations.* The area shall be closed to navigation at all times except for vessels engaged in operational and maintenance work as directed by the enforcing agency. Adequate safety precautions will be taken.

NOTE: All bearings in this section are referred to true meridian.

(c) *Bombing area in Atlantic Ocean in vicinity of Bear Inlet—(1) The area.* The water within a rectangular area described as follows: Beginning at latitude 34°38'03", longitude 77°10'06"; thence to latitude 34°32'53", longitude 77°06'30"; thence to latitude 34°31'15", longitude 77°09'41"; thence to latitude 34°36'33", longitude 77°13'18"; and thence to the point of beginning. The area includes all of the entrance to Bear Inlet, and extends westward to a point approximately 1,000 yards east of Browns Inlet and seaward approximately five and one-half miles from Bear Inlet.

(2) *The regulations.* The area shall be closed to navigation at all times except for vessels proceeding along established waterways. Adequate safety precautions will be taken before and during each practice. Operations will be suspended, if necessary, to insure the safety of vessels proceeding along established waterways.

(d) *Enforcing agency.* The regulations in this section shall be enforced by the Commanding Officer, Marine Corps Air Station, Cherry Point, North Carolina, and such agencies as he may designate.

§ 204.81a *Lake George, Fla.; naval bombing area—(a) The danger zone.* An area in the eastern part of Lake George described as follows: Beginning at latitude 29°13'16", longitude 81°34'28"; thence along a line parallel to the navigation channel to latitude 29°20'05", longitude 81°36'15"; thence along a line about three-fifths mile southerly from the Putnam-Volusia County line to latitude 29°20'19", longitude 81°35'12"; thence to latitude 29°18'36", longitude 81°33'53"; thence to latitude 29°13'22", longitude 81°32'38"; and thence to the point of beginning. The area will be marked by appropriate warnings signs at the five corners and at the midpoint of the longer side.

(b) *The regulations.* (1) Bombing operations will be confined, as nearly as practicable, to the north-south center line of the danger zone, keeping well clear of the navigation channel.

(2) Prior to each bombing operation the danger zone will be patrolled by naval aircraft which will warn vessels to leave the area by "zooming" a safe distance to the side and at least 500 feet above the surface. Upon being so warned such vessels shall leave the danger zone immediately, and no vessel shall enter the danger zone until bombing operations have ceased.

(3) At intervals of not more than three months, public notices will be issued that bombing operations are continuing. Such notices will appear in the local newspaper and in "Notice to Mariners".

(4) The regulations in this section shall not deny passage through Lake George by regular cargo-carrying vessels proceeding along established lanes for such vessels. When any such vessel is within the danger zone the officer in charge of the bombing operations will cause the cessation or postponement of such operations until the vessel has cleared the area. The vessel shall proceed on its normal course and shall not delay its progress.

(5) The regulations in this section shall be enforced by the Commander, Naval Air Bases, Sixth Naval District, Naval Air Station, Jacksonville, Florida, and such agencies as he may designate.

§ 204.81b *Mosquito Lagoon, Fla., and adjacent waters in Atlantic Ocean; naval bombing and strafing areas—(a) The danger zones—(1) North area.* The water of Mosquito Lagoon and the Atlantic Ocean within a circular area with a radius of one nautical mile having its center at latitude 28°50'23", longitude 80°46'22", about four miles southeastward from Oakhill, Florida.

(2) *South area.* The waters of Mosquito Lagoon and the Atlantic Ocean within a circular area with a radius of one nautical mile having its center at latitude 28°48'25", longitude 80°44'50", about two and one-fourth miles southeasterly from the center of the north area.

(b) *The regulations.* (1) Bombing and gunnery practice will take place in the danger zones at frequent and irregular intervals throughout the year. At intervals of not more than three months, public notices will be issued that such practice is continuing. Such notices will appear in the local newspapers and in "Notice to Mariners".

(2) The danger zones are open to navigation except when bombing or gunnery practice is being conducted. At such times no vessel shall enter or remain within the limits of the danger zone being used.

(3) Prior to each practice the danger zone to be used will be patrolled by naval aircraft which will warn vessels to leave the area by "zooming" a safe distance to the side. Upon being so warned such vessels shall leave the danger zone immediately, and no vessel shall enter the danger zone until practice has ceased.

(4) The regulations in this section shall be enforced by the Commander, Naval Air Bases, Sixth Naval District,

Naval Air Station, Jacksonville, Florida, and such agencies as he may designate.

§ 204.222 *Hood Canal and Dabob Bay, Wash.; naval non-explosive torpedo testing areas.* * * *

(b) *The regulations.*—(1) The areas will be used intermittently by the Navy for non-explosive torpedo ranging. Launching will be conducted only between 8:00 a. m. and sunset on days other than Saturdays, Sundays, and holidays. At no times will the navigation lanes generally paralleling the shore be closed to navigation.

TITLE 36—PARKS, FORESTS, AND MEMORIALS

Chapter I—National Park Service, Department of the Interior

PART 25—NATIONAL MILITARY PARKS; LICENSED GUIDE SERVICE REGULATIONS

LICENSE

1. The last paragraph of the form of license prescribed in paragraph (e) of § 25.2 is amended to read as follows:

Failure to act as a guide for any period exceeding 30 days between June 1 and August 31 automatically suspends this license. Renewal under these conditions will only be made following proper application to and approval by the park superintendent. During other times of heavy visitation, and especially on weekends and holidays, any and all guides are subject to call for duty unless excused by the park superintendent or his representative.

2. Paragraphs 8 and 10 of the form of agreement prescribed in paragraph (f) of § 25.2 are respectively amended to read as follows:

8. (a) Not to operate for hire any passenger vehicle or other vehicle of any kind, while pursuing the vocation of guide or wearing a guide's badge or uniform.

(b) Not to operate a visitor's motor vehicle unless I hold a valid motor vehicle operator's license issued by the State in which the national military park is located.

(c) Not to charge an extra fee for operating a visitor's motor vehicle.

10. To return the license and official badge without delay to the superintendent should my license be revoked or suspended for more than 5 days or upon abandoning the occupation of guide.

(Sec. 3, 39 Stat. 535, as amended; 16 U. S. C. 3. Interpret or apply sec. 1, 47 Stat. 1420; 16 U. S. C. 9a)

Issued this 24th day of October 1951.

OSCAR L. CHAPMAN,
Secretary of the Interior.

[F. R. Doc. 51-13003; Filed, Oct. 29, 1951; 8:46 a. m.]

Chapter III—Corps of Engineers, Department of the Army

PART 311—RULES AND REGULATIONS GOVERNING PUBLIC USE OF CERTAIN RESERVOIR AREAS

MISCELLANEOUS AMENDMENTS

The Secretary of the Army having determined that the use by the general public of the Clark Hill Reservoir Area, Savannah River, South Carolina and Georgia, the prohibition of houseboats on the Dorena Reservoir Area, Row River, Oregon, and the hunting of deer with rifles in the Bull Shoals Reservoir Area, White River, Missouri and Arkansas, will be in the public interest and will not be inconsistent with the operation and maintenance of the reservoir areas for their primary purposes, hereby prescribes the following rules and regulations to govern the public use of the Clark Hill Reservoir Area, South Carolina and Georgia, and prohibits the placement of houseboats on the Dorena Reservoir Area, Oregon, and permits the hunting of deer with rifles in the Bull Shoals Reservoir Area, Missouri and Arkansas, pursuant to the provisions of section 4 of the act of Congress approved December 22, 1944 (58 Stat. 889; 16 U. S. C. 460d), as amended by the Flood Control Act of 1946 (60 Stat. 641).

1. Add new paragraph (jj) to § 311.1, as follows:

§ 311.1 *Areas covered.* * * *

(jj) Clark Hill Reservoir Area, Savannah River, South Carolina and Georgia.

2. Add new subparagraph (15) to paragraph (a) of § 311.4, as follows:

§ 311.4 *Houseboats.* (a) A permit shall be obtained from the District Engineer for placing any houseboats on the water of any reservoir area listed in § 311.1, except for the following reservoir areas on which houseboats are prohibited:

(15) Dorena Reservoir Area, Row River, Oregon.

3. Add new subparagraph (9) to paragraph (b) of § 311.6, as follows:

§ 311.6 *Hunting and fishing.* * * *

(b) Hunting shall be with shotgun only in any reservoir area listed in § 311.1 except for the following reservoir areas on which hunting of deer with rifles is also permitted.

(9) Bull Shoals Reservoir Area, White River, Missouri and Arkansas.

[Regs., Oct. 3, 1951] (58 Stat. 889, as amended; 16 U. S. C. 460d)

[SEAL] WM. E. BERGIN,
Major General, U. S. Army,
The Adjutant General.

TITLE 43—PUBLIC LANDS; INTERIOR

Chapter I—Bureau of Land Management, Department of the Interior

[Circular 1892]

PART 272—CAREY ACT GRANTS

GRANTS TO STATES FOR IRRIGATION UNDER STATE SUPERVISION; EXTENSIONS OF SEGREGATIONS

Section 272.1 exclusive of footnote 2, and § 272.19 are amended to read:

GRANTS TO STATES FOR IRRIGATION UNDER STATE SUPERVISION

§ 272.1 *Statutory authority.* Under the provisions of section 4 of the act of August 18, 1894 (28 Stat. 422; 43 U. S. C. 641), known as the Carey Act, as amended and supplemented² the States are allowed 10 years from the date of the approval by the Director of an application for segregation of the lands in which to irrigate and reclaim the lands. The Director may, however, in his discretion extend the time for a period of 5 years. The Director may, in his discretion, restore to the public domain any lands not irrigated and reclaimed at the end of the 10 year period or any extension thereof. If actual construction of the reclamation works has not been commenced within 3 years after the segregation of the land or within such further period not exceeding 3 years as may be allowed for that purpose by the Director, the Director may, in his discretion restore the lands to the public domain.

(Sec. 4, 23 Stat. 422, as amended; 43 U. S. C. 641)

EXTENSIONS OF SEGREGATIONS

§ 272.19 *Applications for extensions.* All applications for extensions of time to commence construction of the reclamation works, or to irrigate and reclaim the lands, as outlined in § 272.1, must be submitted to the Director, Bureau of Land Management. Such applications will be entertained only upon the showing of the happening of some event preventing compliance by the State with the requirements within the time allowed, which could not have been reasonably anticipated or guarded against, such as the destruction of irrigation works by storms, floods, or other unavoidable casualties, unforeseen structural or physical difficulties encountered in the operations, or errors in surveying and locating needed ditches or canals.

(Sec. 4, 23 Stat. 422, as amended; 43 U. S. C. 641)

OSCAR L. CHAPMAN,
Secretary of the Interior.

OCTOBER 24, 1951.

PROPOSED RULE MAKING

DEPARTMENT OF AGRICULTURE

Production and Marketing Administration

[7 CFR Part 913]

[Docket No. AO-23-A10]

HANDLING OF MILK IN THE GREATER KANSAS CITY MARKETING AREA

DECISION WITH RESPECT TO PROPOSED MAR- KETING AGREEMENT AND PROPOSED ORDER AMENDING ORDER, AS AMENDED

Pursuant to the provisions of the Agricultural Marketing Agreement Act of 1937, as amended (7 U. S. C. 601 et seq.), and the applicable rules of practice and procedure, as amended, governing proceedings to formulate marketing agreements and marketing orders (7 CFR Part 900), a public hearing was conducted at Kansas City, Missouri, on October 11-12, 1951, pursuant to notice thereof which was issued on September 24, 1951 (16 F. R. 9907).

The material issues related to:

1. Prices for Class I milk to apply for the period through March 1952.

2. The emergency character of marketing conditions and the need for immediate change in order provisions.

Findings and conclusions. The findings and conclusions with respect to the aforementioned material issues, all of which are based on the evidence introduced at the hearing and the record thereof, are as follows:

(1) For the period through March 1952, the Class I differential over the basic formula price should be \$1.90.

Present prospects indicate the probability of a short milk supply in the Greater Kansas City market during the coming fall and winter season. For September 1951, 88.8 percent of producer milk receipts were needed for Class I (fluid) use. Milk receipts were approximately 60,000 pounds per day less than those of September 1950 while Class I sales exceeded those of September 1950 by approximately 33,500 pounds per day.

August and September were the first months of 1951 in which milk receipts did not exceed those of a year earlier. Normally milk receipts per producer decline seasonally from the September level and do not again reach that level until the following April. Class I sales, on the other hand, normally are higher than those of September during each month from September through March. Projecting September receipts and sales under conditions that have prevailed in recent years in the Greater Kansas City market indicates that receipts will be less than sales in October through January, and that in February and March receipts in excess of sales will be inadequate to compensate for day to day variations in receipts and sales.

The indications are, however, that production conditions in the Kansas City area will not be normal during the coming feeding season. Producers will have short supplies of home-grown feeds with which to produce milk. The excessive rainfall which caused disastrous floods in

the area has sharply reduced production of the hay, grain and ensilage crops used for winter feeding. County agents of the ten principal counties of the milkshed report corn, oats and legume hay crops approximately 50 percent of normal. These reports indicate that the quality of legume hay will be rather poor and the supply short. In addition, small grain seedings for late fall and early spring pasture have been so delayed that pasture from these crops cannot be expected.

Under these conditions farmers will need to purchase considerably more feed than is normal for the area if milk production is to be maintained during the coming winter season. The shortage of hay is particularly important. More than 80 percent of all producers normally raise legume hay sufficient for their own needs. The floods in this general area have destroyed alfalfa crops in the nearby surplus hay producing areas, so that hay that producers purchase must be imported from distant points at high transportation costs. Indications are that alfalfa hay will cost the producer more than \$40. per ton.

A substantial increase in Class I milk prices during the coming feeding season will be required to enable producers to maintain their herds under these conditions. Producers associations proposed that the Class I differential to be added to basic formula prices be \$1.95 through March 1952. This would be an increase of 50 cents in this differential through February and an increase of 95 cents for March, when the order now provides a seasonal reduction of 45 cents. It was contended that with prospective feed supplies March would be a particularly difficult month for milk production in 1952.

Handlers contended that milk supplies in September were low because they had not taken on new producers earlier in the year in order to avoid carrying reserve supplies of milk at Class II prices which they considered excessive. In support of this contention they proffered certain evidence showing the relationship between Class II milk prices in 1951 and the Class II prices that would have prevailed had the order not been amended effective January 1, 1951, which evidence was excluded by the presiding officer as immaterial, since there was no proposal to change Class II milk prices in the notice of hearing. Such exclusion is hereby overruled, and the proffered evidence has been accepted as relevant to supply and demand conditions affecting the appropriate level of Class I prices in the Kansas City market, and has been so considered.

The record indicates, however, that through June of this year there was a larger percentage of milk in Class II each month than for the corresponding month of any recent year. Since July receipts of producer milk have declined rapidly, although producer numbers have not changed materially and the condition of native grass pastures was good. There are strong indications in the record that producers have been reducing their herds in view of the prospective short supplies of feed.

The record reveals that new producers are being sought to increase present

market supplies. Handlers further point out that of the Class I sales in September, 461,210 pounds (2.2 percent of the total) were bulk sales to other markets which would cease when all supplies were needed for local sales. Importation of approximately 262,000 pounds of approved supplementary supplies from other markets also took place in September, although only about 68,000 pounds were needed for Class I use by the handlers receiving such milk.

It is concluded that for the months of November 1951 through March 1952 the Class I differential should be \$1.90. Such a differential will represent an increase of 45 cents plus deferment of the seasonal change in differentials for March. There are some indications basic formula prices may increase somewhat in the near future so that Class I prices with this differential will be fully equal to those contemplated in the producer proposal.

(2) The due and timely execution of the function of the Secretary under the act imperatively and unavoidably requires the omission of a recommended decision by the Assistant Administrator, Production and Marketing Administration, and the opportunity for exceptions thereto, on the above issue.

The conditions complained of are such that it is urgent that remedial action be taken as soon as possible. Delayed beyond the minimum time required to make the attached order effective would defeat the purpose of such amendment and the acute shortage of supply now in prospect could not be averted. Accordingly, the time necessarily involved in the preparation, filing and publication of a recommended decision, and exceptions thereto, would make such relief ineffective. The propriety of omitting the recommended decision and opportunity of filing exceptions thereto with respect to the issue of this hearing was indicated on the record.

Rulings on proposed findings and conclusions. Briefs were filed on behalf of producers' associations and handlers subject to the order.

The briefs contained statements of fact, proposed findings and conclusions, and arguments with respect to the provisions of the proposed amendments. Every point covered in the briefs was carefully considered along with the evidence in the record in making the findings and reaching the conclusions hereinbefore set forth. To the extent that the findings and conclusions proposed in the briefs are inconsistent with the findings and conclusions herein, the request to make such findings or to reach such conclusions is denied on the basis of the facts found and stated in connection with the conclusions in this decision.

General findings. (a) The proposed marketing agreement and the order, as amended, and as hereby proposed to be further amended, and all of the terms and conditions thereof will tend to effectuate the declared policy of the act;

(b) The parity prices of milk as determined pursuant to section 2 of the act are not reasonable in view of the price of feeds, available supplies of feeds and other economic conditions which affect market supply of and demand for milk

in the said marketing area, and the minimum prices specified in the proposed marketing agreement and in the order, as amended, and as hereby proposed to be further amended, are such prices as will reflect the aforesaid factors, insure a sufficient quantity of pure and wholesome milk and be in the public interest; and

(c) The proposed marketing agreement and the order, as amended and as hereby proposed to be further amended, will regulate the handling of milk in the same manner as, and are applicable only to persons in the respective classes of industrial and commercial activity specified in the said marketing agreement upon which a hearing has been held.

Determination of representative period. The month of September 1951 is hereby determined to be the representative period for the purpose of ascertaining whether the issuance of an order amending the order, as amended, regulating the handling of milk in the Greater Kansas City marketing area in the manner set forth in the attached amending order is approved or favored by producers who during such period were engaged in the production of milk for sale in the marketing area specified in such marketing order, as amended.

Annexed hereto and made a part hereof are two documents entitled respectively "Marketing Agreement Regulating the Handling of Milk in the Greater Kansas City Marketing Area," and "Order Amending the Order, as amended, Regulating the Handling of Milk in the Greater Kansas City Marketing Area," which have been decided upon as the detailed and appropriate means of effectuating the foregoing conclusions. These documents shall not become effective unless and until the requirements of § 900.14 of the rules of practice and procedure, as amended, governing proceedings to formulate marketing agreements and orders have been met.

It is hereby ordered that all of this decision, except the attached marketing agreement, be published in the FEDERAL REGISTER. The regulatory provisions of said marketing agreement are identical with those contained in the order, as amended, and as hereby proposed to be further amended by the attached order which will be published with this decision.

This decision filed at Washington, D. C., this 25th day of October 1951.

[SEAL] CHARLES F. BRANNAN,
Secretary of Agriculture.

Order¹ Amending the Order, as Amended,
Regulating the Handling of Milk in the
Greater Kansas City Marketing Area

§ 913.0 Findings and determinations.
The findings and determinations hereinafter set forth are supplementary and in addition to the findings and determinations previously made in connection with the issuance of the aforesaid order and of each of the previously issued

¹This order shall not become effective unless and until the requirements of § 900.14 of the rules of practice and procedure, as amended, governing proceedings to formulate marketing agreements and orders have been met.

amendments thereto; and all of said previous findings and determinations are hereby ratified and affirmed, except insofar as such findings and determinations may be in conflict with the findings and determinations set forth herein.

(a) *Findings upon the basis of the hearing record.* Pursuant to the provisions of the Agricultural Marketing Agreement Act of 1937, as amended (7 U. S. C. 601 et seq.), and the applicable rules of practice and procedure, as amended, governing the formulation of marketing agreements and marketing orders (7 CFR Part 900), a public hearing was held upon certain proposed amendments to the tentative marketing agreement and to the order, as amended, regulating the handling of milk in the Greater Kansas City marketing area. Upon the basis of the evidence introduced at such hearing and the record thereof, it is found that:

(1) The said order, as amended, and as hereby further amended, and all of the terms and conditions thereof, will tend to effectuate the declared policy of the act;

(2) The parity prices of milk as determined pursuant to section 2 of the act are not reasonable in view of the price of feeds, available supplies of feeds and other economic conditions which affect market supplies of and demand for milk in the said marketing area and the minimum prices specified in the order, as amended, and as hereby further amended, are such prices as will reflect the aforesaid factors, insure a sufficient quantity of pure and wholesome milk and be in the public interest; and

(3) The said order, as amended, and as hereby further amended, regulates the handling of milk in the same manner as and is applicable only to persons in the respective classes of industrial and commercial activity specified in a marketing agreement upon which a hearing has been held.

Order relative to handling. It is therefore ordered that on and after the effective date hereof the handling of milk in the Greater Kansas City marketing area shall be in conformity to and in compliance with the terms and conditions of the aforesaid order, as amended, and as hereby further amended, and the aforesaid order, as amended, is hereby further amended as follows:

1. Delete the period (.) appearing at the end of § 913.51 (a), substitute therefor a colon (:), and add the following: "And provided further, That for the delivery periods of November 1951 through March 1952 such Class I price shall be the basic formula price for the preceding delivery period plus \$1.90."

[F. R. Doc. 51-13062; Filed, Oct. 29, 1951; 8:46 a. m.]

17 CFR Part 980 I

[Docket No. AO-182-A2]

HANDLING OF MILK IN TOPEKA, KANS., MARKETING AREA

DECISION WITH RESPECT TO PROPOSED MARKETING AGREEMENT AND PROPOSED ORDER AMENDING ORDER, AS AMENDED

Pursuant to the provisions of the Agricultural Marketing Agreement Act of

1937, as amended (7 U. S. C. 601 et seq.), and the applicable rules of practice and procedure, as amended, governing proceedings to formulate marketing agreements and marketing orders (7 CFR Part 900), a public hearing was conducted at Topeka, Kansas, on October 9, 1951, pursuant to notice thereof which was issued on September 25, 1951 (16 F. R. 9914).

The material issues of record related to:

1. Prices for Class I and Class II milk to apply for the period through March 1952.

2. The emergency character of marketing conditions and the need for immediate change in order provisions.

Findings and conclusions. The findings and conclusions with respect to the aforementioned material issues, all of which are based on the evidence introduced at the hearing and the record thereof, are as follows:

1. For the period through March 1952 the differential to be used in determining Class I milk prices should be \$1.80 and that used in determining Class II milk prices should be \$1.55.

Conditions in the Topeka market now show a severe shortage of milk which may be expected to continue and be intensified during the coming winter season. For September 1951 Class I and Class II milk sales exceeded receipts of producer milk by more than 22 percent. This was the lowest ratio of receipts to sales recorded since January 1948, the effective date of the Topeka order. As a result more than 600,000 pounds of other source milk were needed for Class I and Class II use in the market in September. In comparison with September 1950, when receipts of producer milk exceeded Class I and Class II milk sales by about 4.5 percent, September 1951 sales have increased about 12 percent, and receipts have declined almost 8 percent. The present supply situation has occurred despite the fact that Topeka handlers have consistently paid premiums above the minimum prices of the order to equalize prices with those of the nearby Kansas City market with which Topeka competes for milk supplies.

A seasonal decline in production from September through November followed by a gradual increase in production through March may normally be expected in the Topeka market. During the coming winter season, producers will, however, have very short supplies of home grown feeds with which to produce milk. Disastrous floods and excessive rainfall in the Topeka milkshed have severely reduced the production of the hay, grain and ensilage crops used for winter feeding. In addition farmers have been unable to seed small grains normally used for late fall and early spring pastures. In the eleven counties from which Topeka draws milk supplies, 22 percent of the farms were flooded; corn and alfalfa acreages equal to 19 and 22 percent respectively, of the 1950 harvested acreages of these crops were destroyed by flood. Yields of corn on acreages not flooded average a third or more below normal. Alfalfa hay production and quality on uplands not flooded have both been materially reduced by excessive rainfall and insect damage.

Under these conditions farmers will purchase much more feed than is normal for the Topeka milkshed if production is to be maintained during the coming winter season. The shortage of hay is particularly critical. Normally most dairymen in this area raise their own alfalfa hay. Those who do not raise their full needs of legume hay can usually buy alfalfa hay from farmers in their own communities. The farms normally producing surplus alfalfa hay are however the farms on which crops were destroyed by floods this year. Consequently hay must be imported from distant points at high transportation costs. Indications are that alfalfa hay will cost Topeka producers at least \$40 per ton.

A substantial increase in Class I and Class II milk prices will be required to enable producers of the Topeka market to maintain their herds under these conditions. A producer's association proposed that the differentials added to basic formula prices in determining Class I and Class II milk prices each be increased 50 cents through February 1952 and 95 cents for March 1952. The differentials resulting from this proposal would be \$1.80 for Class I milk and \$1.55 for Class II milk for the entire period; the effect of the proposal with respect to March 1952 being to defer for one month a seasonal reduction in differentials now provided in the order and continue the temporary increased proposed for the winter months. With short feed supplies and little prospect of early small grain pastures, March will be a difficult month for milk production in 1952.

The producers proposal should be adopted. No opposition was made to such proposal at the hearing.

2. The due and timely execution of the function of the Secretary under the act imperatively and unavoidably requires the omission of a recommended decision by the Assistant Administrator, Production and Marketing Administration, and the opportunity for execution thereto.

The conditions set forth above are such that it is urgent that remedial action be taken as soon as possible. Delay beyond the minimum time required to make the attached order effective would defeat the purpose of such amendment and would aggravate the current acute shortage in supply. Accordingly the time necessarily involved in the preparation, filing and publication of a recommended decision, and exceptions thereto, would make such relief ineffective. The propriety of omitting the recommended decision and opportunity of filing exceptions thereto was indicated on the record.

Ruling on proposed findings and conclusions. Rulings on proposed findings and conclusions are not necessary to this decision since neither briefs nor proposed findings and conclusions on the issues of the hearing have been filed by interested parties.

General findings. (a) The proposed marketing agreement and the order, as amended, and as hereby proposed to be further amended, and all of the terms and conditions thereof will tend to effectuate the declared policy of the act;

(b) The parity prices of milk as determined pursuant to section 2 of the

PROPOSED RULE MAKING

act are not reasonable in view of the price of feeds, available supplies of feeds and other economic conditions which affect market supply of and demand for milk in the said marketing area, and the minimum prices specified in the proposed marketing agreement and in the order, as amended, and as hereby proposed to be further amended, are such prices as will reflect the aforesaid factors, insure a sufficient quantity of pure and wholesome milk and be in the public interest; and

(c) The proposed marketing agreement and the order, as amended and as hereby proposed to be further amended, will regulate the handling of milk in the same manner as, and are applicable only to persons in the respective classes of industrial and commercial activity specified in the said marketing agreement upon which a hearing has been held.

Determination of representative period. The month of September 1951, is hereby determined to be the representative period for the purpose of ascertaining whether the issuance of an order amending the order, as amended, regulating the handling of milk in the Topeka, Kansas, marketing area in the manner set forth in the attached amending order is approved or favored by producers who during such period were engaged in the production of milk for sale in the marketing area specified in such marketing order, as amended.

Annexed hereto and made a part hereof are two documents entitled respectively "Marketing Agreement Regulating the Handling of Milk in the Topeka, Kansas, Marketing Area," and "Order Amending the Order, as Amended, Regulating the Handling of Milk in the Topeka, Kansas, Marketing Area," which have been decided upon as the detailed and appropriate means of effectuating the foregoing conclusions. These documents shall not become effective unless and until the requirements of § 900.14 of the rules of practice and procedure, as amended, governing proceedings to formulate marketing agreements and orders have been met.

It is hereby ordered that all of this decision, except the attached marketing agreement, be published in the FEDERAL REGISTER. The regulatory provisions of said marketing agreement are identical with those contained in the order, as amended, and as hereby proposed to be further amended by the attached order which will be published with this decision.

This decision filed at Washington, D. C., this 25th day of October 1951.

[SEAL] CHARLES F. BRANNAN,
Secretary of Agriculture.

Order¹ Amending the Order, as Amended, Regulating the Handling of Milk in the Topeka, Kansas, Marketing Area

§ 980.0 *Findings and determinations.* The findings and determinations herein after set forth are supplementary and in addition to the findings and determinations previously made in connection with the issuance of the aforesaid order and of each of the previously issued amendments thereto; and all of said previous findings and determinations are hereby ratified and affirmed, except insofar as such findings and determinations may be in conflict with the findings and determinations set forth herein.

(a) *Findings upon the basis of the hearing record.* Pursuant to the provisions of the Agricultural Marketing Agreement Act of 1937, as amended (7 U. S. C. 601 et seq.), and the applicable rules of practice and procedure, as amended, governing the formulation of marketing agreements and marketing orders (7 CFR Part 900), a public hearing was held upon certain proposed amendments to the tentative marketing agreement and to the order, as amended, regulating the handling of milk in the Topeka, Kansas, marketing area. Upon the basis of the evidence introduced at such hearing and the record thereof, it is found that;

(1) The said order, as amended, and as hereby further amended, and all of the terms and conditions thereof, will

tend to effectuate the declared policy of the act;

(2) The parity prices of milk as determined pursuant to section 2 of the act are not reasonable in view of the price of feeds, available supplies of feeds and other economic conditions which affect market supplies of and demand for milk in the said marketing area, and the minimum prices specified in the order, as amended, and as hereby further amended, are such prices as will reflect the aforesaid factors, insure a sufficient quantity of pure and wholesome milk and be in the public interest; and

(3) The said order, as amended, and as hereby further amended, regulates the handling of milk in the same manner as and is applicable only to persons in the respective classes of industrial and commercial activity specified in a marketing agreement upon which a hearing has been held.

Order relative to handling. It is therefore ordered that on and after the effective date hereof the handling of milk in the Topeka, Kansas, marketing area shall be in conformity to and in compliance with the terms and conditions of the aforesaid order, as amended, and as hereby further amended, and the aforesaid order, as amended, is hereby further amended as follows:

1. Delete the period (.) appearing at the end of § 980.5 (a), substitute therefor a colon (:), and add the following: "Provided, That during the months of November 1951 through March 1952 the price per hundredweight of Class I milk shall be the price determined pursuant to paragraph (b) of this section plus \$1.80."

2. Delete the period (.) appearing at the end of § 980.5 (b), substitute therefor a colon (:), and add the following: "Provided, That during the months of November 1951 through March 1952 the price per hundredweight of Class II milk shall be the price determined pursuant to paragraph (b) of this section plus \$1.55."

NOTICES

DEPARTMENT OF THE INTERIOR

Office of the Secretary

OIL AND GAS OPERATIONS IN SUBMERGED COASTAL LANDS OF GULF OF MEXICO

This is a sixth supplement to Part II of the notice issued by the Secretary of the Interior on December 11, 1950, concerning "Oil and Gas Operations in the Submerged Coastal Lands of the Gulf of Mexico" (15 F. R. 8835), as previously supplemented by the notices issued by the Secretary of the Interior on February 2, 1951 (16 F. R. 1203), March 5, 1951 (16 F. R. 2195), April 23, 1951 (16 F. R. 3623), June 25, 1951 (16 F. R. 6404), and August 22, 1951 (16 F. R. 8720).

Persons conducting oil and gas operations in accordance with Part II of the notice dated December 11, 1950, as pre-

viously supplemented, are hereby authorized to continue such operations to and including December 31, 1951. This supplementary authorization is subject to the conditions prescribed in Part II.

This does not authorize the drilling of, or production from, any oil or gas well the drilling of which had not been commenced on or before December 11, 1950.

OSCAR L. CHAPMAN,
Secretary of the Interior.

OCTOBER 24, 1951.

[F. R. Doc. 51-13004; Filed, Oct. 29, 1951; 8:46 a. m.]

¹ This order shall not become effective unless and until the requirements of § 900.14 of the rules of practice and procedure, as amended, governing proceedings to formulate marketing agreements and orders have been met.

DEFENSE MATERIALS PROCUREMENT AGENCY

[Delegation 4]

SECRETARY OF THE INTERIOR

DELEGATION OF AUTHORITY TO ENCOURAGE DOMESTIC EXPLORATION AND RELATED DEVELOPMENT OF CRITICAL AND STRATEGIC MINERALS AND METALS

1. Pursuant to the Defense Production Act of 1950, as amended (Public Law 774, 81st Cong., and Public Laws 69 and 96, 82d Cong.), Executive Orders 10161 of September 9, 1950 (15 F. R. 6105), and 10200 of January 3, 1951 (16 F. R. 61), as amended, and Executive Order 10281 of August 28, 1951 (16 F. R. 8789), there is hereby delegated to the Secretary of the Interior the function, included in the

functions delegated to the Defense Materials Procurement Administrator by section 304 of Executive Order 10161, as amended, to encourage (a) the exploration of critical and strategic minerals and metals in the United States, its Territories and possessions, and (b) such development in connection therewith as may be necessary to determine the character and the extent of the ores involved.

2. The function delegated hereby shall be carried out in accordance with programs certified under section 307 of Executive Order 10161, as amended, and also in accordance with such policies as may be established and such directives as may be issued by the Defense Materials Procurement Administrator.

3. The Secretary of the Interior shall furnish to the Defense Materials Procurement Administrator, at such times as he may request, reports of the action taken on and the status of all matters for which the Secretary of the Interior is responsible under this delegation.

4. To the extent that the "Delegation of Authority to Certain Officers and Agencies under Defense Production Act of 1950, as amended," issued by the Defense Materials Procurement Administrator on September 14, 1951 (16 F. R. 9446), delegates the functions set forth in section 304 of Executive Order 10161, as amended, of encouraging the exploration, development, and mining of critical and strategic minerals and metals, such delegation is hereby superseded.

5. The function herein delegated may be redelegated with or without authority for further redelegation.

This delegation shall take effect October 28, 1951.

Dated: October 26, 1951.

JESS LARSON,
*Defense Materials Procurement
 Administrator.*

DEPARTMENT OF THE TREASURY

Bureau of Internal Revenue

RELIEF FROM EXCESS PROFITS TAX BECAUSE OF AN INADEQUATE EXCESS PROFITS CREDIT

ALLOWANCE DURING FISCAL YEAR ENDED
 JUNE 30, 1951

Subchapter E of Chapter 2 of the Internal Revenue Code imposes an excess profits tax on corporations for taxable years beginning after December 31, 1939. Under the provisions of this subchapter excess profits are measured by comparing the earnings for the current taxable year with a statutory excess profits credit.

Section 722 of Subchapter E reflects the recognition by Congress of the desirability and necessity of granting relief in meritorious cases to corporations which bear an excessive burden because of an inadequate excess profits credit. This section provides for the recomputation of excess profits tax on the basis of a reconstructed excess profits credit.

As required by section 722 (g) the following list, containing the cases ar-

No. 211-4

anged alphabetically by internal revenue districts, shows the name and address of each corporation to which relief has been allowed, business, taxable years involved, excess profits credit before allowance of relief, increase in excess profits credit claimed, increase in excess profits credit allowed, decrease in excess profits tax, and increase in income tax. Allowances pursuant to decisions entered by The Tax Court of the United States have been made in thirty three docketed cases. These are included in the list with appropriate notations. There are included as a supplement to this list forty two cases in which relief was allowed by the Commissioner during the fiscal year ended June 30, 1950. These cases were not included in the list of allowances made during the fiscal year 1950 previously published.

In order to determine the relief granted and the relevant data required to be published, intermediate computations of the excess profits tax and the income tax showing the amounts of taxes which would have been due without the benefits of section 722 were made. Comparison of the pertinent items and figures appearing in the application for relief and the tax computations after allowance of relief with those appearing in the intermediate tax computations developed the required data.

Explanations of certain of the items, as displayed in their respective column headings of the list, and the data evolved, follows:

Business in which engaged, column 2. The business in which taxpayer is engaged is that reported in the income tax return of the corporation for the taxable year or years involved, therefore, it does not necessarily correspond with the business during the base period. In those instances where the return for the year involved failed to disclose the nature of the business, information from other sources was utilized. Moreover, since the nature of business shown usually represents a general description of the predominant business activity, it does not necessarily represent or reflect the business activity with respect to which an inadequate excess profits credit was established.

Excess profits credit before allowance of relief, column 4. The excess profits credit before allowance of relief is the credit originally claimed by the taxpayer, as corrected, whether based on income or capital.

Increase in the amount of excess profits credit claimed by taxpayer, column 5. The increase in the amount of excess profits credit claimed by taxpayer is the excess of the credit based on the constructive income claimed by the taxpayer over the credit before allowance of relief shown in column 4.

Increase in the amount of excess profits credit allowed, column 6. The increase in the amount of excess profits credit allowed is the excess of the recomputed credit based on constructive income finally allowed over the credit before allowance of relief shown in column 4.

Gross reduction in the excess profits tax, column 7; gross increase in the income tax, column 8. The gross reduc-

tion in the excess profits tax and the gross increase in the income tax resulting from the operation of section 722 are the difference between the gross taxes which would have been due without the benefits of section 722 and the gross taxes due after relief has been granted. The gross excess profits tax is the tax due prior to the deferment under section 710 (a) (5), the foreign tax credit under section 723, the credit for debt retirement under section 783, the ten percent credit under section 784, and the adjustment under section 734. The gross income tax is the tax due prior to the foreign tax credit under section 131.

The changes in the income and excess profits taxes shown reflect the effect of the increase attributable to section 722 in the unused excess profits credit carried forward from prior taxable years as well as the effect of the increase in unused excess profits credit carried back from subsequent taxable years to the extent that claims with respect to unused credit carry-overs and carry-backs determined under section 722 were allowed within the same fiscal year.

While the decrease in excess profits tax is directly related to the increase in excess profits credit allowed, a number of factors serve to invalidate a comparison of the relationship of these two items applicable to a corporation for different taxable years or to different corporations for the same taxable year. Among the most important factors affecting this comparison are (1) increase in excess profits tax rates, (2) changes in rate structure from a graduated to a flat rate system, (3) effect of unused excess profits credits of prior and subsequent years attributable to section 722, (4) variation of provisions applicable to fiscal years, (5) limitation of excess profits tax to the amount by which 80 percent of net income exceeds the income tax, applicable to certain taxable years, and (6) relation of excess profits before the application of section 722 to the increase in excess profits credit allowed.

For taxable years beginning after December 31, 1940, a portion of the amount by which the excess profits tax is reduced by reason of the application of section 722 is offset by an increase in income tax. This offset arises from the provisions which permit the deduction of the income subject to excess profits tax (or excess profits tax in certain taxable years) in arriving at income subject to income tax.

Lists containing the cases in which relief has been allowed for prior fiscal years have been published in the various issues of the FEDERAL REGISTER as follows:

Fiscal years ended--	Vol.	No.	Date
June 30, 1942.....	8	194	Sept. 23, 1944
June 30, 1943.....	9	194	Sept. 23, 1944
June 30, 1944.....	9	219	Nov. 2, 1944
June 30, 1945.....	10	224	Nov. 15, 1945
June 30, 1946.....	11	196	Oct. 8, 1947
June 30, 1947.....	12	197	Oct. 8, 1947
June 30, 1948.....	13	216	Oct. 21, 1948
June 30, 1949.....	14	201	Oct. 13, 1949
June 30, 1950.....	15	205	Oct. 21, 1950

DEPARTMENT OF COMMERCE

Federal Maritime Board

[No. S-30]

MISSISSIPPI SHIPPING CO., INC.

NOTICE OF CHANGE OF HEARING

The hearing scheduled herein for November 13, 1951 (16 F. R. 10610), before Chief Examiner G. O. Basham, in Room 4823, Commerce Building, Washington, D. C., at 10 o'clock a. m., under Title VI of the Merchant Marine Act, 1936, as amended, concerning review by the Board, on its own motion, of the Operating-Differential Subsidy Agreement of Mississippi Shipping Company, Inc. (contract No. MCC-62433), with respect to vessels operated by the company on Trade Route No. 14, Service No. 2, between United States Gulf ports and the West Coast of Africa, has been cancelled. In lieu thereof, a prehearing conference will be held at the same time and place on November 20, 1951, pursuant to § 201.95 of the Board's rules of procedure (12 F. R. 6076).

In the prehearing conference consideration will be given to the following:

- (1) Simplification of the issues;
- (2) The necessity or desirability of amendments to the pleadings;
- (3) The possibility of obtaining admission of fact and of documents which will avoid unnecessary proof;
- (4) Limitations on the number of witnesses;

- (5) The procedure at the hearing;
- (6) The distribution to the parties prior to the hearing of written testimony and exhibits;
- (7) Consolidation of the examination of witnesses by counsel; and
- (8) Such other matters as may aid in the disposition of the proceeding.

All persons (including individuals, corporations, associations, firms, partnerships, and public bodies) desiring to participate in this conference should notify the Secretary of the Board promptly to that effect.

Dated: October 25, 1951.

By order of the Federal Maritime Board,

[SEAL] R. L. McDONALD,
Assistant Secretary.

ECONOMIC STABILIZATION
AGENCY

Office of Price Stabilization

[Ceiling Price Regulation 7, Section 43
Special Order 1, Amdt. 1]

NORTH STAR WOOLEN MILL CO.

MANUFACTURER'S SELLING PRICES AND CEILING PRICES AT RETAIL

Statement of considerations. This amendment to Special Order 1, issued under section 43 of Ceiling Price Regulation 7, to North Star Woolen Mill Co., changes the manufacturer's selling prices and the corresponding ceiling prices at retail established by the special order. These changes reflect computations made by the applicant pursuant to Ceiling Price Regulation 18. The Director has determined on the basis of information available to him, including the data submitted by the applicant, that the retail ceiling prices requested and which are established by this amendment are no higher than the level of ceiling prices under Ceiling Price Regulation 7.

This amendment also provides for a change in address of the manufacturer. *Amendatory provisions.* Special Order 1 under Ceiling Price Regulation 7, section-43 is amended in the following respects:

1. Delete paragraph 1 and substitute therefor the following:

1. The following ceiling prices are established for sales after the effective date of this special order by any seller at retail of all wool blankets manufactured by North Star Woolen Mill Company, 100 Park Avenue, New York 17, New York, having the brand name "North Star" and

described in the manufacturer's application dated February 28, 1951, and supplemented and amended in the manufacturer's applications dated March 2, 1951, and July 5, 1951. The manufacturer's prices listed below carry terms of 3/10 E. O. M.

ALL WOOL BLANKETS

Manufacturer's selling price (per unit):	Ceiling prices at retail (per unit)
\$4.20	\$6.95
\$4.75	7.95
\$5.40	8.95
\$6.00	9.95
\$6.60	10.95
\$7.80	12.95
\$9.00	14.95
\$11.37	18.95
\$12.00 through \$12.90	19.95
\$13.25	21.95
\$13.50	22.50
\$14.75	24.50
\$15.00	25.00
\$16.50	27.50
\$17.00 through \$17.10	28.50
\$19.00	31.50
\$19.50	32.50
\$19.80	33.00
\$22.00	37.50
\$23.50 through \$23.70	39.50
\$24.25	41.50
\$27.00	45.00
\$32.50	55.00
\$39.00	65.00

2. Delete paragraph 2 and substitute therefor the following:

2. Manufacturer's all-wool blanket bearing the style name "Nocturne" size 80 x 90, so long as it has a manufacturer's selling price of \$12.60 per unit shall have a ceiling price at retail of \$21.00 per unit. The manufacturer's selling price is subject to terms of 3/10 E. O. M.

Effective date. This amendment shall become effective October 23, 1951.

MICHAEL V. DiSALLE,
Director of Price Stabilization.

OCTOBER 23, 1951.

[F. R. Doc. 51-12873; Filed, Oct. 23, 1951; 4:50 p. m.]

[General Overriding Regulation 10, Special Order No. 4]

CRESCENT CHEMICAL CO.

CEILING PRICES FOR SALES BY THE MANUFACTURER AND FOR SALES AT WHOLESALE

Statement of considerations. In accordance with General Overriding Regulation 10, the applicant named in this special order, Crescent Chemical Company, Los Angeles, California, has applied to the Office of Price Stabilization for an adjustment of its ceiling prices on its only product, "Gre-Sof."

The applicant has submitted the information required by section 3 of this regulation and has produced evidence which, in the judgment of the Director, has established that the applicant is eligible for an adjustment as provided by this regulation.

Upon the basis of the information submitted, it appears that the applicant's existing ceiling prices would require it to operate at a loss with respect to its overall manufacturing operations.

It further appears that the product has not been repriced since 1934 and, due to a substantial increase in raw material costs, a projection of the applicant's operations clearly indicates that it will continue operating at a loss. The loss involved is attributable to the level of its existing ceiling prices and to no other cause and if the proposed schedule of adjusted ceiling prices is put into effect by the applicant, its operations will be at a break-even point. The adjusted ceiling prices for which it applies are not out of line with the ceiling prices established for other sellers of cleaning compounds similar to "Gre-Sof."

This special order also increases ceiling prices for wholesalers and jobbers, based upon the adjusted ceiling prices of the Crescent Chemical Company's Gre-Sof. In the judgment of the Director of the Office of Price Stabilization, adjustments in the ceiling prices of wholesalers and jobbers of Crescent Chemical Company's Gre-Sof are necessary and this order adjusts these prices to the extent so deemed necessary. It is also the opinion of the Director that the wholesale ceiling prices established by this special order are not substantially higher than the level of ceiling prices otherwise established by regulations issued by the Office of Price Stabilization.

Section 5 below requires Crescent Chemical Company to send its wholesalers and jobbers of its Gre-Sof a copy of this special order.

Special provisions. For the reasons set forth in the Statement of Considerations and pursuant to General Overriding Regulation 10, this special order is hereby issued.

1. After the effective date of this special order, the ceiling prices for sales to any class of purchaser by the Crescent Chemical Company of its cleaning compound having the brand name "Gre-Sof", are the following prices less the discounts and allowances which the Crescent Chemical Company had in effect during the period April 1, 1950 to June 24, 1950 to the same class of purchaser for the same type of sale.

Gre-Sof	Per unit	Per cent
1-pound packages (24 to case)	\$2.00	57.50
5-pound packages (6 to case)	1.20	7.50
Drum of 25 pounds	5.00	
Drum of 100 pounds	18.00	

Terms: 2 percent cash discount, 10 days from date of invoice. Freight prepaid on minimum shipments of 30 cases or more.

2. The ceiling prices for sales of "Gre-Sof" by wholesalers and jobbers shall be the prices listed above less the discounts and allowances which the seller had in effect during the period December 19, 1950 to January 25, 1951, to the same class of customer for the same type of sale.

3. This special order or any provision thereof may be revoked, suspended or amended by the Director of Price Stabilization at any time.

4. The provisions of this special order are applicable to sales of the above listed commodities in the 48 states and the District of Columbia.

5. Copies of this special order shall be sent by Crescent Chemical Company to its wholesalers and jobbers on or before the date of the first delivery of Gre-Sof after the effective date of this special order.

Effective date: This special order shall become effective October 24, 1951.

MICHAEL DiSALLE,
Director of Price Stabilization.

FEDERAL POWER COMMISSION

[Docket Nos. G-1698, G-1753]

SOUTHERN CALIFORNIA GAS CO. AND PACIFIC GAS AND ELECTRIC CO.

ORDER CONSOLIDATING PROCEEDINGS AND FIXING DATE OF HEARING

OCTOBER 23, 1951.

In the matters of Southern California Gas Company Docket No. G-1698; Pacific Gas and Electric Company, Docket No. G-1753.

On May 29, 1951, Southern California Gas Company, a California corporation, having its principal place of business at Los Angeles, California, filed an application, which was supplemented on September 17, 1951, for a certificate of public convenience and necessity pursuant to section 7 of the Natural Gas Act authorizing the construction and operation of certain natural-gas facilities for the transportation of natural gas subject to the jurisdiction of the Commission as described in the application on file with the Commission and open to public inspection.

On July 27, 1951, Pacific Gas and Electric Company, a California corporation, having its principal place of business at San Francisco, California, filed an application for a certificate of public convenience and necessity pursuant to section 7 of the Natural Gas Act authorizing the construction and operation of facilities for the transportation and sale of natural gas subject to the jurisdiction of the Commission as described in the application on file with the Commission and open to public inspection.

Both applicants have requested that their applications be heard under the shortened procedure provided for by § 1.32 of the Commission's rules of practice and procedure. Pacific also requests that its application be heard at the same time as the application of Southern California Gas Company in Docket No. G-1698.

The Commission finds:

(1) Due notice of the filing of the applications in Docket Nos. G-1698 and G-1753 has been given including publication in the FEDERAL REGISTER on June 14, 1951 (16 F. R. 5660) and on August 11, 1951 (16 F. R. 7951), respectively.

(2) The applications are not proper ones for disposition under the shortened procedure provided for by § 1.32 of the Commission's rules of practice and procedure.

(3) The applications relate to the same service and should be consolidated for hearing.

The Commission orders:

(A) Applicants request that the aforesaid applications be heard under the shortened procedure provided by § 1.32 of the Commission's rules of practice and procedure be and the same hereby is denied.

(B) The aforesaid proceedings in Docket Nos. G-1698 and G-1753 be and the same hereby are consolidated for hearing.

(C) Pursuant to authority contained in and subject to the jurisdiction conferred upon the Federal Power Commission by sections 7 and 15 of the Natu-

ral Gas Act and the Commission's rules of practice and procedure, a public hearing be held commencing on November 15, 1951 at 10:00 a. m. in the Hearing Room of the Federal Power Commission, 1800 Pennsylvania Avenue NW., Washington, D. C., concerning the matters presented and the issues involved in the said applications.

(D) Interested State commission may participate as provided by §§ 1.8 and 1.37 (f) (18 CFR 1.8 and 1.37 (f)) of the Commission's rules of practice and procedure.

Date of issuance: October 24, 1951.

By the Commission:

[SEAL] J. H. GUTRIDE,
Acting Secretary.

[Project No. 2087]

BLUE RIDGE ELECTRIC MEMBERSHIP CORP.

ORDER POSTPONING HEARING AND FIXING PRECEDING HEARING

OCTOBER 22, 1951.

By order dated September 27, 1951, the Commission fixed a public hearing to be held on October 25, 1951 in Roanoke, Virginia, on Blue Ridge Electric Membership Corporation's pending application for preliminary permit for proposed Project No. 2087 on South Fork of New River in Ashe and Wilkes Counties, North Carolina.

Numerous interested persons in North Carolina, including the applicant for permit, have protested, requesting that the hearing place be changed to West Jefferson, North Carolina, or elsewhere in the immediate vicinity of the proposed project, which would be more accessible to such persons than Roanoke, Virginia.

The Commission finds: It is desirable and in the public interest that this matter be heard in both Roanoke, Virginia, and West Jefferson, North Carolina, as hereinafter provided.

The Commission orders: The public hearing heretofore scheduled by our order dated September 27, 1951, in this matter for Roanoke, Virginia, is hereby postponed to November 29, 1951, at 10 o'clock a. m., s. t., in the Court Room, 2d Floor, U. S. Post Office and Court House Building, Roanoke, Virginia, and pursuant to the Commission's authority cited in the afore-mentioned order, a public hearing be held in this matter on the 27th day of November, 1951 at 11 a. m., s. t., in the Parkway Theater, West Jefferson, North Carolina.

Date of issuance: October 24, 1951.

By the Commission:

[SEAL] J. H. GUTRIDE,
Acting Secretary.

INTERSTATE COMMERCE COMMISSION

[4th Sec. Application 26503]

FERTILIZER FROM LOUISIANA AND KANSAS TO POINTS IN VIRGINIA

APPLICATION FOR RELIEF

OCTOBER 25, 1951.

The Commission is in receipt of the above-entitled and numbered application for relief from the long-and-short-haul provision of section 4 (1) of the Interstate Commerce Act.

Filed by: D. Q. Marsh, Agent, for carriers parties to his tariff I. C. C. No. 3746.

Commodities involved: Fertilizer and fertilizer compounds, carloads.

From: Sterlington, La., Military (Jayhawk Ordnance Plant), Kans., and Parsons, Kans.

To: Blackstone, Lynchburg, Newport News, Norfolk, and Richmond, Va.

Grounds for relief: Competition with rail carriers, circuitous routes, and market competition.

Schedules filed containing proposed rates: D. Q. Marsh's tariff I. C. C. No. 3746, Supp. 74.

Any interested person desiring the Commission to hold a hearing upon such application shall request the Commission in writing so to do within 15 days from the date of this notice. As provided by the general rules of practice of the Commission, Rule 73, persons other than applicants should fairly disclose their interest, and the position they intend to take at the hearing with respect to the application. Otherwise the Commission, in its discretion, may proceed to investigate and determine the matters involved in such application without further or formal hearing. If because of an emergency a grant of temporary relief is found to be necessary before the expiration of the 15-day period, a hearing, upon a request filed within that period, may be held subsequently.

By the Commission, Division 2.

[SEAL] W. P. BARTEL, Secretary.

[F. R. Doc. 51-13011; Filed, Oct. 29, 1951; 8:50 a. m.]

[4th Sec. Application 26504]

CRUDE PETROLATUM FROM NEW ORLEANS, LA., TO CERTAIN STATES

APPLICATION FOR RELIEF

OCTOBER 25, 1951.

The Commission is in receipt of the above-entitled and numbered application for relief from the long-and-short-haul provision of section 4 (1) of the Interstate Commerce Act.

Filed by: R. E. Boyle, Jr., Agent, for carriers parties to Agent C. A. Spaninger's tariff I. C. C. No. 1253.

Commodities involved: Crude petrolatum, in tank-car loads.

From: New Orleans, La., and points grouped therewith.

To: Points in New York, Ohio, Pennsylvania, and West Virginia.

Grounds for relief: Competition with rail carriers, circuitous routes, and to apply over short tariff routes rates constructed on the basis of the short line distance formula.

Schedules filed containing proposed rates: C. A. Spaninger's tariff I. C. C. No. 1253, Supp. 8.

Any interested person desiring the Commission to hold a hearing upon such application shall request the Commission in writing so to do within 15 days from the date of this notice. As provided by the general rules of practice of the Commission, Rule 73, persons other than applicants should fairly disclose their interest, and the position they intend to take at the hearing with respect to the application. Otherwise the Commission, in its discretion, may proceed to investigate and determine the matters involved in such application without further or formal hearing. If because of an emergency a grant of temporary relief is found to be necessary before the expiration of the 15-day period, a hearing, upon a request filed within that period, may be held subsequently.

By the Commission, Division 2.

[SEAL] W. P. BARTEL, Secretary.

[4th Sec. Application 26505]

FERTILIZERS FROM ALBANY, GA., TO FLORIDA

APPLICATION FOR RELIEF

OCTOBER 25, 1951.

The Commission is in receipt of the above-entitled and numbered application for relief from the long-and-short-haul provision of section 4 (1) of the Interstate Commerce Act.

Filed by: Seaboard Air Line Railroad Company.

Commodities involved: Fertilizer and fertilizer materials, in carloads.

From: Albany, Ga.

To: Specified points in Florida.

Grounds for relief: Circuitous routes.

Any interested person desiring the Commission to hold a hearing upon such application shall request the Commission in writing so to do within 15 days from the date of this notice. As provided by the general rules of practice of the Commission, Rule 73, persons other than applicants should fairly disclose their interest, and the position they intend to take at the hearing with respect to the application. Otherwise the Commission, in its discretion, may proceed to investigate and determine the matters involved in such application without further or formal hearing. If because of an emergency a grant of temporary relief is found to be necessary before the expiration of the 15-day period, a hearing, upon a request filed within that period, may be held subsequently.

By the Commission, Division 2.

[4th Sec. Application 26506]

PIG IRON FROM MINNEQUA, COLO., TO INDIANA

APPLICATION FOR RELIEF

OCTOBER 25, 1951.

The Commission is in receipt of the above-entitled and numbered application for relief from the long-and-short-haul provision of section 4 (1) of the Interstate Commerce Act.

Filed by: L. E. Kipp, Agent, for carriers parties to his tariff I. C. C. No. A-3589.

Commodities involved: Pig iron, carloads.

From: Minnequa, Colo.

To: Garrett, Marion, and Muncie, Ind.

Grounds for relief: Competition with rail carriers, circuitous routes, and to apply over short tariff routes rates constructed on the basis of the short line distance formula.

Schedules filed containing proposed rates: L. E. Kipp's tariff I. C. C. No. A-3589, Supp. 127.

Any interested person desiring the Commission to hold a hearing upon such application shall request the Commission in writing so to do within 15 days from the date of this notice. As provided by the general rules of practice of the Commission, Rule 73, persons other than applicants should fairly disclose their interest, and the position they intend to take at the hearing with respect to the application. Otherwise the Commission, in its discretion, may proceed to investigate and determine the matters involved in such application without further or formal hearing. If because of an emergency a grant of temporary relief is found to be necessary before the expiration of the 15-day period, a hearing, upon a request filed within that period, may be held subsequently.

By the Commission, Division 2.

UNITED STATES TARIFF COMMISSION

[L1st No. D-63]

VITRIFIED CHINA ASSOCIATION, INC.

APPLICATION FOR INVESTIGATION DENIED AND DISMISSED

OCTOBER 24, 1951.

The United States Tariff Commission on October 23, 1951 denied and dismissed the application of the Vitrified China Association, Incorporated, Washington, D. C., for an investigation under the provisions of section 336 of the Tariff Act of 1930 with respect to certain household chinaware falling within specified value brackets, provided for in paragraph 212 of the Tariff Act of 1930. Public notice of the receipt of the application, including a detailed description of the products concerned, appeared in the FEDERAL REG-

ISTER of June 22, 1951, (16 F. R. 5961). Commissioners Brossard and Gregg dissented from the action taken by the Commission.

By direction of the Commission.

[SEAL] DONN N. BENT,
Secretary.

DEPARTMENT OF JUSTICE

Office of Alien Property

AUTHORITY: 40 Stat. 411, 55 Stat. 839, Pub. Laws 322, 671, 79th Cong., 60 Stat. 50, 925; 50 U. S. C. and Supp. App. 1, 616; E. O. 9193, July 6, 1942, 3 CFR, Cum. Supp., E. O. 9567, June 8, 1945, 3 CFR, 1945 Supp., E. O. 9788, Oct. 14, 1946, 11 F. R. 11981.

[Vesting Order 18599]

MARKO EREMIC

In re: Estate of Marko Eremic, deceased. File No. D-69-372.

Under the authority of the Trading With the Enemy Act, as amended, Executive Order 9193, as amended, Executive Order 9788 and Executive Order

9989, and pursuant to law, after investigation, it is hereby found:

1. That Joce Eremic, who on or since the effective date of Executive Order 8389, as amended, and on or since December 11, 1941, has been acting or purporting to act directly or indirectly for the benefit or under the direction of a designated enemy country (Germany), is a national of a designated enemy country (Germany);

2. That the sum of \$898.96, presently in the custody of Kosto Unkovich, 508 Grant Street, Pittsburgh, Pennsylvania, being the sum awarded to Mile Eremic as guardian of the estate of Joce Eremic by the Orphans' Court of Allegheny County, Pennsylvania, as the distributive share of said Joce Eremic in the Estate of Marko Eremic, deceased, is property within the United States, owned or controlled by, payable or deliverable to, held on behalf of or on account of, or owing to, or which is evidence of ownership or control by, Joce Eremic, the aforesaid national of a designated enemy country (Germany);

and it is hereby determined:

3. That to the extent that the person named in subparagraph 1 hereof is not

within a designated enemy country, the national interest of the United States requires that such person be treated as a national of a designated enemy country (Germany).

All determinations and all action required by law, including appropriate consultation and certification, having been made and taken, and, it being deemed necessary in the national interest,

There is hereby vested in the Attorney General of the United States the property described above, to be held, used, administered, liquidated, sold or otherwise dealt with in the interest of and for the benefit of the United States.

The terms "national" and "designated enemy country" as used herein shall have the meanings prescribed in section 10 of Executive Order 9193, as amended.

Executed at Washington, D. C., on October 23, 1951.

For the Attorney General.

[SEAL] HAROLD I. BAYNTON,
Assistant Attorney General,
Director, Office of Alien Property.
