Vegetables  
Less  
Meat**

**EAT** more vegetables—less meat. You'll feel better, and help the Government, besides.

Here are two you can't beat—new string beans, perfectly cooked in butter, and new creamed onions. You don't need meat.

How the cooking brings out their flavor! Cooking helps everything. Just try Lucky Strike Cigarette—it's toasted.

## ALBODON

For that  
November 15th  
Christmas Box  
Overseas

WHEN you make up your Christmas box to be sent abroad, don't forget to include a few tubes of ALBODON DENTAL CREAM. There is nothing you can buy that will please him as much and at the same time be as beneficial to his health. *It is something he can seldom buy or get over there.*

Whether he is in France, in arctic Siberia or tropical Palestine, you can be sure ALBODON, with its high cleansing and antiseptic properties, will reach him in perfect condition. *It is the only dentifrice that does not harden in the tube in any climate.* A single tube used twice a day will last him five or six weeks. It is only 25c a tube.

Every dealer sells Albodon and every dentist knows the formula and recommends it as an aid to health.

**How to Send It:** If the package is to go to a man in the Army, consult your nearest Red Cross for shipping directions; if for a man in the Navy, inquire at the post office or at any express company. Your package must leave by November 15th.

*"Tooth paste! It's the one thing I wanted. A thousand thanks for sending it!"*

THERE is sure to be some place around the house where Rhododendrons will succeed. It may be a shaded corner where you had difficulty in getting things to grow. Just the place for a bright clump of Rhododendrons. They will succeed on the sunny side just the same. It is merely a matter of decaying leaves and water. It is best to plant 3 or 4 rows, spacing 2 to 3 feet apart. To cover the ground between the plants, use Pachysandra, which makes an evergreen cover 4 inches high. Rhododendrons blend harmoniously with Dogwood, Arrowwood, Oak and Hickory. In the Winter Rhododendrons enliven the scene which is otherwise monotonous. As the plants grow and commence to touch you can have the pleasure of extending the group, carrying the eye further back into the deeper shadows. To add to Winter greenery you can have a carpet of Myrtle and Pachysandra. Climbing up the trees you can have Euonymus Radicans or Evergreen Bittersweet, English Ivy and Japanese Honeysuckle. Send for our catalogue, which gives illustrations, prices and good advice. Send for it now while the fall planting season is on, and do your share to beautify the earth!
