

Name: Terrance Davis

Class of works: I am writing in support of Class #2 (DVD Region Coding):
Audiovisual works stored on Digital Versatile Disks ("DVDs") that are not
available in Region 1 DVD format and access to which is prevented by
technological measures.

Summary:

Disc name: The anime works of Miyazaki

I desire to purchase, but the DMCA won't let me convert a copy to a usable
format for my DVD players.

I'm a big fan of Japanese Anime. I also seek to watch these in the original
Japanese with my family, but most of the DVDs that I can buy, especially by
Miyazaki, are NOT available in Region 1 format. I want to be able to purchase
and convert these legally for my family's viewing, but cannot currently do
this. This would be a conversion of DVDs I own, not pirated works. Please
help out myself and fans of other foreign films.
