

Name: Michael Lockhart

Class of works: I am writing in support of Class #2 (DVD Region Coding):  
Audiovisual works stored on Digital Versatile Disks ("DVDs") that are not  
available in Region 1 DVD format and access to which is prevented by  
technological measures.

Summary:

I bought some animated DVD's at an online store (it was at stores.yahoo.com),  
and when I loaded them into my DVD player, it was unable to play them. After  
some asking around and a visit to a japanese friends house, we realized that  
they were region encoded and would not play in U.S DVD players. So now when I  
want to watch them, I have to go to my friends house who purchased his DVD  
player in Japan.

Disc name: FILMS: "Jeffrey"; "Maurice"; "Bent"; "All That Jazz"; "Beautiful  
Thing".
