Class of works: I am writing in support of Class #3 (Unskippable DVD Advertising): Audiovisual works released on DVD that contain access control measures that interfere with the ability to control private performance, including the ability to skip promotional materials.

Summary:

Disc name: Toy Story

We bought the combined "Toy Story" / "Toy Story II" DVD when it was first released and have been frustrated by having to sit through previews of other Disney movies EVERY time we want to watch it. The DVD doesn't allow fast forward or offer any other way to shorten the time it takes to get to the movie we purchased. I don't mind previews, but I don't like being forced to watch them every time.
