PART 102—CONTROL OF LIGHTING WITHIN RESTRICTED ZONES

WASHINGTON, OREGON AND CALIFORNIA; SUSPENSION OF LIGHTING RESTRICTIONS

OCTOBER 28, 1943.

Whereas, Public Proclamation No. 19,¹ this headquarters, dated 10 October 1943, was promulgated, imposing among other things, certain restrictions upon lighting within designated zones of the Western Defense Command, and

¹ See § 102.1, 8 F. R. 13997.

Whereas, it has been determined that in view of improved defensive measures now in effect, those lighting restrictions are not, for the time being, required,

Now, therefore, I, Delos C. Emmons, Lieutenant General, U. S. EXAMINATION OF MERCHANDISE AT BROWNSVILLE, TEXAS

Examination of less than one package of every ten packages of flavoring sirup authorized: § 14.1 (b). Customs Regulations of 1943, amended (8 F. R. 8296).

To THE COLLECTOR OF CUSTOMS, LAREDO, TEXAS:

It is my opinion that at the port of Brownsville, Texas, the examination of less than one package of every ten packages of flavoring sirup covered by one invoice and imported in packages, the contents and value of which are uniform, will amply protect the revenue.

Therefore, by virtue of the authority contained in sections 499 and 624 of the Tariff Act of 1930, as amended (19 U. S. C. secs. 1499 and 1624), I do by this special regulation permit and authorize a less number of packages than one package of every ten packages, but not less than one package of every invoice, of flavoring sirup to be examined at the port of Brownsville, Texas.

This special regulation shall not be construed to preclude the examination of packages in addition to the minimum number hereby permitted to be exam-

ined if the collector or the appraiser shall deem it necessary that a greater number of packages be examined.

In view of the foregoing and a similar regulation as to flavoring sirup imported at the port of Laredo, Texas, published in Treasury Decision 50351, § 14.1 (b), Customs Regulations of 1943 (19 CFR 14.1 (b)), containing a list of merchandise as to which collectors are especially authorized to designate for examination less than one package of every ten packages, is hereby amended by inserting in said list after "Silk, raw, and waste." the following:

Sirup, flavoring (at the ports of Laredo, Texas, and Brownsville, Texas, only).

The number of this Treasury decision shall be added as a marginal notation to § 14.1 (b).

workers in the embroideries industry to March 31, 1944; and

Whereas after notice published in the FEDERAL REGISTER on October 16, 1943, Mr. Merle D. Vincent, the presiding officer designated by the Administrator, held a public hearing on October 29, 1943, at New York, New York at which all interested persons were given an opportunity to submit evidence and argument on the question whether the effective date of the regulations applicable to the employment of home workers in the embroideries industry should be postponed to March 31, 1944; and

TITLE 30—MINERAL RESOURCES

Chapter VI—Solid Fuels Administration for War

[Reg. 8]

PART 602—GENERAL ORDERS AND DIRECTIVES

SHIPMENT OF UNBILLED COAL FROZEN AT MINES PERMITTED AND REQUIRED

On October 29, 1943 specific directions were issued, pursuant to Solid Fuels Administration for War Regulation No. 1,¹ to producers of bituminous coal requiring them to hold unbilled on tracks at their mines "the maximum possible number of cars preferably of lump and double screened coal consistent with continuous full mine operation." It now appears to be practicable and necessary to modify these directions so as to permit and to require certain sizes of bituminous coal produced in certain districts and now held unbilled on tracks at the mines to move to certain areas and for certain uses. Accordingly, in order to effectuate the purposes of Executive Order No. 9332, and by virtue of the authority conferred by that order the following regulation is issued by the Solid Fuels Administrator for War:

§ 602.151 *Definitions.* (a) "Bituminous coal" means all bituminous and subbituminous coal having calorific

value in British thermal units of more than seven thousand six hundred per pound and having a natural moisture content in place in the mine of less than 30 per centum, and all coal designated as lignite produced in the State of Wyoming having calorific value in British thermal units of more than seven thousand six hundred per pound and having a natural moisture content in place in the mine of less than 30 per centum or more.

(b) "Unbilled coal frozen at mines" means all bituminous coal held on tracks at the mines pursuant to directions of the Solid Fuels Administrator for War issued to producers on October 29, 1943.

(c) "District 2", "District 7" and "District 8" mean those producing districts described as such in the Annex to the Bituminous Coal Act of 1937.

(d) "Producer" means any person engaged in the business of mining or preparing bituminous coal (or the sales agent of any such person).

§ 602.152 *Shipments of unbilled coal frozen at mines permitted and required.* Except as provided in section 3 of this regulation:

(a) Producers shall ship unbilled coal frozen at mines in District 7 in lump and egg sizes on orders from retail dealers in the State of Michigan.

(b) After obtaining clearance from the area distribution manager, producers shall ship unbilled coal frozen at mines in District 8 in lump and double screened sizes on orders from retail dealers in the States of Michigan and Ohio or on orders for vessel fuel use.

(c) After obtaining clearance from the area distribution manager, producers shall ship unbilled coal frozen at mines in District 2 in lump and double screened sizes on orders from retail dealers, or on orders for bunker fuel use or for railroad fuel use.

(d) Producers may obtain the clearance referred to in paragraphs (b) and (c) of this section by securing the oral permission of the area distribution manager to ship coal to a specified consignee for a specified use permitted by this section. The oral permission shall be confirmed in writing by the area distribution manager who, before granting such oral permission, may consult with the appropriate Bituminous Coal Producers Advisory Board.

§ 602.153 *Endorsement required on billings covering unbilled frozen coal.* The unbilled coal frozen at mines permitted and required to be shipped by section 2 of this regulation may not be shipped by any producer unless the billing covering such coal shall be endorsed "No-bill coal, authority I. C. C. Service Order No. 120-F."

§ 602.154 *Violations.* Any person who wilfully violates any provision of this regulation is guilty of a crime, and upon conviction may be punished by fine or imprisonment. In addition, any such person may be prohibited from making or obtaining further deliveries of, or from processing or using material under priority control and may be deprived of priorities assistance.

¹ 8 F.R. 5832, 13701.

§ 602.155 *Communications.* All communications regarding this regulation should be addressed to the Solid Fuels Administrator for War, Washington, D. C.

This regulation shall become effective immediately.

Issued this 4th day of November 1943.

Solid Fuels Administrator for War.

PART 602—GENERAL ORDERS AND DIRECTIVES

RESTRICTIONS UPON ANTHRACITE DELIVERIES BY RETAIL DEALERS

It is necessary to amend Solid Fuels Administration for War Regulation No. 6 in order to prevent the imposition of undue distribution difficulties upon retail dealers of anthracite coal who serve as a source of supply for larger consumers of anthracite. Accordingly, pursuant to powers conferred by Executive Order No. 9332, Solid Fuels Administration for War Regulation No. 6 is hereby amended as follows.

1. Section 602.102 (b) is amended to read as follows:

§ 602.102 *Restrictions upon anthracite deliveries by retail dealers.* (b) A retail dealer may deliver anthracite coal up to but not in excess of one ton to any household consumer if such consumer has less than a ten days' supply. A retail dealer may deliver anthracite coal in any quantity to other than household consumers provided that the tonnage delivered, when added to the inventory on hand, does not exceed a ten days' supply.

This amendment shall become effective immediately.

(E.O. 9332, 8 F.R. 5355; E.O. 9125, 7 F.R. 2719; sec. 2 (a) 54 Stat. 676, as amended by 55 Stat. 236 and 56 Stat. 176)

Issued this 6th day of November 1943.

Acting Solid Fuels
Administrator for War.

INTERPRETATION 1
PRINT PAPER

"Print paper", as used in this order, includes paper reclaimed wholly or partly from white or printed waste, as well as new paper made from virgin fibers. (Issued July 24, 1943)

INTERPRETATION 2
NEWSPAPERS

Paragraph (d) (1) of Order L-240 (§ 3133.6) restricts the tonnage of print paper which

a publisher may accept in any month. If this amount works out to a whole number of carloads plus a fraction of another carload, a publisher may carry the fraction over into the next month. Thus, if a publisher's quarterly quota of print paper would fill 25½ freight cars, he would be permitted to accept 8½ carloads per month. However, if he accepts only 8 carloads in the first month he may accept 9 in the next month. (Issued Aug. 17, 1943)

INTERPRETATION 3

Paragraph (d) (2) of Order L-240 (§ 3133.6) limits the inventory of print paper which a publisher may carry. As used in this paragraph, "inventory" includes paper on hand, available for use, and in transit. If print paper in inventory is destroyed or damaged to such an extent that it becomes unusable, whether this occurs while the paper is in transit or after it has reached its destination, the publisher may accept delivery of additional paper to replace that which he was unable to use. This will not constitute a violation of paragraph (d) (2). (Issued Aug. 25, 1943)

PART 3270—CONTAINERS

[Interpretation 1 of Limitation Order L-317]

FIBRE SHIPPING CONTAINERS; MANUFACTURE AND USE

The following interpretation is issued with respect to Limitation Order L-317:

The restrictions of L-317 (§ 3270.6) are applicable only to new fibre shipping containers. A question has arisen as to the status of such containers which have been rejected during the course of manufacture or upon delivery because of errors in size, printing, etc. Such containers are new containers and subject to the restrictions contained in the order until they have been used for the packing of a product.

(1) "Plumbing equipment" means any fixture, material, device or apparatus, including component parts thereof, used as a unit or included in a system designed for the supply of water for drinking or sanitary purposes, for heating or storage of domestic hot water, or for removal of waste water or water-borne wastes, and the gases therefrom, including water, gas and sewer piping, or designed for the chemical treatment of waste matter. It does not include equipment operated for general use as a public utility, equipment designed for industrial processing, or fire protection systems, or for use in aircraft, railroad vehicles or ships, or equipment using electricity as a fuel.

¹ Formerly Part 1022, § 1022.1.

(2) "Heating equipment" means any material, device or apparatus, including component parts thereof, used as a unit or included in a system designed for generating, conveying, circulating, distributing, transferring, or controlling heat, and designed for, but not necessarily limited to, heating air spaces or controlling temperature within buildings or other structures, excluding ships. It shall also include electrical heat controls.

It shall not include critical heat exchangers as defined in L-172, fans and blowers as defined in L-280, equipment designed primarily for refrigeration or dehumidification as defined in L-38, steel power boilers of the types defined in L-117, steel boilers designed for locomotive or for marine shipboard use, equipment exterior to a building which is heated by steam or hot water distributed from a central source for general use as a public utility, equipment designed for industrial processing, equipment for generating power, equipment using electricity as a fuel, or equipment designed for heating aircraft or automotive or railroad vehicles, but it shall include trailer and caboose stoves.

(3) "Domestic cooking appliances" means gas ranges, cooking stoves, and hot plates for household use; coal and wood ranges and cooking stoves (including laundry stoves except jacketed and built-in coil types) for household use; kerosene, fuel oil, and gasoline ranges, cooking stoves, table stoves, and hot plates for household use; combination ranges (including kitchen heater and bungalow types), except electric, for household use; camp and trailer stoves for cooking purposes; fuel oil conversion range burners; drum ovens, and portable ovens.

(4) "Commercial cooking and food and plate warming equipment" means equipment using coal, wood, oil, gas or other non-electric fuel, or equipment attached to any steam or hot water system, designed for the heating of kitchen utensils or plates, or for the cooking or baking of food for consumption or sale on the premises in which the equipment is located. It includes, but is not limited to, such items as bakers, broilers, fryers, griddles, grills, hot plates, ovens (except built-in types), ranges, roasters, steamers, toasters, urns and warmers, but does not include appliances for household use.

(5) "Commercial dishwasher" means any device designed for washing dishes, cutlery, glassware and kitchen utensils in establishments where food is prepared for consumption or sale on the premises; provided, that "commercial dishwasher" does not include any dishwasher for domestic or household use.

(6) "Consumer" means any person who purchases for use but not for resale any material, equipment or parts included in the definitions (a) (1) through (a) (5) above.

(7) "Repair item" means any equipment or component part thereof included in the definitions (a) (1) through (a) (5) above, except the equipment shown on Lists A and B; however, it does include component parts of this equipment shown on Lists A and B.

(8) "Conversion part" means any component part, other than a stoker, required to convert oil-burning or gas-burning equipment to solid-fuel burning equipment.

(9) "Seller" means any person who:

(i) Sells repair items and conversion parts to a consumer;

(ii) Has the contract to sell to and/or install repair items and conversion parts for a consumer.

(b) Restrictions on use of preference ratings. (1) The rating assigned by paragraph (c) (1) is to be used only to obtain materials, equipment, or parts needed in replacements of equipment worn out, damaged beyond repair, or destroyed, or to repair such equipment because of an actual breakdown, or for conversion parts. They may not be used to replace useable equipment or to make a substitution which would provide more extensive facilities than are necessary to replace the equipment, part or parts worn out, damaged or destroyed. The ratings assigned may not be applied to obtain any equipment shown on List A contrary to any ration order of the OPA or any equipment on List B.

(2) The preference rating herein assigned shall not be applied by any person to deliveries of repair and maintenance items to which deliveries any other order or regulation (such as CMP Regulation 5 or 5A) has assigned a preference rating, except that CMP Regulation 5 may not be used to obtain plumbing equipment or heating equipment by any business not specified in Schedule I or Schedule II of that Regulation and any such business may obtain plumbing and heating repair items in accordance with the terms of this order.

(c) Assignment of preference ratings.

(1) A preference rating of AA-5 is assigned to orders of sellers and consumers for repair items and conversion parts. However, no rating is assigned to the delivery of any repair items, the cost of which to the purchaser is not more than \$5.00, but any person making such a delivery to a seller may apply a rating of AA-5 to replenish his inventory.

(2) An order for a stove is the same as an order rated AA-5, if supported by a certificate on Form OPA R-901, and needs no endorsement or certification except that required on the OPA Form for the rating to be validly applied and extended.

(3) Sellers may obtain steel and wrought iron pipe and steel sheets for repairs in accordance with the provisions of CMP Regulation 4. Their inventories of these materials are subject to CMP Regulation 2.

(d) Method of applying preference ratings. (1) Before the seller applies the AA-5 preference rating for repair items or conversion parts he shall secure from the consumer a certification in substantially the following form signed manually or as provided in Priorities Regulation No. 7 by the consumer:

I hereby certify that the items included in this purchase are needed by me to replace equipment worn out, damaged beyond repair or destroyed, or to repair such equipment because of an actual breakdown or for conversion purposes. I further certify that the use of the repair items will not provide more extensive facilities than now exist.

Address of installation _____
Consumer's signature _____
Address _____

Such certification shall constitute a representation to the War Production Board as well as to the seller of the facts certified therein.

No person shall make delivery under this order who has reason to believe that the purchaser has furnished a false certification; and no person shall make a false statement in the certification specified above.

Any seller may rely upon the facts furnished in the above mentioned certification and shall not be responsible for any action taken by him under this order in reliance upon inaccurate or untrue statements therein, unless he has reason to believe that such statements are inaccurate or untrue.

(2) The seller shall retain this certificate in his files for a period of two years open to inspection by duly authorized representatives of the War Production Board.

(e) Salvage. No person may install material obtained by a rating assigned by this order, except conversion parts, unless he takes any replaced metallic parts or equipment, not coated with a fused or nonmetallic surface, and arranges for its further use, or turns it in for salvage to any authorized scrap metal dealer, within thirty days after the replacement.

(f) Extension of old ratings. In the case of ratings assigned or applied under this order prior to its amendment August 21, 1943, deliveries may be re-rated in accordance with the provisions of Priorities Regulation No. 12.

(g) Applicability of regulations. This order and all transactions affected thereby are subject to all applicable regulations of the War Production Board as amended from time to time.

(h) Violations. Any person who willfully violates any provision of this order or who, in connection with this order, willfully conceals a material fact or furnishes false information to any department or agency of the United States, is guilty of a crime, and upon conviction may be punished by fine or imprisonment. In addition any such person may be prohibited from making or obtaining further deliveries of, or from processing or using, material under priority control and may be deprived of priorities assistance.

PART 1112—OFFICE MACHINERY

[Interpretation 2 of General Limitation Order L-54-c, as Amended]

This official interpretation of § 1112.4 General Limitation Order L-54-c is issued by the War Production Board for the purpose of eliminating current uncertainty about the effect of Interpretation No. 6 of Priorities Regulation No. 3 upon Order L-54-c:

(1) An authorization to deliver restricted office machinery, issued on Form WPB-1688 or on Form WPB-2798, is not a preference rating certificate within the meaning of Interpretation No. 6 of Priorities Regulation No. 3. Accordingly, that interpretation is inapplicable to such authorizations.

(2) If permission to deliver office machinery is granted on Form WPB-2798 or on Form WPB-1688, the only person to whom the supplier may deliver the machinery is the applicant named in the form. Moreover, the supplier named in the form is the only manufacturer or dealer who is authorized to deliver the machinery to the applicant. However, other manufacturers and dealers may deliver the machinery described in the form to the supplier named in the form pursuant to paragraph (c) (4) (1) of Order L-54-c.

(3) Form WPB-1688 requires the applicant to state the "name of manufacturer" of the machinery to be delivered. This is an essential part of the description of the machinery which the War Production Board authorizes the supplier to deliver pursuant to paragraph (c) (1) of Order L-54-c. The supplier may not deliver to the applicant machinery produced by another manufacturer, even though his product is similar to the machinery produced by the manufacturer named in the form WPB-1688 approved by the War Production Board.

Issued this 8th day of November 1943.

Recording Secretary.

PART 3292—AUTOMOTIVE VEHICLES, PARTS AND EQUIPMENT

[Limitation Order L-322]

JACKS, MECHANICAL, HYDRAULIC, AIR AND ELECTRICALLY OPERATED

The fulfillment of requirements for the defense of the United States has created a shortage in the supply of iron, steel and other critical materials entering into the production of mechanical, hydraulic, air and electrically operated jacks for defense, for private account and for export; and the following order is deemed necessary and appropriate in the public interest and to promote the national defense.

§ 3292.116 Limitation Order L-322—
(a) *Definitions.* For the purpose of this order:

(1) "Person" means any individual, partnership, association, business trust, corporation, governmental corporation or agency, or any organized group of persons whether incorporated or not.

(2) "Producer" means any person engaged in the manufacture or assembly of mechanical, hydraulic, air or electrically operated jacks.

(3) "Jack" means any lifting, supporting, pulling, pushing, or bending device listed in Schedules A and B to this order.

(4) "Non-military production" means any mechanical, hydraulic, air or electrically operated jacks produced or assembled except under contracts or orders for delivery to the United States Army, Navy, Maritime Commission or the War Shipping Administration.

(b) *Restriction on production.* On and after November 15, 1943, no producer shall manufacture or assemble any jack except of a model, size, and capacity listed in Schedules A and B of this order.

(c) *Restriction on distribution.* Notwithstanding the provisions of Priorities Regulation Number 1, commencing with the month of November, 1943, and each month thereafter, each producer shall retain, for delivery against orders rated on Form WPB-547, a minimum of twenty-five (25) percent of the number of 3, 5, 8, 12, and 20-ton capacity hydraulic self-contained (hand operated) jacks manufactured or assembled by him in non-military production.

(1) In the event that in any month a producer's orders rated on Form WPB-547, do not equal twenty-five (25) percent of his non-military production of 3, 5, 8, 12, and 20-ton capacity hydraulic

self-contained (hand operated) jacks, he may deliver the balance of his non-military production, not covered by such orders, against other orders.

(d) *Restriction on sales.* On and after November 15, 1943, no producer shall sell, transfer, or deliver, to any person any jacks listed in Schedule A or B to this order, except pursuant to orders bearing preference ratings of AA-5 or higher. The provisions of this paragraph (d) shall not apply to repair parts for mechanical, hydraulic, air or electrically operated jacks.

(e) *Exceptions to applicability of this order.* The terms and restrictions of paragraph (b) of this order shall not apply, until February 1, 1944, to jacks produced under contracts or orders for delivery to or for the account of the United States Army, Navy, Maritime Commission or the War Shipping Administration.

(f) *Violations.* Any person who willfully violates any provision of this order, or who, in connection with this order, willfully conceals a material fact or furnishes false information to any department or agency of the United States is guilty of a crime, and upon conviction may be punished by fine or imprisonment or both. In addition, any such person may be prohibited from making or obtaining further deliveries of, or from processing or using material under priority control and may be deprived of priorities assistance.

(g) *Appeals.* Any appeal from the provisions of this order shall be made by filing Form WPB-1477 in triplicate with the Field Office of the War Production Board for the district in which is located the plant or branch of the appellant to which the appeal relates, stating therein the information called for.

(h) *Applicability of regulations.* This order and all transactions affected thereby are subject to all applicable provisions of the regulations of the War Production Board as amended from time to time, except as stipulated in paragraph (c).

(i) *Communications.* All communications concerning this order shall, unless otherwise directed, be addressed to: War Production Board, Automotive Division, Washington 25, D. C., reference: L-322.

(b) *Differentials for fluctuations in average cost per pound of butyl alcohol.* For every increase or decrease of \$.01 per pound in the computed average cost of butyl alcohol delivered at the works from a base average cost of \$.15 per pound, the maximum prices for dibutyl sebacate set forth in paragraph (a) above shall be increased or decreased, as the case may be, by \$.0055 per pound.

(c) *Method of computation of average cost of the butyl alcohol and reporting.* The computed average cost of butyl alcohol of each seller of dibutyl sebacate for each monthly period beginning with November 10, 1943 and ending on the ninth day of the succeeding month, shall be the average delivered cost of the butyl alcohol inventory on hand at the beginning of the current calendar month and the butyl alcohol allocated at the beginning of that month by the War Production Board for delivery to him during the month. On or before the fifteenth day of each current calendar month, each seller of dibutyl sebacate making sales for which maximum prices are established by this section shall report to the Office of Price Administration his maximum prices for dibutyl sebacate for each period, and a detailed statement of his computed average cost for butyl alcohol delivered to his plant, showing the sources of supply, the amounts, and the prices of the butyl alcohol allocated to him during that current calendar month by the War Production Board.

PART 1418—TERRITORIES AND POSSESSIONS
[MPR 373; Amdt. 22]

MAXIMUM PRICES IN THE TERRITORY OF HAWAII

A statement of the considerations involved in the issuance of this amendment, issued simultaneously herewith, has been filed with the Division of the Federal Register.*

Maximum Price Regulation 373 is amended in the following respects:

1. Sections 31 (b) (c) (d) and (e) are amended and (f) is added to read as follows:

(b) The maximum price for blacking out the headlights on a motor vehicle in accordance with the specifications of Part 3 of General Orders No. 3 as amended by General Orders No. 36 of the Military Governor of the Territory of Hawaii, shall be \$5.00 when such service is guaranteed in the manner provided in paragraph (e) below.

(c) The maximum price for changing the blackout on the headlights of a motor vehicle, which blackout had originally been made in accordance with the specifications of Part 3 of said General Orders No. 3 prior to its amendment by said General Orders No. 36, to conform with

* 8 F.R. 9532, 10763, 10906, 11437, 11847, 12549, 12632, 13165, 13847, 14090.

* 8 F.R. 6388, 6359, 6849, 7200, 7457, 8004, 8550, 10270, 10666, 10984, 11247, 11437, 11849, 12299, 12703, 13023, 13342, 13500, 14139.

the maximum specifications for light permitted by Part 3 of said General Orders 3 as amended by said General Orders No. 36 shall be \$2.00 when such service is guaranteed in the manner provided in paragraph (e) below. Such changing shall include any and all scraping and/or repainting of the headlight lenses which is necessary in order to make such headlights conform to said specifications. If such change requires that the hoods on the headlights be replaced by new shields an additional charge of \$1.50 may be made for each shield so replaced.

(d) The maximum price for blacking out the rear light or rear lights on a motor vehicle in accordance with the specifications of Part 3 of said General Orders 3 as amended by General Orders 36 shall be \$0.50 when such service is guaranteed in the manner provided in paragraph (e) below. Such maximum price shall apply for the blacking out of the total of all rear lights whether one or more than one and regardless of whether such rear light or lights have previously been blacked out.

(e) The maximum prices prescribed above apply only in the event that the person selling such service guarantees to the purchaser to do, without charge, all repair or alteration work necessary to make such blacking out conform to the said specifications for a period of thirty days from the time of completion. Such guarantee need not cover any repair or alteration work made necessary because of damage caused by collision or misuse. A more comprehensive guarantee than the one above may be given, but no extra charge may be made therefor.

(f) In the event that such guarantee is not given the maximum price for the services specified in paragraphs (b), (c) and (d) shall be 50% of the maximum prices above specified.

2. Sections 35 (b), (c) and (d) are added to read as follows:

(b) *Allowance for record scrap.* If the seller of new records requires the buyer to furnish record scrap in order to purchase new records he shall make an allowance to the purchaser for such record scrap at the following rates (where an amount to be allowed or paid includes a fraction of a cent, such amount shall be adjusted to the next higher cent):

(1) In the case of a sale by a retail seller not less than:

- (i) 2¢ for each 10" solid stock scrap record;
- (ii) 3¢ for each 12" solid stock scrap record;
- (iii) 1¢ for each 10" laminated scrap record;
- (iv) 1½¢ for each 12" laminated scrap record;
- (v) 4¢ per pound for broken record scrap in bulk.

(2) In the case of sales by wholesalers or distributors not more than:

- (i) 2½¢ for each 10" scrap record;
- (ii) 4¢ for each 12" scrap record;
- (iii) 6¢ per pound for record scrap in bulk.

(c) *Maximum charge for securing scrap for buyer.* If the seller of new

records, either at wholesale or at retail, requires the buyer to furnish record scrap in order to purchase new records, and the buyer is unable to furnish such record scrap, the seller may make a charge of not more than three cents for each new record sold, for securing for such buyer the required record scrap. In such case, no allowance for record scrap need be made by the seller to the buyer.

(d) *Evasion.* (1) The price limitations set forth herein shall not be evaded directly or indirectly.

(2) Specifically, but not exclusively, the sale of a new record to a buyer, in connection with the sale of another new record or records to the buyer, for use by the buyer in furnishing record scrap to the seller in connection with the sale of such other records, is prohibited.

(3) The seller of a new record or records may not require the buyer thereof to furnish scrap as a condition of sale except to the extent that the seller was required by his supplier to furnish scrap or to promise to furnish scrap in connection with the purchase of such record or records by the seller from his supplier.

This amendment shall become effective as follows:

(a) As to sections 31 (b), (c), (d) and (e) and (f) as of October 4, 1943.

(b) As to sections 35 (b), (c) and (d) as of October 19, 1943.

FOOD AND DRINK SOLD FOR IMMEDIATE CONSUMPTION IN SAN ANTONIO AREA, TEX.

A statement of the considerations involved in the issuance of this Amendment No. 1 to Restaurant Maximum Price Regulation No. 5-3 has been issued simultaneously herewith and filed with the Division of the Federal Register.* Restaurant Maximum Price Regulation No. 5-3 is amended in the following respects:

1. Paragraph (a) of section 9 is amended to read as follows:

SEC. 9. *Rules for new proprietors.* (a) If you acquire another's business subsequent to the seven-day period and continue the business in the same place, you are subject to the same ceiling prices and duties as the previous proprietor would have been had he continued to operate the business.

* Copies may be obtained from the Office of Price Administration.

(1) If your acquisition was subsequent to the seven-day period but prior to the effective date of this regulation, you may apply to the Office of Price Administration for permission to price under paragraph (b) of this section. You may not, however, make such application after January 1, 1944.

(2) Prior to acquiring another's business after the effective date of this regulation, you may apply to the Office of Price Administration for permission to price under paragraph (b) of this section.

If you are granted permission to price under paragraph (b) of this section, it will be subject to such conditions as the Office of Price Administration deems necessary.

2. Section 18 is amended by adding new paragraphs (d), (e), (f) and (g) to read as follows:

(d) Eating and drinking places operated by a school, college, university or other educational institution or a students' fraternity or other students' organization or association primarily for the convenience or accommodation of students and faculty and not for profit as a commercial or business enterprise or undertaking.

(e) Eating and drinking places owned or operated by charitable, religious or cultural organizations, recognized as such by the Bureau of Internal Revenue and exempt from payment of income tax by reason thereof, where no part of the net earnings inures to the benefit of any private shareholder or individual, and

(1) The net profits, if any, are devoted to religious, charitable or cultural purposes generally recognized as such in the community where the food items and meals are served by such organization; or

(2) The food items and meals are served primarily on a non-profit basis to members of the Armed Forces.

(f) Eating cooperatives formed by officers in the Armed Forces (as for example, Officers' Mess) operated as a non-profit cooperative (where no part of the net earnings inures to the benefit of any individual), which sells food items or meals on a cost basis (or as near thereto as reasonable accounting methods will permit), and substantially all sales of which are made to officers who are members of the cooperative.

(g) Bona fide private clubs which file with the appropriate Office of Price Administration District Office a statement setting forth that:

(1) The club is a non-profit organization and is recognized as such by the Bureau of Internal Revenue;

(2) It sells food items and meals only to members and bona fide guests of members;

(3) Its members pay dues of more than a mere nominal amount (the amount of dues paid by each class of members and the period covered by such dues should be indicated) and are elected to membership by a governing board, membership committee or other body; and

(4) It is otherwise operated as a club. Five days after filing such information, or earlier if so notified by the District

Director, a private club may consider itself exempt unless and until it is otherwise notified by the District Director. Any club which, subsequent to such filing, changes its operations with respect to any of the requirements stated above shall immediately notify its Office of Price Administration District Office accordingly. Any club which sells food items or meals to persons other than members and bona fide guests of members is subject to this regulation with respect to all sales.

3. Section 20, paragraph (d), is amended to read as follows:

(d) "Food item" means an article or portion of food (including beverages) sold or served by an eating or drinking place for consumption in or about the place or to be taken out for eating or drinking without change in form or additional preparation. (Mere heating, cooling, seasoning or mixing with other food items does not constitute preparation.) It includes two or more kinds of food which are prepared or served to be eaten together as one dish, such as ham and eggs, bread and butter, apple pie and cheese.

4. Section 23 is amended to read as follows:

SEC. 23. *Licensing.* The provisions of Licensing Order No. 1, licensing all persons who make sales under price control, are applicable to all sellers subject to this regulation or schedule. A seller's license may be suspended for violations of the license or of one or more applicable price schedules or regulations. A person whose license is suspended may not, during the period of suspension, make any sale for which his license has been suspended.

This amendment shall become effective October 25, 1943.

NOTE: The reporting and record keeping requirements of this regulation have been approved by the Bureau of the Budget in accordance with the Federal Reports Act of 1942.

(56 Stat. 23, 765; Pub. Law 151, 78th Cong.; E.O. 9250, 7 F.R. 7871 and E.O. 9328, 8 F.R. 4681)

PART 1448—EATING AND DRINKING
ESTABLISHMENTS

[Restaurant MPR 5-8]

FOOD AND DRINK SOLD FOR IMMEDIATE CONSUMPTION IN ST. LOUIS DISTRICT, MO.

In the judgment of the District Director of the St. Louis District Office, the prices of food and beverages sold for immediate consumption in that portion of the State of Missouri, including and lying east of the Counties of Schuyler, Adair, Macon, Chariton, Howard, Cooper, Morgan, Camden, Laclede, Wright, Douglas, and Ozark, have risen

and are threatening further to rise to an extent and in a manner inconsistent with the Emergency Price Control Act of 1942, as amended, and Executive Orders 9250 and 9328.

In the judgment of the District Director, the maximum prices established by this regulation are generally fair and equitable and are necessary to check inflation and to effectuate the purposes of the act. So far as practicable, the District Director has given due consideration to prices prevailing between October 1 and 15, 1941, and has consulted with the representatives of those affected by this regulation.

A statement of the considerations involved in the issuance of this regulation is issued simultaneously herewith.*

Therefore, in accordance with the direction of the President to take action which will stabilize prices affecting the cost of living, and under the authority therewith delegated by the President pursuant to the Act of Congress approved October 2, 1942, entitled "An Act to Aid in Stabilizing the Cost of Living", 77th Congress, Second Session, and under the authority of Executive Order 9250, Executive Order 9328, and the Emergency Price Control Act of 1942, the District Director of the St. Louis District Office hereby issues this Restaurant Maximum Price Regulation No. 5-8, establishing as maximum prices for food and drink sold for immediate consumption in the portion of the State of Missouri mentioned above, the prices prevailing therefor during the seven-day period beginning April 4, 1943, and ending April 10, 1943.

§1448.408 *Maximum prices for food and drink sold for immediate consumption.* Under the authority vested in the District Director of the St. Louis District Office by the Emergency Price Control Act of 1942, as amended, Executive Order 9250, Executive Order 9328, General Order No. 50, issued by the Office of Price Administration, and an order issued by the Regional Administrator of Region V on April 13, 1943, delegating to the Director of the St. Louis District Office the authority conferred upon such Regional Administrator by General Order No. 50, Restaurant Maximum Price Regulation No. 5-8 (Food and Drink Sold for Immediate Consumption), which is annexed hereto and made part hereof, is issued.

AUTHORITY: § 1448.408 issued under 56 Stat. 23, 765; Pub. Law 151, 78th Congress; E.O. 9250, 7 F.R. 7871; E.O. 9328, 8 F.R. 4681.

SECTION 1. Sales at higher than ceiling prices prohibited. If you own or operate a restaurant, hotel, cafe, bar, delicatessen, soda fountain, boarding house, or any other eating or drinking place, you must not offer or sell any "food item" (including any beverage) or "meal" at a price higher than the ceiling price which you figure according to the directions in the next two sections (sections 2 and 3). You may, of course, sell at lower than ceiling prices.

Sec. 2. How you figure ceiling prices for food items and meals you offered in the seven-day period from April 4, 1943, to April 10, 1943. Your ceiling price for any food item or meal which you offered in the seven-day period beginning Sunday, April 4, 1943, and ending Saturday, April 10, 1943, is the highest price at which you offered the same food item or meal in that seven-day period.

Sec. 3. How you figure ceiling prices for food items and meals you did not offer in the seven-day period. You must figure your ceiling price for a food item or meal which you did not offer during the seven-day period as follows:

(a) If you offered the same food item or meal at any time during the four weeks from March 7 to April 3, 1943, inclusive, and if you have adequate records of the prices you then charged, take as your ceiling price the highest price at which you offered that food item or meal during the four-week period.

(b) If you did not offer the food item or meal during the five-week period from March 7 to April 10, 1943, inclusive, or if you do not have adequate records of prices charged prior to the seven-day period, you must proceed as follows:

(1) Determine the cost of the raw food which you use in preparing the new food item or meal.

(2) From the food items and meals for which you have already established ceiling prices, choose a food item or meal which currently has a raw food cost equal to or less than the raw food cost of the new food item or meal.

(3) Take as your ceiling price for the new food item or meal your ceiling price for the food item or meal chosen for comparison. The food item or meal chosen for such comparison should be of the same class as the new food item

or meal. If, however, you can find no food item or meal of the same class, you may use for comparison the most similar food item or meal of another class having a food cost equal to or less than your food cost for the new food item or meal.

"Currently" as used herein means current on the day you figure your price.

(c) Once your ceiling price for a food item or meal has been fixed, it may not be changed except as provided in section 4.

Sec. 4. How you figure your price for seasonal items. First, determine your ceiling price for a "seasonal food item" (defined in section 20 (e)) in accordance with the appropriate rule of sections 2 and 3 of this regulation. Thereafter, this price must be varied in proportion to any seasonal change in the raw food cost of the item: *Provided*, That in no event shall the price be higher than the ceiling price as originally determined. If in the past it has been your practice to maintain one price throughout the season, you need not vary your ceiling price according to this rule provided the ceiling price was based upon estimated average raw food cost of the item for the entire season.

Sec. 5. No ceiling price for any food item or meal to be higher than the highest ceiling price for a food item or meal of the same class in the base period. Under no circumstances are you permitted to charge a higher price for a food item or a meal than:

(a) Your highest ceiling price for food items or meals of the same class offered in the seven-day period; or

(b) The last price at which you sold the same food item or meal prior to April 4, 1943: *Provided*, That you first file with the appropriate War Price and Rationing Board a menu or certified copy of a record showing the last price charged.

The provisions of this section shall not apply to seasonal dessert specialties specified in section 21 (a) Class 24a.

Example 1. If your highest ceiling price for any soup offered by you during the seven-day period is 15 cents, you may not offer any other soup at a higher price than 15 cents.

Example 2. You served sirloin steak in March at \$1.50. You did not serve sirloin steak during the base period. The highest price at which you can now serve sirloin steak is \$1.50.

Sec. 6. Substitution of food items in meals. If you have already determined your ceiling price for a meal you may substitute for any food item other than the entree (or main dish) in that meal any other food item of the same class without re-figuring your ceiling price: *Provided*, The new food item costs you approximately as much and offers customers about the same value as the food item which it replaces. A meal becomes a "new" meal whenever the entree (or main dish) is changed or a new food item is substituted which costs you less or offers your customers lower value than the food item which it replaces, and you must therefore determine its ceiling price in accordance with the rules established by section 3.

Sec. 7. Prohibition against manipulation of meal offering. You must not ma-

nipulate your meal offerings in a manner which will force your customers to pay more than they did during the seven-day period. Among other things you must not:

(a) Reduce the number of meals offered at prices equal to or below your "middle price" for meals of the same class without making a corresponding reduction in the number of meals offered at prices above that middle price. By "middle price" is meant the price most nearly at the mid-point of your price range for meals of the same class.

(b) Cease to offer at least as many different meals at or below the lowest price charged by you for meals of the same class on any day you select in the seven-day period, as you did on that day.

Example. If you select Friday, April 9, 1943, to determine the lowest price and the number of week-day meals offered at that price, and if on that day you offered six week-day dinners, of which two were priced at 85¢, and one each at 90¢, \$1.00, \$1.10, \$1.15, you must continue to offer two week-day dinners at 85¢. Note that Sunday meals and week-day meals are meals of a different class.

SEC. 8. Evasion. (a) You must not evade or avoid the provisions of this regulation by any scheme or device whatsoever. Some, but not all, practices which will be regarded as evasive are:

(1) Dropping food items from meals, deteriorating quality, or reducing quantity without making a compensating reduction in price;

(2) Withdrawing the offer, or increasing the price, of any meal ticket, weekly rate, or other arrangement by which customers may buy food items or meals at less than the prices they must pay when purchasing by item or meal;

(3) Increasing any cover, minimum, bread-and-butter, service, corkage, entertainment, check-room, parking or other special charges, or making such charges when they were not in effect in the seven-day period except that a cover charge or minimum charge in effect during the base period may be increased in accordance with your customary practice, where it was the practice to vary the charge in accordance with the type of entertainment offered and the increase does not cause the charge to go above the highest charge made during the last twelve-month period;

(4) Requiring as a condition of sale of an item or meal the purchase of other items or meals when such condition was not in effect during the base period;

(5) Reducing the selection of meals offered at table d'hote prices when the food items which you customarily offered in such meals are being offered at a la carte prices which when added together total more than the table d'hote price for the complete meal or give your customers less value for their money.

Example 1. If you customarily offered fish on table d'hote dinners at \$1.10, you may not now offer fish a la carte and refuse to offer it on a table d'hote dinner priced at \$1.10.

Example 2. If you offered table d'hote dinners during the base period at 85¢ to \$1.25 which included dessert and beverage, you may now offer the same food item excluding dessert and beverage at 65¢ to \$1.05, provid-

ing you also offer dessert and beverage to be served with the meals at prices which do not total more than 20¢.

(b) You will not be considered evading the provisions of this regulation, however, if you do any of the following things, even though you did not do any of these things during the seven-day period:

(1) You may limit your customers to one pat of butter per meal.

(2) You may reduce the quantity, or eliminate altogether, condiments (such as catsup, chili sauce, etc.) which you may have customarily placed at the disposal of your customers and which now are, or may hereafter be, subject to any rationing order or rationing regulation of the Office of Price Administration.

(3) You may reduce the amount of sugar served with each cup of coffee or tea, or each bowl of cereal, fruit, or other similar food items with which sugar is served, to, but not less than, one teaspoonful except that less may be given if required by your available supply.

You may not, however, make the curtailment authorized in the foregoing sub-paragraphs and furnish these curtailed items at an additional charge. For example, if during the seven-day period you furnished catchup, you may not now discontinue furnishing this item free and at the same time offer to furnish it for an additional charge.

SEC. 9. Rules for new proprietors. (a) If you acquire another's business subsequent to the effective date of this regulation and continue the business in the same place, you are subject to the same ceiling prices and duties as the previous proprietor. Prior to acquiring another's business, however, you may apply to the Office of Price Administration for permission to price under paragraph (b) of this section. If such permission is granted it may be subject to such conditions as the Office of Price Administration deems necessary.

(b) If you open an eating or drinking place after the seven-day period, you must fix your ceiling prices in line with the ceiling prices of the nearest eating or drinking place of the same type as yours. If the ceiling prices so fixed are too high and threaten to have an inflationary effect on the price of food and drink, the Office of Price Administration may issue an order requiring you to reduce your ceiling prices. You are subject to the record requirements of section 12 and the posting requirements of section 13 immediately upon the opening of your place.

SEC. 10. Seasonal eating and drinking places—(a) Exempt places. If you are the proprietor of a seasonal eating or drinking place that

(1) Was not open during the base period from April 4 to 10, 1943;

(2) Receives 90 percent or more of its total annual revenue during four calendar months of the year;

(3) Is located in an area for which no maximum rent regulation has been issued;

the prices for food items and the meals offered by you in that place are exempt from control.

You must not regard this exemption as relieving you from the obligations imposed upon you by General Order No. 50, and you are still subject to the provisions of section 22 of this regulation. Pursuant to this latter section the District Director will by special order establish maximum prices for any seasonal eating or drinking place which takes undue advantage of the exemption.

(b) *Non-exempt places.* If you are the proprietor of a seasonal eating or drinking place which is not exempt under the terms of paragraph (a), you must figure your ceiling prices as follows:

(1) If the place was in operation during the base period from April 4 to April 10, 1943, use the rules set forth in sections 2, 3 and 4.

(2) If the place was not in operation during the base period from April 4 to April 10, 1943, but another place of the same type and within a reasonable distance was in operation during that period, fix your ceiling prices as a new proprietor under the terms of section 9 (b).

(3) If you cannot price under sub-paragraphs (1) or (2) above, you must apply for a price to the St. Louis District Office of the Office of Price Administration. Your application must be filed ten days prior to the date you plan to commence operations and present the following information:

(i) Your name and address.

(ii) A brief description of your business and the manner of operation.

(iii) A list showing the prices you charged during the previous season as well as the prices you propose to charge during the coming season.

(iv) The date when you plan to commence operations.

(v) The names of two establishments similar to yours.

You may charge the prices listed if they are not disapproved by the St. Louis District Office prior to the date specified for the commencement of operations. That Office may at any time, after proper investigation and hearing, establish such maximum prices for your business as it deems proper.

SEC. 11. Taxes. If in the seven-day period you stated and collected the amount of any tax separately from the price you charged, you may continue to do so. You may also separately state and collect the amount of any new tax or of any increase in the amount of a previous tax on the sale of food or drink or on the business of selling food or drink, if the tax is measured by the number or prices of items or meals.

SEC. 12. Records. (a) You must observe all of the record-keeping and filing requirements of General Order No. 50 which are hereby made a part of this regulation by reference.

(b) *Customary records.* You must preserve all your existing records relating to your prices, costs and sales. You must also continue to maintain such records as you ordinarily kept. All such records shall be subject to examination by the Office of Price Administration.

(c) *Records of the seven-day period.* You must make available for examination by any person during ordinary business

hours a copy of each menu used by you in the seven-day period. If you did not use menus, you must make available for such examination a list of the highest prices you charged in the seven-day period.

(d) *Filing by new proprietors.* The proprietor of an eating or drinking place which was not open during the seven-day period (including newly opened places) shall file menus or a price list in accordance with paragraph (a), except that (1) the filing shall be for the seven-day period beginning with the first Sunday that place is open after April 4, 1943, and (2) the filing shall be made within three weeks of such first Sunday.

(e) *Future records.* Beginning with the effective date of this regulation, you must keep, for examination by the Office of Price Administration, two each of the menus used by you each day. If you do not use menus you must prepare in duplicate, and preserve for such examination, a record of the prices charged by you each day, except that you need not record prices which are the same as, or less than, prices you previously recorded for the same items or meals. Proprietors who operate a number of eating or drinking places in the same city which have customarily been subject to central control may keep the records required by this paragraph for those places at a central office or the principal place of business within the city.

SEC. 13. *Posting.* (a) Beginning October 25, 1943, each menu must have clearly written on or attached to it the following statement:

All prices listed are our ceiling prices or below. By Office of Price Administration order, our ceiling prices are based on our highest prices from April 4, 1943, to April 10, 1943. Records of these prices are available for your inspection at _____.

NOTE: The ceiling price records must be available for inspection by your customers at a convenient and accessible location in your particular eating or drinking place. The name or description of the location where the ceiling price records may be found should be inserted in the blank space at the end of the statement.)

(b) If you made menus available in the seven-day period, you shall continue to make them available.

(c) In addition to the requirements in (a) and (b), you must post in a conspicuous place, preferably at or near the cash register a sign or poster when furnished by the Office of Price Administration. You must enter after each meal or food item on this list your ceiling price for such meal or food item.

SEC. 14. *Operation of several places.* If you own or operate more than one eating or drinking place, you must do everything required by this regulation for each place separately. Separate rooms or separate parts of a room in which you charged different prices in the seven-day period are separate eating or drinking places.

SEC. 15. *Relation to other maximum price regulations.* The provisions of this regulation shall supersede other regulations, including the General Maximum Price Regulation, now or hereafter issued by the Office of Price Administration, insofar as they establish maximum

prices for meals and food items sold by eating and drinking places, except that this regulation shall not supersede the provisions of Maximum Price Regulation No. 259 (Domestic Malt Beverages).

However, a price charged for a food or beverage item during the base period of this regulation shall not become a maximum price under this regulation if it exceeded the maximum price established by another regulation applicable during the base period to sales of such food or beverage item.

SEC. 16. *Geographical application.* This Restaurant Maximum Price Regulation No. 5-8 applies to that portion of the State of Missouri including and lying east of the Counties of Schuyler, Adair, Macon, Chariton, Howard, Cooper, Morgan, Camden, Laclede, Wright, Douglas, and Ozark.

SEC. 17. *Enforcement.* Persons violating any provisions of this regulation are subject to the criminal penalties, civil enforcement actions, suits for treble damages, and proceedings for suspension of licenses, provided for by the Emergency Price Control Act of 1942, as amended.

SEC. 18. *Exempt sales.* Sales by the following eating or drinking places are specifically exempt from the provisions of this regulation:

(a) Eating or drinking places located on church premises and also any sales of food and beverages by churches, Sunday schools, and other religious organizations, unless such sales are made as a regular business.

(b) Hospitals, except for food items and meals served to persons other than patients when a separate charge is made for such food items and meals.

(c) Eating and drinking places located on board common carriers (when operated as such), including railroad dining cars, club, bar and buffet cars, and peddlers aboard railroad cars traveling from station to station.

(d) Bona fide private clubs insofar as such clubs sell only to members and bona fide guests of members. Whenever such clubs sell to persons other than members or bona fide guests of members, such clubs shall be considered for all sales eating or drinking places within the meaning of this regulation. No club shall be considered to be exempt as a private club within the meaning of this paragraph unless its members pay dues (more than merely nominal in amount) and are elected to membership by a governing board, membership committee or other body, and unless it is otherwise operated as a private club.

No club organized after the effective date of this regulation shall be exempt unless and until it has filed a request for exemption with the St. Louis District Office of the Office of Price Administration, furnishing such information as may be required, and has received a communication from such office authorizing exemption as a private club.

(e) Eating and drinking places operated by any school, college or university which is a non-profit institution, that is, where no part of the net earnings inures to the benefit of any private individual, and which sells food items or

meals on a non-profit or cost basis or as near thereto as reasonable accounting methods will permit, and substantially all sales of which are made to students, faculty members and employees of such institutions. For the purpose of this section, persons receiving instruction on the premises of such institution by arrangement with the War Department or Department of the Navy shall be considered as students.

SEC. 19. *Adjustments.* (a) The Office of Price Administration may adjust the maximum prices for any eating establishment under the following circumstances:

(1) The establishment will be forced to discontinue operations unless it is granted an adjustment of the maximum prices established by this regulation.

(2) Such discontinuance will result in serious inconvenience to consumers in that they will either be deprived of all restaurant service or will have to turn to other establishments that present substantial difficulties as to distance, hours of service, selection of meals or food items offered, capacity, or transportation.

(3) By reason of such discontinuance, the same meals or food items will cost the customers of the eating establishment as much or more than the proposed adjusted prices.

(b) If you are the proprietor of an eating establishment which satisfies the requirements specified above, you may apply for an adjustment of your maximum prices by submitting to the St. Louis District Office of the Office of Price Administration a statement setting forth:

(1) Your name and address.

(2) A description of your eating establishment including: type of service rendered (such as cafeteria, table service, etc.), classes of meals offered (such as breakfast, lunch and dinner), number of persons served per day during the most recent thirty-day period,² and such other information that may be useful in classifying your establishment.

(3) The reasons why your customers will be seriously inconvenienced if you discontinue operations.

(4) The names and addresses of the three nearest eating places of the same type as yours.

(5) A list showing your present maximum prices and your requested, adjusted prices.

(6) A profit and loss statement for your restaurant business for the most recent three-month accounting period, and a copy of your last income tax return if one was filed separately for your restaurant business.

(7) Any other information requested by the St. Louis District Office.

² Applications for adjustment under this section will be acted upon by the St. Louis District Office of the Office of Price Administration.

PART 1448—EATING AND DRINKING ESTABLISHMENTS

[Rev. Restaurant MPR 8-1]

FOOD AND DRINK SOLD FOR IMMEDIATE CONSUMPTION IN SAN FRANCISCO REGION

Restaurant Maximum Price Regulation No. 8-1 is redesignated as Revised Restaurant Maximum Price Regulation No. 8-1, and is revised and amended to read as follows:

In the judgment of the Regional Administrator of Region VIII, the prices of food and beverages sold for immediate consumption in California, Oregon, Washington, Arizona and parts of Idaho have risen and are threatening further to rise to an extent and in a manner inconsistent with the Emergency Price Control Act of 1942, as amended, and Executive Orders 9250 and 9328.

In the judgment of the Regional Administrator of Region VIII, the maximum prices established by this regulation are generally fair and equitable and are necessary to check inflation and to effectuate the purposes of the Act.

So far as practicable, the Regional Administrator of Region VIII gave due consideration to prices prevailing between October 1 and 15, 1941, and consulted with the representatives of those affected by this regulation. A statement of the considerations involved in the issuance of this regulation is issued simultaneously herewith.

Therefore, in accordance with the direction of the President to take action which will stabilize prices affecting the cost of living, and under the authority therewith delegated by the President pursuant to the Act of Congress approved October 2, 1942, entitled "An Act to Aid in Stabilizing the Cost of Living," 77th Congress, 2d Session, and under the authority of Executive Order 9250, Executive Order 9328, and the Emergency Price Control Act of 1942, the Regional Administrator of Region VIII hereby issues this Revised Restaurant Maximum Price Regulation No. 8-1 establishing as the maximum prices for food and drink sold for immediate consumption in California, Oregon, Washington, Arizona and parts of Idaho, the prices prevailing therefor during the seven-day period beginning April 4, 1943, and ending April 10, 1943.

§ 1448.701 *Maximum prices for food and drink sold for immediate consumption.* For the reasons set forth in the statement of considerations issued simultaneously herewith, and under the authority vested in the Regional Administrator of Region VIII by the Emer-

agency Price Control Act of 1942, as amended, Executive Order 9250, Executive Order 9328, and General Order No. 50, issued by the Office of Price Administration, Revised Restaurant Maximum Price Regulation No. 8-1 (Food and Drink Sold for Immediate Consumption), which is annexed hereto and made a part hereof, is hereby issued.

AUTHORITY: § 1448.701 issued under 56 Stat. 23, 765; Pub. Law 151, 78th Congress; E.O. 9250, 7 F.R. 7871; E.O. 9328, 8 F.R. 4681.

SECTION 1. Sales at higher than ceiling prices prohibited. If you own or operate a restaurant, hotel, cafe, bar, delicatessen, soda fountain, boarding house, or any other eating or drinking place, you must not offer or sell any "food item" or "meal" at a price higher than the applicable maximum price set by this regulation. You may, of course, sell at a price lower than the applicable maximum price.

Sec. 2. How you figure ceiling prices for "food items" and "meals" you offered in the seven-day period from April 4, 1943, to April 10, 1943. Your maximum price for any "food item" or "meal" which you offered in the seven-day period beginning Sunday, April 4, 1943, and ending Saturday, April 10, 1943, is the highest price at which you offered the same food item or meal in that seven-day period.

Sec. 3. How you figure ceiling prices for food items and meals you did not sell or offer to sell in the period April 4, 1943, to April 10, 1943. You must figure your ceiling price for a food item or meal which you did not offer in the seven-day period as follows:

(a) Choose from the food items or meals for which a ceiling price has already been fixed the food item or meal

which is most similar to the food item or meal you are pricing; and

(b) Figure a price which is "in line" with the price of that most similar food item or meal. A price is "in line" if the customer receives as much value for his money from the one item or meal as from the other, even though the two prices may be different. In comparing values, quality, sizes of portions, and the margin over food cost are the things that count; or

(c) If you prefer, take as your ceiling price the last price at which you offered the same food item or meal for sale before the seven-day period.

(d) Once your ceiling price for a food item or meal has been fixed, it may not be changed except as provided for in this regulation.

Sec. 4. Classes of food items and meals—(a) The classes of food items.

BREAKFAST ITEMS

- (1) Fruits and fruit juices.
- (2) Cereals.
- (3) Egg and combination egg dishes served at breakfast.
- (4) Breads, rolls, toast, etc., served at breakfast.
- (5) All other breakfast dishes.

OTHER ITEMS

- (6) Appetizers and cocktails.
- (7) Soups.
- (8) Beef.
- (9) Lamb and mutton.
- (10) Pork.
- (11) Veal.
- (12) Poultry.
- (13) Fish and shellfish.
- (14) Miscellaneous and variety meats including liver, kidneys, and made dishes such as stews, casseroles, etc.
- (15) Egg and cheese dishes which might be served as a main dish or entree in a meal.
- (16) All other dishes which might be served as a main dish or entree in a meal, such as spaghetti, vegetable plate, baked beans, chop suey, etc.
- (17) Potatoes.
- (18) All other vegetables.

- (21) Cakes, cookies, pies, pastries and other baked goods.
- (22) Ice cream and all fountain items.
- (23) All other desserts including fruits, puddings, cheese, etc.
- (24) Hot sandwiches.

- (26) All other food items, except beverages.

BEVERAGES

- (27) Non-alcoholic beverages.
- (28) Beer and other malt beverages.
- (29) Wines.
- (30) Other alcoholic beverages.

(b) **The classes of meals.** The classes of meals are (1) for week-days: breakfast, lunch, tea, dinner, supper; (2) for Sundays: breakfast, lunch, tea, dinner, supper.

Sec. 5. No ceiling price to be higher than the highest price in the base period. Under no circumstances are you permitted to charge a higher price for a food item or meal than the highest price at which you offered a food item or meal of the same class during the seven-day period.

Example 1. If you figured an "in line" price for a week-day dinner at \$1.25, and your

highest price in the week-day dinner class is \$1.00, your ceiling price for the new dinner is \$1.00.

Example 2. If during the seven-day period your highest price for soup was 15 cents, you may not offer any soup at a price higher than 15 cents.

Sec. 6. Holiday differentials. Notwithstanding the provisions of the foregoing section, any proprietor who has, customarily, in the regular course of his business, charged higher prices for food items or meals on holidays, such as New Year's Eve, Thanksgiving Day, Labor Day, etc., may continue to maintain his customary differentials.

Sec. 7. Prohibition against discontinuing meals at certain prices. You must not manipulate your meal offerings in a manner which will force your customers to spend more for meals than they spent during the seven-day period of April 4, 1943, to April 10, 1943. Among other things you must not:

(a) Reduce the number of meals offered at prices equal to or below your "middle price" for meals of the same class served on any day during the seven-day period, without making a corresponding reduction in the number of meals offered at prices above that middle price. By "middle price" is meant the price most nearly at the mid-point of your price range for meals of the same class.

(b) Fail to offer at least as many different meals at or below the lowest price charged by you for meals of the same class on any day you select from the seven-day period as you did on that day.

Example. If you select Friday, April 9, 1943, to determine the lowest price and the number of week-day meals offered at that price, and if on that day you offered six week-day dinners, of which two were priced at 85¢, and one each at 90¢, \$1.00, \$1.10, \$1.15, you must continue to offer two week-day dinners at 85¢. Note that Sunday meals and week-day meals are meals of a different class.

Sec. 8. Evasion. You must not evade the provisions of this regulation by any scheme or device, including:

(a) Deteriorating quality or reducing quantity without making appropriate reductions in price;

(b) Withdrawing the offer, or increasing the price, of any meal ticket, weekly rate, or other arrangement by which customers may buy food items or meals at less than the prices they must pay when purchasing by item or meal;

(c) Increasing any cover, minimum, bread-and-butter, service, corkage, entertainment, check-room, parking or other special charges, or making such charges when they were not in effect in the seven-day period;

(d) Requiring as a condition of sale of an item or meal the purchase of other items or meals, when such condition was not in effect during the base period;

(e) Refusing to sell combinations of food items as meals if such meals were offered in the seven-day period and the items making up the combination are being offered separately;

(f) Encouraging tipping if, during the base period of April 4, 1943, to April 10, 1943, you discouraged tipping;

(g) Demanding or receiving rationing coupons in violation of any applicable law, regulation, or order.

Sec. 9. Rules for new proprietors. (a) If you acquire another's business and continue the business in the same place, you are subject to the same ceiling prices and duties as the previous proprietor. Prior to acquiring another's business, however, you may apply to the Regional Office of the Office of Price Administration or to any appropriate District Office of the Office of Price Administration to which the applicable authority has been delegated, for permission to price under paragraph (b) or (c) of this section. If such permission is granted, it may be granted subject to such conditions as the office granting the permission deems necessary.

(b) If you open an eating or drinking place after the seven-day period, you must fix ceiling prices in line with the ceiling prices of the nearest eating or drinking place of the same type as yours. If the ceiling prices so fixed are too high and threaten to have an inflationary effect on the prices of food or drink, the Regional Office of the Office of Price Administration or the appropriate District Office of the Office of Price Administration to which the power has been delegated, may issue an order requiring you to reduce your ceiling prices. You are subject to the record requirements of section 11 and the posting requirements of section 12 immediately upon the opening of your place.

(c) If you cannot price under paragraphs (a) or (b) above, you must apply for a price to the Regional Office of the Office of Price Administration or to the appropriate District Office of the Office of Price Administration to which the power to act on such applications may have been delegated. Your application must be filed 10 days prior to the date you plan to commence operations and must contain the following information:

- (1) Your name and address.
- (2) A brief description of your business and the manner of operation.
- (3) A list showing the prices you propose to charge.
- (4) The date which you plan to commence operations.
- (5) The names of two establishments similar to yours.

You may charge the prices listed if they are not disapproved by the Regional Office of the Office of Price Administration or the appropriate District Office of the Office of Price Administration to which power to handle such applications may have been granted, prior to the date specified for the commencement of operations. That office, at any time, after investigation, may establish such maximum prices for your business as it deems proper.

Sec. 10. Taxes. If in the seven-day period of April 4, 1943 to April 10, 1943, you stated and collected the amount of any tax separately from the price you charged, you may continue to do so. You may also separately state and collect the amount of any new tax or of any increase in the amount of a previous tax on the sale of food or drink or on the business of selling food or drink, if the

tax is measured by the number or price of items or meals.

Sec. 11. Records.—(a) *Customary records.* You must preserve all your existing records relating to your prices, costs and sales. You must also continue to maintain such records as you ordinarily kept. All such records shall be subject to examination by the Office of Price Administration or any authorized employee thereof.

(b) *Records of the seven-day period.* You must make available for examination by any person during business hours a copy of each menu used by you in the seven-day period. If you did not use menus you must prepare in duplicate and make available for such examination a list of the highest prices you charged in the seven-day period.

(c) *Future records.* Beginning with the effective date of this regulation, you must keep, for examination by the Office of Price Administration or any authorized employee thereof, two each of the menu used by you each day. If you did not use menus you must prepare in duplicate and preserve for such examination a record of the prices charged by you each day, except that you need not record prices which are the same as, or less than, prices you previously recorded for the same items or meals. Proprietors who operate a number of eating or drinking places in the same city which have customarily been subject to central control, may keep the records required by this regulation for those places at a central office or at the principal place of business within the city.

Sec. 12. Posting. (a) Beginning May 15, 1943, each menu must have clearly and plainly written on or attached to it the following statement:

All prices listed are at or below our ceiling prices. By OPA regulation, our ceilings are our highest prices from April 4, 1943 to April 10, 1943. Records of these prices are available for your inspection.

For new proprietors the above statement should be changed to read:

All prices listed are at or below our ceiling prices. By OPA regulation our ceilings are fixed in line with the ceiling prices of the nearest eating or drinking place of the same type. Records of our determination of such prices are available for your inspection.

If you do not use menus, you must post a statement by a sign which can be easily read by your customers and which must be located near the cashier's desk, if any, or the principal entrance.

(b) If you made menus available to customers in the seven-day period, you shall continue to make them available.

Sec. 13. Operation of several places. If you own or operate more than one eating or drinking place you must do everything required by this regulation for each place separately, except that as to records only, if you can qualify to keep records at a central office or principal place of business pursuant to the provisions of Section 11 of this regulation, you may do so. "Eating or drinking place" includes any part of an establishment in which food items or meals were served during the seven-day period of April 4, 1943, to April 10, 1943, at prices

differing from those charged in any other part of the same establishment.

Example 1. If a hotel operates under its own management in the hotel building, a "coffee shop", a "main dining room", and a "roof garden", even though all may be served from the main kitchen, and different price lists or menus were used during the above named seven-day period, there are three separate eating or drinking places for the purposes of this regulation.

Example 2. If in an eating or drinking place food items, meals or beverages are served at tables at prices different from the prices of the same items, meals or beverages served at the bar, there are two separate eating or drinking places for the purposes of this regulation.

Sec. 14. Relation to other maximum price regulations. (a) The registration provisions of § 1499.15 of the General Maximum Price Regulation are applicable to every person subject to this Revised Restaurant Maximum Price Regulation No. 8-1.

(b) In all other respects, the provisions of this regulation shall supersede other regulations, including the General Maximum Price Regulation, now or hereafter issued by the Office of Price Administration, insofar as they establish maximum prices for meals and food items sold by eating and drinking places. However, a price charged during the seven-day period of this regulation shall not become a maximum price under this regulation if it exceeded the maximum price established by another regulation applicable at that time. In such case the lawful maximum price applicable at that time shall be the maximum price hereunder.

Sec. 15. Geographical application. This regulation applies in the States of California, Oregon, Washington, Arizona and in the following counties in the State of Idaho: Benewah, Bonner, Boundary, Clearwater, Idaho, Kootenai, Latah, Lewis, Nez Perce and Shoshone.

Sec. 16. Enforcement. Persons violating any provisions of this regulation are subject to the criminal penalties, civil enforcement actions, suits for treble damages and proceedings for suspension of licenses, provided for by the Emergency Price Control Act of 1942 as amended.

Sec. 17. Definitions and explanations. (a) "Person" means individual, corporation, partnership, association or other organized group of persons or legal successor or representative of any of the foregoing, and includes the United States or any agency thereof, any other government, or any of its political sub-divisions and any agencies of any of the foregoing.

(b) "Meal" means a combination of food items sold at a single price. Examples of meals are a five-course dinner, a club breakfast, and a blue-plate special. Two or more kinds of food which are prepared or served to be eaten together as one dish are not a "meal". Examples of such dishes are: ham and eggs, bread and butter, apple pie and cheese.

(c) "Offered" means offered for sale, and includes the listing or posting of prices for items and meals even though the items and meals so offered were not actually on hand to be sold.

(d) "Food item" means an article or portion of food or a beverage sold or served by an eating or drinking place for consumption in or about the place or to be taken out for eating without change in form or additional preparation. It includes two or more kinds of food which are prepared or served to be eaten together as one dish, such as ham and eggs, bread and butter, apple pie and cheese.

(e) Unless the context otherwise requires, the definitions set forth in section 302 of the Emergency Price Control Act of 1942 and in the General Maximum Price Regulation, issued by the Office of Price Administration, shall apply to other terms used herein.

SEC. 18. *Adjustments.* (a) The Regional Office of the Office of Price Administration, or any District Office of the Office of Price Administration that may be authorized by such Regional Office, may adjust the maximum prices for any eating or drinking place subject to this regulation under the following circumstances:

(1) The establishment is operating under such hardship as to cause a substantial threat to the continuance of its operations; and

(2) It is determined with reasonable certainty that such discontinuance will result in serious inconvenience to consumers in that they will be deprived of all restaurant service or will have to turn to other establishments that present substantial difficulties as to distance, hours of service, selection of meals or food items offered, capacity, or transportation; and

(3) By reason of such discontinuance the same meals or food items will cost the customers of the eating or drinking establishment as much as or more than the proposed adjusted prices.

(b) If you are the proprietor of an eating or drinking establishment which satisfied all the requirements specified above, you may apply for an adjustment of your maximum prices by submitting to the appropriate District Office of the Office of Price Administration a statement setting forth:

(1) Your name and address.

(2) A description of your eating establishment, including: Type of service rendered (such as cafeteria, table service, etc.), classes of meals offered (such as breakfast, lunch and dinner), number of persons served per day during the most recent thirty-day period, and such other information that may be useful in classifying your establishment.

(3) The reasons why your customers will be seriously inconvenienced if you discontinue operations.

(4) The names and addresses of the three nearest eating or drinking places of the same type as yours.

(5) A list showing your present maximum prices and your requested, adjusted prices.

(6) A profit and loss statement or, if none is available, a statement showing earnings and expenses, for your restaurant business for the most recent three-month accounting period.

(7) A profit and loss statement, or if none is available, a statement showing earnings and expenses, for your restaurant business for your most recent full

calendar year or fiscal year. If your last income tax return was filed separately for your restaurant business you may, if you prefer, file a copy of your income tax return in place of the profit and loss statement.

Applications for adjustment under this section may be acted upon by any District Office that has been authorized to do so by the Regional Administrator.

SEC. 19. *Special orders.* The provisions of this regulation to the contrary notwithstanding, the Regional Office of the Office of Price Administration, or any District Office to whom the power has been delegated by the Regional Administrator, may from time to time issue special orders providing for the establishment or reduction of the maximum price of any food item or items or meal or meals sold or offered by any seller or sellers when, in the judgment of the Regional Administrator or the appropriate District Director, such action is necessary or desirable to prevent inflation, to stabilize prices affecting the cost of living or to carry out the purposes of the Emergency Price Control Act of 1942, as amended, and Executive Orders 9250 and 9328.

SEC. 20. *Exemptions.* Sales of food items or meals by the following eating or drinking places are exempted from the provisions of this regulation:

(2) It sells food items and meals only to members and bona fide guests of members;

(3) Its members pay dues of more than merely nominal amount (the amount of dues paid by each class of members and the period covered by such dues should be indicated), and are elected to membership by a governing board, membership committee or other body;

(4) It is otherwise operated as a club. Five days after filing such information, or earlier if so notified by the District Director, a private club may consider itself exempt unless and until it is otherwise notified by the District Director.

Any club which, subsequent to such filing, changes its operations with re-

spect to any of the requirements stated above, shall immediately notify the appropriate Office of Price Administration District Office accordingly. Any club which sells food items or meals to persons other than members and bona fide guests of members is subject to this regulation with respect to all sales.

(e) Hospitals, except for food items and meals served to persons other than the patients when a separate charge is made for such food items and meals.

SEC. 21. *Licensing.* The provisions of Licensing Order No. 1, of the Office of Price Administration, licensing all persons who make sales under price control, are applicable to all sellers subject to this regulation. A seller's license may be suspended for violations of the license or the regulation. A person whose license is suspended may not, during the period of suspension, make any sale for which his license has been suspended.

SEC. 22. *Revocation and amendment.* (a) This regulation may be revoked, amended or corrected at any time.

PART 1407—RATIONING OF FOOD AND FOOD PRODUCTS

[RO 13,¹ Amdt. 84]

PROCESSED FOODS

A rationale for this amendment has been issued simultaneously herewith and has been filed with the Division of the Federal Register.*

Section 3.10 is added to read as follows:

SEC. 3.10 *Industrial users who become processors because of the addition of items to the list of processed foods.* (a) An industrial user who, because of the addition of items to the list of processed foods, becomes a processor with respect to items he produced as an industrial user, must, if he is not already registered as a processor, register as such in accordance with section 3.2 (f), and open a ration bank account for his processor operations. He must deposit all points he has as an industrial user in his processor ration bank account. If he has an industrial user ration bank account, he may draw a check for the balance therein and deposit it in his processor account. All processed foods he has in his industrial user inventory shall be deemed to be part of his processor inventory.

(1) An industrial user who ceases to be such because all the items he produced

as an industrial user are added to the list of processed foods must, within eight days after he ceases to be an industrial user, give to the board with which he is registered the notice required in section 13.1 that he will cease to operate as an industrial user, and he must close out his industrial user bank account, if any.

(2) An industrial user who becomes a processor with respect to some, but not all, the items he produced as an industrial user must, within eight days after the items produced by him as an industrial user are added to the list of processed foods, amend his industrial user registration by eliminating from his base period use of processed foods his use of those foods for the production of the items added to the list of processed foods. The board shall cancel his current allotment, and any excess inventory with which he may be charged, and shall grant for the remainder of the current allotment period, an allotment based on his use of processed foods in the corresponding base period to produce items as to which he remains an industrial user. However, this allotment is to be reduced in proportion to the part of the allotment period which had elapsed at the time he amended his industrial user registration. (Any such industrial user who, by the operation of this subparagraph, is unable to use any unused portion of his past allotments allocable to the products as to which he continues to be an industrial user, may petition for an adjustment under section 14.5.)

This amendment shall become effective November 6, 1943.

Note: §§ 3.2 to 3.13 have been extracted from the publication "Instructions for the Recruiting Service of the United States Navy," 1940, as amended to November 1, 1943. The respective article numbers of this source publication are noted in brackets at the end of each section.

§ 3.1 Enlistments. (a) Unless modified by specific instructions from the Bureau (of Naval Personnel), first enlistments are authorized to be made only at regular recruiting stations.

(b) Instructions will be issued to the recruiting service by the Bureau from time to time setting forth the terms of

enlistments for which men are to be accepted, the ratings in which first enlistments may be made, the maximum and minimum ages for such enlistments, and other qualifications for first enlistments. [Art. D-1001, Bu. Pers. Manual]

§ 3.2 Qualifications for enlistment; apprentice seamen—(a) Physical requirements. Physical requirements for enlistment may be found in Chapter 11, Manual of the Medical Department, United States Navy.¹

(b) Age limits. Applicants must be eighteen years of age and under thirty-one years of age at time of enlistment.

(c) Citizenship. Applicants must be native born or fully naturalized citizens of the United States.

(d) General Classification Test. Applicants must have a passing mark of at least 50% in the General Classification Test.

(e) Character. Applicants must be of good character.

(f) Unmarried. Applicants must be unmarried.

(g) No dependents. Applicants must have no dependents.

(h) Police record. Applicants must have no police or juvenile record involving moral turpitude.

(i) Age limit, ex-service men. Ex-members of the Marine Corps, Army and Coast Guard, with creditable discharges (by reason of expiration of term of enlistment or for the convenience of the Government) may be enlisted if in all respects qualified, provided they are under 35 years of age.

(j) Ex-service men, rating in which enlisted. Ex-members of the Marine Corps, Army and Coast Guard, who are eligible for enlistment, are enlisted in the rating of apprentice seamen and advanced to the rating of seaman second class after one month's service, provided the previous service and training warrant such advancement. [Pars. 8-11 to 8-20]

§ 3.3 First enlistments—(a) Ratings. First enlistments will be made only in the ratings of apprentice seamen, hospital apprentice second class, and steward's mate third class.

(b) Evidence of age. Every applicant for first enlistment must produce a bona fide certificate or conclusive proof of the date and place of his birth. Consent paper (NRB form 18) and Age Certificate (NRB form 15) will not be accepted as conclusive evidence of date and place of birth even when sworn to, unless such information has been established by the recruiter through one of the following sources:

(1) State Bureau of Vital Statistics or the State Department of Public Health, when filed early enough in life to be unquestionably accurate.

(2) County Department of Public Health, County Clerk's or County Registrar's Office, when filed early enough in life to be unquestionably accurate.

(3) City Department of Public Health, City Clerk's or City Registrar's Office, when filed early enough in life to be unquestionably accurate.

¹Manual of the Medical Department, United States Navy, 1938, is available at Office of Surgeon General, Navy Department, Washington, D. C.

(4) Hospital records of the hospital in which the applicant was born; the records of the attending physician or the attending midwife.

(5) Church records or baptismal records, when such records were made early enough in the life of the applicant to be unquestionably accurate.

(6) The family Bible, when the entries appear to have been made at or near the actual date of birth.

(7) School records, preferably grammar school records, when there are no other means of establishing the date of birth.

(8) In cases of naturalization of the father, the age of minor children is sometimes included in the record. A notation on the reverse side of the consent papers will be signed by the recruiter to indicate how date and place of birth were established.

(c) *No alterations on birth certificates.* Birth certificates submitted to recruiting officers or recruiters will be carefully examined, and no birth certificate will be accepted on which alterations are apparent. [Pars. 8-31 to 8-33]

§ 3.4 *Citizenship*—(a) *U. S. Citizens or natives of U. S. insular possessions.* No person shall be enlisted in the Navy who is not a native-born or fully naturalized citizen of the United States or a native of the United States insular possessions. Recruiting officers and recruiters must establish in each case that the applicant is actually a United States citizen or a native of United States insular possessions, as the case may be. Natives of insular possessions will not be enlisted without special authority from the Bureau.

(b) *Fact of citizenship to be entered in service record.* The recruiting officer shall enter, both in the service record and on the shipping articles, a notation to the effect that the man enlisted is a United States citizen. If citizenship was obtained by court action, the entry shall show the name and address of the court granting citizenship, the date citizenship was granted, and the court number of the case.

(c) *Shipping articles to bear notation as to how citizenship was attained.* The shipping articles of all persons enlisted must bear a notation explaining how their United States citizenship was attained. For example, a child born in England of parents who are United States citizens is a United States citizen, and, in the place provided in the shipping articles, a notation should be made similar to the following:

United States citizen (parents United States citizens were temporarily residing in England at time of applicant's birth).

(d) *Alien must be fully naturalized.* An alien over 21 years of age must be fully naturalized in his own right in order to be eligible for enlistment. He must produce his own certificate of citizenship.

(e) *Cases of doubt.* In cases where there is doubt as to the citizenship of an applicant, the recruiting officer may obtain information from any field office of the Immigration and Naturalization Service, or the Commissioner of Immigration and Naturalization, Washington, D. C. [Pars. 8-41 to 8-44 and 8-47]

§ 3.5 *Consent papers*—(a) *For all minors.* Written consent for enlistment must be secured from the parent or

guardian in all cases of minors under eighteen years of age. This consent must be made on NRB Form 18, "Consent, Declaration, and Oath of Parent or Guardian."

(b) *Witnessing consent papers.* Recruiting officers or recruiters actually witnessing the signing of consent papers by the person authorized to sign them shall endorse the face of the consent papers to this effect.

(c) *Persons authorized to sign consent papers.* The following persons are authorized to sign consent papers:

(1) The father, if parents are living and are neither divorced nor legally separated.

(2) Either parent if the other parent is dead, there being no court order establishing a legal guardianship.

(3) Either parent to whom custody of the child was awarded by court order in case of divorce or legal separation.

(4) Both parents, a separate consent paper being made out for the signature of each, in cases where no custody is awarded or where custody is divided by court order as a result of divorce or legal separation.

(5) The legal guardian if one has been appointed by court order.

(d) *Special guardianship papers.* In cases where an orphan does not come under the control of children's guardian, special guardianship papers may be accepted if issued in the name of some reputable person.

(e) *Orphan without legal guardian.* If a thorough investigation reveals that an applicant has no living parent or guardian, the Bureau will consider authorizing such enlistment with the consent of the nearest living relative. A complete report of the circumstances in the case will be made when applying for authorization.

(f) *Consent papers not required when over 18.* Consent papers are not required for applicants over eighteen years of age. In lieu thereof NRB Form 15, Age Certificate Form, shall be completed and forwarded with the enlistment papers.

(g) *Endorsements on back of consent papers.* Where documentary evidence, or official letter accepted in lieu of such evidence, establishing proof of date of birth, adoption, change of name, divorce and custody, or naturalization, is not submitted with the enlistment papers, the recruiting officer, or recruiter, shall place upon the back of the consent papers or Age Certificate Form, as may be applicable, endorsements showing from what source proof was obtained for each of the above items when applicable. When documentary evidence is submitted with the enlistment papers the above endorsements are not required.

(h) *Alterations or erasures.* No consent paper will be accepted with erasures or alterations.

(i) *Consent of parent not signing consent papers.* Where practicable in cases where applicant's father and mother are living together, the consent of the parent not required to sign the consent papers should be obtained verbally. The Navy desires satisfied parents as well as satisfied applicants.

(j) *Men with dependents not to be enlisted.* Recruiting personnel will establish definitely the status of each applicant as to dependency and potential

dependency, and no first enlistment will be made where dependency exists, or is likely to exist, which might cause a recruit to request a special order discharge at some future date.

(k) *Married men not to be enlisted.* Married men will not be accepted for first enlistment. Potential dependency is deemed to exist in the cases of divorced men; also in the cases of those who admit an engagement to be married at an early date. [Pars. 8-51 to 8-61]

§ 3.6 *References*—(a) *To be obtained on all applicants.* Written references must be obtained on all applicants for first enlistment. No references will be delivered to an applicant. They will be mailed direct or be delivered by a recruiter. Where practicable, recruiters should deliver references in order to make personal contacts and obtain as much pertinent information as possible.

(b) *Relatives or friends.* No references will be accepted from relatives or close friends of an applicant or his family.

(c) *Responsible citizens.* References must be from reputable and responsible citizens of the community who are not personally interested in the enlistment of the applicant.

(d) *References confidential.* References will be held strictly confidential. Under no circumstances shall the contents of any reference be revealed to any person not in the recruiting service.

(e) *Employers' references.* Employers' references or references from military or semi-military organizations are considered accurate estimates of the qualifications of an applicant if they cover a sufficient period of time. If an applicant has not been employed, a character reference in lieu of an employer's reference may be obtained.

(f) *Source of references to be considered.* Since a reference is no better than the person who gives it, recruiters must establish definitely in each case that the person giving the reference is actually a reputable and responsible citizen.

(g) *Police and juvenile court references.* Police and juvenile court references should be obtained from every city, town and county in the United States in which the applicant has resided since birth. In cases where applicants have resided in foreign countries, thus making it impracticable to obtain police and juvenile court records covering the periods of such residence, such references for these periods are not required.

(h) *Enlistment of men with police and juvenile court records.* The greatest precaution shall be exercised to prevent the enlistment of men with reformatory, police court, or prison records. The acceptance of such men does more to prejudice the general public against the Navy than any other single cause, particularly as the fact that these men are summarily discharged when their records become known does not receive general publicity. The cases of men who apply for enlistment and are found to have juvenile court records shall be thoroughly investigated. Should the recruiting officer consider a man with such a record as desirable material for the Navy, he shall make a full report to the Bureau, via the Recruiting Inspector, of all the circum-

stances. He shall include with his report the statement of the juvenile court judge or the probation officer, and shall give his own recommendation in the case. The Bureau will decide each such case on its own merits.

(i) *Applicants reared in institutions having correctional features.* Applicants for enlistment who have been reared or trained in institutions having correctional features may be accepted for enlistment only where, in each case, thorough investigation has disclosed that the applicant was committed therein through no fault of his own. [Pars. 8-71 to 8-79]

§ 3.7 *Identification records—(a) Fingerprints to be taken by recruiters.* All fingerprints will be taken by recruiters, either at the main station or at the substations. Under no circumstances will fingerprinting of applicants be done by police authorities.

(b) *Personal Identification Form, U. S. Navy.* All applicants for enlistment and reenlistment will be required to complete Personal Identification Form, U. S. Navy. When these forms have been completed they will be sent immediately to the Federal Bureau of Investigation, Department of Justice, Washington, D. C., with the request for information, in writing, as to whether or not examination of these fingerprint records discloses any data concerning these applicants. The form will be retained in the files of the Federal Bureau of Investigation. No first enlistments or broken-service reenlistments will be made until records have been cleared through the Federal Bureau of Investigation, or, in the cases of minor offenses, until authority for such enlistment has been received from the Bureau of Naval Personnel. The Federal Bureau of Investigation will mail replies only to main recruiting stations. If recruiting substations mail forms direct to the Federal Bureau of Investigation a paragraph in the letter of transmittal should request that replies be mailed to the main station concerned. [Pars. 8-82 to 8-83]

§ 3.8 *Physical examinations—(a) Conduct of physical examinations.* Physical examinations will be conducted by recruiters in strict privacy. Where a minor physical defect is detected which ordinarily can be remedied by a slight operation, recruiters will continue their examination of the applicant until its completion, to determine whether or not he has other defects which would disqualify him for enlistment.

(b) *Applicants submitting to corrective operations.* When an applicant states his intention of submitting to a minor operation for the remedy of a defect detected by recruiters, such recruiters must recommend no physician, surgeon, dentist or hospital to the applicant and must inform the applicant that even though the operation is successful no assurance can be given that he will be accepted for enlistment.

(c) *Rejected applicants examined at main station.* Applicants who are rejected physically at substations will be given a further physical examination at the main station if they so request, pro-

viding they proceed at their own expense. This practice will not be encouraged by recruiters.

(d) *Medical officer to examine applicants.* Medical officers attached to recruiting stations will not delegate the conduct of physical examinations to others.

(e) *Medical officers not to accept men with defects likely to become aggravated.* Medical officers should be particularly careful not to accept men who have defects which are likely to become aggravated and cause disability for service or which may be used as a claim for compensation. It is often difficult to determine whether an individual is suffering from, or predisposed toward, mental disease during the time an applicant is under observation in a recruiting office, especially when the applicant is reacting to his normal mental level during that period, and a few cases are passed and enlisted in the Naval Service who are soon discharged by medical survey for mental disorder and may be entitled to compensation. Medical officers and recruiting officers should, therefore, whenever possible, obtain the previous history and recommendations as to ability and desirability from applicants' relatives, former employers, neighbors and family physicians.

(f) *Man to be informed of defects.* Slight defects which are not considered at the time of examination to be of sufficient importance to cause rejection, may later become aggravated, or the individual may later complain of symptoms therefrom. The burden of proof lies with those who would show that an individual was suffering from a disease prior to his entry into the Naval Service. Therefore, medical officers will be careful to enter all physical defects (deformities and results of injuries, operations and diseases) on the abstracts or first page of the health record and the applicant should be required to sign the following statement: "The medical officer has informed me that I have the following defects."

(g) *Waivers Form NavPers 684.* Requests for waivers, Form NavPers 684 (in triplicate) may be submitted for especially desirable applicants who have minor physical defects. When telegraphic waivers are requested, it is directed that the name of the applicant be given in full, together with the date and place of birth.

(h) *Waivers for underweight.* In requesting waivers for underweight, especially when such requests are made by despatch, it is directed that the age, height, weight, chest expansion, and number of inches expanded, be given, as well as the number of pounds underweight.

(i) *Teeth.* Applicants who have defective or missing teeth and who do not meet the requirements for enlistment should be rejected outright. Where the defects are minor in nature and may easily be remedied by a Naval dental officer, a waiver may be requested if the applicant is deemed to be especially desirable. If the applicant desires to have dental work done in order to fit himself for enlistment, he must have it done en-

tirely upon his own responsibility. This must be explained to the applicant in each case. Defective teeth should be indicated by number and not by description, as "Teeth missing, one, two, sixteen; decayed, thirteen, twenty-three."

(j) *Flat feet, waivers therefor to contain report of tests jumping.* Flat foot, when accompanied by symptoms of weak foot, or when the foot is weak on test, is disqualifying. Pronounced cases of flat foot attended with decided eversion of the inner border, due to inward rotation of the astragalus (ankle bone), are disqualifying regardless of the presence or absence of subjective symptoms. When any degree of flat foot is found, the strength of the feet should be ascertained by requiring the applicant to hop on the toes of each foot for a sufficient time and by requiring him to alight on the toes after jumping up several times. Requests for waiver for flat feet should contain the results of such exercise tests.

(k) *No responsibility to be assumed in fitting applicants for enlistment.* Neither the recruiting officer nor the medical officer will assume any responsibility either for themselves or for the Navy in fitting applicants for enlistment. The medical officer shall not operate on such applicants with a view to qualifying them.

(l) *Applicants not to write Bureau of Naval Personnel for waivers.* Recruiting officers will advise applicants not to write to the Bureau for waivers and not to present themselves to the Bureau in person. Such cases as in the opinion of the recruiting officer merit the Bureau's consideration will be handled officially by the recruiting officer in the usual manner. [Pars. 8-93 to 8-104]

§ 3.9 *Mental examination; General Classification Tests.* All applicants for enlistment shall be given the General Classification Test, prescribed for current use. Applicants, except for the rating of Steward's Mate third class, who make a mark lower than 50% shall be considered ineligible for enlistment. The General Classification Test mark of each applicant accepted for enlistment will be entered in an appropriate record and sent to the training station to which the recruit is sent. Used General Classification Tests will be retained at the Recruiting Station for a period of three months, after which they will be destroyed by burning. [Par. 8-111]

§ 3.10 *General information—(a) Navy life to be explained.* Recruiting personnel shall explain carefully the regulations regarding enlistments, promotions, and discharges to those applying for enlistment, explaining to them the kind of life they are to lead and that Navy life is largely spent on shipboard. Applicants should be informed of the life they will lead for the first few months in the service. They will thus realize the discipline and military life involved and so may overcome dissatisfaction experienced in some cases during their early period of training. The hard part of Navy life must be explained truthfully as well as the easy and pleasant part.

(b) *No promise of leave.* No promise will be made to recruits that they will be

granted leave of absence upon completion of the period of training at a Naval Training Station, although every effort will be made to give recruits leave at that time, if practicable.

(c) *Punishment for desertion.* Every recruit must have explained to him the provisions of the Articles for the government of the Navy relative to desertion and the penalties therefor.

(d) *Typhoid prophylaxis.* Every applicant will be informed that he must submit to treatment for the prevention of typhoid and smallpox, and to such other preventive measures as may be considered necessary by naval authorities. Refusal to submit to this treatment will disqualify the applicant for enlistment.

(e) *No promises.* Recruiters must be careful to make no promises, either actual or implied. In answering questions, particularly in writing, they should be plain and explicit so that the recipient is in no doubt as to the meaning intended.

(f) *Recruits warned as to previous service.* Each recruit enlisted who states that he has had no previous service in the Army, Navy, Marine Corps, or Coast Guard shall be informed that if he has had such previous service the fact will become known as soon as his papers reach the Navy Department, and that he will be tried by court-martial for fraudulent enlistment.

(g) *Fingerprint warning.* In order to discourage the reenlistment of undesirable men under assumed names, recruiting officers will require the following sign to be placed in the main station and in each substation over the desk where fingerprints are taken.

WARNING

If you have been in the Army, Navy, Marine Corps or Coast Guard and were not honorably discharged, your fingerprints are on file. The fingerprint expert will establish your identity before you are transferred.

The word "Warning" shall be in red and the remainder in black. The sign should measure about 16 by 20 inches.

(h) *Drifters.* Applicants who do not reside within the recruiting territory of the main station or substation at which they apply for enlistment, will be advised to make their applications at the recruiting station covering the territory in which they maintain permanent residence. The drifter type generally is not desirable for the Navy.

(i) *Political affiliations.* Recruiting personnel must not suggest, or imply, that correspondence between applicants' political representatives and the Navy Department will give them preference on the waiting list or result in their acceptance after having been rejected.

(j) *Bribes.* In the event an applicant attempts to bribe recruiting personnel to advance his name on the waiting list, he will be rejected as undesirable.

(k) *Applicants' friends.* Qualified applicants should be requested to furnish the names and addresses of their acquaintances who may possibly desire to enter the Naval Service. All applicants will be treated with courtesy and consideration.

(l) *Naval Academy.* The Bureau of Naval Personnel does not desire that the remote possibility of entering the Naval Academy be held out as an inducement for enlistment, nor does it wish it to appear that an enlistment in the Navy is a substitute for a congressional appointment. In furnishing information relative to the Naval Academy, recruiting personnel will stress the fact that the privilege of competing for the Naval Academy is incidental to the Service, and those who fail to meet either the mental or physical standards (the latter being more stringent than those for enlistment), or who are not included in the annual quota of one hundred successful candidates from the Navy and Marine Corps allowed by law for appointment, will be required to complete their terms of enlistment.

(m) *Administrative discharges from C. C. C.* No man who has received an administrative discharge from the Civilian Conservation Corps will be enlisted without authority from the Bureau of Naval Personnel. [Pars. 8-121 to 8-134]

§ 3.11 *Enlistment papers.*—(a) *Application.* The original application for enlistment, NRB Form 24, will be filled in by the applicant in his own handwriting in ink, with the exception of the section on physical examination on the third page which will be completed by the medical examiner.

(b) *Consent papers.* All copies of the Consent papers, NRB Form 18, must be signed and witnessed.

(c) *Release from National Guard or other military service.* No member of the National Guard, Naval Militia, Marine Corps Reserve, or Civilian Conservation Corps shall be enlisted until after some form of release from his obligation has been obtained. Release is construed to mean either his actual discharge or a letter or telegram stating that his discharge will be issued.

(d) *Naval Academy Waiver.* Recruiting officers will require all applicants who are within the age limits for entry to the Naval Academy to read and sign NRB Form 46, Naval Academy Waiver.

(e) *Home investigations.* Much may be learned about the character of an applicant and his family by careful home investigations. The Recruiting Officer, at his discretion, shall require recruiters to conduct thorough home investigations of applicants.

(f) *Service numbers.* Groups of service numbers are issued by the Bureau to main recruiting stations for assignment to recruits. Service numbers of naval reservists will be retained upon their enlistment in the Regular Navy.

(g) *Crediting of enlistment.* Each enlistment will be credited to the Congressional District and State in which the man has a permanent home.

(h) *Verification of lost discharge.* In requesting verification of service of men who have lost their discharges from the Navy, Army, Marine Corps or Coast Guard, the following information must be submitted to the Bureau of Naval Personnel:

(1) *NAVY:* Name in full, including the middle name; rating, date and place of en-

listment, date and place of discharge, and service number, if possible.

(2) *ARMY:* Name in full, including middle name; rank, date and place of enlistment, date and place of discharge, serial number, if possible, and organization, including company or similar subdivisions, from which discharged. If discharged from a casual company, statement should be made of last organization of service. It is particularly important that requests for verification of Army service contain a statement of organization, including company, battery, troop, squad, or similar subdivision in which the man served, and the approximate dates of such service.

(3) *MARINE CORPS AND COAST GUARD:* Name in full, including middle name; rank, and places and dates of enlistment and discharge.

(i) *Full name and service number.* As the files of the Bureau of Naval Personnel contain many identical names, with similar initials, identification is impossible without the full name and service number.

(j) *Forged papers.* There have been cases of forged consent papers submitted by minors living in the same city in which the recruiting station is located, wherein the alleged signatures of both parent and notary were in the same hand. The Bureau considers that to enlist a person under such conditions is inexcusable.

(k) *Oaths.* The oath of allegiance will be administered with fitting solemnity, and recruiting officers should impress upon recruits the seriousness of its nature. [Pars. 8-141 to 8-150, 8-154]

§ 3.12 *Enlistments for U. S. Navy School of Music.*—(a) *Qualifications.* Qualifications for enlistment are the same as for other first enlistments, except that applicant must be a graduate of high school or have equivalent education.

(b) *General procedure.* Application blanks, furnished by the Recruiting Bureau, must be filled out and forwarded to the Officer in Charge, U. S. Navy School of Music, Navy Yard, Washington, D. C. Should the information thereon warrant the applicant being given a musical examination, the officer in charge of the recruiting station covering the district in which the applicant resides will be requested to complete all preliminaries to enlistment and notify him when to appear for mental and physical examinations. If found qualified for enlistment, he will be certified to the Officer in Charge, U. S. Navy School of Music who will advise the recruiting officer when applicant is to be called for transfer to the Navy Yard, Washington, D. C., for musical examination. Upon successful completion of the musical examination, he will be enlisted at Navy Recruiting Substation, Washington, D. C., and transferred to a designated Naval Training Station, for recruit training covering only the detention period of three weeks, after which he will be transferred to the Navy Yard, Washington, D. C., to enter the School of Music.

(c) *Transportation.* Any transportation involved in reporting to the main recruiting station in whose district the applicant resides (and return transportation in the event the applicant is found not qualified) must be paid by the applicant. Government transportation and

subsistence en route will be furnished from the recruiting station to Washington, D. C., and, in the event of failure to qualify there, return transportation will be furnished to place of residence.

(d) *Preparation of enlistment papers.* Upon receipt of notification from the Officer in Charge of the School that an applicant is considered eligible for the musical examination, all enlistment papers will be prepared the same as for other enlistments, except for date and place of enlistment and signatures of the applicant and the recruiting officer. These prepared papers will then be forwarded by air mail or special delivery to the Officer in Charge, Navy Recruiting Station, Washington, D. C., for completion when the enlistment is consummated.

(e) *Transfer of applicants.* Applicants who have been examined and have qualified for enlistment will be advised to take all their instruments to Washington. No applicant will be transferred to arrive on Saturday or Sunday and should arrive as early in the morning as practicable.

(f) *Failure of applicants to be reported.* If an applicant fails to qualify for enlistment the Officer in Charge, U. S. Navy School of Music, will be informed in order to make further selections.

(g) *Waivers.* Waivers for School of Music applicants may be submitted in the same manner as for other first enlistments.

(h) *Service numbers.* Service numbers will be assigned School of Music applicants before transfer to Washington. In the event of failure, the Officer in Charge, School of Music, will inform the recruiting officer in order that service numbers may be re-issued.

(i) *Personal Identification Form.* School of Music applicants will not be transferred to Washington until the return of papers in connection with Personal Identification, U. S. Navy. [Pars. 8-171 to 8-179]

§ 3.13 *Steward's Mates*—(a) *Qualifications.* Qualifications for Steward's Mate third class are in general the same as for apprentice seamen.

(b) *Enlistment and transfer.* Steward's Mates shall be enlisted and transferred as directed by the Bureau.

(c) *General Classification Tests.* No qualifying mark on General Classification Test is established. Recruiting officers may enlist applicants who obtain below 50 in the test if they are of the opinion that other characteristics offset the low General Classification Test mark.

(d) *Selectivity.* Great care shall be exercised by recruiting officers in selecting men for Steward's Mate ratings.

(e) *Personal Identification Form.* Personal Identification Form, U. S. Navy, will be handled in the same manner as for other enlistments. [Pars. 8-181, 8-183 to 8-186]

ACME MINING Co.

FINDINGS AND ORDER WITHDRAWING SECURITIES FROM REGISTRATION

At a regular session of the Securities and Exchange Commission, held at its office in the City of Philadelphia, Pa., on the 5th day of November, A. D., 1943.

In the matter of Acme Mining Company; assessable common stock, 10¢ par value.

1. The assessable capital stock, par value 10¢ per share, of Acme Mining Company is listed and registered on the San Francisco Mining Exchange. On August 6, 1943, the Commission issued its order instituting this proceeding under section 19 (a) (2) of the Securities Exchange Act of 1934 to determine whether or not Acme Mining Company, the registrant, has failed to comply with certain provisions of said Act or the rules and regulations thereunder, and whether or not the registration of said stock should be suspended or withdrawn.

2. After appropriate notice a hearing was held in the City of San Francisco at which neither the registrant nor the exchange appeared. The trial examiner filed an advisory report containing his findings of fact and recommending that the stock be withdrawn. Copies of this report were sent by registered mail to the registrant and the exchange, and receipt thereof was duly acknowledged.

3. The trial examiner found that the registrant has failed to comply with the provisions of section 13 of the Act and Rules X-13A-1 and X-13A-2 promulgated thereunder in that:

(a) It has failed to file its annual report for the year ended December 31, 1942, which was required to be filed not later than April 30, 1943.

(b) In its annual reports for the years ended December 31, 1940, and December 31, 1941, the registrant failed to meet the requirements of Regulation S-X and included financial statements which are false and misleading in several respects.

4. No objections appear to have been made to the trial examiner's rulings, findings or recommendation, and no exceptions thereto have been filed with the Commission. The Commission therefore adopts the findings of the trial examiner, finds that the registrant has failed to comply with the requirements of section 13 of the Act and Rules X-13A-1 and X-13A-2 and Regulation S-X promulgated thereunder, and concludes that it is in the public interest to withdraw the registration of registrant's stock.

Accordingly, it is ordered, Pursuant to section 19 (a) (2) of the Act, that the registration of the stock in question be and it hereby is withdrawn, effective ten days after the date of this order.

By the Commission.

UNITED UTILITIES, INCORPORATED

NOTICE OF FILING AND ORDER FOR HEARING

At a regular session of the Securities and Exchange Commission, held at its office in the City of Philadelphia, Pennsylvania, on the 5th day of November, 1943.

Notice is herein given that an application and amendments thereto have been filed with this Commission pursuant to the Public Utility Holding Company Act of 1935 by United Utilities, Incorporated ("United Utilities"), a registered holding company, with respect to a proposal to purchase additional shares of common stock of its subsidiary, The United Telephone Company of Pennsylvania ("United Telephone"), from The Bell Telephone Company of Pennsylvania ("Bell Telephone"). All interested persons are referred to said application, which is on file in the office of this Commission, for a complete statement of the transactions therein proposed, which are summarized as follows:

United Utilities which now owns 76% of the outstanding stock of United Telephone proposes to acquire the remainder of such outstanding stock, consisting of 7,002 shares of \$50 par value common capital stock owned by Bell Telephone, a non-affiliate, at a price of \$60 per share or a total cash consideration of \$420,120. The application states that the proposed transaction will permit United Utilities to file a consolidated federal income tax return, thus affecting a substantial saving in income taxes. The application further states that the funds necessary to finance the purchase of United Telephone stock will consist of \$220,120 in available cash and \$200,000 to be received in partial payment of indebtedness owing to United Utilities by its subsidiary, The Western Petroleum Exploration Company, and evidenced by a promissory demand note in the face amount of \$357,330.52 and bearing interest at 5½% per annum. In order to make this payment on its indebtedness, The Western Petroleum Exploration Company has obtained a commitment from The First National Bank of Wichita, Wichita, Kansas, for a loan of \$200,000 to be repaid in installments of \$5,000 per month and bearing interest at 3½% per annum.

It appearing to the Commission that it is appropriate in the public interest and in the interest of investors and consumers that a hearing be held with respect to said matter and that said application shall not be granted except pursuant to further order of this Commission.

It is ordered, That a hearing on said application, as amended, under the applicable provisions of the Act and the Rules of the Commission thereunder, be held on November 22, 1943, at 10:00 a. m., e. w. t., at the offices of the Securities and Exchange Commission, 18th and Locust Streets, Philadelphia, Pennsylvania, in such room as the hearing room clerk at that time shall advise. Notice of said hearing shall be given to United Utilities by registered mail and to all

other interested persons by publication in the FEDERAL REGISTER.

It is further ordered, That any person desiring to be heard or otherwise wishing to participate herein shall notify the Commission to that effect in the manner provided in Rule XVII of the Commission's rules of practice on or before November 20, 1943.

It is further ordered, That Charles S. Lobingier, or any officer or officers of the Commission designated by it for that purpose, shall preside at the hearing in such matter. The officer so designated to preside at any such hearing is hereby authorized to exercise all powers granted to the Commission under section 18 (c) of the Act and to a trial examiner under the Commission's rules of practice.

It is further ordered, That, without limiting the scope of issues presented by said application otherwise to be considered in this proceeding, particular attention will be directed at the hearing to the following matters and questions:

1. Whether the consideration to be paid by United Utilities for the stock of United Telephone is fair and reasonable.

2. Whether the acquisition of the stock of United Telephone will be detrimental to the carrying out of the provisions of section 11 of the Act.

3. Whether the proposed bank loan by The Western Petroleum Exploration Company is solely for the purpose of financing the business of such company and whether an exemption from the requirements of section 7 of the Act is available with respect to such loan by reason of the provisions of section 6 (b).

4. Generally, whether the proposed transactions are in all respects in the public interest and in the interest of investors and consumers and consistent with all applicable requirements of the Act and the rules thereunder, and, if not, what modifications should be required to be made therein and what terms and conditions should be imposed to satisfy the statutory standards.

By the Commission:

SOUTHERN COLORADO POWER COMPANY

MEMORANDUM OPINION AND ORDER

At a regular session of the Securities and Exchange Commission, held at its office in the City of Philadelphia, Pa., on the 4th day of November, 1943.

Issue and sale of securities in connection with recapitalization by subsidiary of registered holding company.

Declaration, filed pursuant to section 7 of the Public Utility Holding Company Act of 1935, in connection with a voluntary recapitalization of a subsidiary of a registered holding company, regarding the issuance and sale to the public at competitive bidding of First Mortgage Bonds, Series due November 1, 1968, and regarding the issuance and sale to institutional investors at private sale of Serial

Notes, the proceeds derived therefrom together with treasury funds to be applied to the redemption of outstanding debt securities of the issuer, permitted to become effective; the Commission reserving jurisdiction with respect to the results of the competitive bidding.

On June 30, 1942, Southern Colorado Power Company (Southern Colorado) an electric utility company and a subsidiary of Standard Gas and Electric Company, a registered holding company, filed an application pursuant to section 11 (e) of the Public Utility Holding Company Act of 1935 (the Act) for approval of a plan to comply with section 11 (b) (2) of the Act (File No. 54-55).¹ On July 2, 1942, the Commission instituted proceedings with respect to Southern Colorado under sections 11 (b) (2), 15 (f) and 20 (a) of the Act (File No. 59-51), and consolidated the proceedings with the section 11 (e) proceedings.² Southern Colorado amended its application on September 17, 1942.

On August 23, 1943, the Commission entered its Findings and Opinion with respect to the consolidated proceedings, Holding Company Act Release No. 4501, in which we concluded, among other things, that the plan, as amended, could not be approved unless it were further amended so as to comply with various requirements set forth in the Findings and Opinion.³ Among the requirements which we deemed prerequisite to our approval of the plan was a refunding by Southern Colorado of its outstanding First Mortgage Gold Bonds, Series A, 6%, due July 1, 1947, in the principal amount of \$6,763,400. A declaration, and an amendment thereto, covering proposals designed to accomplish the refunding was filed pursuant to section 7 of the Act (File No. 70-803).

The company proposes to refund and redeem the outstanding bonds,⁴ prior to consummation of its plan, at the redemption price of 102% of the principal amount thereof (\$6,898,668) plus accrued interest to the redemption date, by the use of treasury funds together with the proceeds from the issuance and sale of \$5,500,000 principal amount of First Mortgage Bonds, Series due November 1, 1968,⁵ and of \$1,200,000 principal amount of Serial Notes.⁶ The bonds are to be

¹ Holding Company Act Release No. 3644.

² Holding Company Act Release No. 3894.

³ The company was required by our Findings and Opinion to file the additional amendment within 30 days from August 23, 1943 unless additional time were granted by us upon a proper showing. Pursuant to the company's request, we granted additional time for filing the amendment (Holding Company Act Release No. 4576). The amendment was filed on October 18, 1943 and subsequently amended on October 23, 1943.

⁴ The securing of our approval of such redemption is unnecessary because of the provisions of Rule U-42 of our General Rules and Regulations.

⁵ The new bonds will be redeemable, in whole or in part, on any date at the option of the company, on 30 days' notice, at the initial public offering price (adjusted to the nearest ¼th of 1%, or a multiple thereof) and accrued interest, plus 3% of the principal amount, through October 31, 1944, and at lesser premiums thereafter.

issued under a Trust Indenture (qualified under the Trust Indenture Act of 1939) dated November 1, 1943, between Southern Colorado and the International Trust Company of Denver, Colorado, and will be offered for sale, at not less than face amount, by means of competitive bidding pursuant to Rule U-50. The interest rates are to be named by the successful bidders.

The notes are to be issued under Letters of Agreement between the company and the prospective purchasers, and will be sold at face amount to Guaranty Trust Company of New York (\$600,000) and The Travelers Insurance Company (\$600,000). The notes will mature serially over a ten year period in 20 semi-annual installments of \$60,000 each commencing May 1, 1944 and ending November 1, 1953, inclusive. The first five semi-annual installments will bear interest at the rate of 2 3/8%; the next five at 2 1/2%; the next five at 2 3/8%; and the last five at 3%. The note agreements provide that the notes are being acquired for investment purposes.

We consolidated the prior proceedings with the proceedings in connection with the issuance and sale of the new securities (Holding Company Act Release No. 4637), and after appropriate notice a public hearing was held. It was stipulated that the record in the earlier proceedings might be considered as evidence in connection with the subject transactions.

At the time we considered the company's plan, we did not have before us a declaration regarding the refunding. However, the company stated that coincidentally with the consummation of the plan a refunding would be effected, and it was assumed that securities of the type and in the amounts now proposed would be issued. Since at that time we deemed it impossible to approve the plan without being certain that the outstanding bonds would be refunded in the contemplated manner, we stated that a refunding was a prerequisite to our approval of the plan, and we accordingly took occasion to consider the standards of the applicable sections of the Act. While we were unable to make definite findings with respect to the proposed debt securities, we did state that the new debt securities would meet the requirements

^oThe notes may be prepaid, in whole or in part, at any time at the option of the company, on 30 days' notice. No premium will be payable if the prepayment is made from the proceeds of the sale of capital stock or of property or from treasury cash in excess of the sum of (a) \$500,000 and (b) the amount of any money borrowed on unsecured loans subsequent to November 1, 1943. If prepayment is made otherwise, a premium is payable that will result in a yield basis from the date of prepayment to the date of maturity of 2 1/4% provided that the premium cannot exceed 3% of the principal amount of the note prepaid.

^rSince the notes have a maturity of ten years and will be issued to a commercial bank and an insurance company solely for investment, the sale of the notes is exempt from the competitive bidding requirements of Rule U-50 by reason of paragraph (a) (2) thereof.

of section 7, if the estimated interest rates thereon approximated 3 1/2% and 3% for the bonds and notes, respectively, and if certain protective measures, set forth in our findings, were included in the indenture securing the new bonds and in the note agreements.

The interest rate on the new bonds has not yet been determined, but we note that the other aspects of the transaction are in conformity with our earlier findings. Since the bonds are being offered for competitive bidding pursuant to our Rule U-50, we shall require that Southern Colorado report to us the results of the bidding and we reserve for consideration at that time questions as to price, spread and allocation thereof, or any other matter relevant to the competitive bidding.

In our findings of August 23, 1943, we discussed fully the company's capital structure, property and earnings. The record indicates that the facts have not changed materially since our findings were issued, and we see no reason for repeating at this time the discussion therein contained. We note in passing, however, that the pertinent coverages, ratios and other relevant considerations have improved somewhat in the interim.

The estimated fees and expenses to be paid in connection with the proposed financing are as follows:^s

Registration fee.....	\$577.50
Federal Stamp Tax on bonds.....	6,050.00
Federal Stamp Tax on serial notes.....	1,320.00
Authentication of bonds by Trustee.....	3,500.00
Accounting.....	2,000.00
Fees of associate service company.....	5,000.00
Legal.....	10,750.00
Abstract and title companies.....	300.00
Printing and engraving.....	12,500.00
Recording fees.....	500.00
State qualification fees.....	1,500.00
Trustees' expense on redemption of bonds.....	2,500.00
Miscellaneous.....	3,500.00
	49,997.50

The record does not contain sufficient data to enable us, at this time to pass upon the reasonableness of the fees and expenses, and accordingly we shall reserve jurisdiction with respect thereto, except as to those items the amounts of which are fixed by law.

It is therefore ordered, That said declaration, as amended, be and it is hereby permitted to become effective, subject to the terms and conditions prescribed in Rule U-24: *Provided, however*, That jurisdiction is reserved in regard to the sale price and spread, if any, of the \$5,500,000 principal amount of First Mortgage Bonds, Series due November 1, 1968, as to which, and any other relevant matters, further findings will be made and a further order entered upon the filing of the amendment required by Rule U-50 (c).

^sSouthern Colorado has designated the firm of Chapman and Cutler as counsel for the successful bidder, and the fee and disbursements of such counsel, to be paid by the successful bidder, have been estimated at \$8,500 and \$500, respectively.

It is further ordered, That jurisdiction be and is hereby reserved with respect to the reasonableness of the fees and expenses to be paid by Southern Colorado in connection with the proposed financing, except for such items, the amounts of which are fixed by law.

It is further ordered, That jurisdiction be and hereby is reserved to consider all matters relating to these consolidated proceedings not disposed of by this order, to entertain such further proceedings, to make such further and supplemental findings, and to take such additional and further action as may be found by the Commission to be appropriate in the premises in connection with the consummation of said plan and related and incidental transactions not disposed of herein.

By the Commission.
