EXECUTIVE ORDER 9638

CREATING THE CIVILIAN PRODUCTION ADMINISTRATION AND TERMINATING THE WAR PRODUCTION BOARD

By virtue of the authority vested in me by the Constitution and Statutes, including Title I of the First War Powers Act, 1941, and as President of the United States, it is ordered as follows:

1. All functions and powers of the War Production Board, established by Executive Order No. 9024 of January 16, 1942, and all agencies, officers (other than the Chairman and the other members of the War Production Board), employees, records, property, and funds of the Board, are transferred to a Civilian Production Administration which is hereby established in the Office for Emergency Management of the Executive Office of the President. The War Production Board is hereby terminated.

2. At the head of the Civilian Production Administration (hereinafter referred to as the Administration) there shall be a Civilian Production Administrator (hereinafter referred to as the Administrator) who shall be appointed by the President and receive a salary of \$12,000 per annum unless the Congress shall otherwise provide, together with actual and necessary transportation, subsistence, and other expenses incidental to the performance of his duties. All the functions and powers vested in the Chairman of the War Production Board on the effective date of this order are transferred to the Civilian Production Administrator and may be performed by him through such officials, persons, or agencies as he shall determine. The Administrator shall exercise his functions and powers in accordance with the general policies established by the Director of War Mobilization and Reconversion.

3. The functions and powers transferred by this order shall, to the extent authorized by law, be utilized to further a swift and orderly transition from wartime production to a maximum peacetime production in industry free from wartime Government controls, with due

regard for the stability of prices and costs; and to that end shall be utilized to: (a) expand the production of materials which are in short supply, (b) limit the manufacture of products for which materials or facilities are insufficient, (c) control the accumulation of inventories so as to avoid speculative hoarding and unbalanced distribution which would curtail total production, (d) grant priority assistance to break bottlenecks which would impede the reconversion process, (e) facilitate the fulfillment of relief and other essential export programs, and (f) allocate scarce materials and facilities necessary for the production of low-priced items essential to the continued success of the stabilization program of the Federal Government.

4. The Administrator may, to the extent authorized by law, terminate any function vested in the Administration by this order when he shall deem such action to be in the national interest. The Administrator shall be responsible for the orderly liquidation of all affairs relating to any function so terminated and shall also from time to time take all appropriate steps looking toward the liquidation of the Administration.

5. Such further measures and dispositions as may be determined by the Director of the Bureau of the Budget to be necessary to effectuate the transfers and terminations provided for in this order shall be carried out in such manner as the Director may direct and by such agencies as he may designate.

6. All prior regulations, orders, rulings, directives and other actions relating to any function transferred by this order shall remain in effect except insofar as they are in conflict with this order or are hereafter amended under proper authority.

7. All provisions of prior Executive Orders which are in conflict with this order are amended accordingly.

8. This order shall be effective as of the close of business on the third day of November, 1945.

WHEREAS after investigation I find and proclaim that there are interruptions in the operation of the plants and facilities used in the transportation, refining, and processing of petroleum and petroleum products designated in the list attached hereto and made a part hereof, as a result of existing and threatened strikes and other labor disturbances; that the war effort will be unduly impeded or delayed by such interruptions; and that the exercise, as hereinafter specified, of the powers vested in me is necessary to insure, in the interest of the war effort, the operation of these plants and facilities used in the transportation, refining, and processing of petroleum and petroleum products designated in the list attached hereto and made a part hereof;

NOW, THEREFORE, by virtue of the power and authority vested in me by the Constitution and laws of the United States, including Section 9 of the Selective Service Act of 1940 (54 Stat. 892) as amended by the War Labor Disputes Act (57 Stat. 163), as President of the United States and Commander in Chief of the Army and Navy of the United States, it is hereby ordered as follows:

1. The Secretary of the Navy is hereby authorized and directed to take possession of the plants and facilities used in the transportation, refining, and processing of petroleum and petroleum products designated in the list attached hereto and made a part hereof, or such part or parts of each of such plants and facilities as he deems necessary, and, to the extent he may deem necessary, to take possession of any real or personal

property and other assets, wherever situated, used in connection with the operation of such plants and facilities; and to operate or to arrange for the use and operation of such plants and facilities in any manner that he deems necessary in the interest of the war effort.

2. In furtherance of the purposes of this order, the Secretary of the Navy is authorized to select and hire such employees and agents as he deems necessary and suitable to carry out the provisions of this order; to exercise any contractual or other rights of the owners of said plants, facilities, and property incident to the operation of said plants, facilities, and property or the production, sale, and distribution of the products and services thereof; to do any and all other things that he may deem necessary or desirable for, or incidental to, the use and operation of said plants, facilities, and property, or the production, sale, and distribution of the products and services thereof; and to take any other steps that he deems necessary to carry out the provisions and purposes of this order.

3. The Secretary of the Navy shall operate the plants, facilities, and property mentioned herein pursuant to the provisions of the War Labor Disputes Act and under the terms and conditions of employment which are lawfully in effect at the time possession of such plants, facilities, and property is taken under this order, subject to the provisions of Section 5 of the War Labor Disputes Act.

4. The Secretary of the Navy shall permit, upon such terms and conditions as he deems advisable, the management of the plants, facilities, and property taken under this order to continue its managerial functions to the extent consistent with the purposes of this order.

5. The Secretary of the Navy is authorized to take such action, if any, as he may deem necessary or desirable to provide protection for, and prevent interference with, the plants, facilities, and property taken under this order and all persons employed or seeking employment therein, their families and homes, and he is further authorized to take such appropriate disciplinary action, not inconsistent with law, as may be necessary to effectuate the purposes of this order. Upon the request of the Secretary of the Navy or his duly authorized representative, the Department of Justice, through the Federal Bureau of Investigation, shall immediately undertake and conduct an investigation of any matter affecting the operation of said plants, facilities, and property or government possession thereof hereunder.

6. In carrying out this order the Secretary of the Navy may act through or with the aid of such public or private instrumentalities, persons, or corporations as he may designate. All Federal agencies, including but not limited to the Department of Justice, the National Labor Relations Board, the Department of Labor, Department of the Interior, the National Selective Service System, and the Office of Price Administration, shall cooperate with the Secretary of the Navy to the fullest extent of their authority in carrying out the purposes of this order.

7. Possession, control and operation of any plant, facility, or property, or portion thereof, of which possession is taken under this order shall be terminated by the Secretary of the Navy as soon as practicable, but in no event more than sixty days after he determines that the productive efficiency of the plant, facility, or property, or portion thereof, prevailing prior to the existing interruptions referred to in the recitals of this order has been restored.

(1) A regularly scheduled basic workweek of forty hours in length which shall not extend over more than six of any seven consecutive days. Such regulation shall specify the names of the calendar days constituting the basic workweek and, for each of such calendar days, the number of hours of employment included within the basic workweek.

(2) (i) A regularly scheduled administrative workweek which shall consist of the forty-hour basic workweek established in accordance with subparagraph (1) of this paragraph, plus such period of overtime work as will be regularly required of each group of employees. The periods of time included in such administrative workweek which do not constitute a part of the basic workweek shall be identified by names of calendar days and by number of hours per day for purposes of leave and overtime pay administration.

(ii) In the case of employees whose work includes periods during which they are required to remain on duty and

render "stand-by service" at or within the confines of their stations, the length of the administrative workweek, for the purpose of the regulations in this subpart, shall be the total number of regularly scheduled hours of duty per week (or in rotating-shift systems, the average number of regularly scheduled hours of duty per week for the cycle), including all such "stand-by" or "on call" time except that allowed by regulation of the department or independent establishment for sleep and meals.

(b) *Compensatory time off for irregular or occasional overtime duty.* Heads of departments or independent establishments or agencies, including Government-owned or controlled corporations, may, with respect to officers and employees to whom this subpart applies, prescribe regulations effective as of July 1, 1945, for the granting of compensatory time off from duty, in lieu of overtime compensation, for irregular or occasional duty in excess of forty-eight hours in any regularly scheduled administrative workweek, to those per annum employees requesting such compensatory time off from duty.

§ 26.4 *Overtime work and overtime compensation*—(a) *Overtime compensation authorized.* (1) Officers or employees to whom this subpart applies shall be paid overtime compensation, computed as provided in paragraph (c) of this section, for all hours of employment officially ordered or approved in excess of forty hours in any administrative workweek, including irregular or occasional overtime duty.

(2) Any per annum employee may request compensatory time off, in lieu of overtime pay, for irregular or occasional duty in excess of forty-eight hours in any regularly scheduled administrative workweek, in accordance with administrative regulations issued pursuant to § 26.3 (b). Unless compensatory time off for such irregular or occasional overtime duty is specifically requested by the employee it shall be paid for in money when due.

(3) Heads of departments or independent establishments or agencies, including Government-owned or controlled corporations, may delegate to any officer or employee authority to order or approve overtime in excess of the administrative workweek. No overtime in excess of the administrative workweek shall be ordered or approved except in writing by an officer or employee to whom such authority has been specifically delegated by the head of the department or independent establishment or agency, or Government-owned or controlled corporation.

(b) *Computation of overtime employment.* The computation of the amount of overtime employment of an officer or employee shall be subject to the following conditions:

shall not have the effect of reducing the amount of overtime compensation to which the employee may be entitled during an administrative workweek. Leave of absence with pay shall not be charged for any absence which does not occur during the forty hours prescribed as the basic workweek. If in an administrative workweek, the officer or employee does not actually work during any overtime period in excess of the forty hours prescribed as the basic workweek, no overtime compensation shall be paid.

(2) *Night or holiday duty.* Hours of night or holiday duty shall be considered as employment on the same basis as daytime hours or an ordinary day's duty for the purpose of computing the number of hours of overtime employment under the regulations in this subpart. Any extra compensation for night or holiday duty shall not, however, be included in any basic rate in computing overtime compensation under the regulations in this subpart.

(3) *Service subject to other overtime statutes.* Overtime services for which overtime compensation is paid under any of the following statutes shall not form a basis for overtime employment under the regulations in this subpart: act of February 13, 1911, as amended (U. S. C., title 19, secs. 261 and 267) involving inspectors, storekeepers, weighers, and other customs officers and employees; act of July 24, 1919 (41 Stat. 241; U. S. (c) *Computation of overtime compensation.* (1) For employees whose basic compensation is at a rate less than \$2,980 per annum, the overtime hourly rate shall be one and one-half times the basic hourly rate of compensation: *Provided*, That in computing such overtime compensation for per annum employees, the basic hourly rate of compensation shall be determined by dividing the basic per annum rate by two thousand and eighty (2,080).

(2) For employees whose basic compensation is at a rate of \$2,980 per annum or more, the overtime hourly rate shall be in accordance with and in proportion to the following schedule, subject to the limitation contained in subparagraph (3) of this paragraph.

PART 903—DELEGATIONS OF AUTHORITY

[Directive 1 as Amended Oct. 4, 1945]

DELEGATION OF AUTHORITY TO THE OFFICE
OF PRICE ADMINISTRATION WITH RESPECT
TO RATIONING

Pursuant to the authority vested in me by Executive Order No. 9024 of January 16, 1942, and Executive Order No. 9040 of January 24, 1942, and in order to delegate to the Office of Price Administration authority to provide for the equitable rationing of products at the retail level, *It is hereby ordered, That:*

§ 903.1 *Directive 1.* (a) The Office of Price Administration is authorized and directed to perform the functions and exercise the power, authority and discretion conferred upon the President by section 2 (a) of the Act of June 28, 1940 (Pub. Law 671, 76th Cong., 54 Stat. 676) as amended by the Act of May 31, 1941 (Public Law 89, 77th Cong., 55 Stat. 236) with respect to the exercise of rationing control over (1) the sale, transfer or other disposition of products by any person who sells at retail to any person, and (2) the sale, transfer or other disposition of products by any person to an ultimate consumer. The term "ultimate consumer," as used by this directive, means a person acquiring products for the satisfaction of personal needs as distinguished from one acquiring products for industrial or other business purposes. The term "person," as used in this directive, includes an individual, partnership, association, business trust, corporation or any organized group of persons, whether incorporated or not: *Provided,* That in no event shall this paragraph (a) be deemed to authorize the Office of Price Administration to control the acquisition of products by or for the account of any of the following:

(1) The Army or Navy of the United States, the United States Maritime Commission, The Panama Canal, the Coast and Geodetic Survey, the Coast Guard, the Civil Aeronautics Authority, the National Advisory Commission for Aeronautics and the Office of Scientific Research and Development; or

(2) Government agencies or other persons acquiring such products for export to and consumption or use in any foreign country.

(b) The authority of the Office of Price Administration under this directive shall include the power to regulate or prohibit the sale, transfer or other disposition of products to any retailer who has acted in violation of any rationing regulation or order prescribed by the Office of Price Administration hereunder, and shall include the power to regulate or prohibit the sale, transfer or other disposition of products to any wholesaler or other supplier of any retailer, directly or indirectly if such wholesaler or other supplier has acted in violation of any rationing regulation or order prescribed by the Office of Price Administration hereunder. The Office of Price Administration

tion is likewise authorized to require such reports and the keeping of such records, and to make such investigations, as it may deem necessary or appropriate for the administration of the rationing powers conferred herein; and it may take such measures as it may deem necessary or appropriate for the enforcement of any rationing regulation or order prescribed by it pursuant to this directive.

(c) The Office of Price Administration may exercise the power, authority and discretion conferred upon it by this directive through such officials, including part time and uncompensated special agents, and in such manner as it may determine.

(d) The Chairman of the War Production Board will, on request of the Office of Price Administration, advise the Office of Price Administration as to the portion of existing products available for rationing by the Office of Price Administration under this directive.

(e) The Chairman of the War Production Board may from time to time delegate to the Office of Price Administration such additional powers with respect to the exercise of rationing control, or amend the delegation herein in such manner and to such extent, as he may determine to be necessary or appropriate.

(f) The amendment, revocation or repeal of any delegation of rationing powers delegated in this or any supplementary directive or otherwise shall not deprive the Office of Price Administration of authority to continue in effect any requirements in its orders or regulations which relate to the preservation of records required to be made or kept before such amendment, revocation or repeal whenever deemed necessary or appropriate by the Office of Price Administration for the administration of the rationing powers formerly conferred in any such delegation. In addition, no such amendment, revocation or repeal shall deprive the Office of Price Administration of control over the disposition of ration evidences issued pursuant to such powers.

(g) The amendment, revocation or repeal of any delegation of rationing powers delegated in this or any supplementary directive or otherwise, shall not have the effect of releasing or extinguishing any penalty or liability incurred for violation of any order, rule or regulation issued as a result of the exercise thereof, unless the amendment, revocation or repeal shall expressly so provide, and the delegation of such powers shall be treated as still remaining in force for the purpose of allowing or sustaining any proper proceeding, action or prosecution with respect to such penalty or liability.

NOTE: Paragraph (h), formerly paragraph (f), redesignated Oct. 4, 1945.

(h) Nothing herein shall be construed to limit or modify any order heretofore issued by the Director of Priorities of the Office of Production Management, nor to delegate to the Office of Price Ad-

ministration the power to extend, amend or modify any such order.

Issued this 4th day of October 1945.

PART 3290—TEXTILE, CLOTHING AND
LEATHER

[Order M-328B, Direction 6, as Amended Oct.
3, 1945]

SPECIAL RULES FOR M-320B PROGRAMS,
(SCHEDULES C, D, J AND K) FOR THE
FOURTH QUARTER OF 1945

The following amended direction is
issued pursuant to M-328B:

1. This direction applies only to ratings assigned under Schedules C, D, J and K of Order M-328B.

2. The purpose of this direction is to limit the use of ratings assigned under Schedules C, D, J, and K of Order M-328B, to require the filing of a report by manufacturers participating in the programs and to require the use of a special rating extension form on CC rated orders placed under these M-328B programs. As amended, this Direction extends through October 12, 1945, the period during which manufacturers may use such CC ratings, and fixes October 13, 1945 as the date by which reports must be made on Form WPB-4342 by manufacturers. (The period during which suppliers may hold orders rated CC under these schedules before determining whether to accept or reject them as stated in Schedules J and K and Direction 7 to Order M-328B, is being extended from October 3 to October 6, by amendments of these instruments.)

3. Manufacturers participating in the M-328B programs for the fourth quarter of 1945 are currently receiving Form WPB-3732 which they filed under the order. This form authorizes them to use CC ratings to obtain delivery of the quantity and kind of material indicated on the form. This material is to be used for the manufacture of low-cost apparel under the schedules of Order M-328B.

4. So that the War Production Board can assist manufacturers in obtaining their full authorization of rated yardage, it must have prompt information on rated orders accepted and rated orders not accepted. Manufacturers are therefore asked to serve rated orders for their entire authorization before October 13, 1945, and they are required to file Form WPB-4342 (report form) on or before October 13, 1945. This form gives the War Production Board information needed to assist the programs.

5. In order to keep his CC rating authorization in force, each manufacturer must (1) serve CC rated orders before October 13, 1945, for the entire fourth quarter authorization which he received on Form WPB-3732 and (2) file Form WPB-4342, (report form), on or before October 13, 1945. If a manufacturer does these two things, and if his rated orders are rejected, he may apply at any time to the nearest field office of the War Production Board for assistance in getting the rated orders accepted, and he may use the CC ratings to obtain the authorized material from other suppliers even after October 13, 1945. However, if a manufacturer has not both served CC rated orders for his entire authorization, as stated above, and

also filed Form WPB-4342 (report form) by October 13, 1945, he may not apply the CC rating to any orders after that date.

In any event, every manufacturer receiving an authorization on Form WPB-3732 is required to file Form WPB-4342 (report form) by October 13, 1945, as explained above.

6. The restrictions in paragraph (4) above on the use of ratings after October 13, 1945, apply only to manufacturers. Any person receiving a CC rated order from a manufacturer after October 13, 1945, shall assume that the manufacturer is not prohibited by this direction from using the rating unless he knows or has reason to believe that the manufacturer has failed to comply with the requirements of this direction.

7. Notwithstanding any other order or regulation of the War Production Board, no person may use, apply or extend any CC rating which he knows or has reason to believe was assigned on Form WPB-3732 under Order M-328B unless his purchase order is accompanied by Form WPB-4343 (rating extension form) prepared in accordance with the instructions thereon.* If a supplier of finished fabrics receives and accepts a rated order for fabrics covered by Schedules C, D, J or K of Order M-328B accompanied by Form WPB-4343 and does not extend the CC rating he must immediately send the form to the War Production Board, Textile, Clothing and Leather Bureau, Washington 25, D. C., instead of sending it to his supplier. This form must be properly filled out on its face, and for cotton and rayon fabrics the reverse side must contain the name of the producers of fabric who have accepted orders from him bearing the special certification of Schedule J or Direction 7 to M-328B (for Schedules C or D) and must state the fabric, and the total quantity purchased on such certificates from the producers. After he has once given this information he need report on the reverse side of later forms only additional or decreased quantities of fabric which he has purchased on such certificates from producers.

*If a supplier of finished fabric, who receives Form WPB-4343 from a manufacturer, extends the rating to another supplier of finished fabric, he should fill in and sign Block 8 and forward the Form to the other suppliers after detaching the upper portion. If the other supplier, then extends the rating, he should also fill in Block 8 on a separate copy of the Form and forward it in like manner to his supplier.

Issued this 3d day of October 1945.

By J. JOSEPH WHELAN,
Recording Secretary.

SALES AT WHOLESALE OF CERTAIN COTTON
PRODUCTS

A statement of considerations involved
in the issuance of this amendment issued

*10 F. R. 1163, 2014, 4159, 7117, 7497, 7667,
8337, 8540, 8363, 10621.

simultaneously herewith has been filed with the Division of the Federal Register.

Section 2.7 of Supplementary Regulation 14E is amended in the following respects:

1. Section 2.7 (a) (4) is added to read as follows:

(4) An "institutional wholesaler" is a wholesaler who in the year 1944 made more than 50% of dollar volume of his sales to commercial, industrial and institutional users (such as barber shops, hotels, steamship companies and hospitals).

2. Section 2.7 (a) (5) is added to read as follows:

(5) "Net cost" is the cost stated on your supplier's invoice less all available discounts. No freight or similar charge may be added.

3. Section 2.7 (b) is amended by adding to subparagraph (6) the following undesignated paragraph:

This subparagraph (6) shall not apply to sales covered by paragraph (f).

4. Section 2.7 (f) is amended to read as follows:

(f) *Sales of certain bed linens at wholesale.* (1) This paragraph applies to sales at wholesale of types 112, 128², 140² and 180, and the back filled type³ for which the manufacturer's maximum price is established by Revised Price Schedule No. 89—Bed Linens,⁴ and also applies to sales at wholesale of "Mohawk" bed linens manufactured by Utica and Mohawk Cotton Mills, Inc., for which the manufacturer's maximum price as established by Revised Price Schedule No. 89, was adjusted by Order No. 15 under Supplementary Order No. 86, dated July 3, 1944.

(2) The maximum price for a sale at wholesale (other than for a sale by an "institutional wholesaler" to an institutional, commercial or industrial user) is the lower of:

(i) The sum of the net cost of the article being priced and 13.6% of that net cost for out-of-stock shipments, but, in the case of "drop shipments" the sum of the net cost of the article being priced and 7.5% of that net cost, or

(ii) The sum of the net cost of the article being priced and an amount derived by applying the seller's "1942 markup" to that "net cost."

The terms "net cost" and "institutional wholesaler" are defined in paragraph (a). The term "1942 markup" means the markup which you had in March 1942 for the type sheet or pillow tubing which includes that article. To find this markup

² Bed linens of types 128 and 140 include types 128 and 140 of bleached pillow tubing.

³ Types 112, 128, 140 and 180 and the back filled type are defined in Table 1, § 1316.111 of Revised Price Schedule No. 89. That Schedule requires bed linens, when sold by the manufacturer, to bear a label stating the type.

⁴ "Bed linens" means finished sheets, finished pillow cases, finished bolster cases, bleached pillow tubing, domestic-type grey wide sheeting, brown sheeting and bleached sheeting. However, it refers only to goods made of cotton and does not include goods made wholly of combed yarn.

you (1) find the article of this type for which you received the last invoice prior to March 31, 1942, and which article you delivered in March 1942 in the type of sale (out-of-stock or drop shipment) involved in the sale of the article you are pricing; (2) from the highest price at which you delivered that article in March 1942, for the type of sale involved in the sale of the article you are pricing subtract your last "net cost" as defined in paragraph (a) (5); (3) divide that net cost into the difference of (1) and (2). The result is your "1942 markup."

(3) The maximum price for a sale by an "institutional wholesaler" (defined in paragraph (a)) to an institutional, commercial or industrial user shall be the sum of:

(i) The seller's maximum price determined in accordance with the General Maximum Price Regulation.

(ii) 7.4% of the manufacturer's price established by Revised Price Schedule No. 89 prior to August 31, 1945.

(iii) The amount by which the manufacturer's maximum price in effect on August 30, 1945, under Revised Price Schedule No. 89 was increased after that date.

(4) The maximum prices for "cross stream" sales shall be established as follows: The maximum price for the first sale of an article covered by this paragraph when made by a wholesaler to a wholesaler, is the seller's net cost of that article (not exceeding his supplier's ceiling price.) For subsequent sales of the same article by a wholesaler to wholesaler, the maximum price is the net purchase price paid by the wholesaler who made the first "cross stream" sale.

Example: X, a wholesaler, buys sheets at \$12 per dozen, net. He liquidates his business and sells the sheets to Y, another wholesaler. X's maximum price to Y is \$12 per dozen although he sells the sheets to Y for \$11 per dozen, net. Y wants to sell to Z, another wholesaler. Y's maximum price is \$12 per dozen, net, which is the price paid by X who made the first "cross stream" sale.

This amendment shall become effective October 4, 1945.

Issued this 4th day of October 1945.

Acting Administrator.

visions of this paragraph (c), any seller at retail of an article for which a ceiling price has been established under section 13 of this regulation or for which a pricing method has been established under a general retail order issued under this regulation, shall, with respect to the sale of that article, be subject to that section or that order as the case may be."

2. Section 10 (b) is amended to read as follows:

(b) *How to price under this section.* (1) Under this section, except as provided below by subparagraph 2, you fix your maximum price under the provisions of the regulation which on the base date covered sales at retail of each article you wish to sell. Maximum prices fixed under this subparagraph (1) may be adjusted at any time by the OPA so that they will conform with the level of prices established by this regulation.

(2) You fix your maximum price of any article listed in General Retail Order No. 3 in accordance with the pricing methods specified in that order.

3. Section 10 (c) is amended to read as follows:

(c) *Reports.* Before offering or selling any articles which must be priced under this section, other than articles which you must price under General Retail Order No. 3, you must file with your OPA District Office a signed copy of a report stating your name and address, the approximate date on which you will begin to sell articles priced under this section, each category you wish to price under this section, and the regulations under which you intend to fix your maximum prices for each category listed in the report.

4. Section 16 (a) (2) is amended by inserting the words "or state the general retail order", after the words "section 7" and before the words "under which".

This amendment shall become effective October 4, 1945.

Issued this 4th day of October 1945.

BED LINENS

MODIFICATION OF CEILING PRICES

An opinion accompanying this General Retail Order No. 3 under Section 23 of Maximum Price Regulation 580¹ has been issued simultaneously herewith and filed with the Division of the Federal Register.

SECTION 1. *Scope of this order.* This order tells you how to establish ceiling prices for certain articles which are listed in this order. This order covers your pricing of these articles when you buy and sell them in substantially the same form. You must use this order to determine your ceiling prices for these articles and are otherwise subject to Maximum Price Regulation 580 regardless of the fact that you have a pricing chart and regardless of the fact that prior to this order you priced these articles under the provisions of any other regulation.

SEC. 2. *Ceiling prices for certain bed linens including bleached pillow tubing—*

(a) *Items covered.* This section covers the pricing of the following articles²:

- (1) Bed linens of type 180, 140, 128, and 112.
- (2) Bed linens of the back filled type.
- (3) Bleached pillow tubing of types 128 and 140.

(b) *Pricing methods.* (1) Except as provided in subparagraph (2), you calculate your ceiling price for any article listed in paragraph (a) by adding to the "net cost" of the article you are pricing a markup equal to 35% of that "net cost." ("Net cost" is defined in paragraph (c) (2).)

(2) If you and all retail sellers which are under common ownership or control with you had, in the year 1942, a total sales volume of \$100,000 or more for all of the articles listed in paragraph (a), but your "1942 markup" on the article you are pricing was less than 35%, you calculate your ceiling price for the article you are pricing by adding to the net cost of the article an amount derived by applying your "1942 markup" to that net cost. ("1942 markup" is defined in paragraph (c) (1).)

(c) *Meaning of terms—*(1) "1942 markup." Your "1942 markup" on an article is the markup which you had in March 1942 for the type sheet or pillow tubing which includes that article. To find this markup you (1) find the article of this type for which you received the last invoice prior to March 31, 1942, and which article you delivered in March 1942; (2) from the highest price at which you delivered that article in March 1942, subtract your last "net cost" as defined below; (3) divide that net cost into the difference of (1) and (2). The result is your "1942 markup."

(2) *Net cost.* The term "net cost" is the cost stated on your supplier's invoice less all available discounts. No freight or similar charge may be added. However you may include as part of your net

¹10 P.R. 3015, 3463, 3642, 4236, 4494, 4611, 6362.

²The bed linens and bleached pillow tubing covered by paragraph (a) are those listed in Supplementary Order 131, (10 P.R. 11236).

cost any "OPA adjustment charge" which is shown on or attached to your invoice.

This order shall become effective October 4, 1945.

Issued this 4th day of October 1945.

I. Notice is hereby given that a declaration pursuant to sections 6 (a) and

12 (c) of the Public Utility Holding Company Act of 1935 has been filed by Ogden Corporation ("Ogden"), a registered holding company.

All interested persons are referred to said declaration, which is on file in the office of the Commission, for a statement of the transactions therein proposed, which are summarized below:

Ogden proposes to reduce the par value of its common stock from \$4 per share (\$13,614,653) to 50 cents per share (\$1,701,832) and to transfer the reduction of \$11,912,821 to capital surplus. Ogden further proposes to distribute to its common stockholders a dividend of \$3 per share in cash, aggregating \$10,210,989.75, such distribution to be charged to earned surplus to the extent thereof (\$368,127.85 as at March 31, 1945) and the remainder to capital surplus. It is stated that most of the cash necessary to pay the proposed dividend was realized by Ogden from the liquidation of its investments in The Laclede Gas Light Company and Laclede Power & Light Company.

II. Proceedings have heretofore been instituted by the Commission, and are pending, in respect of a plan filed by Ogden for the liquidation of Central States Utilities Corporation and Central States Power & Light Corporation, subsidiaries of Ogden (File Nos. 54-42, 54-69 and 59-65).

A proceeding is being instituted by the Commission concurrently herewith in respect of a plan of recapitalization filed by Interstate Power Company, a subsidiary of Ogden (File No. 54-130).

III. It appearing to the Commission that it is appropriate in the public interest and in the interests of investors and consumers that a hearing be held with respect to the declaration filed by Ogden herein;

It is ordered, That a hearing in respect of this matter be held under the applicable provisions of the act and the rules of the Commission promulgated thereunder, on October 23, 1945 at 10:00 a. m., e. s. t., at the offices of the Securities and Exchange Commission, 18th and Locust Streets, Philadelphia 3, Pennsylvania. On that date, the hearing room clerk in Room 318 will advise as to the room in which the hearing will be held.

It is further ordered, That Willis E. Monty, or any other officer or officers of the Commission designated by it for that purpose shall preside at the hearings in such matter. The officer so designated to preside at any such hearing is hereby authorized to exercise all powers granted to the Commission under section 18 (c) of said act and to a trial examiner under the Commission's rules of practice.

It is further ordered, That any person desiring to be heard in connection with the proceeding or proposing to intervene herein shall file with the Secretary of the Commission, on or before October 19, 1945, his request or application therefor, as provided by Rule XVII of the rules of practice of the Commission.

It is further ordered, That, without limiting the scope of the issues presented by such declaration, particular attention will be directed at said hearing to the following matters and questions:

1. Whether the proposed reduction in the par value of the common stock of

Ogden would be detrimental to the public interest or the interest of investors or consumers;

2. Whether the proposed payment by Ogden of all or any part of the proposed dividend would impair the financial integrity of Ogden or any of its subsidiary companies or the ability of Ogden to satisfy any valid claims which any of its subsidiary companies, or any of their security holders as such, may have against Ogden;

3. Whether the accounting entries proposed to be made in connection with the proposed reduction in capital and dividend payment are proper and in accordance with sound accounting principles;

4. What terms and conditions, if any, should be imposed in the public interest or for the protection of investors.

Notice is hereby given of said hearing to Ogden Corporation, Central States Utilities Corporation, Central States Power & Light Corporation and Interstate Power Company, and to all interested persons, said notice to be given to Ogden Corporation, Central States Utilities Corporation, Central States Power & Light Corporation and Interstate Power Company by registered mail, and to all other persons by a general release of this Commission which shall be distributed to the press and mailed to all persons on the mailing list for releases under the act and by publication in the FEDERAL REGISTER.

It is further ordered, That Ogden Corporation shall give additional notice of this hearing to all the security holders of Central States Utilities Corporation, Central States Power & Light Corporation and Interstate Power Company (insofar as the identity of such security holders is known or is available to Ogden) by mailing to each of said persons a copy of this notice and order at his last known address at least fifteen days prior to the date of hearing.

Thorp, Trustees of Associated Gas and Electric Corporation ("Agecorp"), both Ageco and Agecorp being in reorganization under Chapter X of the Bankruptcy Act, and two of their subsidiary holding companies, Associated Electric Company ("Aelec") and NY PA NJ Utilities Company ("NY PA NJ"); each of the above named companies is a registered holding company.

All interested persons are referred to said document which is on file in the office of the Commission for a statement of the transactions therein proposed, which may be summarized as follows:

Aelec, for itself and its subsidiaries (all of which have assigned their claims to Aelec), has asserted claims against its parent companies, Ageco and Agecorp, based upon allegedly illegal or wrongful actions of such parent companies prior to the appointment of Trustees by the reorganization court.

In accordance with an agreement of settlement and compromise approved by the District Court having jurisdiction over the reorganization proceeding, it is proposed that Aelec's claims against the estates of Ageco and Agecorp be compromised and settled in the following manner:

(a) Aelec will be allowed an unsecured claim against the joint estates of Ageco and Agecorp in the sum of \$5,000,000, which will entitle Aelec to receive, under the joint plan of reorganization dated June 14, 1943, as amended, and as approved by this Commission and the United States District Court having jurisdiction over the reorganization proceedings, 107,000 shares of common stock of General Public Utilities Corporation, the company to emerge as the surviving company under the joint plan of reorganization. Under said plan such shares will be pledged with Guaranty Trust Company of New York as security for the outstanding bonds of Aelec.

(b) Agecorp will deliver to Aelec for cancellation 250,000 shares of Aelec's outstanding common stock (of which there are 650,000 shares, all now owned by Agecorp). Aelec will thereupon reduce its capital from \$35,000,000 to \$21,500,000.

(c) Agecorp will deliver or cause to be delivered to Aelec 166,600 shares, being all the outstanding shares, of common stock of Pennsylvania Edison Company.

Such 166,600 shares of Pennsylvania Edison Company common stock are now owned by NY PA NJ, all the outstanding securities of which are owned by Agecorp; NY PA NJ proposes to deliver such shares to Agecorp either (i) as a payment on account of NY PA NJ's indebtedness to Agecorp or (ii) in the event that the indebtedness of NY PA NJ to Agecorp shall have been cancelled prior to the delivery of such shares then as a dividend payable out of capital surplus of NY PA NJ.

The agreement under which it is proposed to deliver 107,000 shares of common stock of the surviving company further provides that such company is granted an option, for 90 days from the date of the release of such shares from the pledge to secure the Aelec bonds, to purchase such shares or any part thereof. The price to be paid per share is to be determined in accordance with a certain formula relating to the conversion price of new debentures of the surviving company.

The said application-declaration contains a request that the Commission enter an order reciting that the carrying out of the proposed transactions is necessary to effectuate the provisions of section 11 (b) of the act, and that such order conform to the definition of the term "order of the Securities and Exchange Commission" contained in section 373 (a) and contain the recitals, specifications and itemizations required by section 1808 (f) of the Internal Revenue Code, as amended; and

It appearing to the Commission that it is appropriate in the public interest and in the interest of investors and consumers that a hearing be held with respect to such matters:

It is ordered, That a hearing on such matters under the applicable provisions of the act and the rules of the Commission thereunder be held on November 5, 1945 at 11:00 a. m., e. s. t., at the offices of the Securities and Exchange Commission, 18th and Locust Streets, Philadelphia 3, Pennsylvania. On such date the hearing room clerk in Room 318 will advise as to the room in which such hearing will be held.

It is further ordered, That Willis E. Monty, or any other officer or officers of the Commission designated by it for that purpose shall preside at the hearings in such matter. The officer so designated to preside at any such hearing is hereby authorized to exercise all powers granted to the Commission under section 18 (c) of said act and to a trial examiner under the Commission's rules of practice.

It is further ordered, That the Secretary of the Commission shall serve notice of the aforesaid hearing by mailing a copy of this order to the Public Utility

Commission of the Commonwealth of Pennsylvania and to the applicants-declarants; and that notice of said hearing be given to all other persons by publication of this order in the FEDERAL REGISTER. Any person desiring to be heard or otherwise wishing to participate in said proceeding shall file with the Secretary of the Commission, on or before November 2, 1945, his request or application therefor, as provided by Rule XVII of the Commission's rules of practice.

It is further ordered, That, without limiting the scope of the issues presented by said application or declaration, particular attention will be directed at said hearing to the following matters and questions:

1. Whether the proposed transactions are in the public interest and in the interest of investors and consumers.

2. Whether the proposed acquisition by Associated Electric Company of the common stocks of the surviving company (General Public Utilities Corporation) and Pennsylvania Edison Company comply with the provisions of section 10 of the act.

3. Whether the proposed transactions are necessary or appropriate to effectuate the provisions of section 11 (b) of the act.

4. The propriety of the accounting treatment to reflect the proposed transactions on the books of the applicants-declarants.

5. Whether, and to what extent, it is necessary or appropriate in the public interest to impose terms or conditions in regard to the accounts or capital structure of Pennsylvania Edison Company, or otherwise in regard to the proposed transactions.

6. Whether, in all other respects, the proposed transactions comply with all the applicable provisions and requirements of the Public Utility Holding Company Act of 1935 and the rules and regulations promulgated thereunder.

By the Commission.
