Order relative to handling. It is therefore ordered that on and after the effective date hereof, the handling of milk in the Sioux Falls-Mitchell, South Dakota, marketing area shall be in conformity to and in compliance with the terms and conditions of the aforesaid order as hereby amended, and the aforesaid order is hereby amended to read as follows:

1. Add as § 956.15 the following:

§ 956.15 *Chicago butter price.* "Chicago butter price" means the simple average as computed by the market administrator of the daily wholesale selling prices (using the midpoint of any range as one price) per pound of 92-score bulk creamery butter at Chicago as reported during the month by the Department.

2. Delete § 956.22 (i) (1) and substitute therefor the following:

(1) On or before the 5th day of each delivery period the Class I price and the Class I butterfat differential, both for the current delivery period, and the Class II price and the Class II butterfat differential, both for the preceding delivery period; and

3. Delete § 956.41 (b) and (c) and substitute therefor the following:

(b) *Class II milk.* Class II milk shall be (1) all skim milk and butterfat (i) used to produce any milk product not specified in paragraph (a) of this section, (ii) in shrinkage not in excess of two percent of the total receipts of skim milk and butterfat in producer milk, other than that received from other handlers, (iii) in shrinkage in other source milk, and (iv) in inventory variation, and (2) all skim milk which is dumped or disposed of as livestock feed: *Provided*, That in the case of skim milk which is dumped the handler shall notify the market administrator in advance of his intention to dump such skim milk.

4. Delete § 956.43 and substitute therefor the following:

§ 956.43 *Transfers.* Skim milk or butterfat disposed of from an approved plant shall be classified:

(a) As Class I milk if transferred in the form of products designated as Class I milk in § 956.41 (a) to an approved plant of another handler, except a producer-handler, unless utilization as Class II milk is claimed by both handlers in the reports submitted by them to the market administrator pursuant to § 956.30: *Provided*, That the skim milk or butterfat so assigned to Class II milk shall be limited to the amount thereof remaining in Class II milk in the plant of the transferee-handler after the subtraction of other source milk pursuant to § 956.46, and any additional amounts of such skim milk or butterfat shall be assigned to Class I milk: *And provided further* That if either or both handlers have received other source milk, the skim milk or butterfat so transferred shall be classified at both plants so as to allocate the greatest possible Class I milk utilization to the producer milk of both handlers.

(b) As Class I milk if transferred to a producer-handler in the form of products designated as Class I milk in § 956.41 (a)

(c) As Class I milk if transferred or diverted in bulk form as milk or skim milk to an unapproved plant located in the marketing area or not more than 100 miles by the shortest highway distance as determined by the market administrator from the nearest point in the marketing area unless:

(1) The handler claims Class II on the basis of utilization mutually indicated in writing to the market administrator by both buyer and seller on or before the 6th day after the end of the month within which such transaction occurred;

(2) The buyer maintains books and records showing the utilization of all skim milk and butterfat at his plant which are made available if requested by the market administrator for the purpose of verification, and

(3) Not less than an equivalent amount of skim milk and butterfat was actually used as Class II milk in such buyer's plant.

(d) As Class I milk if transferred in bulk form as cream to an unapproved plant unless:

(1) Such cream is transferred without Grade A certification of any health authority;

(2) The handler claims Class II in his report submitted to the market administrator pursuant to § 956.30 on or before the 6th day after the end of the month within which such transaction occurred;

(3) The buyer maintains books and records showing the utilization of all skim milk and butterfat at his plant which are made available if requested by the market administrator for the purpose of verification, and

(4) Not less than an equivalent amount of skim milk and butterfat was actually used as Class II milk in such buyer's plant.

5. Delete § 956.46 and substitute therefor the following:

§ 956.46 *Allocation of skim milk and butterfat classified.* After computing the classification of all skim milk and butterfat received by a handler pursuant to § 956.45, the market administrator shall determine the classification of milk received from producers as follows:

(a) Skim milk shall be allocated in the following manner:

(1) Subtract from the total pounds of skim milk in Class II milk the pounds of skim milk determined pursuant to § 956.41 (b) (1) (ii)

(2) Subtract from the remaining pounds of skim milk in each class the pounds of skim milk received from approved plants of other handlers in a form other than milk, skim milk, or cream, according to its classification pursuant to § 956.41,

(3) Subtract from the pounds of skim milk remaining in Class II milk the remaining pounds of skim milk in other source milk which was not subject to the Class I pricing provisions of an order issued pursuant to the act: *Provided*, That if the pounds of skim milk to be

subtracted is greater than the remaining pounds of skim milk in Class II milk, the balance shall be subtracted from the pounds of skim milk in Class I milk;

(4) Subtract from the pounds of skim milk remaining in Class II milk the pounds of skim milk in other source milk which was subject to the Class I pricing provisions of another order issued pursuant to the act: *Provided*, That if the pounds of skim milk to be subtracted is greater than the remaining pounds of skim milk in Class II milk, the balance shall be subtracted from the pounds of skim milk in Class I milk;

(5) Subtract from the pounds of skim milk remaining in each class the skim milk received in milk, skim milk or cream from approved plants of other handlers according to its classification pursuant to § 956.43 (a)

(6) Add to the pounds of skim milk remaining in Class II milk the pounds of skim milk subtracted pursuant to subparagraph (1) of this paragraph,

(7) Subtract pro rata from the remaining pounds of skim milk in each class the pounds of skim milk contained in such handler's own production; and

(8) If the pounds of skim milk remaining in both classes exceed the pounds of skim milk received in milk from producers, subtract such excess from the remaining pounds of skim milk in series beginning with Class II milk. Any amount so subtracted shall be known as "overage."

(b) Butterfat shall be allocated in accordance with the same procedure outlined for skim milk in paragraph (a) of this section.

(c) Add the pounds of skim milk and the pounds of butterfat allocated to producer milk in each class, respectively as computed pursuant to paragraphs (a) and (b) of this section and determine the weighted average butterfat content of the milk in each class.

6. Delete § 956.50 and substitute therefor the following:

§ 956.50 *Class prices.* Subject to the provisions of § 956.51 the class prices per hundredweight shall be as follows:

(a) *Class I milk price.* The Class I milk price shall be the price computed pursuant to paragraph (b) of this section for the preceding month plus \$1.40.

(b) *Class II milk price.* The Class II milk price shall be the price obtained by adding the amounts computed pursuant to subparagraphs (1) and (2) of this paragraph and rounding to the nearest cent.

(1) Multiply the Chicago butter price by 1.25, subtract 8 cents, and multiply by 3.5.

(2) For each full one-half cent that the price of nonfat dry milk solids is above 7 cents per pound multiply by 3 cents and add 17 cents thereto. The price per pound of nonfat dry milk solids to be used shall be the simple average of carlot prices for nonfat dry milk solids for human consumption, both spray and roller process, delivered at Chicago as reported by the Department of Agriculture during the delivery period. In the event the Department does not publish carlot prices for nonfat dry milk solids

for human consumption delivered at Chicago, there shall be used the weighted average of carlot prices per pound for nonfat dry milk solids, spray and roller process, for human consumption, f. o. b. manufacturing plants in the Chicago area as published for the period from the 26th day of the immediately preceding month through the 25th day of the current month, and 3 cents shall be added for each full one-half cent that the latter price is above 6 cents per pound.

7. Renumber § 956.51 and each reference to it contained in the order to "§ 956.52" and add a new § 956.51 to read as follows:

§ 956.51 *Butterfat differentials to handlers.* If the weighted average butterfat content of the milk received from producers classified, respectively, in Class I milk or Class II milk for a handler is more or less than 3.5 percent, there shall be added to, or subtracted from, the respective class price computed pursuant to § 956.50 for each one-tenth of 1 percent that such weighted average butterfat content is above or below 3.5 percent, a butterfat differential computed as follows:

(a) *Class I milk.* Add 2.8 cents to the butterfat differential computed pursuant to paragraph (b) of this section for the preceding month.

(b) *Class II milk.* Multiply the Chicago butter price for the current month by 0.125, subtract 0.8 cent and round to the nearest one-tenth cent.

8. Amend the order by adding two new sections under the heading "Application of Provisions" to read as follows:

APPLICATION OF PROVISIONS

§ 956.55 *Handlers operating unapproved plants.* None of the provisions from §§ 956.43 through 956.51, inclusive, or from §§ 956.60 through 956.70, inclusive, shall apply in the case of a handler in his capacity as the operator of an unapproved plant, except that such handler shall, on or before the 15th day after the end of each month, pay to the market administrator for deposit into the producer-settlement fund an amount calculated by multiplying the total hundredweight of butterfat and skim milk disposed of as Grade A Class I milk from such plant to retail or wholesale outlets (including plant stores) in the marketing area during the month, by the price arrived at by subtracting from the Class I price adjusted by the Class I butterfat differential the Class II price adjusted by the Class II butterfat differential.

§ 956.56 *Plants subject to other Federal orders.* In the case of any plant which the Secretary determines disposes of a greater portion of its milk as Class I milk on retail or wholesale routes (including plant stores) in another marketing area regulated by another order issued pursuant to the act than is disposed of as Class I milk on retail or wholesale routes (including plant stores) in the Sioux Falls-Mitchell marketing area, the provisions of this order shall not apply except as follows: The operator of such plant shall, with respect to the total receipts and utilization of skim

milk and butterfat at the plant, make reports to the market administrator at such time and in such manner as the market administrator may require (in lieu of the reports required pursuant to § 956.30) and allow verification of such reports by the market administrator.

9. Delete § 956.60 and substitute therefor the following:

§ 956.60 *Computation of the value of milk for each handler.* For each month the market administrator shall compute the value of milk for each handler as follows:

(a) Multiply the quantity of milk in each class computed pursuant to § 956.46 (c) by the applicable class price, and add together the resulting amounts;

(b) Add the amounts computed by multiplying the pounds of overage deducted from each class pursuant to § 956.46 (a) (8) and (b) by the applicable class prices; and

(c) During the months of February through July add an amount computed as follows: Multiply the hundredweight of skim milk and butterfat subtracted from Class I milk pursuant to § 956.46 (a) (3) and (b) by the price arrived at by subtracting the Class II price adjusted by the Class II butterfat differential from the Class I price adjusted by the Class I butterfat differential.

10. In § 956.68 delete the phrase "payments made by handlers pursuant to §§ 956.69 and 956.71" and substitute therefor "payments made by handlers pursuant to §§ 956.55, 956.69 and 956.71."

11. Delete § 956.69 and substitute therefor the following:

§ 956.69 *Payments to the producer-settlement fund.* On or before the 10th day after the end of each delivery period each handler who operates an approved plant shall pay to the market administrator for payment to producers through the producer-settlement fund the amount, if any by which the total value computed for him pursuant to § 956.60 for such delivery period is greater than the sum required to be paid by such handler pursuant to § 956.65.

(Sec. 5, 49 Stat. 753, as amended, 7 U. S. C. 608c)

Issued at Washington, D. C., this 28th day of February 1955, to be effective on and after the 1st day of April 1955.

(Sec. 6, 38 Stat. 721; 15 U. S. C. 46. Interpret or apply sec. 5, 38 Stat. 719, as amended; 15 U. S. C. 45) [Cease and desist order, Union Circulation Company, Inc. (New York, N. Y.), Docket 5978, January 25, 1955]

In the Matter of Union Circulation Company, Inc., National Circulating Company, Inc., Periodical Sales Company, Inc., Publishers Continental Sales Corporation, Corporations; and Leo E. Light and Roy C. Hodge, Copartners, Doing Business as National Literary Association

This proceeding was heard by William L. Pack, hearing examiner, upon the Commission's complaint which charged respondents, engaged in the door-to-door solicitation of magazine subscriptions, with violation of the Federal Trade Commission Act through the making of agreements that they would not employ as sales representatives persons who during the previous year had been connected in the similar capacity with other subscription agencies, and with certain other related practices; respondents' answers; extended hearings at which evidence, both in support of and in opposition to the charges in the complaint, was received and duly recorded and filed in the office of the Commission, and briefs and oral argument by counsel, the filing of proposed findings and conclusions having been waived.

Thereafter, the matter having come on for final consideration by said examiner on the merits on the Commission's complaint, respondents' answers, hearings, briefs, and arguments, said examiner made his initial decision in which he set forth his findings as to the facts, his conclusions that (1) the proceeding was in the public interest; that (2) respondents' "no-switching" agreements were not unlawful; that (3) certain threats of respondents, made jointly and concertedly, to discontinue their efforts to obtain subscriptions for the magazines of certain publishers, unless such publishers withdrew authori-

zation to solicit subscriptions for their magazines from a subscription agency which had employed sales representatives formerly connected with other subscription agencies, constituted unfair methods of competition and unfair acts and practices in commerce within the intent and meaning of the Federal Trade Commission Act; and that (4) the other charges in the complaint had not been sustained.

Thereafter said initial decision having been appealed by counsel supporting the complaint and by respondents, the matter was disposed of by "Decision of the Commission and Order To File Report of Compliance" Docket 5978, January 25, 1955, as follows:

This matter having come on to be heard by the Commission upon the appeals of counsel supporting the complaint and of the respondents from the hearing examiner's initial decision, and briefs and oral argument of counsel in support thereof and in opposition thereto and

It is ordered, That the appeal of counsel supporting the complaint from the hearing examiner's initial decision be, and it hereby is, granted to the extent indicated in the accompanying opinion of the Commission.

It is further ordered, That the appeal of the respondents from the hearing examiner's initial decision be, and it hereby is, denied.

It is further ordered, That the findings as to the facts and conclusions in the hearing examiner's initial decision be, and they hereby are, modified to the extent and in the manner indicated in the accompanying opinion of the Commission and that the order in said initial decision be, and it hereby is, modified to read as follows:

It is ordered, That the respondents, Union Circulation Company, Inc., National Circulating Company Inc., Periodical Sales Company Inc., Publishers Continental Sales Corporation, corporations, and their officers, and Leo E. Light and Roy C. Hodge, individually and as copartners doing business as National Literary Association, and respondents' agents, representatives and employees, directly or through any corporate or other device, in or in connection with the offering for sale, sale and distribution of magazine subscriptions in commerce, as "commerce" is defined in the Federal Trade Commission Act, do forthwith cease and desist from entering into, continuing, cooperating in, or carrying out any planned common course of action, understanding, agreement, combination, or conspiracy between or among any two or more of said

respondents or between any of said respondents and others not parties hereto, to do any of the following acts or things:

1. Entering into, carrying out, enforcing or giving effect to any agreement not to employ parties who have previously been actively engaged for themselves or for others in the business of soliciting magazine subscriptions.

2. Ceasing or limiting, or threatening to cease or limit, their efforts to obtain subscriptions for magazines for publishers unless such publishers refuse or discontinue authority to solicit subscriptions for their magazines to subscription agencies employing sales representatives formerly connected with other subscription agencies.

It is further ordered, That the findings as to the facts¹ and conclusions¹ in the hearing examiner's initial decision, as modified herein, be, and they hereby are, adopted as part of the Commission's decision.

NEEDLEWORK AND FABRICATED TEXTILE PRODUCTS INDUSTRY IN PUERTO RICO

On December 8, 1953, pursuant to section 5 of the Fair Labor Standards Act of 1938 as amended (hereinafter called the act) the Administrator of the Wage and Hour Division, United States Department of Labor, by Administrative Order No. 433, as amended by Administrative Orders Nos. 434, 435 and 437, dated December 31, 1953 and January 6 and 14, 1954, respectively appointed Special Industry Committee No. 15 for Puerto Rico (hereinafter called the Committee) and directed the Committee to investigate conditions in a number of industries specified and defined in the order, including the needlework and fabricated textile products industry in Puerto Rico (hereinafter called in the industry) and to recommend minimum wage rates for employees engaged in commerce or in the production of goods for commerce in such industries.

For purposes of investigating conditions in and recommending minimum wages for the needlework and fabricated textile products industry in Puerto Rico, the Committee included three disinterested persons representing the public, a like number representing employers, and a like number representing employ-

ees in the industry and was composed of residents of Puerto Rico and of the United States outside of Puerto Rico, with due regard to the geographical regions in which the industry is carried on. After investigating economic and competitive conditions in the industry, the Committee filed with the Administrator a report containing (a) its recommendations that the industry be divided into separable divisions for the purpose of fixing minimum wage rates; (b) the titles and definitions recommended by the Committee for such separable divisions of the industry and (c) its recommendations for minimum wage rates to be paid employees engaged in commerce or in the production of goods for commerce in such divisions of the industry

Pursuant to notice published in the FEDERAL REGISTER and circulated to all interested persons, public hearings upon the Committee's recommendations were held before Hearing Examiner Clifford P. Grant, as presiding officer, in Washington, D. C. on July 13-16, 1954, at which all interested parties were given an opportunity to be heard. After the hearing was closed, the record of the hearing was certified to the Administrator by the presiding officer, interested parties were given an opportunity to file briefs, and on October 5, 1954 oral arguments were made before the Administrator.

The Commission having issued its findings and opinion approving said plan (Holding Company Act Release No. 9633) and having stated, among other things, that upon compliance with section 11 (b) (2) of the act Eastern would be entitled to an exemption under section 3 (a) (1) of the act "unless and

It is hereby ordered, That the application, as amended, of Eastern for exemption pursuant to section 3 (a) (1) of the act be, and the same hereby is, granted.
