COUNTY RESERVES

Basis and purpose. The purpose of this amendment is to correct certain county reserves erroneously established in Amendment 2 to the regulations pertaining to acreage allotments for the 1959 crop of upland cotton (23 F.R. 9663). The amendment contained herein is issued pursuant to the Agricultural Adjustment Act of 1938, as amended (52 Stat. 31, as amended; 7 U.S.C. 1281 et seq.).

Limitation of Handling

(a) *Findings.* (1) Pursuant to the marketing agreement, as amended, and Order No. 14, as amended (7 CFR Part 914), regulating the handling of navel oranges grown in Arizona and designated part of California, effective under the applicable provisions of the Agricultural Marketing Agreement Act of 1937, as amended (7 U.S.C. 601 et seq.; 68 Stat. 906, 1047), and upon the basis of the recommendation and information submitted by the Navel Orange Administrative Committee, established under the said amended marketing agreement and order, and upon other available information, it is hereby found that the limitation of handling of such navel oranges as hereinafter provided will tend to effectuate the declared policy of the act.

(2) It is hereby further found that it is impracticable and contrary to the public interest to give preliminary notice, engage in public rule-making procedure, and postpone the effective date of this amendment until 30 days after publication hereof in the FEDERAL REGISTER (60 Stat. 237; 5 U.S.C. 1001 et seq.) because the time intervening between the date when information upon which this amendment is based became available and the time when this amendment must become effective in order to effectuate the declared policy of the act is insufficient, and this amendment relieves restrictions on the handling of navel oranges grown in Arizona and designated part of California.

(2) It is hereby further found that it is impracticable and contrary to the public interest to give preliminary notice, engage in public rule-making procedure, and postpone the effective date of this section until 30 days after publication hereof in the FEDERAL REGISTER (60 Stat. 237; 5 U.S.C. 1001 et seq.) because the time intervening between the date when information upon which this section is based became available and the time when this section must become effective in order to effectuate the declared policy of the act is insufficient, and a reasonable time is permitted, under the circumstances, for preparation for such effective time; and good cause exists for making the provisions hereof effective as hereinafter set forth. (2) All navel oranges handled during the period specified in this section are subject also to all applicable size restrictions which are in effect pursuant to this part during such period.

PART 33—CENTRAL REGION

Subpart—Tewaukon National Wildlife
Refuge, North Dakota

FISHING

Basis and purpose. Pursuant to the authority conferred upon the Secretary of the Interior by section 10 of the Migratory Bird Conservation Act of February 18, 1929 (45 Stat. 1224; 16 U.S.C. 715i), as amended and supplemented, and acting in accordance with the authority delegated to me by Commissioner's Order No. 4 (22 F.R. 8126), I have determined that fishing on the Tewaukon National Wildlife Refuge, North Dakota, would be consistent with the management of the refuge.

By Notice of Proposed Rule Making published in the FEDERAL REGISTER of

November 26, 1958 (23 F.R. 9143), the public was invited to participate in the adoption of a proposed regulation (conforming substantially with the rule set forth below) which would permit fishing on the Tewaukon National Wildlife Refuge by submitting written data, views, or arguments to the Director, Bureau of Sport Fisheries and Wildlife, Washington 25, D.C., within a period of 30 days from the date of publication. No comments, suggestions, or objections having been received within the 30-day period, the regulations constituting Part 33 are amended by revising and redesignating § 33.255 of Subpart—Tewaukon National Wildlife Refuge, North Dakota, as follows:

§ 33.253 Fishing permitted.

Subject to compliance with the provisions of Parts 18 and 21 of this chapter, sport or noncommercial fishing is permitted through the ice during the daylight hours of the period from December 15 to March 15, inclusive, on the waters hereafter specified of the Tewaukon National Wildlife Refuge, North Dakota, subject to the following conditions, restrictions, and requirements:

(a) *State laws.* Strict compliance with all applicable State laws and regulations is required.

(b) *Fishing areas.* Fishing is permitted in the waters as posted of White Lake and Cutler Marsh in the SE $\frac{1}{4}$ SE $\frac{1}{4}$ Section 26, SE $\frac{1}{4}$ Section 34, and NE $\frac{1}{4}$ and S $\frac{1}{2}$ of Section 35, T. 130 N., R. 54 W., 5th P.M.

Eligibility of Foreign Countries for Im- portation of Product Into United States

Pursuant to the authority conferred by section 306 of the Tariff Act of June 17, 1930 (19 U.S.C. 1306) and after public notice (23 F.R. 10186) and due consideration of all relevant material presented, for the purpose of removing Honduras

from the list of countries specified in 9 CFR, 1957 Supp., § 27.2(b), from which meat, meat byproduct, and meat food product may be imported into the United States as provided in the regulations, said § 27.2(b) of the Meat Inspection regulations (9 CFR, 1957 Supp., 27.2(b)), issued under said section 306 of the Tariff Act, is hereby amended to read as follows:

§ 27.2 Eligibility of foreign countries for importation of product into the United States.

(b) It has been determined that product from the following countries, covered by foreign meat inspection certificates of the country of origin as required by § 27.6, except fresh, chilled or frozen or other product ineligible for importation into the United States from countries in which the contagious and communicable disease of rinderpest or of foot-and-mouth disease exists as provided in Part 94 of this chapter, is eligible for importation into the United States after inspection and marking as required by the applicable provisions of Parts 1 to 29 of this subchapter.

The foregoing amendment deletes Honduras from the list of countries from which meat products may be imported into the United States because it has been found that the national meat inspection system of that country is no longer the substantial equivalent of the Federal meat inspection program administered in the United States. In the interest of the American consumer it is necessary to discontinue such imports from Honduras as promptly as possible. Therefore, under section 4 of the Administrative Procedure Act (5 U.S.C. 1003), good cause is found for making this amendment effective less than 30 days after its publication in the FEDERAL REGISTER.

(34 Stat. 1264, sec. 306, 46 Stat. 689; 19 U.S.C. 1306, 21 U.S.C. 89)

The amendment shall become effective on January 29, 1959.

PART 609—STANDARD INSTRUMENT APPROACH PROCEDURES

Miscellaneous Alterations

The standard instrument approach procedures appearing hereinafter are adopted to become effective when indicated in order to promote safety. Compliance with the notice, procedures, and effective date provisions of section 4 of the Administrative Procedure Act would be impracticable and contrary to the public interest, and therefore is not required.

NOTE: Where the general classification (L/MFR, ADF, VOR, TerVOR, VOR/DME, ILS, or RADAR), location, and procedure number (if any) of any procedure in the amendments which follow, are identical with an existing procedure, that procedure is to be substituted for the existing one, as of the effective date given, to the extent that it differs from the existing procedure; where a procedure is cancelled, the existing procedure is revoked; new procedures are to be placed in appropriate alphabetical sequence within the section amended.

Part 609 is amended as follows:

1. The automatic direction finding procedures prescribed in § 609.100(b) are amended to read in part:

In the Matter of Harbor Hills Sportswear, Inc., a Corporation, and David Platoff and Herbert Platoff, Individually and as Officers of Said Corporation

This proceeding was heard by a hearing examiner on the complaint of the Commission charging manufacturers in New York City with violating the Wool Products Labeling Act by falsely labeling and invoicing as "silk and worsted" or "Made in Italy", men's slacks made of cloth which contained other fibers than silk and wool or contained no wool at all, and were manufactured in the United States; by failing to conform to other labeling requirements of the Act; and by furnishing false guaranties that their wool products were not misbranded.

After acceptance of an agreement containing consent order, the hearing examiner made his initial decision and order

to cease and desist which became on December 3 the decision of the Commission.

The order to cease and desist is as follows:

It is ordered, That respondents Harbor Hills Sportswear, Inc., a corporation, and its officers, and David Platoff and Herbert Platoff, individually and as officers of said corporation, and respondents' representatives, agents, and employees, directly or through any corporate or other device, in connection with the introduction, or manufacture for introduction into commerce, or the offering for sale, sale, transportation, or distribution in commerce, as "commerce" is defined in the Federal Trade Commission Act, and the Wool Products Labeling Act of 1939, of men's slacks or other "wool products" as such products are defined in said Wool Products Labeling Act, do forthwith cease and desist from:

A. Misbranding such products by:

1. Falsely or deceptively stamping, tagging, labeling or otherwise identifying such products as to the character or amount of the constituent fibers contained therein;

2. Falsely or deceptively identifying such products or the fabric thereof as being made or manufactured in or imported from Italy or any other foreign country, or otherwise stamping, tagging, labeling, marking, or representing such product in a manner which is false, misleading, or deceptive in any respect;

3. Failing to securely affix to or place on each such product a stamp, tag, label, or other means of identification showing in a clear and conspicuous manner:

a. The percentage of the total fiber weight of such wool product, exclusive of ornamentation not exceeding five percentum of said total fiber weight, of (1) wool, (2) reprocessed wool, (3) reused wool, (4) each fiber other than wool where said percentage by weight of such fiber is five percentum or more, and (5) the aggregate of all other fibers;

b. The maximum percentage of the total weight of such wool product of any non-fibrous loading, filling, or adulterating matter;

c. The name or the registered identification number of the manufacturer of such wool product, or of one or more persons engaged in introducing such wool product into commerce, or in the offering for sale, sale, or distribution or delivery for shipment thereof in commerce, as "commerce" is defined in the Wool Products Labeling Act of 1939;

4. Furnishing false guaranties that said men's slacks or other wool products are not misbranded under the provisions of said Wool Products Labeling Act, when there is reason to believe that the wool products so guaranteed may be introduced, sold, transported, or distributed in commerce as "commerce" is defined in said Act.

It is further ordered, That respondent Harbor Hills Sportswear, Inc., a corporation, and its officers, and David Platoff and Herbert Platoff, individually and as officers of said corporation, and respondents' representatives, agents, and employees, directly or through any corporate or other device, in connection with the offering for sale, sale, or distribution of

men's slacks or any other such products in commerce, as "commerce" is defined in the Federal Trade Commission Act, do forthwith cease and desist from:

A. Misrepresenting the character or amount of the constituent fibers contained in such products on invoices or shipping memoranda applicable thereto or in any other manner;

B. Misrepresenting the country of origin of such products or the fabric thereof on invoices or shipping memoranda applicable thereto or in any other manner.

By "Decision of the Commission", etc., report of compliance was required as follows:

It is ordered, That respondents Harbor Hills Sportswear, Inc., a corporation, and David Platoff and Herbert Platoff, individually and as officers of said corporation, shall, within sixty (60) days after service upon them of this order, file with the Commission a report in writing, setting forth in detail the manner and form in which they have complied with the order to cease and desist.

Issued: December 3, 1958.

In the Matter of The Atlas Mfg. & Sales Corp., a Corporation, Frank Olsak, and Phillip Schwimmer, Individually and as Officers of Said Corporation, American Products Corporation, a Corporation, Wallace Jenkins, Individually and as an Officer of Each of Said Corporations, and Roland S. Jenkins, an Individual Trading as Atlas Enterprises

This proceeding was heard by a hearing examiner on the complaint of the Commission charging three affiliated Cleveland concerns manufacturing coin-

operated bulk vending machines and selling them and supplies therefor, with representing falsely in "bait" advertising placed in the classified columns of newspapers to obtain leads to purchasers, that employment was offered to selected persons with opportunities for exceptional profits, that buyers' investment was working capital secured by inventory with no risk of loss, that the business was permanent and depression proof, etc.; and that the respondents were agents of Hershey Chocolate Corporation.

After extensive hearings, the hearing examiner made his initial decision, including findings, conclusions, and order, from which respondents appealed. The Commission having considered the matter, denied the appeal and on December 4 adopted as its own the findings and order in the initial decision.

The order to cease and desist is as follows:

It is ordered, That respondents The Atlas Mfg. & Sales Corp., a corporation, and American Products Corporation, a corporation, and their officers, and Wallace Jenkins, individually and as an officer of each of said corporate respondents and Frank Olsak, individually and as an officer of The Atlas Mfg. & Sales Corp., and Roland S. Jenkins, an individual, trading as Atlas Enterprises, or trading under any other name, and their agents, representatives and employees, directly or through any corporate or other device, in connection with the offering for sale, sale or distribution of vending machines, vending machine supplies or any other kind of merchandise, in commerce, as "commerce" is defined in the Federal Trade Commission Act, do forthwith cease and desist from representing, directly or indirectly, that:

1. Employment is offered or that employment is offered to specially selected persons either by respondents or by any other person, firm, or corporation;

2. Persons will be selected to operate and service a vending machine route owned by respondents;

3. Respondents are affiliated with, approved by or are agents or representatives of the Hershey Chocolate Corporation, Hershey, Pennsylvania, or of any other person, firm or corporation;

4. Purchasers of respondents' aforesaid products must own an automobile or be able to drive an automobile or furnish references or have a specified sum of money;

5. The money required to purchase respondents' aforesaid products is for the purpose of providing working capital for the purchase of an inventory of merchandise to be dispensed in vending machines; or otherwise representing that money is required for any purpose other than its true purpose;

6. The money required to purchase respondents' aforesaid products is secured or that there is no risk of losing the money so invested;

7. Purchasers of respondents' aforesaid products will not be required to sell or engage in any kind of selling activity in establishing or maintaining a vending machine route;

8. Purchasers of respondents' aforesaid products will derive any amount of earnings or profits from the operation of said vending machines in excess of the earnings or profits received by persons contemporaneously engaged in the operation of similar vending machines situated in similar locations and dispensing the same kind of merchandise;

9. Vending machines will sell out their entire content within any time less than the time required by similar machines contemporaneously located in similar locations and dispensing the same kind of merchandise;

10. Locations for vending machines returning a rate of profit higher than that contemporaneously returned by similar vending machines, located in the

usual and customary locations available to the purchaser and dispensing the same kind of merchandise may be secured with the expenditure of less time, money, effort or ingenuity than is in fact required;

11. The sale of merchandise by vending machines is a permanent business operation for individual purchasers of respondents' aforesaid products;

12. The sale of merchandise by vending machines is unaffected by economic depressions or other changes in the business cycle.

It is further ordered, That the complaint be and the same hereby is dismissed as to the respondent Phillip Schwimmer, individually and as an officer of said corporate respondent, The Atlas Mfg. & Sales Corp.

It is still further ordered, That the alleged specific misrepresentation that Roland S. Jenkins held himself forth as a manufacturer of vending machines as charged in Paragraph Six, subsection 12, and Paragraph Seven, subsection 12, is not sustained by the evidence and should be and hereby is dismissed.

By "Final Order", report of compliance was required as follows:

It is ordered, That the respondents, The Atlas Mfg. & Sales Corp. and American Products Corporation, corporations, and Wallace Jenkins, Frank Olsak, and Roland S. Jenkins, shall, within sixty (60) days after service upon them of this order, file with the Commission a report, in writing, setting forth in detail the manner and form in which they have complied with the order contained in the aforesaid initial decision.

Docket No. G-3652: Applicant proposed to continue the sale which was made on June 7, 1954, of natural gas produced from the Weardon No. 2 Well, Weardon Field, Jackson County, Texas to Trunkline Gas Company for transportation in interstate commerce for resale.

Docket No. G-9646: Applicant proposes to abandon the above sale and states in support thereof that the above-mentioned well is the only well in the Weardon Field, that on September 10, 1955, said well ceased to produce due to depletion of reserves and that subsequent work-over operations were unsuccessful and the well was plugged. The proposed termination is consistent with the terms of the contract comprising Applicant's FPC Gas Rate Schedule No. 6, which provides for termination at the election of either party when the supply of gas available is so reduced that further operation is not profitable. Applicant's notice of cancellation of its Rate Schedule No. 6 was accepted for filing by letter dated June 11, 1956, to become effective upon issuance of abandonment authorization.

These related matters should be heard on a consolidated record and disposed of as promptly as possible under the applicable rules and regulations and to that end:

Take further notice that, pursuant to the authority contained in and subject to the jurisdiction conferred upon the Federal Power Commission by sections 7 and 15 of the Natural Gas Act, and the Commission's rules of practice and procedure,

PHILLIPS PETROLEUM CO. ET AL.
Notice of Applications and Date of
Hearing

JANUARY 20, 1959.

In the matters of Phillips Petroleum Company, Docket No. G-15514; United Gas Pipe Line Company, Docket No. G-15716; Union Producing Company, Docket No. G-16923.

Take notice that Phillips Petroleum Company (Phillips), United Gas Pipe Line Company (United), and Union Producing Company (Union), hereinafter collectively referred to as Applicants, Delaware corporations with principal places of business at Bartlesville, Oklahoma and Shreveport, Louisiana, respectively, filed in the above-captioned proceedings on July 21, 1958, July 29, 1958 and November 10, 1958, respectively, separate applications for certificates of public convenience and necessity as amended by joint filing made on December 22, 1958, pursuant to section 7(c) of the Natural Gas Act, authorizing Applicants to render service as hereinafter described, subject to the jurisdiction of the Commission, all as more fully represented in the applications which are on file with the Commission and open for public inspection.

United proposes to construct and operate 4 purchase meter stations and appurtenant facilities together with approximately 14.8 miles of 12-inch lateral transmission line extending in a northeasterly direction from the North Henderson Field Area, Rusk County, Texas, to a point of interconnection with its existing 20-inch Carthage Gasoline Plant-Longview line near Milepost 26.5, Gregg County, Texas. The estimated total cost of these facilities is \$696,369 which will be financed by United out of current working funds. These facilities will be used for the purpose of enabling

United to take natural gas produced by Phillips, Union, and others¹ in the North Henderson Area, Rusk County, Texas, into its existing pipeline system. The estimated total volume of proven reserves in place in the North Henderson Area is 41,795,180 Mcf at 14.73 psia and the estimated recoverable reserves under contract to United in this Area are 33,111,453 Mcf at 14.73 psia. United will use this gas to assure the continued and uninterrupted flow of natural gas to its existing customers in meeting their present and future requirements.

Phillips and Union each propose to sell natural gas in interstate commerce produced from the North Henderson Area, Rusk County, Texas, to United for resale. These producers have entered into separate gas sales contract with United providing for such sales. Except for party sellers and dates of contract, viz. June 25, 1958 in the case of Phillips and October 15, 1958, in the case of Union, the basic provisions of these two contracts are identical. Each producer has dedicated to the performance of its contract all of the natural gas, subject to certain reservations, produced from and attributable to its interests in all lands and leaseholds now owned by it in the North Henderson Area, Rusk County, Texas as defined in the contracts. The acreage dedicated by Phillips covers some 158 leases constituting a total of 4,730.36 net acres while that dedicated by Union covers some 3 leases. Phillips filed its application as operator and as sole signatory party seller to its contract.

The contracts provide for an initial price of 17 cents per Mcf at 14.65 psia for each of the first 5 years commencing with the date of first delivery which is to occur when the facilities necessary to deliver and receive gas under the contracts have been completed. Thereafter, the price escalates 1 cent per Mcf for each of the next three 5-year periods. The prices for the last two of said 5-year periods are subject to redetermination as set forth in the provisions of the contracts. In addition to these prices, United will reimburse the producers for 1/2 of the existing 7 percent Texas production tax and for 3/4 of the amount of any new, additional or increased taxes.

Under the contracts, United is required to take or pay for during each contract year at least 70 per cent of sellers' associated gas which is legally withdrawable and available for delivery at 790 psig. United is also required to take or pay for during said year at least 5 per cent of sellers' non-associated recoverable gas reserves as agreed upon between the parties. United states that it will purchase between 2,500,000 and 4,500,000 Mcf during the first year; that there is a present deliverability of 12,000 Mcf per day; that after the Area has

been fully developed there will be a deliverability of 24,000 Mcf per day; and that it will purchase between 6,000,000 and 8,500,000 Mcf each year thereafter.

These related matters should be heard on a consolidated record and disposed of as promptly as possible under the applicable rules and regulations and to that end:

Take further notice that, pursuant to the authority contained in and subject to the jurisdiction conferred upon the Federal Power Commission by sections 7 and 15 of the Natural Gas Act, and the Commission's rules of practice and procedure, a hearing will be held on February 25, 1959, at 10:00 a.m., e.s.t., in a Hearing Room of the Federal Power Commission, 441 G Street NW., Washington, D.C., concerning the matters involved in and the issues presented by such applications.

Protests or petitions to intervene may be filed with the Federal Power Commission, Washington 25, D.C., in accordance with the rules of practice and procedure (18 CFR 1.8 or 1.10) on or before February 11, 1959.
