

THE CAPTIVES OF A POOL ROOM RAID.

Ten of Them, Some of Whom Are Mothers, at the Bar in a Police Court.

They Had Been "Playing the Races" in a Resort Conducted for Their Benefit.

THREE HELD AS WITNESSES.

Mrs. Maggie Fisher, Mrs. Catherine Sheehan and Miss Annie Webber Are the Culprits—John Martin Also a Prisoner.

Women, some of them wives and mothers, who had been caught in the raid on the pool room at No. 146 Bleecker street Saturday night, were prisoners in the Jefferson Market Court yesterday. For over a week Captain Groo, of the Mercer Street Police Station, and his squad of detectives had suspected that the building had in it a room that was being used by "The Allen as a pool room for women, they were strengthened in this belief by the fact that John Martin, a young man, who lives at No. 21 Third street, went to the place every afternoon four or five times to play the Allen's pool room, No. Broadway.

On the second floor Detective Worden peeped through the keyhole of the first room and he saw Martin surrounded by women, to whom he was talking earnestly. The police broke open the door. Then there was a commotion, and several books were thrown out of the window.

At the station house the women gave their names as Mrs. Mary Munday, fifty years old, of No. 22 West One Hundred and Thirty-second street; Mrs. Margaret Fisher, a widow, thirty-five years old, of No. 100 West Twenty-fifth street; Mrs. Julia Lee, a widow, thirty years old, of No. 100 East Twenty-first street; Mrs. Thora Lessa, forty years old, of No. 20 Henry street; Mrs. Catherine Sheehan, forty-eight years old, a widow, of No. 40 Christopher street; Mrs. Theresa Wilson, forty-two years old, of No. 98 Monroe street; Mrs. Margaret Hunter, fifty-five years old, of No. 205 West Twenty-third street; Miss Annie Murphy, thirty-nine years old, of No. 215 East Thirty-fourth street; Miss Annie Webber, thirty-eight years old, of No. 21 Avenue A, and Miss Anne Grant, seventy-one years old, of No. 231 Greenwich street.

The detectives who raided Mrs. Julia Lee told them that her husband had lost almost all of his money before he died by playing the Allen's pool room, and that they had come to the room to see if the women confessed to the detectives that they had been betting on the races, and that Martin was merely the messenger to another pool room, but they all claimed that they did not know where the other room was located.

Magistrate Flammer held Martin in \$1,000 for trial. He talked with all of the women, and he finally determined to place three of them in the House of Detention as witnesses in the case of the Allen's pool room. Mrs. Maggie Fisher, Mrs. Catherine Sheehan and Miss Annie Webber are the three.

NEW DEER AT GLEN ISLAND.

Four Little Ones Born at Once in the Zoo Last Week.

The animal family in the Glen Island Zoo has been increased by the arrival of a quartet of deer which were born last week to Madeleine, the pet spotted deer. They were placed on exhibition yesterday, and as it was the first time in the history of Eastern Zoos that four had been born at one time, they formed the centre of attraction.

The new arrivals are of the Cirrus Virginian family, and were fully spotted. They were born Tuesday night, and the next day looked like a mass of legs and eyes. There was no perceptible change in their appearance until Friday, when they began to grow and to show their features. Several times yesterday when the crowd about the wire fence became large they hid behind Mother's Adelaide's back. The mother seemed to take great pride in her offspring and walked about them with a proud bearing, which pleased the onlookers. The little ones are excessively shy, and a child running past the enclosure off a whistle from one of the passing spectators would send them on a wild race to the mother's side.

The season has been peculiarly fortunate in the breeding of animals. Among the buffalo herd are three calves recently born, as well as three deer born a month ago.

Mill Closes Owing to Hard Times. Philadelphia, July 19.—For the first time in many years the entire establishment, excepting one department, of John & James Thomas, manufacturers of carpets, cloths and plush goods, stopped work last week, owing to the lack of orders. About 1,000 hands are thrown out of employment. The mills will probably remain closed until business prospects brighten.

COMING EVENTS.

The annual excursion of the Hawatha Club, October 19, on the Hudson, will take place on Tuesday, August 4.

The annual Summer night's festival of the E. Smith Association will be held at Long Park on Thursday, August 6, at College Point. Special ladies' tickets will be issued. Expenses of the party will be \$1.00.

A handsome banner will be raised by the Hill Gate Republican Club tonight. Speeches will be made by John R. Van Wormer, Alderman Goodman, John F. Van Wormer, John S. Wine, State Comptroller James A. Roberts and Commissioner C. H. T. Collins. Fireworks will be a feature of the affair.

The Association of Metropolitan Street Railway Employees will have its annual picnic at Long Park on Friday evening next. The men in charge of the affair are Messrs. J. B. Borden, Edward Calkin, E. Kalkreuth, James Perry, Anthony Spadaro, George Brown, John Shea, J. F. Kane, J. J. Cahill and Charles Richards.

The annual outing of the Stuyvesant Democratic Club, the summer celebration of the thirty-third Assembly District, will take place on Thursday, August 6, at College Point. Special ladies' tickets will be issued. Expenses of the party will be \$1.00.

Arrangements are being made by the members of the Brighton League, No. 311 East 104th street, to celebrate their anniversary on July 26. A big time will be had at the clubhouse. Selections will be made by William Clark, the Brighton quarter, John Raymond, Brandt Ernst and George Erick. Louis Kaufman, the president of the league, will speak on the "Silver Question," and, in response, Jacob Stiefel will argue on the "Gold Question."

The Committee of Management of the Young Men's Christian Association, No. 2 West One Hundred and Twenty-ninth street, will have a social gathering on Tuesday, August 6, at College Point. Special ladies' tickets will be issued. Expenses of the party will be \$1.00.

Arrangements are being made by the members of the Brighton League, No. 311 East 104th street, to celebrate their anniversary on July 26. A big time will be had at the clubhouse. Selections will be made by William Clark, the Brighton quarter, John Raymond, Brandt Ernst and George Erick. Louis Kaufman, the president of the league, will speak on the "Silver Question," and, in response, Jacob Stiefel will argue on the "Gold Question."

PASTOR MISSING STILL.

No Word from Rev. George K. Williams, and an Organized Search Will Be Made.

The Rev. George K. Williams, pastor of the First Baptist Church of Long Branch, who disappeared last Monday, had not returned home last night and his wife and parishioners are alarmed about him.

As told in yesterday's Journal, Mr. Williams left home on Monday with the ostensible purpose of coming to this city to visit an old friend. When he did not return in time for prayer meeting Thursday night Mrs. Williams became alarmed. Her anxiety was relieved on Friday night, however, when she received a postal card from her husband saying he would be home Saturday night. He added he had had a good time "attending the meetings." His wife inferred from this that he had been attending a revival on Staten Island. No address was attached to the postal card.

Mrs. Williams was so sure that her husband had been playing a joke on her, as he had promised to do to pay her back for staying from home for three days without writing to him on one occasion when she visited this city. When Saturday night came and the last train failed to bring her husband she hastened to inform Benson Williams.

Mrs. Williams was in great distress yesterday and the members of the church were also worried. Pastor Williams has been in Long Branch since last Spring and by hard work he has had great success building up the church. It is thought that perhaps his labors may have prostrated him.

To-day an organized search will be instituted. Services in the First Baptist Church were conducted yesterday by Deacon Williams and a visiting minister.

ACCUSED OF SWINDLING.

Former Editor Edwards and Others Said to Have Defrauded the Great Northern.

Seattle, Wash., July 19.—Charles A. Edwards, son of United States Commissioner in Alaska and former editor of the Spokane Sunday Sun, was arrested yesterday on the charge of complicity in a swindle by which the Great Northern Railway Company has

been defrauded of a large sum of money. A number of trainmen in the employ of the Great Northern have been dismissed and may be arrested. Edwards's plan, it is alleged, was to sell tickets at greatly reduced rates, and in collusion with the train crews smuggle his passengers through in

Founders' Day, and on that day the formal inaugural ceremonies occur. There will be a great many people in Cleveland, too, this week, from all parts of the country, and Major McKinley will talk to some of them on matters relating

to the campaign and its conduct. He leaves the details to the management of Mr. Hanna and the committee in all of which he has great confidence, but no important step has been taken without his advice and consent.

After participating in the public functions at Cleveland, Major McKinley will go to Alliance on the day following, to spend a

few hours at Mount Union College. This will finish his little tour, and he will be back in Canton that night, where he will doubtless remain until he goes to the annual encampment of the Grand Army of the Republic, in Minneapolis, in September.

Major McKinley does not propose, if he can help it, to be turned from his purpose of spending the time between now and election at his own home. He is still averse to taking the stump, and thinks that there will be no occasion for him to do so.

There will be a SPEAKING CAMPAIGN. The Republicans expect to conduct a very strong speaking campaign. Major McKinley's managers in looking over the list of available speakers find that they

McKINLEY BEGINS HIS CAMPAIGN WORK.

For the First Time Since His Nomination He Leaves His Canton Home.

Goes to Cleveland, Where He Will Confer with Friends and Speak Next Wednesday.

WESTERN RESERVE CENTENNIAL. Republican Candidate is Still Averse to Taking the Stump, Thinking There Will Be No Occasion for Him to Do So.

Canton, Ohio, July 19.—For the first time since his nomination for the Presidency, Major McKinley will this week leave Canton and his home. The pressure upon him to visit other cities for the purpose of making speeches and participating in celebrations of various sorts has been persistent and strong. Fifty towns wanted Major McKinley on the Fourth of July, and if he had heeded half the requests which poured in upon him he would have had scarcely an hour at home since the St. Louis convention.

To-morrow Major McKinley expects to go to Cleveland, and it is not probable that he will return to Canton before Thursday afternoon. His promise to go to Cleveland to take part in the centennial exercises is of long standing, the purpose of it being to observe in a fitting way the one hundredth anniversary of the settlement of the Western Reserve. Wednesday is

Albin, Vienna; Blackburne, London; Charousek, Toulouse; Janowski, Paris; Lasker, London; Marco, Vienna; Maroczy, Budapest; Pillsbury, Brooklyn; Porges, Prague; Schallopp, Berlin; Schiffers, St. Petersburg; Schlotzner, Vienna; Showalter, Georgetown, Ky.; Smitz, New York; Surench, St. Petersburg; Teichmann, London; Teichmann, St. Petersburg; Walbrodt, Berlin; Winawer, Warsaw.

It was agreed that the pairing should be by the Berger system and at once a drawing of numbers was entered upon Steinitz by general approval, having the precedence in the drawing, followed by Winawer, and thereafter, as the players presented themselves the result being as follows: Maroczy, 1; Marco, 2; Schlechter, 3; Lasker, 4; Schiffers, 5; Pillsbury, 6; Albin, 7; Porges, 8; Walbrodt, 9; Janowski, 10; Tarrasch, 11; Steinitz, 12; Teichgorin, 13; Charousek, 14; Blackburne, 15; Teichmann, 16; Showalter, 17; Winawer, 18; Schallopp, 19.

When the drawing was concluded it was announced that nineteen rounds would be played, the tournament ending with the play on Monday, August 10, and also that the order of the rounds would be determined each day, just before play commenced.

CUBAN PATRIOTS' PLANS.

Meeting of Importance to Be Held To-day at the Office of the Junta.

An important meeting is to be held at the office of the Cuban Junta to-day, at which a programme for operations in the fight for independence against Spain will be arranged.

The meeting will be held in the office of Tomas Estrada Palma on the second floor of No. 56 New street, and a large number of the patriots and all the members of the Junta in the city will be present.

Among those who will take an active part in the discussion will be General Carlos Roloff, Secretary of War, who recently came from Cuba with instructions from President Cisneros; Colonel Aguirre, brother of General Aguirre; Serafio Arzaga, an aide in the camp of Commander-in-Chief General Gomez, and Dr. Jacquin D. Castillo, who has had much recent experience in the handling of filibustering expeditions.

It is understood that the plans to be prepared will not only be based on the views of Roloff and others, but also largely upon directions which came from Cuba last Saturday from General Antonio Maceo, of the Province of Pinar del Rio, in a letter to Mr. Palma.

THREATENS TO SUE THE CITY.

Hopkins's Wife Was Locked Up on a Charge of Disorderly Conduct.

Mrs. Minnie Peterson, eighteen years old, was arraigned in Jefferson Market Court yesterday as a disorderly person, and as a consequence her husband threatens to bring suit against the city for damages. Policeman Faubel, of the Tenderloin Precinct, who made the arrest, swore that he was in plain clothes Saturday night on Broadway when the woman accosted him. Shortly after being placed in a cell a young man appeared and offered bail for her, which was refused.

It appeared in court yesterday and gave the name of Charles E. Hopkins, Jr. He produced a marriage certificate, showing the woman to be his wife, and said that she was waiting for him at the time of her arrest. Magistrate Flammer believed the man and discharged her with a reprimand.

SCARED THE BICYCLISTS.

Runaway Horse Causes a Scramble Among Them for Safety.

Daniel Kopetski, cashier in Hollender's restaurant in Harlem, accompanied by Frank Smith, of No. 118 East One Hundred and Twenty-sixth street, was driving a horse attached to a light wagon on Seventh avenue yesterday, when the animal got frightened at a bicycle near One Hundred and Twenty-third street and dashed up the avenue. The thoroughfare was crowded with bicyclists, who were thoroughly scared, and there was great scurrying to get out of harm's way. Before the horse had gone far the wagon was upset and the occupants thrown out. Both were severely bruised. Three weeks ago the same horse ran away with Kopetski's father and broke his left thigh.

INSPECT ELECTRICAL WORKS.

Noted Visitors at the Westinghouse Plant in Niagara Falls.

Niagara Falls, N. Y., July 19.—Nicola Tesla, the electrician; George Westinghouse, H. H. Westinghouse, of Pittsburgh; Edward D. Adams, William Rankine and Paul D. Cravath, of New York; T. N. Ely, superintendent of motive power of the Pennsylvania Railroad, and George W. Melville, chief engineer of the United States Navy, arrived here yesterday.

The Westinghouses are at the head of the Westinghouse Electric Light Company, which adopted the two phase system of generating electricity invented by Tesla. This is the system in use by the Niagara Falls Power Company on their 5,000 horsepower generators. The party came to inspect the works here. It was Mr. Tesla's first visit here since the generators have been in operation.

It is said that Mr. Tesla will shortly try some experiments which will show the revolutionize the use of electricity. That is one reason why the electrical work at the power house here has advanced so slowly, as the company wish to adopt only the very latest devices.

DRINKS WITHOUT SANDWICHES.

A number of saloon keepers were arraigned in Essex Market Court yesterday for alleged violations of the Haines law. All were discharged except E. E. Harwood, of No. 137 Bowery, who was held in \$1,000 for having served policemen with a drink without a sandwich.

CHESS MASTERS MUSTER.

The International Tournament Opens To-day in Which Three Well-Known Americans Will Compete.

Nuremberg, July 19.—The players taking part in the great tournament, which commences to-morrow, are all here, and were received in a speech of welcome this morning by Dr. Tarrasch, president of the Nuremberg Chess Club, at the hall of the congress, where the play will take place. The following nineteen entries were announced as having been accepted by the committee:

Mrs. Sheehan, Mrs. Annie Webber, Mrs. Maggie Fisher.

MRS. SHEEHAN, MRS. ANNIE WEBBER, MRS. MAGGIE FISHER.

Shelter Island Yacht Club on Saturday afternoon.

The races were sailed in Greenport Harbor and the fresh breeze from the eastward kicked up quite a sea for small yachts; but out toward the harbor the ocean was a heaving mass of silvery, created billows.

Latham A. Fish's crack-jack sloop Dilemma won in the large class by the narrow margin of twenty-nine seconds, corrected time, with Commodore Lynch's five-foot Lynx second.

Nuera, ably sailed by C. Piny Bishop, was an easy victor in the half-rater class, defeating Bantam and Duchess, while the trophies in the two classes of cats were captured by Aeolus and Dandy.

The course, which was visible for nearly its entire distance from the club-house lawn was triangular in shape, the start being made across an imaginary line drawn between an anchored sloop and the club flagstaff to end around a stake post anchored at Greenport, thence to the spar buoy off East Marion, and return to the starting line, to be sailed over twice, making a total distance of eighteen nautical miles.

The preliminary gun was fired at 2 o'clock and the starts were made at five minute intervals. Competing yachts each carried two or more ladies, and the broad piazzas and well-kept lawns were crowded with friends of the yachtsmen.

After the finishes an impromptu entertainment concluded the day's festivities. On August 1 has been scheduled as the date for the annual regatta of the club and arrangements are nearly complete for a cruise to New London on August 3 or 4.

METEOR ON THE CLYDE.

Experts Consider Her a Wonderfully Fast Boat. Watson's Construction of Her as Compared with Valkyrie III.

By Julian Ralph. Glasgow, July 9.—Clyde yachtsmen are at one in adjudging the Kaiser's yacht a grand boat, and they admit that in a true breeze she is a good five minutes faster than Britannia. Her Clyde debut to-day (Thursday), was watched with intense interest, and but for her poor luck in the matter of wind she would never have allowed Britannia to finish inside her time allowance of 5 minutes 18 seconds. Mr. Maegregor, the official Clyde time keeper, states she was only 32 seconds within her time allowance, and had not Gomes, Meteor's skipper, lowered his spinnaker balloon when a hundred or fifty yards from the final mark, he might have saved his time.

The smart man in which Meteor beat to windward at the last turn was remarkable, and at one stage it looked as if the German-owned boat was leaving Britannia at a standstill. The Meteor pointed much higher in the water than the Prince's boat, but was longer in stays. Altogether, Mr. Watson has added another success to his long list of achievements.

It is current in the Clyde that the object of bringing home Valkyrie III. is to try her powers against Meteor "with the view of future events," but, of course, nothing authentic can be gathered.

In the designing of Meteor Mr. Watson's chief aim was to reduce the wetted surface, and he has done this to an appreciable extent, for while Valkyrie III. had 2,800 square feet of wetted surface, Meteor's wetted surface was only 1,800, against 18.6 of Valkyrie. However, Meteor's hull keel is 83 feet long, against 90 feet of Valkyrie, which is in excess of that of Valkyrie. Meteor's racing boom is 100 feet long, and her gaff and her topmast 51 feet, her sprit 28 feet and spinnaker boom 70 feet. Her mainsail area is 6,800 feet, topsail (working), 1,800 feet, 10,440 square feet and staysail 1,250 square feet. It should be noted that her mast is stepped two feet further forward than that of Valkyrie III.

A Constant Cough with Falling Strength, and wasting of flesh, are symptoms denoting pulmonary disease more or less severely affected. You will find a safe remedy for all lung or throat ailments in Dr. J. C. Ayer's Lung and Throat Remedy. It cures Croup, Whooping Cough, Bronchitis, and all other pulmonary ailments. Sold by all druggists.

RUBIN'S MINISTRY SATISFIES GERMANY.

Sure to Strongly Advocate the Continuance of the Dreibund.

Kaiser, Enjoying Himself in Northern Waters, Keeps in Touch with the Rest of the World.

NEGOTIATING A BIG RUSSIAN LOAN. Three Hundred Million Marks Are to Be Flouted, but London Will Not Take Any Part in the Transaction.

Berlin, July 19.—Prince Hohenzollern, Chancellor of the German Empire, who is spending his holidays at his Schloss in Alt-Aussée, Austria, has that place on Tuesday last for Lechl, for the purpose of paying a visit to Emperor Francis Joseph of Austria. The Chancellor and the Emperor had a protracted interview, which was not shared by any member of the Austrian Ministry. After their exchange of views they dined together, and Prince Hohenzollern returned to Alt-Aussée on Wednesday.

Since the interview it has transpired that communications have been exchanged between the governments at Vienna and Rome in regard to a meeting between Emperor Francis Joseph and King Humbert, to take place in the Autumn, after the former receives Emperor William at Godeolce. Naturally the influence of the recent changes in the Italian Ministry will be associated with the interviews.

The French views of the situation, that the Marquis Visconti-Venosta, the new Italian Minister of Foreign Affairs, is less favorable to a continuance of the Dreibund than was his predecessor in office, the Duke of Sermoneta, and also that the policy of Signor Luzzatti, the new Italian Minister of the Treasury, will include a commercial treaty with France, do not coincide with the official opinion here, which is based upon advices from Rome.

According to these advices, instead of tending to opposition to the Triple Alliance, the newly constructed Ministry of the Marquis di Rudini is stronger in favor of the Dreibund than was the former Ministry. The Government here is absolutely satisfied with it.

THE KAISER'S SUMMER CRUISE.

The Emperor is spending most of the time of his tour of the northern waters in yachting in the Bergen fords. Among the places he has visited are Voss, Gudvangen, and Stolheim. While the imperial yacht Hohenzollern lay wrapped in the rain mists the Kaiser has been accustomed to take long walks on shore, accompanied by Count Philip Eulenburg, German Ambassador to Austria, and others of his suite, the Emperor out-pacing all the rest.

While connections with the Continent have been maintained throughout the cruise, and by this means the Emperor was enabled to send congratulations to President Faure upon the latter's escape from the bullet of an assassin a very short time after the shot was fired.

The Kaiser will go to Wilhelmshaven August 5, when, with the Emperor, he will start for Vesel to unveil a statue of Emperor William I. at that place on August 6. From Vesel and Kassel the Kaiser will visit Essen as the guests of Krupp, the German gunmaker, for which visit great preparations are being made by the Krupp and the local authorities. After this entertainment there the Emperor will join his family at Wilhelmshaven, and on August 9 will go to Baden to attend a grand function upon the occasion of the seventieth birthday of the Grand Duke of Baden.

A report of doubtful authenticity has been in circulation that the heads of the Federal States have given their assent to the Emperor to ask the Grand Duke of Baden to assume the title of king, with a union of the Grand Duchy of Baden and the Reichland. When the question of linking the Grand Duchy of Baden with the Reichland was seriously discussed some years ago the heads of the Federal States were unanimous in declaring against the proposal.

The seasons at most of the Summer resorts are in full blast. Carlsbad is already crowded, among the couriers there being the Princess Clementine of Saxe-Coburg, mother of Prince Ferdinand of Bulgaria, Prince Ferdinand of Bulgaria, ex-King Milan of Serbia, Duke Siegfried of Bavaria, Prince Dolgorouff and Colonel William Jay and family, of New York, and a large number of other Americans.

The acceptance by the Emperor of an invitation to be represented at the Paris exhibition in 1900 is variously commented upon by the Berlin and provincial German press. The fact that the Emperor has accepted the invitation is regarded as a sign of peace for many years to come and a prospect of the ultimate reconciliation of Germany and France.

The Hamburger Nachrichten, in an article written in a thoroughly Bismarckian vein, refuses to share in the view that Germany's taking part in the exhibition is necessary. German industries, the paper says, ought not to be advised to take part in the exhibition unless their own interests prompt them to do so.

"Nobody," the Nachrichten adds, "can even remotely forecast what may happen to France before 1900. Germans ought not to show a disposition to cultivate the French. It is a sentiment thrown away, is relieved with scant courtesy and does not abate the vehemence of their desire for 'revanche.' It is best to trust to impressing France by the strength of our army and the growing numerical dominance of the German people, who must keep in mind the fact that France will not hesitate to spring at their throats the moment she thinks she has a chance to win."

Admiral Hollman, the head of the Ministry of the Imperial Navy, and the members of the Marine Budget Committee of the Reichstag, one of whom was Dr. Lieber, the leader of the Central party, in the Chamber, have inspected the armaments and forts at Kiel, Wilhelmshaven and other places. This inspection is regarded as preliminary to an increase in the strength of the German navy.

M. de Witte, Russian Minister of Finance, and Herr Rothstein, the Russian Financial Agent in Berlin, will meet representatives of the Reichsbank and other financial firms in Berlin on Tuesday to arrange for the floating of a Russian loan of 200,000,000 marks. The Rothschilds of Paris will take part of the loan, but none of it will be issued in London.

CARPETS.
