

WORK STARTED UPON GREAT STADIUM FOR ALLIED MEET

Forest And out upon the green Where silence reigned through seasons four Comes back a near forgotten scene As blitheome caddies romp once more.

Forest And we shall speak of par. Of brassie's slice or runner-up. While clustered round the club-house bar. We win and lose the silver cup!

GROUND IS BROKEN FOR GREAT STADIUM

Structure for Allied Meet Must Be Completed in Ninety Days

WILL SEAT 22,000 PERSONS

Reinforced Concrete to Be Used—Plans Provide for Huge Running Track and Rugby Field

Ground was broken yesterday for "Pershing Stadium" on the old French military training ground at Joinville-le-Pont, where the great Inter-Allied Olympic games will be pulled off about June 1.

The contract was let Monday to Buisson and Giffard, Paris architects, and calls for completion of the structure within 90 days.

The plans were drawn for the Y.M.C.A., which provides the immense structure for the Army's use as a complement to its Commander-in-Chief. At the completion of the Inter-Allied games, the field will be presented to the French Government to remain as a permanent reminder of the American Army's presence on French soil, its first invasion of Europe.

In the letting of the contract, the Y.M.C.A. operated jointly with the French and American Armies, the former donating the field, the latter the preparation of the field, the plumbing and wiring of the stands and dressing rooms. The plans were approved by Maj. A. MacLachlan, 103rd Engineers, for the A.E.F., and by Lieutenant Chavertier for the Comité National d'Education Physique et Sportive et de l'Hygiene Sociale.

Seating accommodations will be provided for 22,000, 3,500 within a covered amphitheater. Standing, it will be possible to accommodate 40,000.

The structure will be of reinforced concrete and will completely surround the vast field, which will have a 200-meter (218 yards) straightaway and a 500-meter (545 yards) elliptical running track. Within the track there will be room for an English Rugby playing field, which is about 80 yards longer than an American gridiron.

IMPOSSIBLE TO HOLD A.E.F. SKATING RACES

Plans to hold an A.E.F. ice skating championship meet have been abandoned after careful consideration, owing to several obstacles in the way of such a tournament. The first of these was lack of suitable skates. There are very few in France and it would be too long to have them sent from the United States.

CANNES TAKES BASEBALL TITLE

Downs Marseille Nine 2 to 1 for Championship of the Riviera

Cannes, representing the Riviera, annexed the baseball championship of Southern France Saturday by defeating Marseille, 2 to 1, at Nice. The game had been extensively advertised and 5,000 people attended, applauding many fast plays with gusto. Three bands vied for popular favor. American, French and Algerian and Oriental jazz, snappy French marches, and the latest syncopated importations were heard in rapid rotation.

The contest was played on the Nice Athletic Park diamond and society was present in force, filling the stands. Curious handbills, combination score cards and rules of the game were distributed among the crowd.

Although it was a real Washington's Birthday celebration and the article of ball diamond played was high class. Haynes and Stefan both pitched splendidly, the former having a slight edge on his opponent. The two nines exhibited real team play.

By winning, Cannes captures a handsome silver cup presented by the "Eclair" of Nice. The nines were tendered a banquet after the game by the same journal.

VANDERMEERN WINS CYCLE RACE

Beats Mechanic Pellam Over Five Mile Course at Bar-sur-Aube

Through his victory over Mechanic Pellam in a five-mile track race held on Washington's Birthday at Bar-sur-Aube, Private Vandermeern, of Troop B, Headquarters, First Army, has established himself as the strongest contender for the cycle championship of the First Army. He recently issued a challenge to Pvt. W. Anderson, another well-known pedal pusher, and a race between the two is being arranged.

Both men are of the top-notch variety in the States and have taken part in the historical grinds held in Madison Square Garden. Vandermeern is the former champion of Belgium, while Pellam, in recent years, has ridden with Bobby Walthour and other pedalists of prominence.

In the match between Private Vandermeern and Mechanic Pellam great interest was displayed among First Army men in respective support. Vandermeern finished some distance ahead of Pellam in the fast time of 25 minutes.

CIRQUE DE PARIS FORMALLY OPENED

Four Thousand Wounded French and Americans are Guests

The Cirque de Paris, the largest amphitheater in the French capital, was formally opened on Washington's Birthday, and the crowds attending the afternoon and evening shows were estimated at 5,000 and 7,000 respectively.

Three thousand French "blesses" and 500 American wounded were present in the afternoon by special invitation, when musical numbers by the G.H.Q. band, of 50 pieces, and vaudeville acts were interspersed with the glove contest.

A long program of bouts, including exhibitions by the French champions, Vitet and Criqui and by American stars, recently returned from the Italian front, was run off. Chocolate and sandwiches were served. The amphitheater has been leased by the Y.M.C.A. and will be the scene of the A.E.F. boxing championships in April, the Army having accepted its terms by the Y.M.C.A. It will also be the scene of the Paris District championships. Capt. Allan H. Muhr, athletic officer for the District of Paris, has announced that these bouts will be handled by the athletic department of the Y.M.C.A.'s District of Paris office, with Jimmie Bronson, who, for several months, has been matchmaker and referee of the Y.M.C.A.'s weekly bouts at the Palais de Glace, acting as official manager of the big shows.

There will be a boxing show at the Cirque de Paris every Tuesday night, replacing shows that have been held at the Palais de Glace.

SPORTING GOSSIP

Henry W. Punkte, former football and baseball star at the University of Michigan, is now top sergeant of Company B, 104th Machine Gun Battalion.

Sixteen members of the Columbia University varsity crews of 1914, '15 and '16 served in the Army during the war, one being killed in action.

The 11th Engineers defeated the 312th Engineers in an exciting Rugby game Sunday at Saint Andre de Obas, near Bordeaux, 11 to 0. They also staged a series of boxing bouts at the Y.M.C.A. in that area, the most exciting match being a four round go between Corvella and Mulberry, the decision going to the latter on points.

The 220th Field Remount Squadron carried off six prizes and divided a seventh out of 15 trophies offered in a field meet at Remount Depot No. 7 at Marignas recently. It won three of the four blue ribbons offered in the animal show for Cavalry, Light Artillery Company and the 220th Field Remount Squadron were won in the Beville Race, Bare Back Mule Race and Buck Race.

FOURTH DIVISION LOOKS LIKE WINNER IN THIRD ARMY GRIDIRON BATTLE

When a khaki clad warrior dropped back of ten crouching figures on the football field at Coblenz last week and sent a very muddy pigskin tumbling, and over and over, just above the cross bar from the 25-yard line for the only score of the game between the 4th Division and the Fourth Corps, few recognized the kicker. But it was Tenney, Captain Tenney of Brown University, Providence, U.S.A., famous all-American half back, who used to give ends and tackle and defensive halfbacks chills when they saw him headed their way, with or without a ball.

This 4th Division outfit, by the way, looks like the logical contender for the Third Army title. Let us over its personnel. There is Hamilton Fish, famous Harvard captain, and now captaining his eleven in Germany. He plays right tackle, is tall and lean and swarthy and six feet three, and still kicks with his left foot. The tackle is Moravitz, noted Georgetown star. Another former Har-

vard grizzer is Lieutenant Thatcher. Left End Allen, formerly of Yale, used to oppose Thatcher in days gone by. Lieutenants Colonel Sibert of West Point, plays center, while other West Pointers on the team are Major Coffin, fullback; Major Prickett, end, and Major Littlejohn, tackle. Captain Henning, late of the Michigan Aggies, plays half. Lieutenant Harigan, who plays guard, is one of the two non-collegians on the team, the other being Gotsch, whose services as a professional were highly sought after in the States.

This came between the Fourth Corps and the 4th Division was one of the most hotly-contested in the entire titular series. The Fourth Corps put up a stubborn battle, the work of men celebrated in the States, such as Bamberg, former University of Washington quarter; Copley, who played with the Massillon Tigers; Langdon, of the widely known Herald of Detroit, and Right Guard Archie Wallbraun, of New York, standing out again and again.

HONORS ARE DIVIDED IN BIG TRACK MEET

139th Infantry and 129th Machine Gun Battalion Tie for First Place

A battalion and company competitive drill and track meet was held last week at Comberly by the 137th, 138th, 139th and 140th Regiments of Infantry, 129th Machine Gun Battalion and 35th Division Military Police. It proved to be a contest between the 139th Infantry and 129th Machine Gun Battalion with honors even.

The 137th, 138th, 139th and 140th Infantry Regiments all had entries in each of the events, and the different maneuvers were executed with such uniform excellence that the winners were in doubt until the final results were announced.

In the battalion drill, the 139th won first place, with the 137th second and the 138th third. The company drill resulted as follows: First, 137th; second, a tie between the 138th and 139th. The judges were Maj. T. H. Loy of the 129th M.G. Bn., Maj. Halliburton of the 128th M.G. Bn. and Capt. N. Harrower of G.S.

Practically every one of the 15,000 present took some part in the meet which proved successful from every viewpoint. The large field was marked off in sections with each of the regiments carrying out their part of the schedule, which included playground ball, soccer ball, relay races, mile walks, tug-of-war, boxing, volleyball and novelty races.

Especially noticeable was the completeness of detail and arrangement which marked the work of the 139th Infantry, under the direction of Captain Ristina, regimental athletic officer. Captain Redmond, divisional athletic officer of the 35th Division, had charge of the meet, which demonstrated the beneficial results of the Army athletic program, bringing the activities to the different units in a way to get the maximum advantage for the men.

The results in the track meet were as follows:

100-yd. dash—First, Davis, 129th M.G. Bn.; second, Southern, 129th M.G. Bn.; third, Smith, Co. F, 139th Infantry. Time, 15 seconds. 200-yd. dash—First, Davis, 129th M.G. Bn.; second, Wheeler, 129th M.G. Bn.; third, Fletcher, 129th M.G. Bn. Time, 32 seconds. 400-yd. dash—First, Hughes, Co. E, 137th Infantry; second, Brown, 35th Div. M.P.; third, Stogner, Co. C, 138th Infantry. Time, 59.4 seconds. 800-yd. relay—First, 139th Infantry. (John Smith, Co. D, Corp. Hayslip, Co. L, D. Miller, 129th M.G. Bn., J. Taylor, 139th Infantry, 12; 129th M.G. Bn., 12; 137th Infantry, 5; 35th Div. M.P., 8.)

1ST ARMY ELEVEN PLAY SCORELESS TIE

29th and 36th Divisions Clash at Bar-sur-Aube Before 8,000 People

Eight thousand people saw the 29th and 36th Division eleven struggle at Bar-sur-Aube Saturday for the pigskin championship of the First Army, the contest ending with neither side having crossed the goal line. Arrangements have been made to play the game off Monday upon the same gridiron, when another big battle is predicted.

Two outstanding features of the contest were the work of Chaplain Withington, former Harvard star and All-American tackle, and the 29th, and the playing of the Indian Mashetti for the 36th. Both proved to be stone walls upon the defense, and were largely responsible for the absence of scoring.

Captain Mallon broke away in the first half for a spectacular 30-yard run, carrying the ball to the 36th Division's 15-yard line. With the 29th Division men straining every nerve to push the ball across for a touchdown, the referee's whistle ended hostilities.

The teams lined up as follows:

FIELD CLERKS BEAT DOUGHBOYS

Come From Behind and Grab Flag in G.H.Q. Basketball League

The Army Field Clerks' basketball five won the championship of the G.H.Q. Basketball League Monday night, when they defeated the Company C quintet in a hard-fought contest, 22 to 16.

When the first half terminated, Company O was leading, 5 to 2, but the men who sport the crossed quills on their collars cut loose in the second period and soon had their opponents on the run.

The G.H.Q. team, which is now eligible to compete in the A.E.F. finals, was coached and managed by Thomas P. O'Hara. The players are Jordin, Bachman and Gallagher, forwards; Martin, Henry and Proark, guards; and Gilder, center.

Following is order in which teams finished league.

BRECK ELIMINATES WATTER AT CANNES

Southern Tennis Crack Beats in Straight Sets 6-4, 8-6

Despite the fact that atmospheric conditions along the Riviera have proved anything but ideal of late, good progress has been made in the officers' singles and doubles tennis championship tourney at Cannes.

A new record was set on the opening day, when 78 singles matches were pulled off, but from then on to the sixth day old Jupiter Plusius took a hand and only a few scattered contests could be decided. Just when it appeared as though the tourney was to degenerate into a singles and doubles competition in pnoche, the sun came out and ideal tennis weather was again on tap.

In order to speed up the play, the courts of the Hotel Metropole and the Officers' Club were added to those of the Cannes and Carlton Clubs, swelling the total to 18.

With the reaching of the third round of the singles competition, doubles matches were inaugurated, being bettifyingly opened when the grand old pair of majors, Wrenn and Larned, took a stirring match from Captains Lyons and Graves, 2-6, 6-3, 6-3. The marvel of the tournament has been the work of the former top-notchers, who were considered to be beyond their tennis prime. In the singles, Colonel Davis and Major Allen have outstripped their celebrated opponents, Majors Larned and Wrenn, who have been eliminated in truly close matches. Both now enter the third round.

Colonel Davis sprang a surprise by taking Captain Conter into camp in three sensational sets, 4-6, 8-6, 6-8, the southpaw drive of the winner proving unbeatable.

One reversal of dope was the defeat of Captain Watters, of New Orleans, by Lieutenant Breck in two speedy sets, 6-4 and 8-6. Swoody service and splendid volleying from mid-court netted the victory. The peerless Williams is in proper form and of course, is the favorite for premier honors. Captain Washburn has easily vanquished his two opponents, as have Colonel Johnson, Captain Cannon and Lieut. Dean Mathey and Stoddard.

The Cannes and Carlton Tennis Clubs are set amid the most exquisite flower gardens of the world, and the fragrance of the acacias lend an exhilarating touch to the beautiful scene. A more delightful spot could not have been selected for the tournament.

WITH THE YANKS ALONG THE RHINE

Wrestling is becoming very popular in the Third Army. At Coblenz Saturday Private Johnson, Company B, 54th Pioneer Infantry, after being thrown by Private Rogers, Company B, Motor Repair Park Unit, in the first fall in 50 seconds, took the second fall in one minute and 55 seconds.

Several good boxing bouts were staged, the best of the evening being that of "Spider" Kelly, of the 28th Field Hospital, 105 pounds, and Private Moravitz of the 148th Field Artillery, Battery C, 166 pounds. The boys went three swift rounds, hammering at each other incessantly and blocking scientifically. The judges couldn't agree on the winner, though the big crowd yelled that it be termed a draw. From the ringside it looked as if Kelly grabbed the decision.

Boxing bouts have become one of the most popular features of the Officers' Club in the bridgehead city, the best fighters in the Third Army being brought there. Wednesday evening is "Circus Night" for enlisted men on leave in Coblenz. The program of entertainment comprises boxing and vaudeville stunts, the crazier and more bizarre the better.

At the Y.M.C.A. in Trier Thursday evening the 166th and 88th Aero Squadron's fighters and Lou Brice and his O.D. comedians from the 61st Pioneer Infantry furnished one of the most successful entertainments ever pulled off in that area. Albert Schaff, of the 166th, and Fred Smith, of the 88th, fought three fast rounds to a draw. John J. Salerno, of the 166th, tackled Bob Shaner, of the 88th, and after the two had fought like wildcats for a few rounds, Salerno put his opponent to sleep with a haymaker.

88th Infantry Wins Two Meets

Boxers and wrestlers of the 88th Infantry scored two victories in meets with the Third Ammunition Train and the 8th Machine Gun Battalion at Niedermendig and Nickenich.

At Niedermendig the 88th won three of the five boxing and wrestling bouts with the Third Ammunition Train, the other two resulting in draws. Hastie, 88th, who was matched with Kenny, 3rd Ammunition Train, in the 140 pound class, had the better of his opponent all the way, winning easily. Matticola, 88th, beat Hockney, 3rd Ammunition Train, in the 150 pound class, being the aggressor throughout, and Resto, 88th, was awarded his bout with Wittenburg, 3rd Ammunition Train, when Wittenburg refused to enter the ring. The 160 pound wrestling match between Lavine and Bailey terminated in a draw, as did the boxing bout between Olive and Burghardt.

Three boxing bouts and one wrestling match featured the meet between the 88th Infantry and the 8th Machine Gun Battalion. The stellar event of the night proved to be in the match between Sergeant Downs of the Machine Gunners, and Matticola, of the Infantrymen. Downs was picked as the probable winner before the men entered the ring but his opponent proved to be a tartar. The men were evenly matched, both fighting the scales at 145 pounds, and the going was heavy. When the referee announced a draw the verdict proved satisfactory to everybody, including the fighters.

In the other two bouts, the 88th representatives proved victorious, Bolduc beating Soosieck, and Barnard winning from Heedly. Drompny and Rich engaged in a 140 pound wrestling match, which went to Rich in two straight falls, the Infantryman showing a better knowledge of the game.

YANKS TO PLAY IN NICE GOLF TOURNEY

Will Vie With Civilians For Trophy Offered By C-in-C.

RIVIERA LINKS FAMOUS

Monte Carlo and Nice Golf Clubs Have Two of the Best Courses in the World

A golf tournament open to French and American civilians and soldiers will be held over the famous golf links of the Riviera tomorrow.

Civilians will vie with soldiers for a handsome trophy donated by the Commander-in-Chief of the A.E.F., who recently played 18 holes over the course at Monte Carlo. It is 3,000 feet above the waters of the Mediterranean and the view it commands is magnificent. No other course in the world can approach it for scenic splendor.

At picturesque Cannes, close to Nice, is the Nice Golf Club. Here, as at Mount Agel, there are 18 holes, but the two courses present a wide contrast. The surface at Cannes is practically level, while at the Monte Carlo Club the course is difficult and humpy. The waters of the Mediterranean wash the southern extremity, while luxurious palms and orange trees encircle the other three sides.

An A.E.F. tournament for officers and men of the A.E.F. is being planned to take place toward the close of the tennis tourney at Cannes, the officers playing one week and the enlisted men the next.

TEACHING FRENCH TO BOX

Two Ohio boxers, George White and Jakey Taylor, are busy these days instructing French soldiers in the manly art of self defense as it is practiced in America, while the 143rd Field Artillery is waiting in the woods below Verdun for orders to return home.

They have from 30 to 50 pupils two nights a week and are showing them all the fine points of the game. According to George and Jakey, the Frenchmen are quick to learn, their native shoulder movement making them natural fighters.

77th DIVISION WINS

A well played game of football at Sable-sur-Sarthe Monday between the 77th Division and the Eighth Army Corps Headquarters eleven resulted in a victory for the pigskin chasers of the 77th, 8 to 0.

A fact: From railway news stands sales reports received by us last month, the following extracts are printed as evidence that—with a large part of the American traveling public, at least—the preference for Fatima is equally strong, East and West:

- New York—Pennsylvania Terminal: "Fatima remains by far biggest seller"
New York—Grand Central Station: "Fatima outsells any other brand"
Chicago—Park Row Station: "Fatima is the leading seller"
Chicago—Union Station: "Fatima leads all other high-class brands in sales"
Chicago—La Salle St. Depot: "Fatima is best seller among the better brands"
Philadelphia—Broad St. Station: "Fatima is second best seller"
Atlantic City—Reading Station: "Fatima is biggest-selling cigarette"
Atlantic City—Penn. Station: "Fatima is best seller"
Cincinnati—Grand Central, Penn., B. & O. Depots: "Fatima outsells all other brands"
Detroit—Ugion Depot: "Fatima still leads all other brands in sales"
Detroit—Michigan Central R.R. Station: "Fatima sales are higher"
