It Is Moisture That Spoils Food!

Beware of wet bottles and dishes, dripping fruit and soggy food in your refrigerator!

That soggy, smudgy dampness you may have noticed on fruit, bottles, etc., in your refrigerator is laden with impurities and germs from the air and the melting ice. To prove this, just wipe off a bottle with a clean cloth. This smudge settles on the open food as willingly as upon the bottles, and it is this impure moisture that spoils the food.

You can strike a phosphorus match on the inside of the ice chamber in a

BOHN SYPHON REFRIGERATOR

You can keep salt and soda crackers as dry as a chip—you can place onions and butter side by side, without transmitting a trace of their odors. No other refrigerator could stand such tests.

The perfect refrigerator must have rapid circulation of pure, cold, dry air. Do you prefer this kind, or the ordinary "vestibule" variety which is always plastering your food with smudgy moisture?

Call and see our large line of Bohn Refrigerators, in both wood and white porcelain. Some of the best styles, including the one illustrated above, are now marked at attractive prices.

We can sell you a Bohn from \$16 up. If you cannot call, write for our handsome catalog. We are the mfrs., not middlemen.

COLE NEW YORK

TRADE MARK REGISTERED 7 WEST 45th ST.

The Spring business in Women's Tailored Suits has started.

The cold weather has made women long for the coming of Spring.

With that longing has come the thought to be prepared for Spring when it does come.

It has been a cheerful occupation for women customers to look over COLE SPRING STYLES and make selections of tailored suits.

This year's effort surpasses last year's effort in the creation of distinctive and attractive styles.

The Cole quarters are budding with attractive tailored suit models.

The smallest priced bud in the collection is \$100—but it is worth it—just as the highest priced ones are worth their price.
