Think First of Cleanliness

—Then of Food Preservation
—Then of Ice Economy

Your Refrigerator must excel in all three respects. Otherwise, it will give you less than full satisfaction. Except through comparison, you cannot appreciate fully the outstanding superiority of the

BOHN SYPHON REFRIGERATOR

Received Tribune Institute's Highest Rating for Construction and Efficiency

Despite the prevailing price increases, all Bohn Syphon models are now offered at sharp reductions from the list. For example, Model 43 1/2, (illustrated), size 36 1/2 x 20 1/2 x 26 1/2, ice capacity 160 lbs., list price \$79.95, is now

Specially Priced at **\$62.00**

For the first time in any Refrigerator, the New Bohn models (excepting only the very largest sizes) have their food compartments lined with A SINGLE PIECE OF FUSED PORCELAIN-STEEL—not to be confused with the so-called "seamless" lining or the ordinary enamel paint finish.

All inside EDGES AND CORNERS ARE ROUNDED to make cleaning easy and thorough. There is not a crack or crevice in which dust or food particles can lodge.

THE DRAIN IS IN FRONT—easy to get at. Because of the SYPHON SYSTEM, moisture condenses only in the ice chamber, not upon the food. Even crackers stay crisp in a Bohn. This dryness of the air prevents food flavors and odors from mixing—for example, lets you PUT ONIONS BESIDE BUTTER WITHOUT CONTAMINATION. Let us tell you how this is possible; it is worth knowing.

FLAXLINUM—the great heat resistor, exclusive with Bohn Refrigerators—is the most important factor in the insulation. In all there are seven heat-resisting layers, not counting the outer and inner casings or the lining, in a Bohn Refrigerator. This wonderfully effective insulation, combined with the Syphon principle, enables us to GUARANTEE A TEMPERATURE OF 42° (only 10° above the freezing point), whatever the outside conditions may be. Think what this means in ICE ECONOMY! We guarantee that any Bohn Syphon will require 1/4 LESS ICE PER DAY than any other refrigerator of the same size.

THE U. S. NAVY is using Bohn Syphon Refrigerators. EVERY REFRIGERATOR AND EVERY DINING CAR ON PRACTICALLY EVERY RAILROAD IN THE LAND USES BOHN REFRIGERATION. Bohn Refrigerators are installed in the country's finest hotels, clubs and private homes.

Before you decide upon a Refrigerator, be sure you know all about the BOHN SYPHON. You will find it most satisfactory to call here. If you cannot do so, write for our handsome catalog.

White Enamel Refrigerator Co. of New York, 53 W. 42nd St. Telephone, Vanderbilt 1927

SANITOR REFRIGERATORS,

made in the same factory, side by side with Bohn Syphon Refrigerators, have the same structural excellence except that the Syphon feature is omitted. No make other than the Bohn Syphon can compare with them. Prices as low as \$15.50.
