The Old Square Piano

Have you ever gone into a friend's home and found one of those old square pianos with time-yellowed keys and age-blackened case?

You seldom find these relics of an earlier day in large cities, but in the smaller towns you find many an old Knabe square that is now being played by the grown daughters of the little girl who listened to its sweet melody many years ago.

That old square piano is still sweet-toned, although it sounds pretty thin after listening to the magnificent Knabe pianos of today. But, after all, though wonderful advances have been made in recent years, there is one thing we have never been able to improve. That one thing is the lasting quality which was built into the Knabe of that day—and which, for 80 years, we have built into every Knabe piano.

Our ideal has always been to build a piano of supreme tone quality that would last a life time.

HOTEL BELLECLAIRE NEW YORK Broadway at 77th St. Surface Cars at Door Subway at 79th St. Only a few minutes from the Shopping and Theatrical District.

The Hotel Belleclair has won its way into the hearts of the people by reaching them through their stomachs first. We may rail all we please at the old adage that "the best way to reach the heart is through the stomach," but it is a fact, nevertheless. Who among you balks at eating good food splendidly prepared? Who among you will refuse an invitation to enjoy a good meal? The Belleclair is reaching out for the trade of good people by giving them the kind of food they enjoy—the kind that their stomachs can accept without a protest. It is real culinary art to prepare food so well that the weakest stomach can assimilate it with ease. ROBERT D. BLACKMAN
