

The soul of music slumbers in the shell,
Till waked and kindled by the master's spell,
And feeling hearts—touch them but rightly—pour
A thousand melodies unheard before.

THE KNABE—with the Ampico Reproducing Action—brings the music you love to your fireside. For the Ampico has set music free—it has set free the flexible fingers, the marvelous technic, the glowing tone quality and poetic magnetism of great pianists, from the narrow confines of the concert stage, and to-day they will play for you in your own home whenever you wish to hear them. Just as Aladdin rubbed his lamp to bring forth the Genie, just so may you press a lever and bring forth the Genius of Music.

You may hear, in your home, great artists play a Liszt Rhapsodie or a Chopin Ballade—you may hear your favorite Christmas hymn or the newest dance music—played by masters in their field of music. And this Ampico will play them all with an art so perfect that all thought of the reproducing action will be lost. You will be conscious only of the exquisite skill of the musician playing for you.

Here indeed is real music for your home. The Ampico Reproducing Pianos are shown in several models of Uprights and Grand Pianos. Hear this new and wonderful instrument to-day.
