**The Comfort Car**

**1 GALLON GAS = 20 MILES**

HUPMOBILES in times past have made some wonderful records on the score of endurance; authentic repair cost records that read like fairy stories come to our ears every week, sent in by Hupmobile enthusiasts.

If there is any truth to be gained from comparison of specifications, if dependence can be placed on road tests that have occupied nearly two years, we predict that on the score of sturdiness the Series "R" will better the record of every other model of Hupmobile that has preceded it.
