Did anybody say corn? This young farmer will have to grow considerably before he can see across the top of the victory field he planted last spring! © Curtis Photo News.

Incidentally, these city war gardens are helping make democracy an intimate, graspable fact. You learn what worthwhile people those neighbors of yours really are—the people right next door, with whom you hadn't even a bowing acquaintance! Tribune Service.

### Waterman's Ideal Fountain Pen

TODAY we are compelled to write in long-hand many of the communications that in the past have been delegated to secretaries and the type-writing machine.

It is just at this time that the matchless convenience and unfailing reliability of Waterman's Ideal Fountain Pen assert themselves.

The pen of today is Waterman's Ideal—it combines every advance that has been accomplished in fountain pen making during the last thirty-five years and at the same time puts real personality into personal correspondence.

**DRIFT YOUR OLD WATCH FOR WAR SERVICE**  
 The Elgin and Waltham Watch factories have not been able to furnish in sufficient quantities the large number of Military Wrist Watches required for our Soldiers. This shortage is a very serious matter to our fighting forces.

We consider it our patriotic duty to assist every woman in this country to assist in her power to relieve this situation. The movement in your good old Elgin or Waltham Watch, which you may have laid aside as too large or out of style, remains in a Radio-Luminescent Military Wrist Watch, with a black or leather strap, should make an excellent gift from you to some one in service who needs it. If you know of no one to whom you could give it, convert it into a wrist watch for yourself.  
 We have superior facilities for converting your old watches into wrist watches at a very nominal charge (only \$2.50 to \$5.00, according to type). An old-style Elgin or Waltham Watch converted into a Wrist Watch shows the same accuracy and reliability as the latest quality of the inferior grade watch, selling regularly from \$8 to \$12.50. Every soldier needs a watch.  
 If you cannot go to the front yourself, you can at least put your old watches into the fight.  
 Yours for Humanity and Right,
