UN NÖEL TRÈS JOYEUX!

GIFTS *from France*

My brave land, always indomitable in its desire to produce everything of excellence, sends to you in dainty sets or in single packages, the notable *Spécialités de Djer-Kiss.*

Unusual and individual, *vraiment!* They reflect much of the grace of France, and even more of the grace of Paris.

Mesdames, Mesdemoiselles, may we suggest a Djer-Kiss set as a Christmas gift most acceptable? Or, if you wish something simpler, a gift quite complete in itself will be found in any one of the *Spécialités de Djer-Kiss*—Extract, Face Powder, Talc, Sachet, Toilet Water, Végétale or Soap.

Un Nöel très joyeux!
