H. M. S. Broke has a brand new bell. It was made from the lid of the torpedo tube of the German U-boat C-42, rammed and sunk by the British sea fighter. *Official from Underwood Uneda Wood.*

It's a great moment when the transport gets so near home that a fresh batch of newspapers, right off the presses, can be captured. Every fellow acquires a copy if he can. If not, he borrows his news across a friendly shoulder.
