facturers of Spats in the World

THE wearing of Spats has become a universal custom. Today every woman considers Spats, not only as a dictate of Fashion, but as an every-day necessity in her wardrobe.

Most women choose "STANDARD" Spats—better looking, better fitting, better made Spats—the actual standard in style, fit and quality.

The "TRIMLINE" is the newest model in STANDARD Spats. Modeled to fit over the arch, heel and instep of any shoe—high or low—as trimly and smoothly as though they were tailored to order.
