Left—Thanks to the Y. M. C. A. hotels, the American soldier on leave can pack his few days of vacation from duty with pleasure and relaxation. This luxurious billiard room is in a Y. M. hotel at Nice.

Captain Kermit Roosevelt, recently returned from overseas duty, pushes the Victory Loan in an address to the noonday crowd gathered before the Sub-Treasury. "Use the 'Big Stick' this time yourselves," said Captain Roosevelt. Paul Thompson

KRYSTALAK

Pure, clean, nourishing separated milk in crystal form. Krystalak solves the problem of milk for cooking. Its economy and convenience do away with the usual annoyance of liquid milk souring or running out when most needed.

Krystalak is pure, clean milk from which the cream and water have been taken out—it contains all the nourishment except the fat, and keeps for weeks in a dry place. Requires no refrigeration.

Speak to your grocer about Krystalak. If he hasn't it he will gladly get it for you. Insist upon the blue-striped package. The Krystalak booklet on milk cooking is free at your grocer, or we shall be glad to mail you a copy direct.

How to Use Krystalak
Dissolve 4 level tablespoons of these dry milk crystals in one cup of water. One cup of Krystalak makes one quart—add the Krystalak to the water and it dissolves immediately.
