

Fifth Avenue had a new surprise when the Hippodrome elephants invaded the crowded thoroughfare the other day to do their bit in collecting for the Salvation Army. Three showgirls rode atop one of these jungle tanks. Western N. Y.

Face to face with Fraulein Heiniesomethingorother, official, though bow-legged, interpreter for the German delegates at the peace conference. Our guess is she earned the iron crosses she wears. Mizanoff

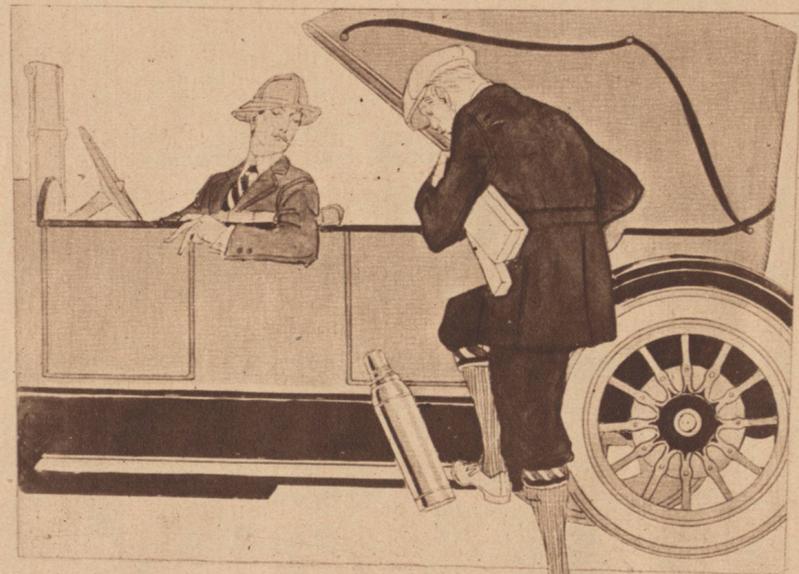

Men and women met in Washington recently for the first time to discuss a political campaign. Mrs. Medill McCormick, chairman of the Republican Women's National Executive Committee, introduces Mr. Will Hayes, chairman of the Republican National Committee, as the principal speaker of the evening. Paul Thompson.

Left—"Merrie maydes" of England, the winners in the recent "Daily Mirror" beauty contest for women war workers. The pulchritude of Miss Miriam Sabbage, third from the left in front, netted her first prize and \$2,500. Paul Thompson

Bedloe's Island hasn't the exclusive rights to Bartholdi's famous statue of our favorite goddess. Here's a smaller yet faithful twin on the River Seine at the Pont de Grenelle, Paris. Paul Thompson.

Start on your motoring trip. If the Stanley drops, no harm can be done. Made of steel, it cannot break.

The only vacuum bottle carried by both the English and American 'planes on the transatlantic flight

Harry Hawker, just before his daring flight, wrote: "I find the Stanley Ferrostats efficient beyond my most sanguine expectations and shall use them on my flight across the Atlantic."

F. P. Raynham, driving the Martinsyde 'plane, says: "The Stanley Ferrostats, in their efficiency and the fact that they will not break, are most desirable. I will use them on my flight across the Atlantic."

STANLEY VACUUM BOTTLE

IT WILL FERROSTAT NOT BREAK

After thorough tests the Stanley Ferrostat has been adopted by the United States Navy for use by their 'planes, NC-1, NC-3 and NC-4, in their flight across the Atlantic.

A new vacuum bottle that will not break

Off for a motor trip!
Off for a day in the woods!
That's when your piping hot coffee—your ice-cold lemonade—depends on a vacuum bottle!

Has your fun ever been spoiled because a glass-lined bottle broke?

The new Stanley Bottle is made of steel. It can never break.

You can drop a Stanley Ferrostat Bottle on a rock—you can knock it off the table, roll it downstairs, or even let it fall out of the window without impairing its efficiency.

The Stanley Ferrostat is a single unit of rolled steel, lined with sanitary blue Amalite. It has no removable parts except the cork and cap, and no cracks or seams into which liquid can penetrate.

The Stanley is the only guaranteed vacuum bottle.

Sold by all the best stores. Stanley Insulating Company, Great Barrington, Mass. New York Office, 43 Exchange Place.

Go on with the picnic. If the Stanley falls on a rock, it will not fail you. Being a single unit of steel, it will not break.

VAN RAALTE Veils

Made in U.S.A.

Twilby At all Good Shops

The summer girl will smile with surpassing prettiness from the golden meshes and deep colorful borders of the charming Twilby Veil

E. & Z. Van Raalte, Fifth Ave. at 16th St., N.Y.C.

Look for this little white ticket

KRYSTALAK

Pure, clean, nourishing separated milk in crystal form. Pure, fresh milk for cooking regardless of whether you are at home, camping, at the beach or on an outing. Krystalak is always sweet; it is pure, fresh milk with the cream and water taken out. Krystalak needs no refrigeration and it keeps indefinitely in its crisp waxed package.

If your grocer hasn't Krystalak he will gladly get it for you from his jobber. Insist upon the blue-striped package and ask for a copy of our free booklet on milk cooking—it makes the use of Krystalak easy and economical.

THE DRY MILK COMPANY

15 Park Row New York City

How to Use Krystalak
Dissolve 4 level tablespoons of these dry, flaky milk crystals in one cup of water. One cup of Krystalak makes one quart—add the Krystalak to the water and it dissolves immediately.
