Giuseppe Garibaldi

By Thomas Nast

No figure in all the world's warfare can be more picturesque or noble than that of Giuseppe Garibaldi, a patriot whose religion and whose motto were combined in one word, "Liberty."

Thomas Nast may be called the first and best known of American cartoonists. His pencil it was that invented the Tammany Tiger, the Republi-

can Elephant and the Democratic Donkey. This painting is from a sketch made in Italy in the summer of 1860 during the Garibaldi campaign.
