

EXTRAORDINARY SALE of Magnificent Bohn Syphon Refrigerators Specially Made for the U.S. NAVY

Last August we were awarded by the U. S. Government a large contract for Refrigerators for battleships, armored cruisers, submarine chasers and other vessels of the first rate. The contract called for the highest grade of construction ever put into Refrigerators by any manufacturer. These Refrigerators were shipped to the various Navy Yards.

When the Armistice was signed, most of the Refrigerators shipped to the Philadelphia Navy Yard could not be used because the vessels for which these Refrigerators were intended would not be built by the Government.

These Refrigerators were stored in the Philadelphia Navy Yard Buildings Nos. 400 and 401, and have been shipped back to us. They are now in the original crates, and are ready for immediate delivery or shipment, or can be held (on a small deposit) for fall delivery.

These superb Refrigerators were made according to the rigid specifications of the Government, worked out in all details by the engineers of the U. S. Navy and approved by the highest authorities. They have 4 doors, 5 shelves and 2 bottom compartments. The size is 37 1/2 inches wide, 20 1/2 inches deep and 60 inches high, somewhat larger than the average run of Refrigerators. Ice capacity about 100 lbs. These Refrigerators have exteriors of beautiful robin-light-blue genuine fused-steel porcelain. The trim and fittings are handsome solid brass nickel-plated, with heavy solid brass nickel-plated sanitary legs with castors, with 6-inch clearance from the floor for easy cleaning.

Each Refrigerator is fitted with 2 Yale & Towne specially made nickel-plated padlocks, bearing the name "U. S. N."

The lining is genuine pure white fused-steel porcelain, single piece and with round corners. Each process in the manufacture of these Refrigerators was rigidly inspected by Government engineers and approved during the manufacture. It is obvious that for sea service they must be absolutely proof against dampness.

\$156.00

The actual market value of these Refrigerators is \$250.00. We are offering them during this special sale at \$156.00. During this Special Sale we have marked ALL MODELS AT RADICAL REDUCTIONS.

The Bohn Syphon Refrigerator is the standard of the world. All railroads use the Bohn Syphon System for their refrigerator cars, and every dining car in the land (the severest possible test of a Refrigerator) has a Bohn Syphon.

BOHN SYPHON REFRIGERATOR

Call if you can; if not, write or phone for catalog.

BOHN REFRIGERATOR SHOP

Los Angeles outdid herself in cordiality in the enthusiastic three-day reception of welcome to Capt. Eddie Rickenbacker, American ace of aces, with 26 German 'planes in his official credit. In this airplane of flowers Capt. Rickenbacker rode in state in the two-mile parade held in his honor.

"13" isn't always an unfortunate numeral. This beautiful float, lavishly decorated with thousands upon thousands of roses, was the artistic competitor contributed by Engine 13, Portland Fire Department, in the wonderful floral parade of Portland's Victory Rose Festival, and carried off the second prize for its proud designers.

Baby Jacket and Cap made entirely of "J. C." Satin de Luxe Ribbon

Babies and Ribbons—

What possibilities they suggest to mothers! Ribbons add such a world of charm to bright-eyed little ones.

HOTEL BELLECLAIRE
NEW YORK

Broadway at 77th St.
Surface Cars at Door
Subway at 79th St.

Only a few minutes from the Shopping and Theatrical District.

I am often asked, "Why do you advertise when your hotel is filled to capacity all the time?"

My answer is, "I advertise to keep it filled to capacity all the time, otherwise I would have too many lean weeks during a year."

Here we are in the middle of summer and the Belleclaire has as many guests as it had at any time last fall, winter and spring.

Another reason I advertise is because I am gradually converting people who live in the uptown section that they don't have to go down town to have good meals served to them amid pleasant environment.

Some day—and it is not far off either—these uptown people will appreciate being served with suppers between eleven at night and one in the morning at the Belleclaire, where it is always quiet and refined and, therefore, a pleasant place to dine.
