Today

Is your daughter's education preparing her for the issues of TO-DAY? The Castle School teaches thoroughly English, History, Mathematics, Languages and many other subjects, but also the old fashioned virtues which are still the most needed modern virtues in this complex and disturbed time—Reverence, Loyalty, Joyousness of Spirit, Enthusiasm for Real Work, the Fine Use of Leisure, Human Sympathy, System, Order, Neatness, Grace and Courtesy.

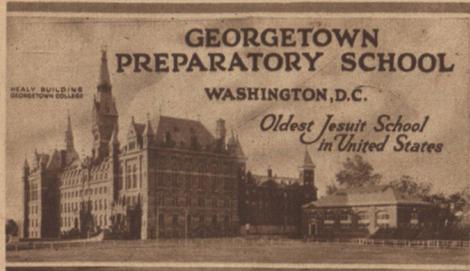

It is a school whose pupils have a full, rich, vocabulary, good diction, the ability to speak before an audience without notes, with clearness and convincing power. Its pupils grow in physical as well as in mental alertness: their love for beauty increases as well as their poise and self-control. They learn to think with directness, to arrive at just decisions and to state clearly what they think and why they thus decide.

These are some of the things which The Castle School emphasizes, having always in mind the Purpose that every girl may go out from the Castle School into Life's duties with a radiant and lovely personality.

THE COLORLESS MIND

THE PRE-OCCUPIED MIND

THE GRASSHOPPER MIND

THE I-DON'T-CARE MIND

THE HAZY MIND

THE FRIVOLOUS MIND

emptier than Air

Concentration is the ability to control the mind—to focus it upon any task, any time. To gain such power is the key to success. Every failure in school work can almost always be traced to one of the following types of mind:

1. The Grasshopper mind—the mind that nibbles at everything and masters nothing.
2. The Colorless mind—the mind that is unable to picture or use words. It is the most pathetic of all types, because it is almost wordless.
3. The I-Don't-Care mind—the mind that has become hardened by discouragement.
4. The Timid mind—the mind that lacks self-assertion.

5. The Hazy mind—the mind that is never certain of anything.
6. The Pre-occupied mind—the mind that is never at home.
7. The Frivolous mind—the mind that regards all work as useless.

At the Clark School for Concentration the foregoing types of mind have been carefully studied and as a consequence very gratifying results have been obtained. The Students of the Clark School Reflect Their Teachers Through the Records They Make. The Principal will be at the Main Office (Girls' School) from 12 A. M. to 2 P. M. and from 4 P. M. to 6 P. M. daily and will be glad to interview parents. Write for illustrated book containing full information.
