Whatever work you do,  
make **NUCOA**  
your energy food

**B**BETTER than its pleasing smoothness, mild flavor and satisfying economy, is the unquestionable nutrition of Nucoa.

Frosty weather makes the body call for more nutrition. Nucoa supplies this energy food in even greater quantities than the finest creamery butter.

Nucoa is a pure rich churning of coconuts and milk—a fine, clean, carefully made spread for bread—that tastes like creamery butter, costs half the price, but keeps twice as long.

Whatever work you do, eat Nucoa. You will find it more satisfying, every day in the year, than any butter you have ever used.

**NUCOA**

**W**riting of the energy-producing value of Nucoa, Dr. I. K. Phelps, Chemist in Charge of the United States Government Food Control Laboratory, at Washington, D. C., declares:

"Coconut oil as made up into nut margarine has a higher nutritive value in nut margarine, weight for weight, than butter, since nut margarine as sold upon the market is higher in content of fat oil than is butter in content of butter fat."

All Wool Poplin Suit, \$17.00 Regular \$35 value...

**Photographing Childrer**  
is an art that calls for an understanding and love of children, as well as a technical knowledge of photography.  
The Champlain Studios have reached the highest development in child photography, exercising always the greatest sympathy and understanding in the posing of children.  
Don't delay in getting a permanent record of those adorable children before they're children no longer.  
We practice the same infinite care in posing the elders that we do with the children.
