

"It Is So Much Better Than the Old Ways of Cooking"

COOK the modern way without effort, without constant watching or discomfort from heat. Get a Duplex Fireless Stove, and abandon the old way of cooking over a hot range.

The Duplex Fireless Stove roasts, bakes, boils and steams savory appetizing foods with the essence and full flavors retained.

Fruits and vegetables remain whole, and lose none of their flavor and juices.

A tough cut of meat, roasted, boiled or stewed, becomes so tender that it melts in the mouth.

THE Duplex Fireless Stove cooks the whole dinner for you --- you merely serve it.

The Duplex Fireless Stove is made in a number of styles and sizes, from a stove with a cooking capacity of 32 quarts to a handy portable stove of 9 quarts capacity to carry on camping, fishing or auto trips.

All models are made just one way---with steel case outside, aluminum lined, and with a complete equipment of the famous Year-Ever Aluminum utensils. No extra part to buy---absolutely sanitary.

Get her a **DUPLEX** FIRELESS STOVE for Xmas

Over 250,000 satisfied users are the Duplex Fireless Stove's best recommendation. A Duplex Fireless Stove is a sensible, all the year round Christmas gift, for it saves money and fuel, time and trouble.

"Get her a Duplex for Christmas" and you get her a gift that will last for years and always be a joy to her.

Go to your housefurnishing or department store. Ask them for the Duplex. They will be pleased to show it---it is made right and functions well. A free booklet may be had upon request to
