FREEDMAN RODE HIS FINEST RACE.

No Jockey of the "New School" Could Have Equalled His Grand Work on Martimas.

By Francis Trevelyan. The racing that the holiday crowd saw at Morris Park yesterday was much better than the weather conditions had promised, and, for the matter of that, the morning showers did not affect the attendance nearly as much as might have been expected.

Had yesterday been fine, twelve or fifteen thousands of spectators would have seen the special race. It takes a long distance race to warm the blood up to the proper pitch of enthusiasm. The field seen out yesterday was not large, nor had it much quality, but never from the time the flag fell did the crowd's interest in the race abate.

Let Taral really rode a much more remarkable race on Martimas in the Rancho del Paso Stakes, keeping him straight and sending him along by sheer hard work and consistent industry. It was the best race Taral has ridden in ages, perhaps as good, if not better, than any of the riding that gained him the affection of the public.

It was a somber day for the average bettor. It began promising enough when Shillalah, a well backed favorite, landed the October steeplechase after making all his own running. Shillalah had been so solidly backed that the last time he was out that the expectation that he would show marked improvement was general.

DEFEATED THE REDMEN.

Cornell Team Makes Some Remarkable Runs Against the Carlisle Indians.

Ithaca, Oct. 8.—The Cornell Varsity football team won a decided victory by a score of 23 to 6, over the Carlisle Indians here today. Both teams were weak in defence and strong in advancing the ball. The Cornellians were the more fortunate in keeping possession of the pigskin, and by clever playing and good interference succeeded in rounding their opponents' ends for three runs of remarkable length. Soon after Williams tried to kick, and Brown broke through and blocked the kick back into the hands of the Cornellians. By a series of hard plunges through the line a touchdown was made after seven minutes' play, and six minutes later the ball was similarly advanced to within one foot of the Browns' goal line, but the Quakers could not get it over, the ball going to Brown on downs.
