

NEW YORK SEES POPE LEO XIII.

Biograph Shows Him Bestowing His Blessing on the People.

AUDIENCE DEEPLY MOVED.

Archbishop Corrigan Present and Expresses His Pleasure at the Exhibition.

CLERGY WELL REPRESENTED.

The Pope is Seen Walking in the Vatican Gardens and Bowing and Smiling from His Carriage.

"It was very gracious on the part of His Holiness to allow the pictures to be taken. The exhibition interested me very much."

It was an awed and delighted audience that gathered at Carnegie Hall last evening to witness the first public exhibition of the wonderful moving pictures of Pope Leo XIII., as shown by the biograph.

Many of the Catholic clergy were present, most prominent being Archbishop Corrigan, who sat in a center box, accompanied by Father Myhan, Rev. Henry T. Newry, of the Cathedral, and President Murray, of the St. Vincent de Paul Society.

Among the other well-known people present were Bishop Farley, Mrs. Croker and John C. Sheehan.

The pictures of the Pope were preceded by a series of other biograph pictures, and a brief lecture by Rev. Thomas H. Malone.

With the first appearance of the Pope as he was carried from the Loggia, accompanied by his splendid guard and attendants, there were murmurs of surprise and admiration, and then a burst of applause.

Next came his arrival in a carriage, his alighting from it, and his walk to a stone bench, on which he gently seated himself, and so on, all of which it was applauded again and again.

Following this was a delightful view, showing the Pope walking at twilight in the gardens of the Vatican, and then seated in his pontifical carriage and preceded and followed by mounted guards.

The carriage is stopped, the guards call, and the Pope bows to the audience, while bowed heads and a hush are seen show how deeply the people are impressed.

SURPRISE FOR KENNEY.

State Produces a Witness to Show That He Testified Falsely About Services to Bay State Gas Co.

Wilmington, Del., Dec. 14.—When court opened today in the trial of Senator Kenney, District Attorney Vandegrift caused a surprise by making a motion that the Government be permitted to reopen its case for the admission of testimony.

Kenney said the payment was made for legal services to be rendered to J. Edwards Kenney, a member of the Delaware Legislature in 1887, and that it had no connection with his being a witness in the case.

Justice Bradford granted the application. Neither Kenney nor Shaw was called. Mr. Frank Allen, the other member of the Executive Committee of the Bay State Gas Company, was the only witness. He said Kenney had never performed any services for the company.

Dragged to Death. THE "PALE HORSE" AND ITS RIDER.

THE "PALE HORSE" AND ITS RIDER. In the middle ages, men racked their brains to invent barbarous forms of punishment.

THE "PALE HORSE" AND ITS RIDER. In the middle ages, men racked their brains to invent barbarous forms of punishment. Just as in Nero's time unhappy Christians were martyred as a public spectacle and the gladiators "butchered to make a Roman holiday" so in these latter times punishment was inflicted to amuse the public, and the cruelty of the punishment often added to the pleasure of the populace.

GREAT EFFECTS SPRING FROM SMALLEST CAUSES.

We sing it in the song which tells how the ocean is made up of water drops and the earth of sand grains. We are told of the century-living oak, springing from an acorn which a bird might destroy, and being buried into ships that the winds and waves buffet in vain.

ends with the blood. The independent life of the child begins with the first heart beat. When the "golden bowl is broken" life is ended. The difference between health and disease may be stated as the difference between poor blood and pure blood.
