

NEW LUXURIOUS YACHT WITH 6,000 MILE CRUISING RADIUS

The Cyprus, owned by D. C. Jackling, a Salt Lake City mining engineer and member of the Rocky Mountain Club of New York, marks the introduction of the exclusive use of oil fuel in private ocean-going vessels. It is finished with every luxury its designers could suggest, at an approximate total cost of \$500,000, and has just started for Panama on its maiden cruise.
