## An entirely new idea of how good coffee can be

Have you tasted Yuban?  
Have you tried it to see how your family likes it?

Within three weeks after the announcement was made that Yuban was to be offered the public, 3500 grocers in New York alone purchased it. The day the first public announcement appeared, thousands of their customers secured it.

One dealer, by mistake, was originally supplied with three-pound tins only. Before he could exchange them for the one-pound packages he had ordered, he had sold them all and, in addition, placed an order for 240 one-pound tins.

Order a package from your dealer today. Serve Yuban for breakfast in the morning. See how much more your family enjoys drinking this famous coffee—what an entirely new idea they will have of how good coffee can be.
