Consider the Motor CHANDLER LIGHT WEIGHT SIX \$1595

What is the heart and soul of an automobile? The motor! What determines the real quality of an automobile? The motor!
In these days of advanced, almost perfected, automobile construction a manufacturer can give roominess of body, quality of upholstery, durability of finish and completeness of equipment in any degree he chooses, and you can buy these things in any degree you choose.
With the motor—the heart of the car—it's different.
The manufacturers of the Chandler Light-Weight Six have been building six-cylinder motor cars and six-cylinder motors for eight years. They know six-cylinder construction which, as obviously is admitted by other manufacturers who could build their fours but can't build their sixes, is different.
And it is the Chandler motor, a marvelous engine, that has made the Chandler the greatest of all light-weight sixes.
The Chandler motor—exclusive, not stock, remember—made the Chandler car a sensational success.
The price for the new 1915 Chandler—touring car or roadster—is \$1595. It seems an impossible price for such a car, but that's the price and we can make prompt deliveries.

Come Pick Out Your Chandler Now. We Shall be Glad to Demonstrate for You.
