How to rouse a sluggish skin

A dull, pallid, lifeless complexion has several causes. Whatever the cause in your case, your skin needs *stimulating*. The following treatment is the most effective you can use:
Just before retiring, wash your face and neck with plenty of Woodbury's Facial Soap and hot water. If your skin has been badly neglected, rub a generous lather thoroughly into the pores using an upward and outward motion, until the skin feels somewhat sensitive. After this, rinse well in warm, then in cold water. Then rub your skin for five minutes with a lump of ice and dry carefully.
Woodbury's Facial Soap is the work of an authority on the skin and its needs. This treatment with it cleanses the pores, brings the blood to the face and stimulates the

fine muscular fibres of the skin. You can feel the difference the first time you use it—a promise of that lovelier complexion which the steady use of Woodbury's always brings.

Do this today! A 25c cake of Woodbury's Facial Soap is sufficient for a month or six weeks of this treatment. Go to your druggist or toilet counter today and get a cake. Begin at once to get the benefits of this treatment for your skin.

Woodbury's Facial Soap is for sale by every dealer and druggist in greater New York and, in fact, by dealers everywhere throughout the United States and Canada. Made by The Andrew Jergens Co., New York and Cincinnati.
