Joan Sawyer, justly called one of America's most exquisite dancers, says: "I consider that O'Sullivan's Heels are a great aid to dancing."

O'Sullivan's Heels, so helpful to dancers, are equally necessary for all active people. Without them, the strain of continually pounding along on stony pavements, in addition to jarring the whole body, is bound to reflect itself in the face by nervous, drawn lines.

O'Sullivan's New Louis Rubber Heel

So many women want to add O'Sullivan's Heels to their dancing slippers and dress shoes, as well as their walking shoes, that you can now buy the new Louis Heel shown above, in tan, white and black, or the white heel may be dyed any color to match any slipper—50c attached.

O'Sullivan's Heels are made of new, live rubber. They will give your walk a new buoyancy and lightness of foot.

Inconspicuous DEAFNESS

No one with imperfect hearing likes to wear a headband and corse, transmitters and batteries. It makes their deafness conspicuous. Yet if they neglect to exercise their ears they grow more deaf.

THE "LORNETTE"
Made All in One Piece

Is a new and perfect hearing instrument. Batteries in the handle. No cords. No plugs. No annoying broken connections. Light and graceful—used like a lorgnette, on either ear.

We'll remodel your old-style instrument into a graceful Lornette, if possible, or make you a liberal allowance in exchange. Test the "Lornette" at our office.

No woman is well gowned unless well gloved. She can't be well gloved unless her gloves fit. Silk gloves can't fit unless modeled right and finished exquisitely. Wear a pair of Kayser Silk Gloves and find out for all time how perfectly they solve the problem; what a well gloved appearance they give your hand and arm.
